DISCOVERY OF THE  
UNIVERSAL LANGUAGE

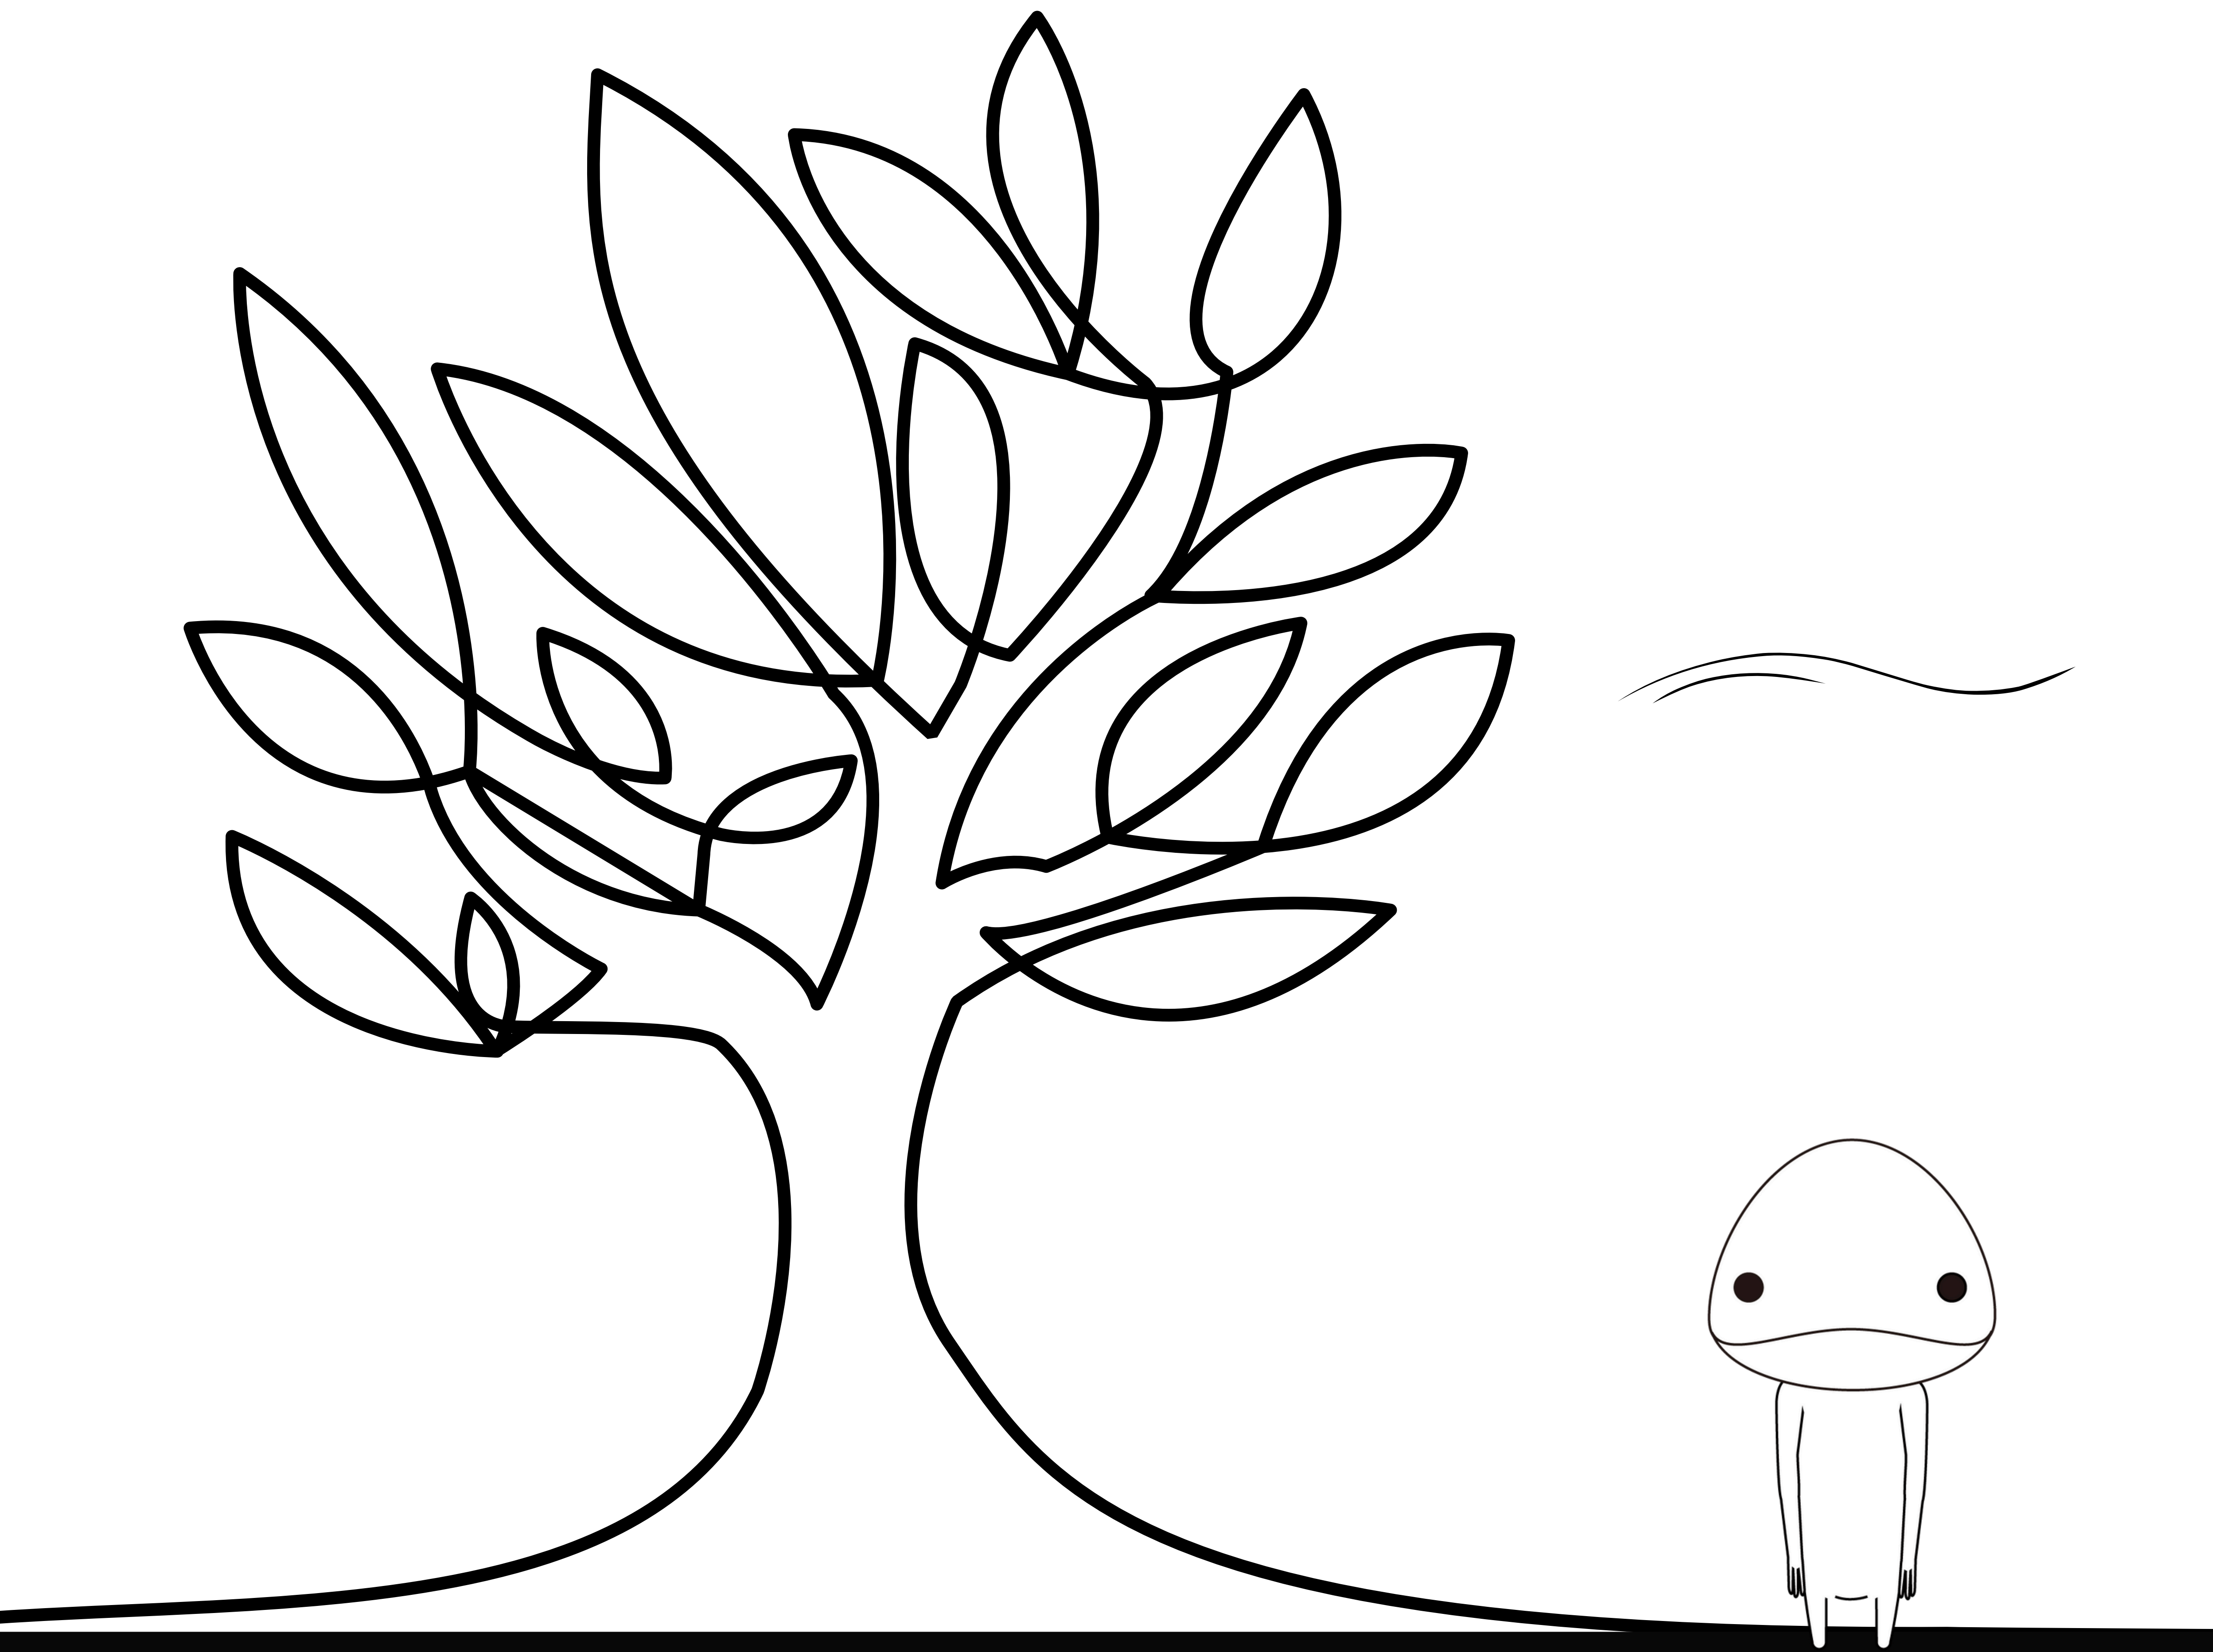

**WIND**

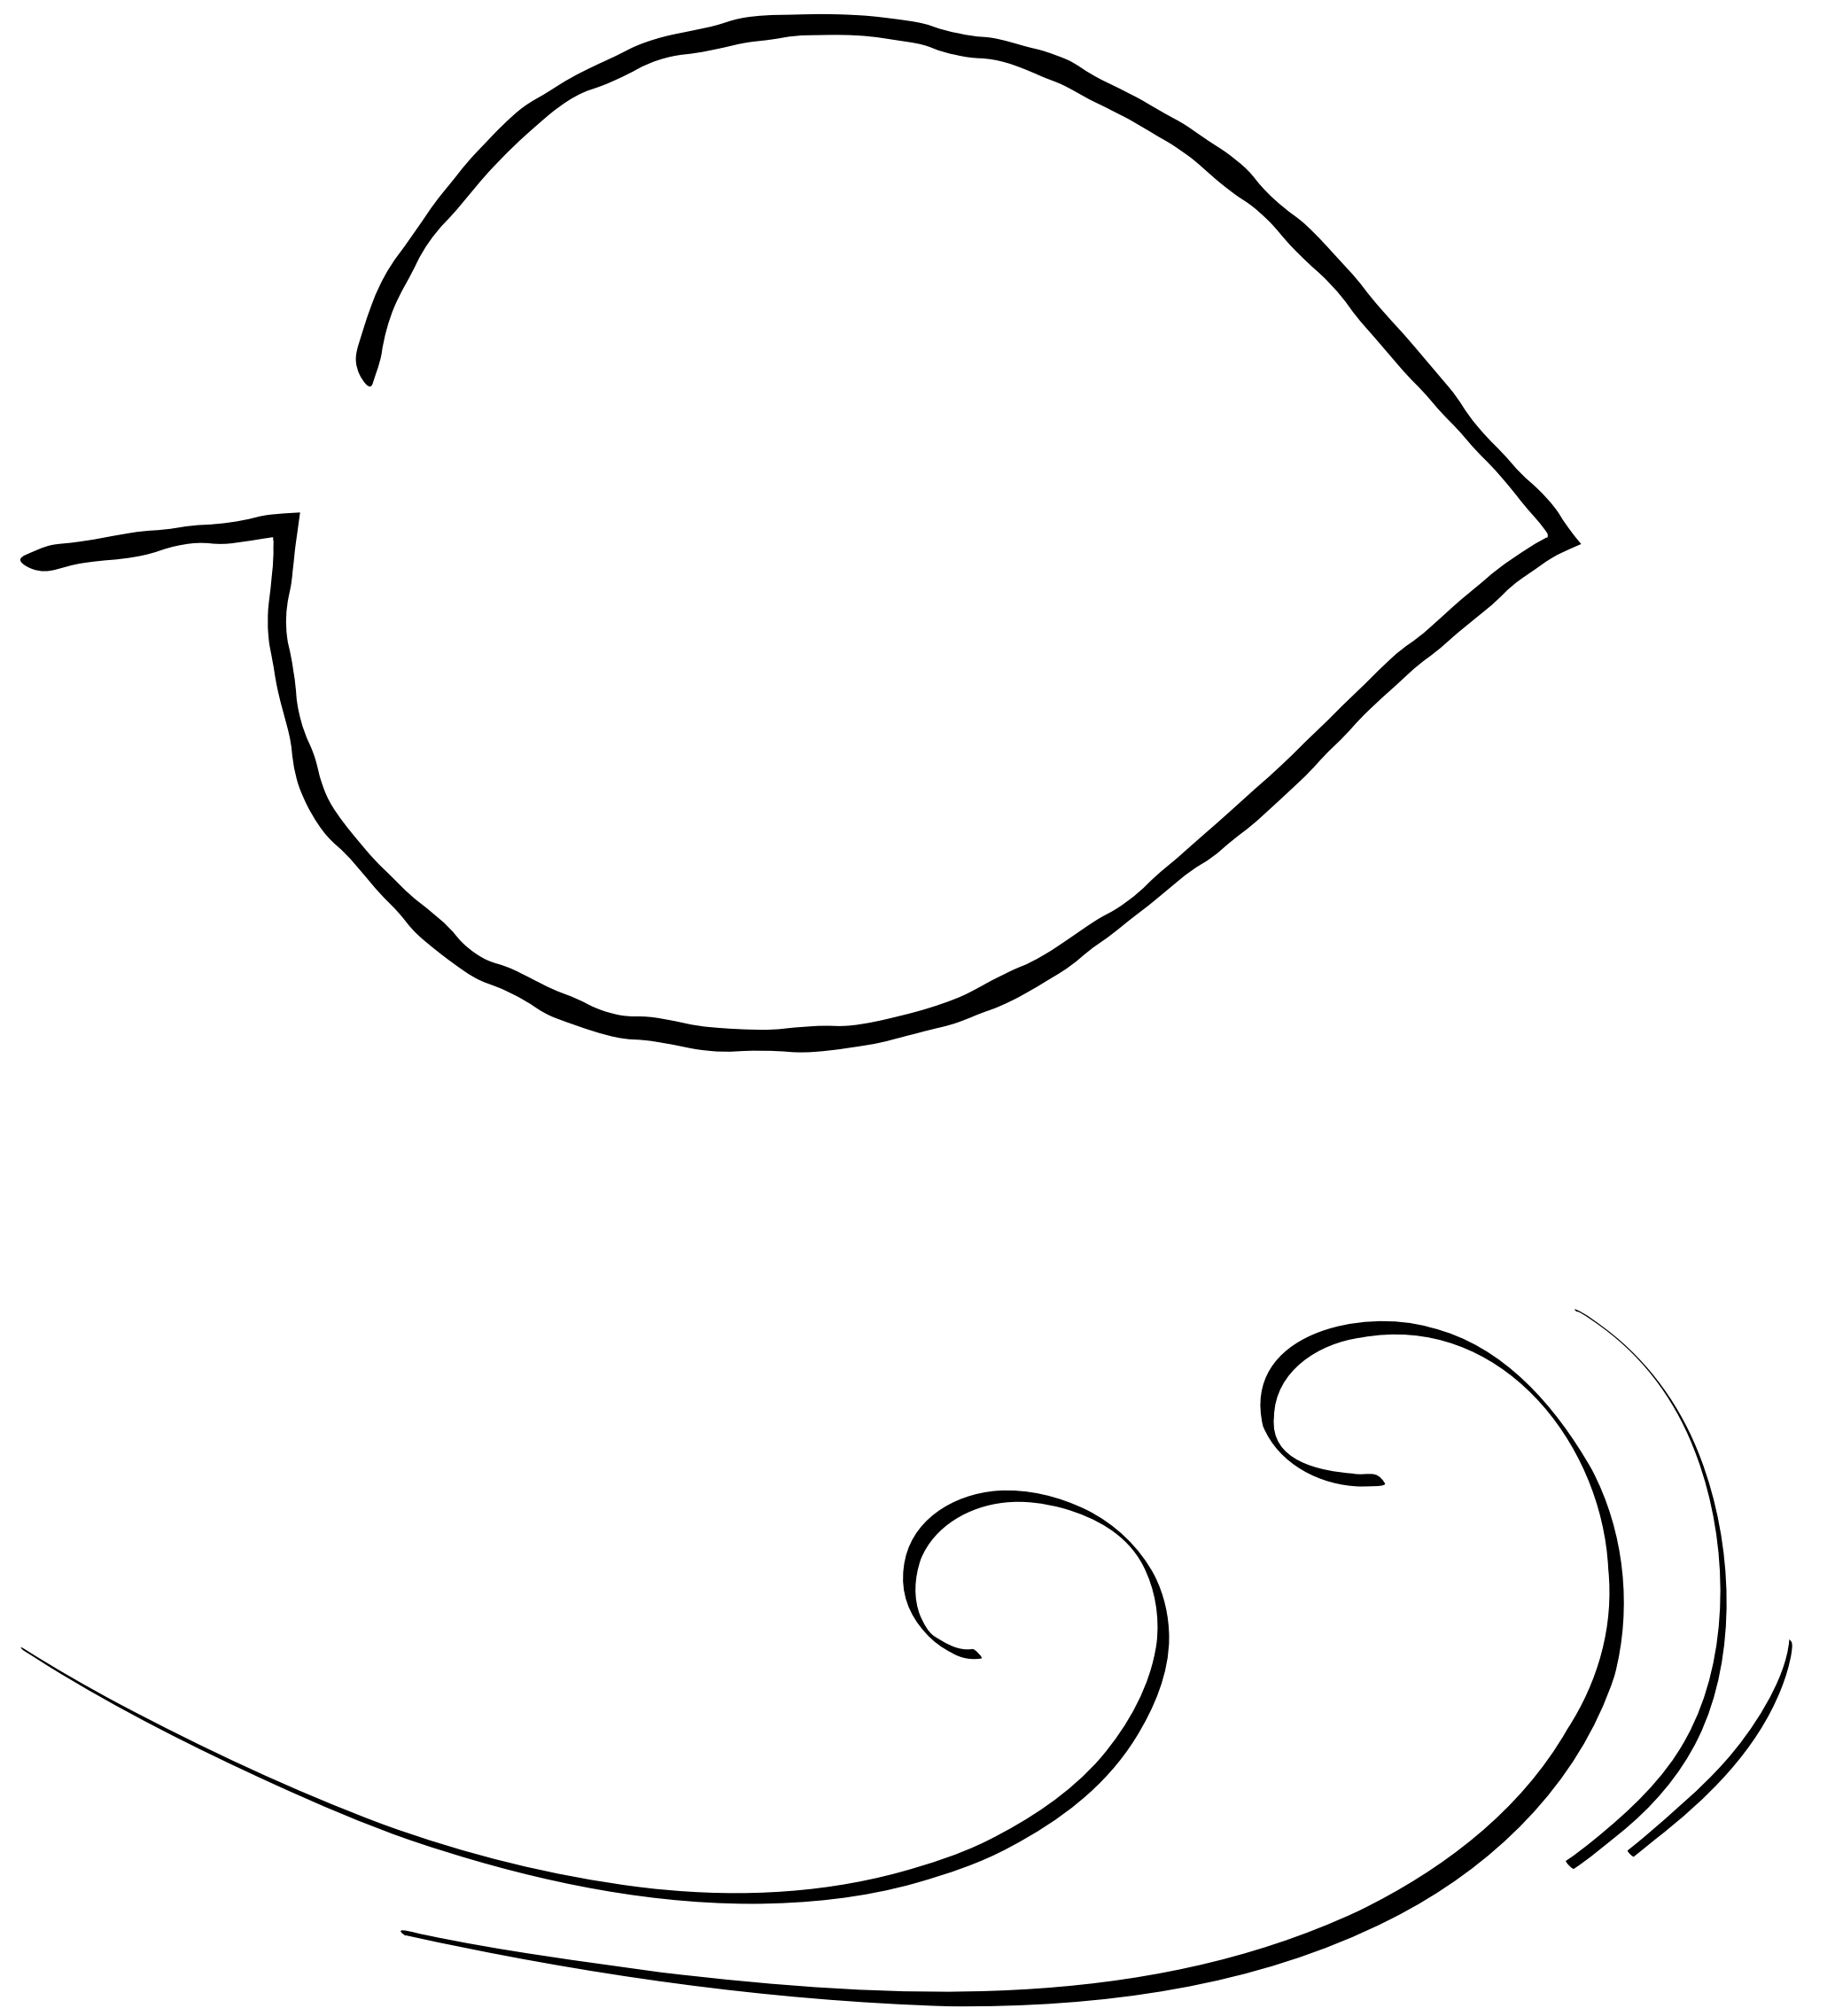

Softly, gently, the wind blows by

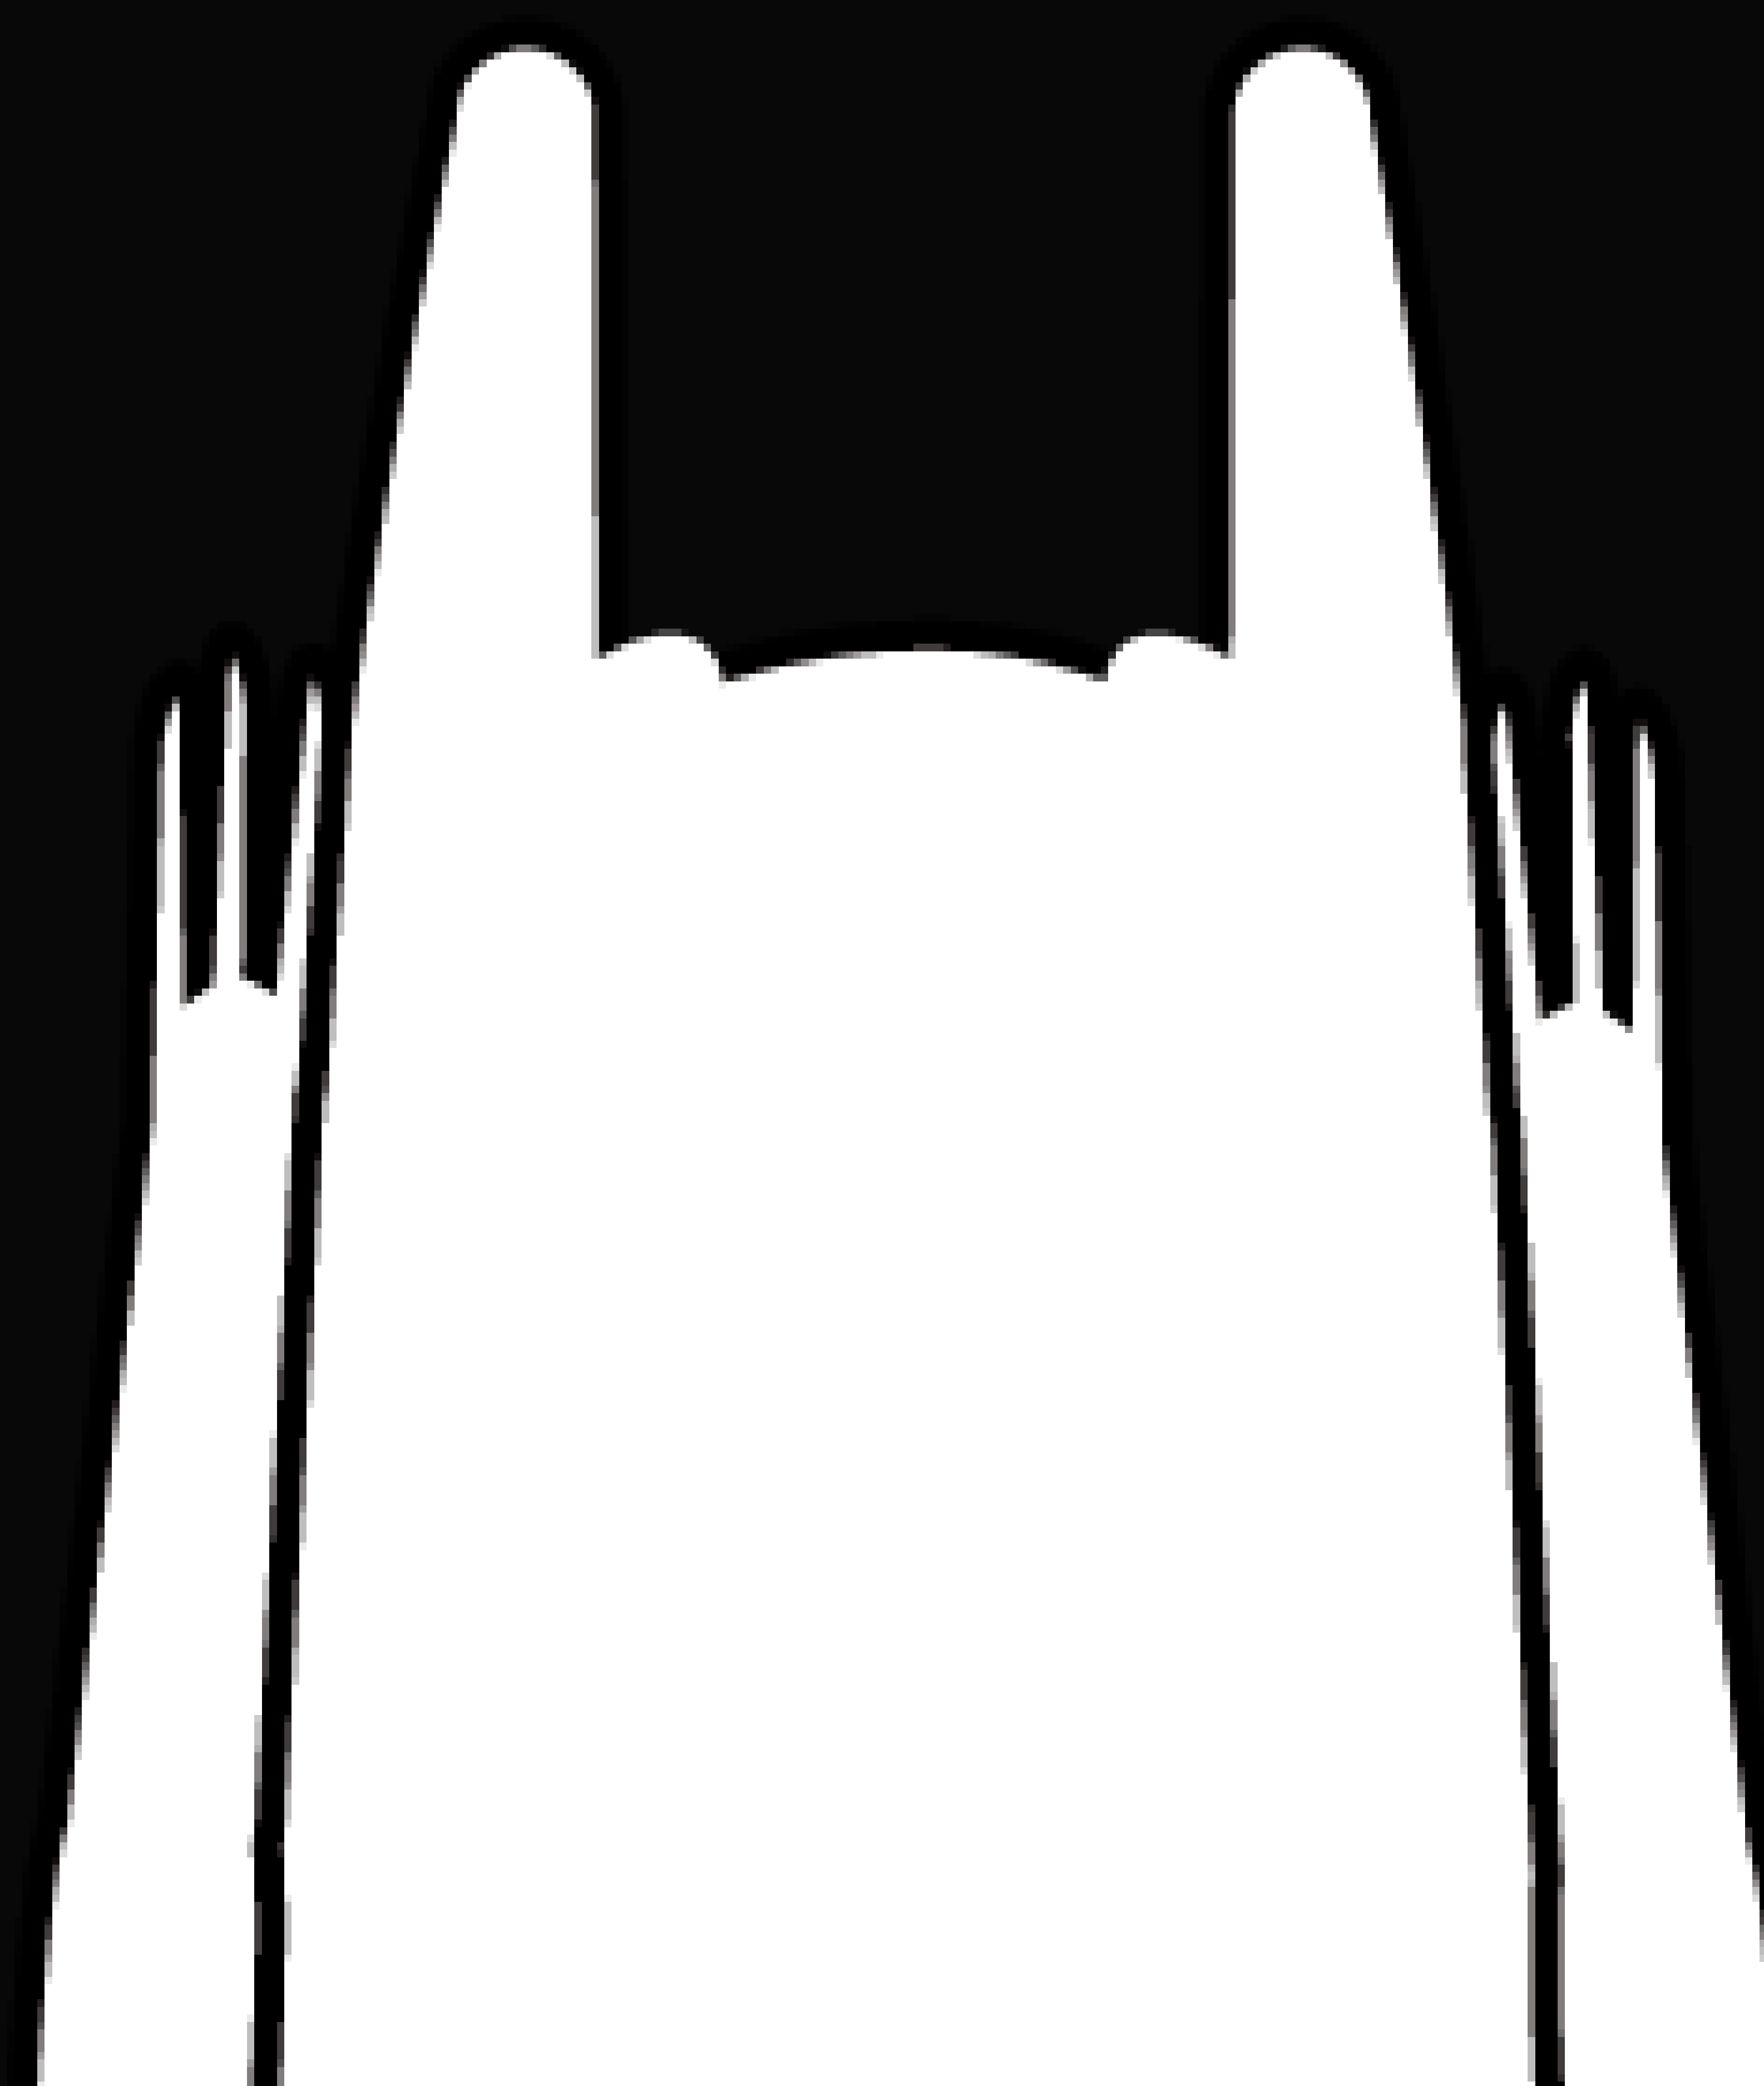

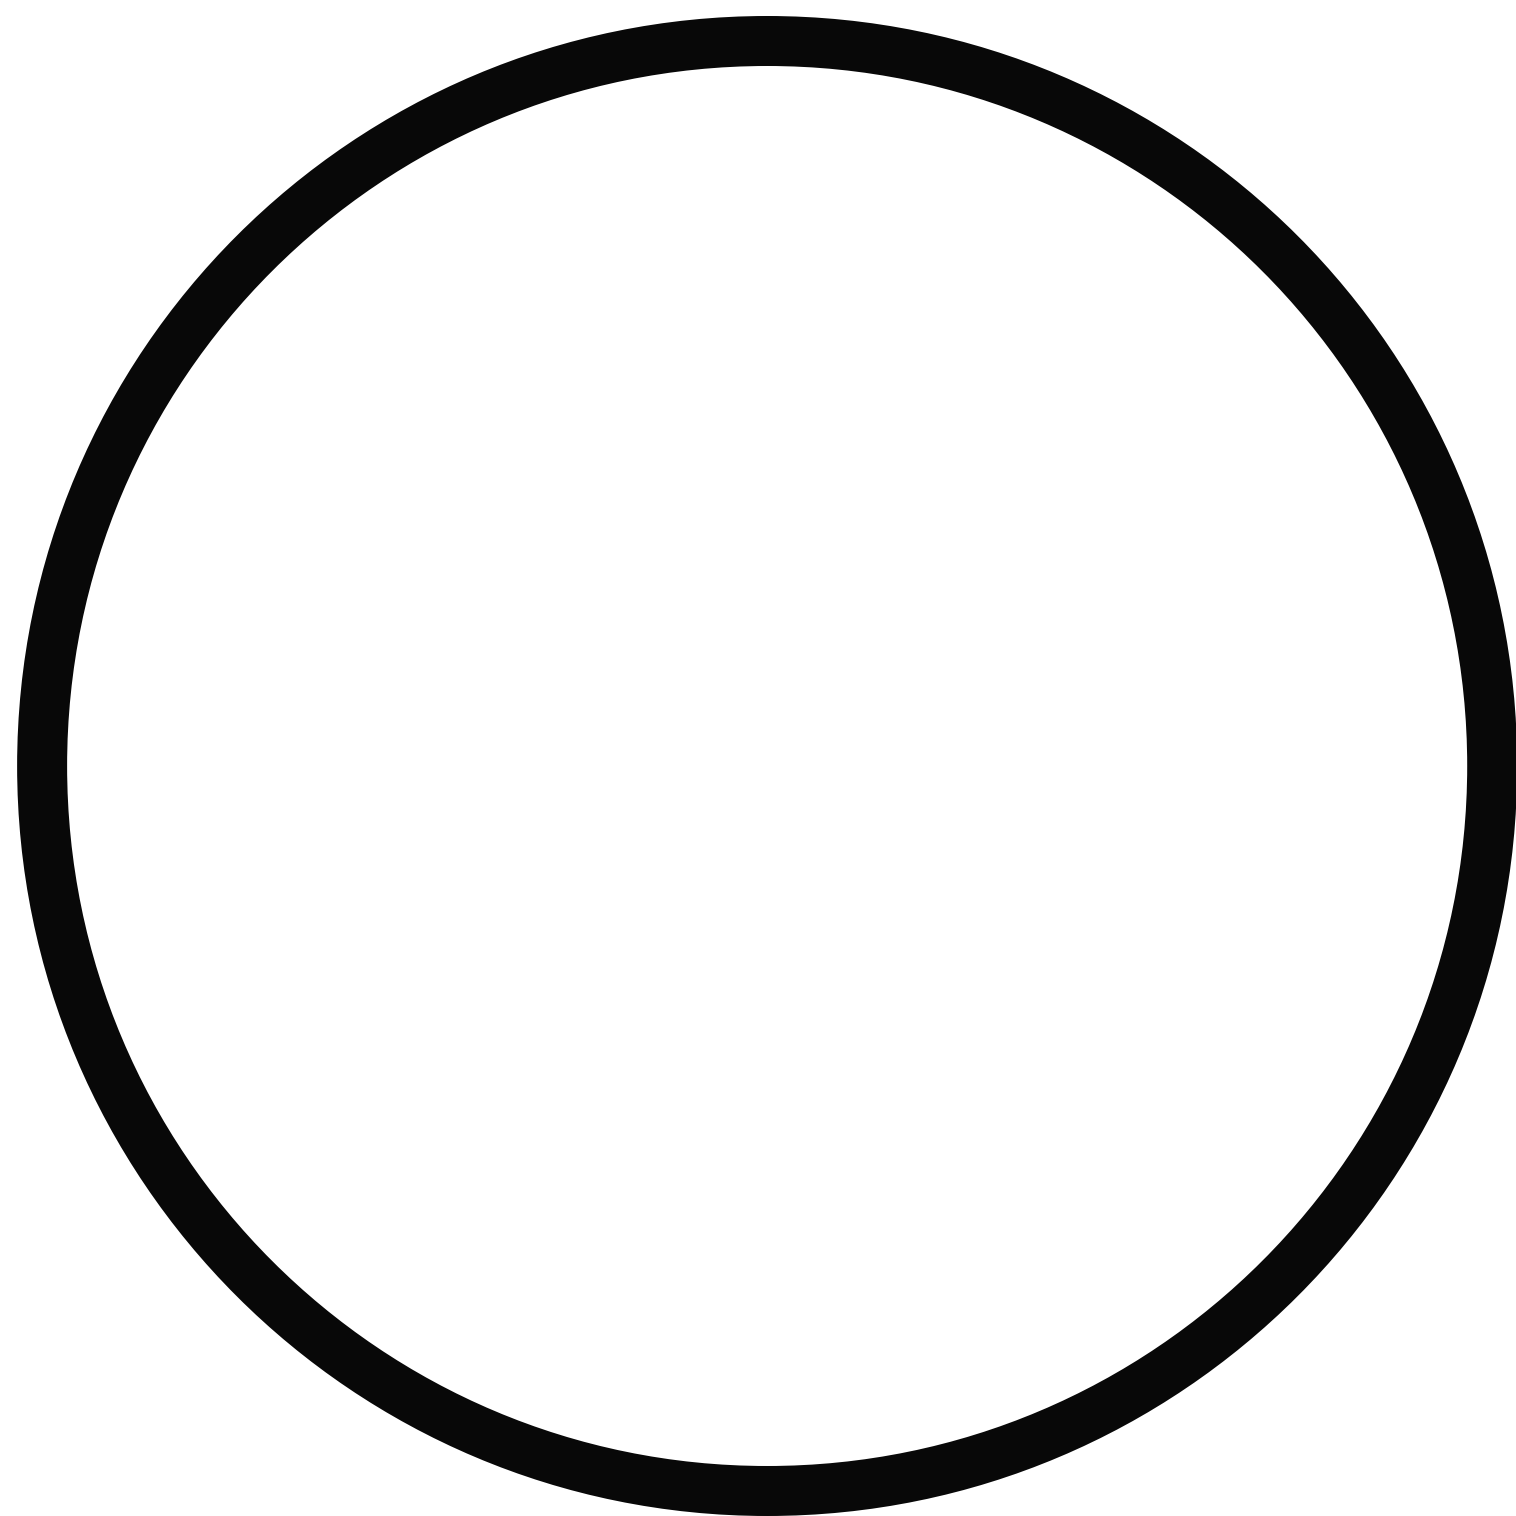

The leaves sway, laughing in delight

---

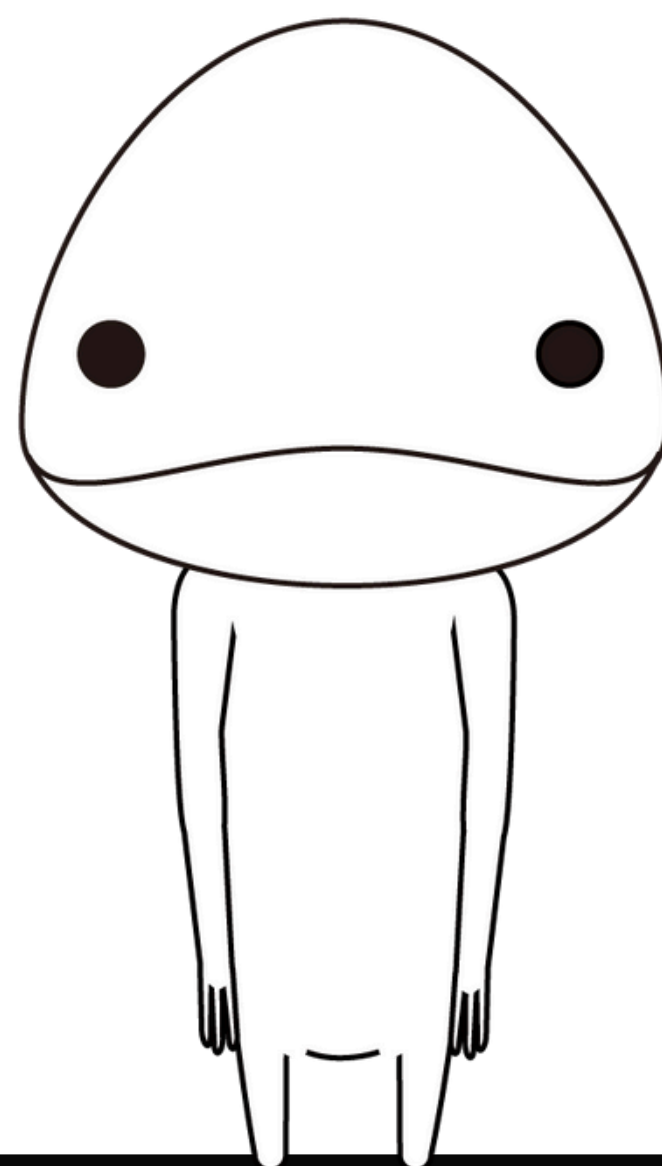

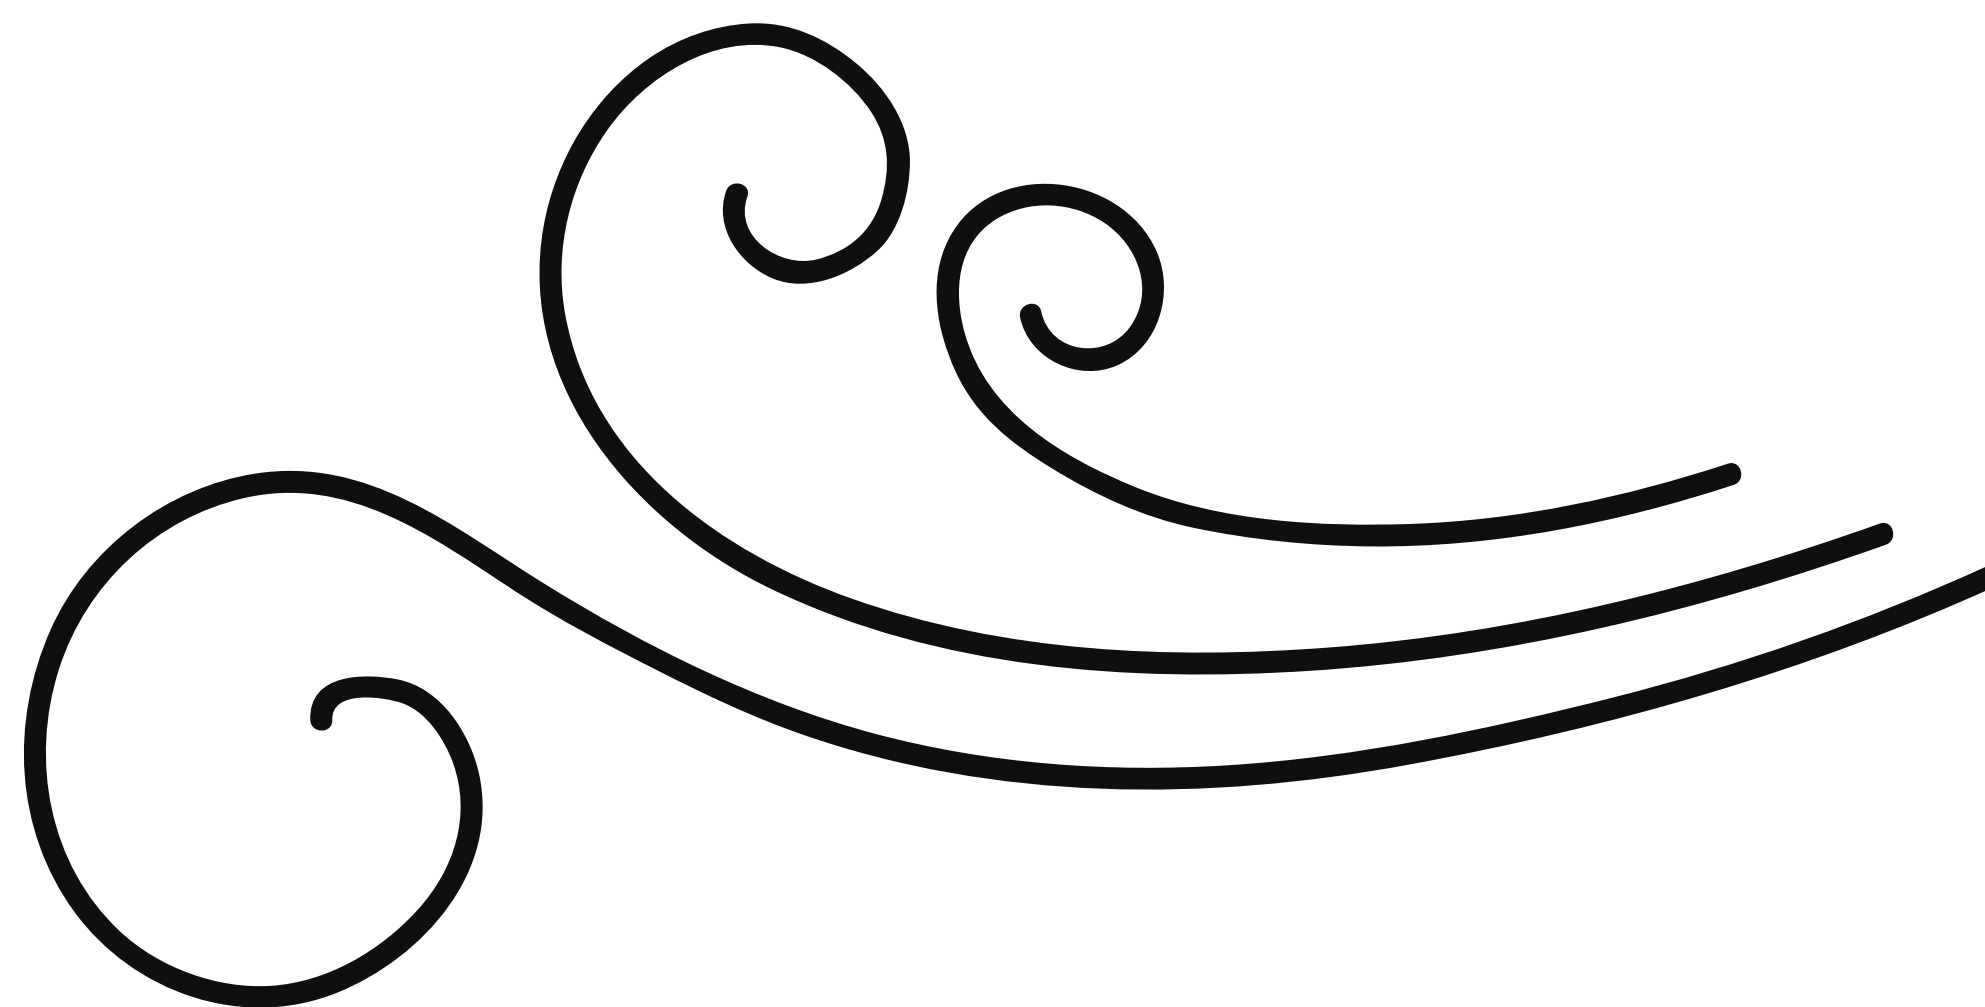

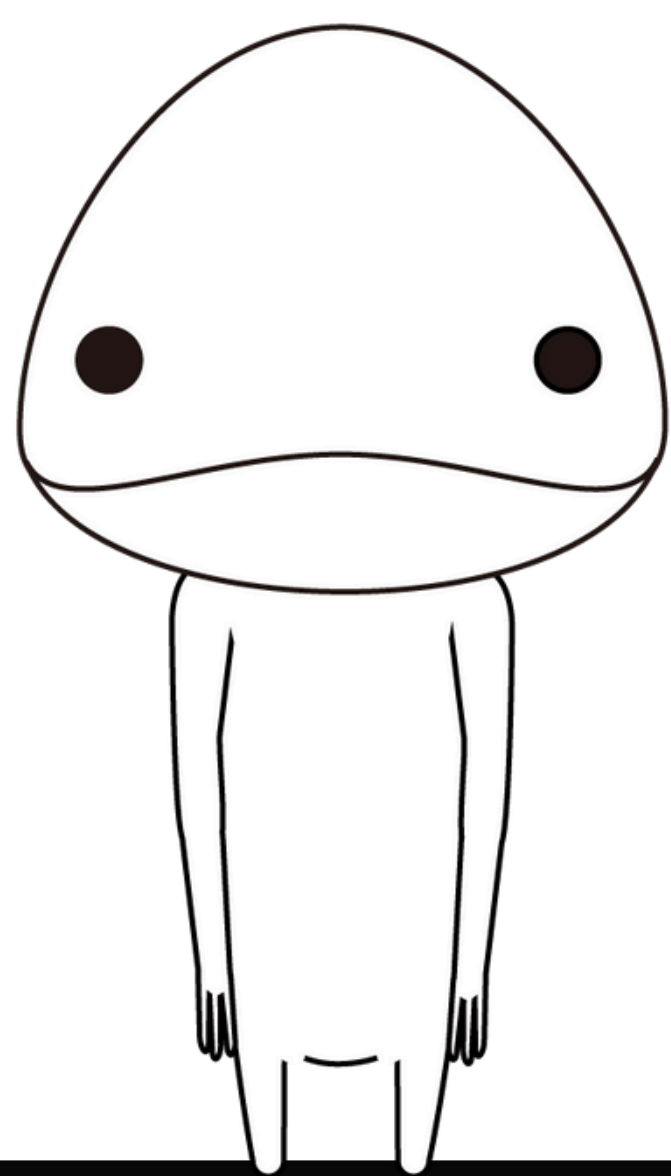

**If you quietly listen,  
you'll hear it, too.**

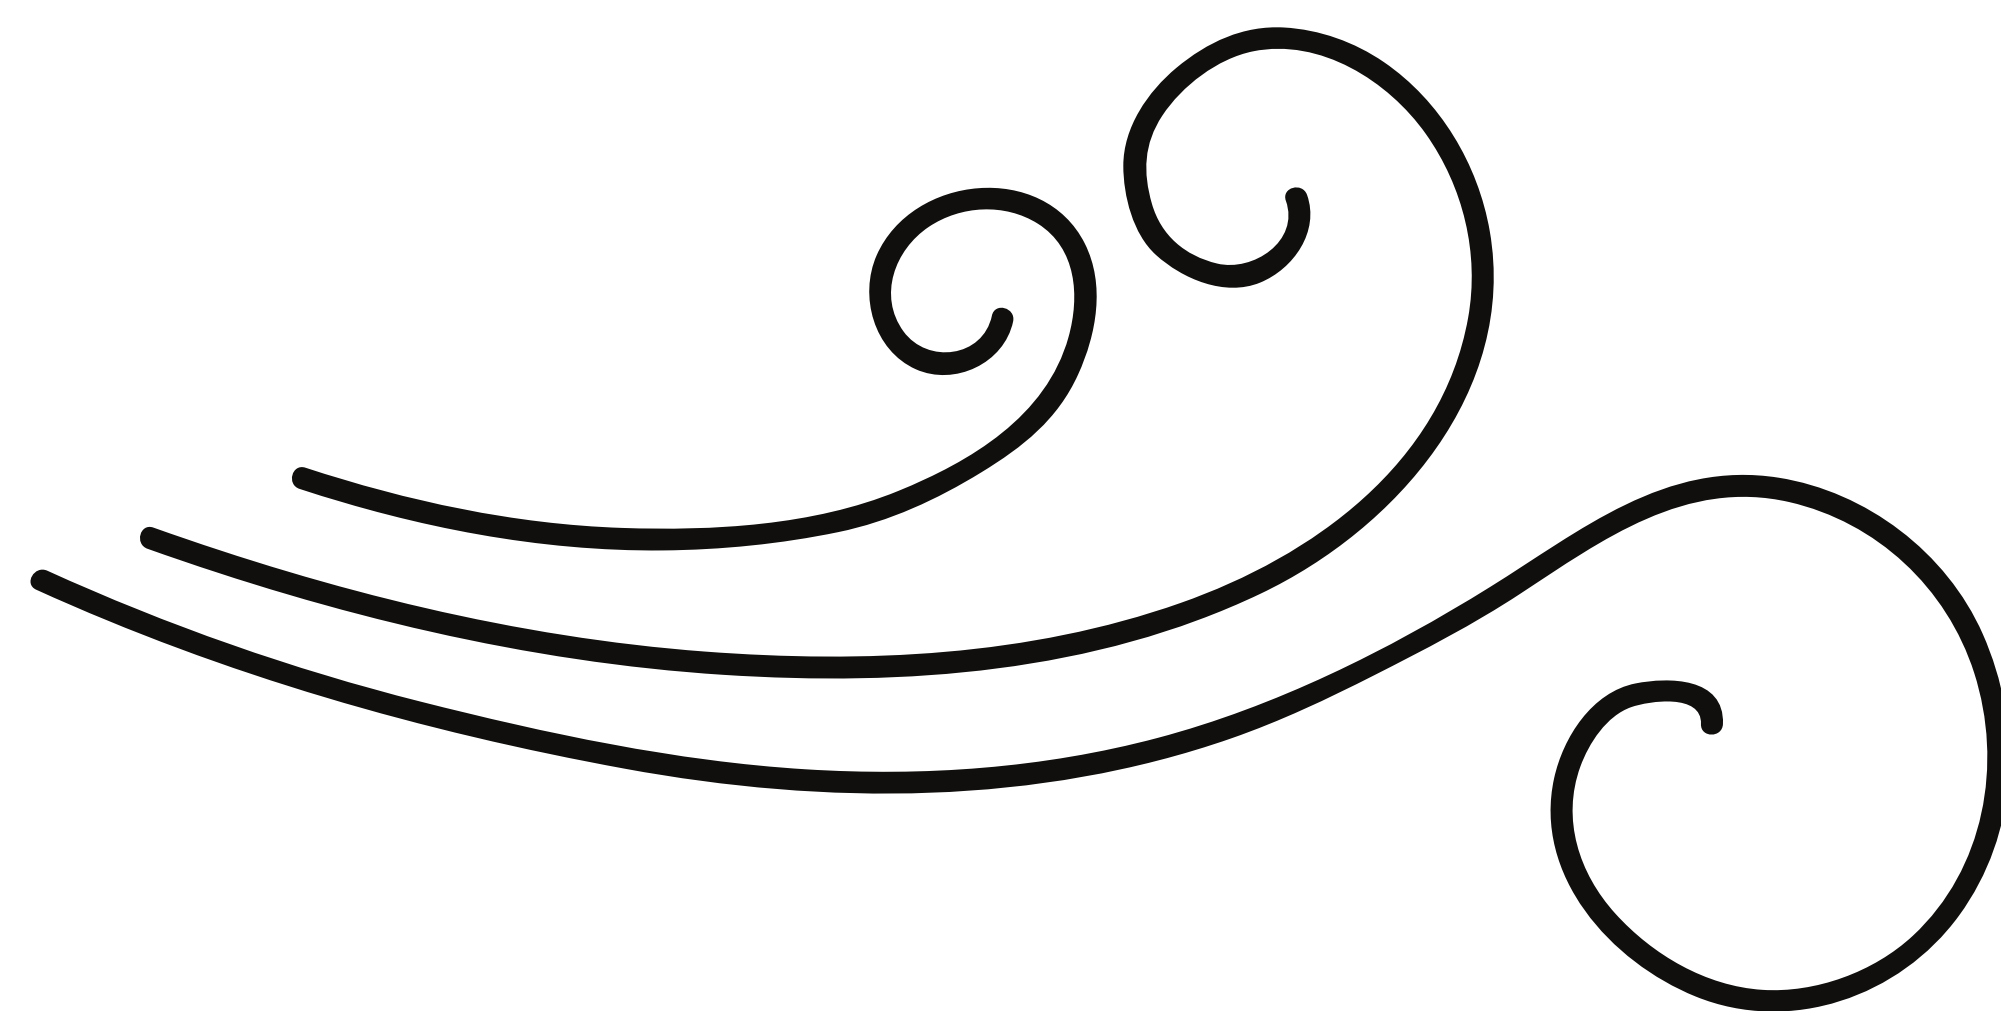

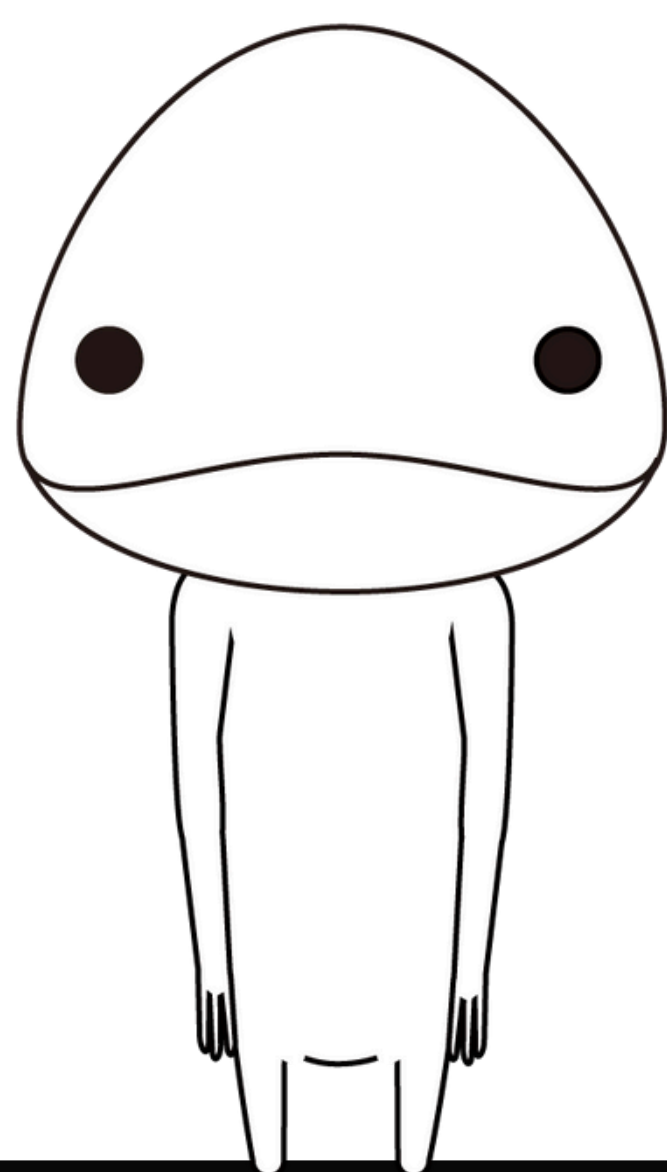

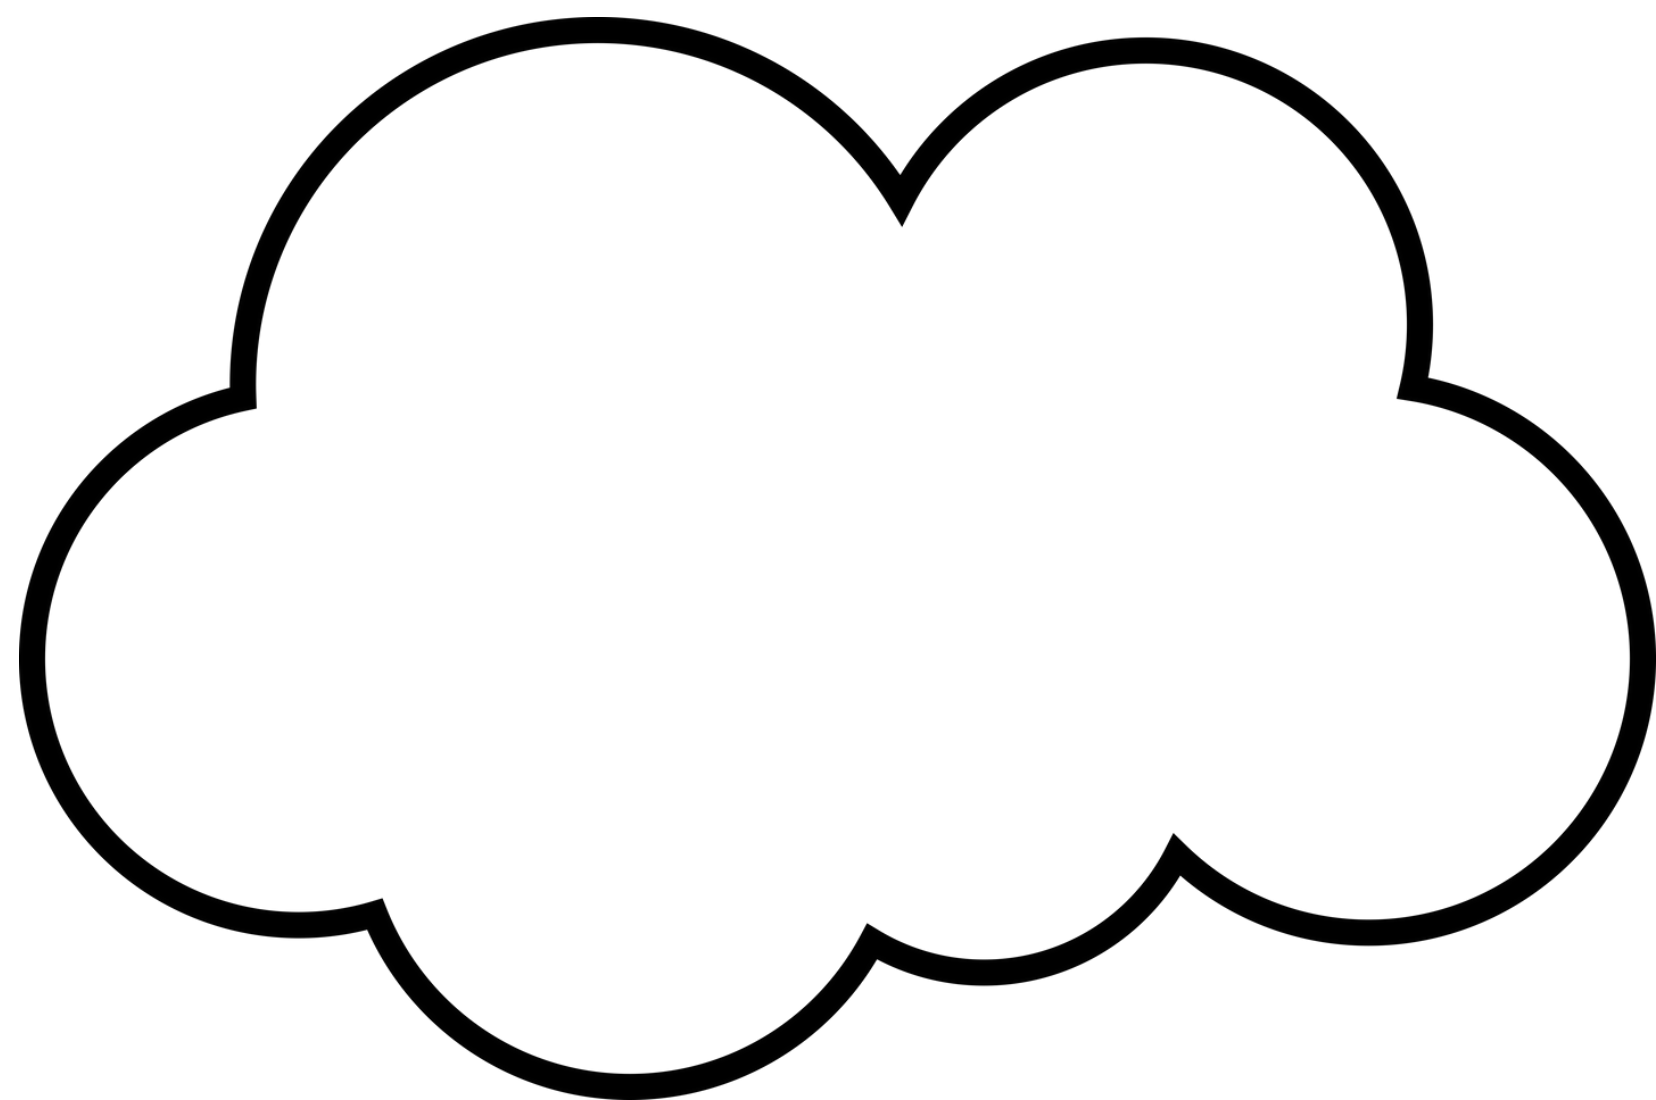

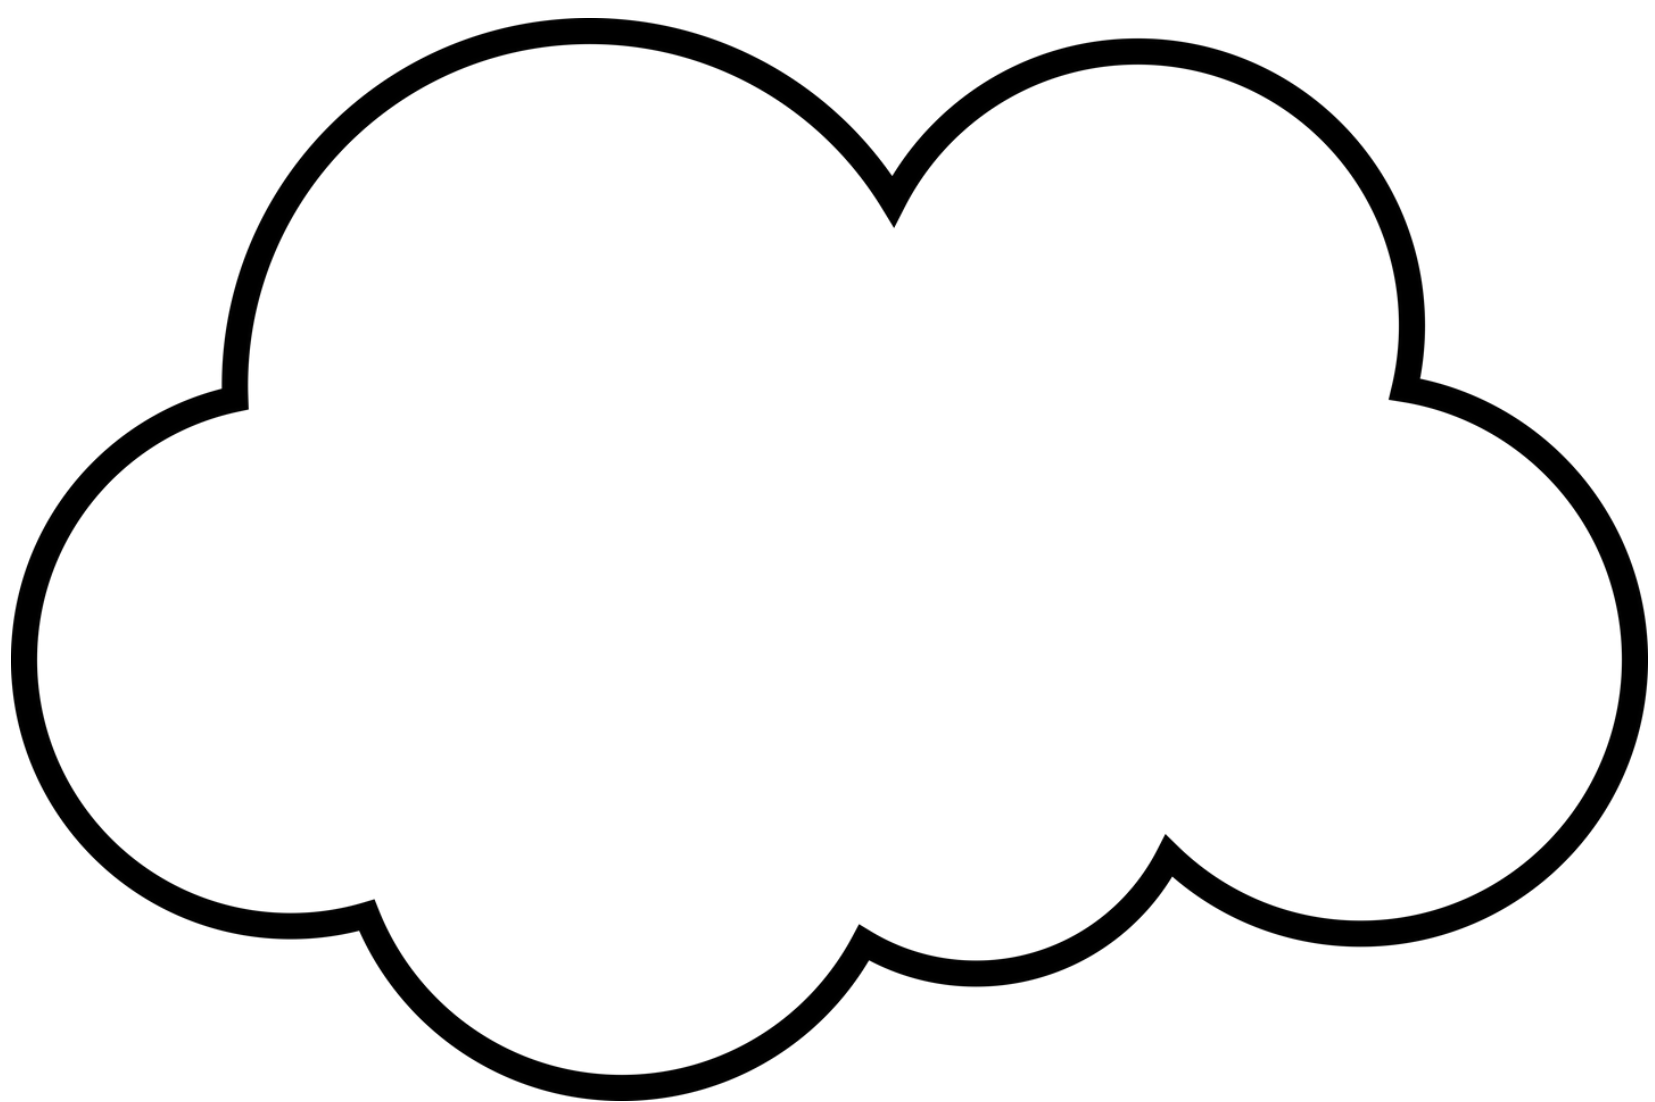

The voices of nature whisper to you.

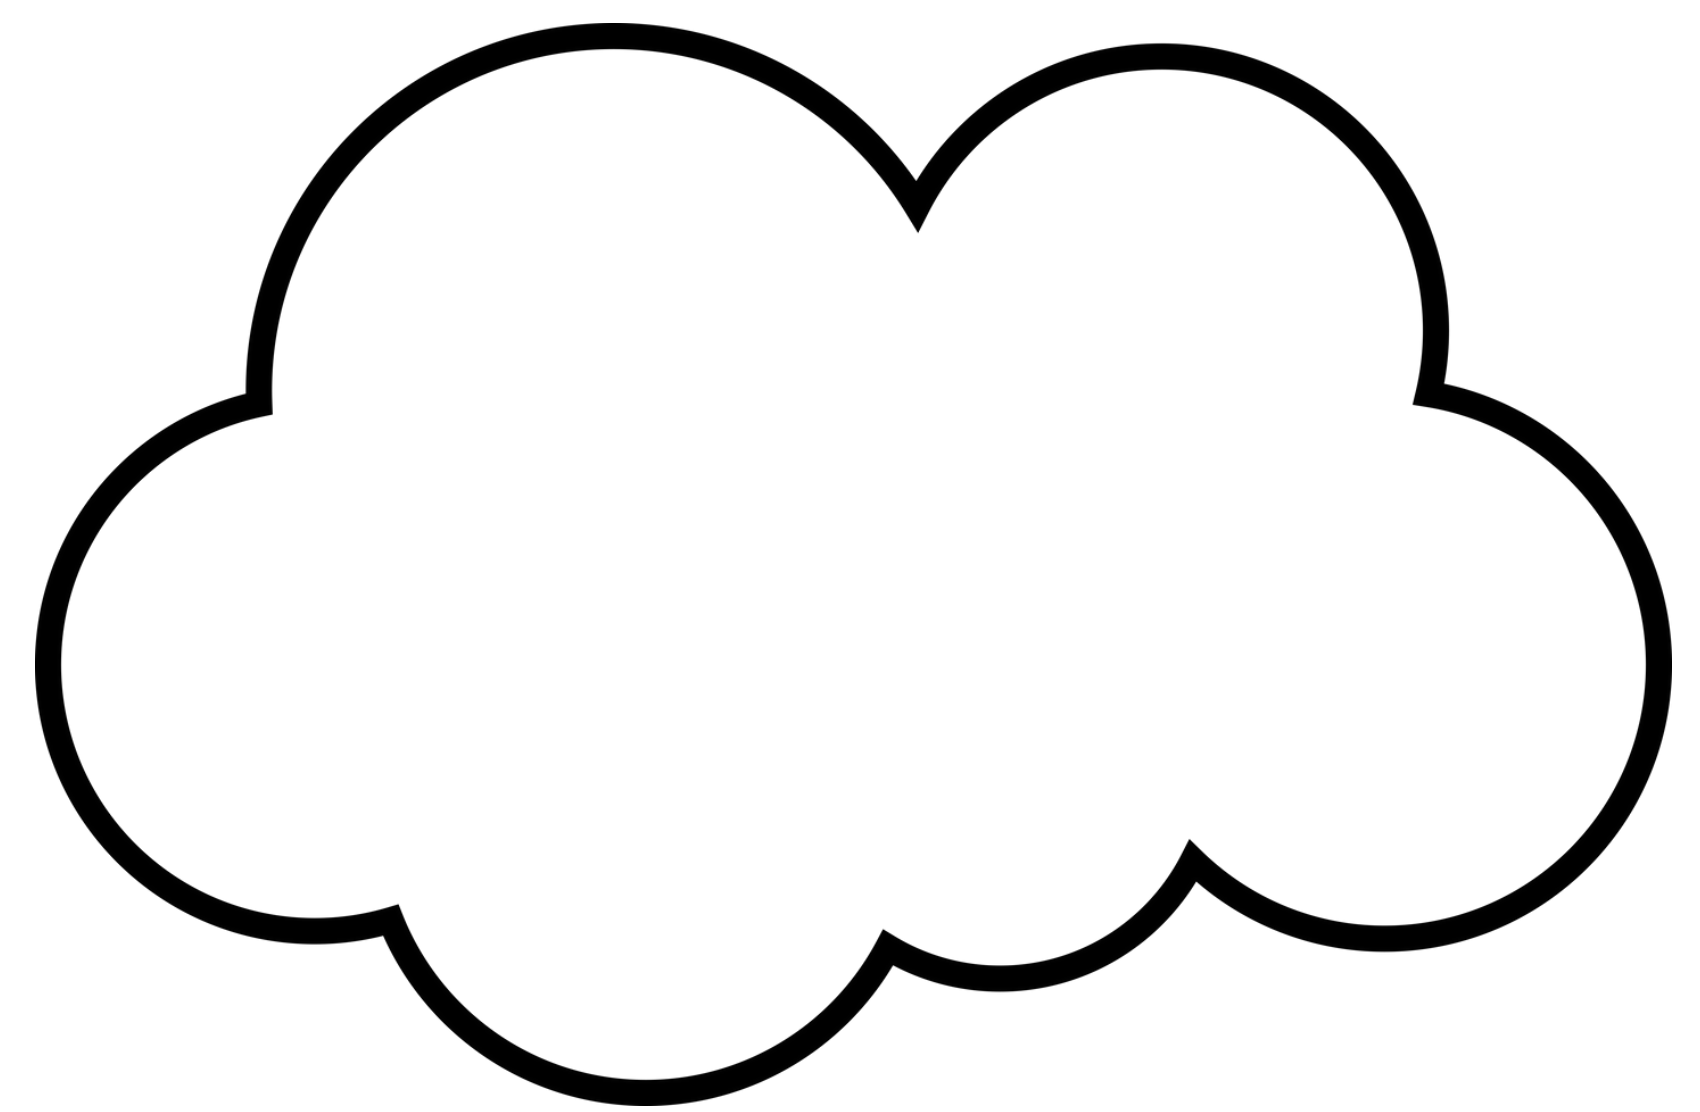

I wonder,  
where does the wind come from?

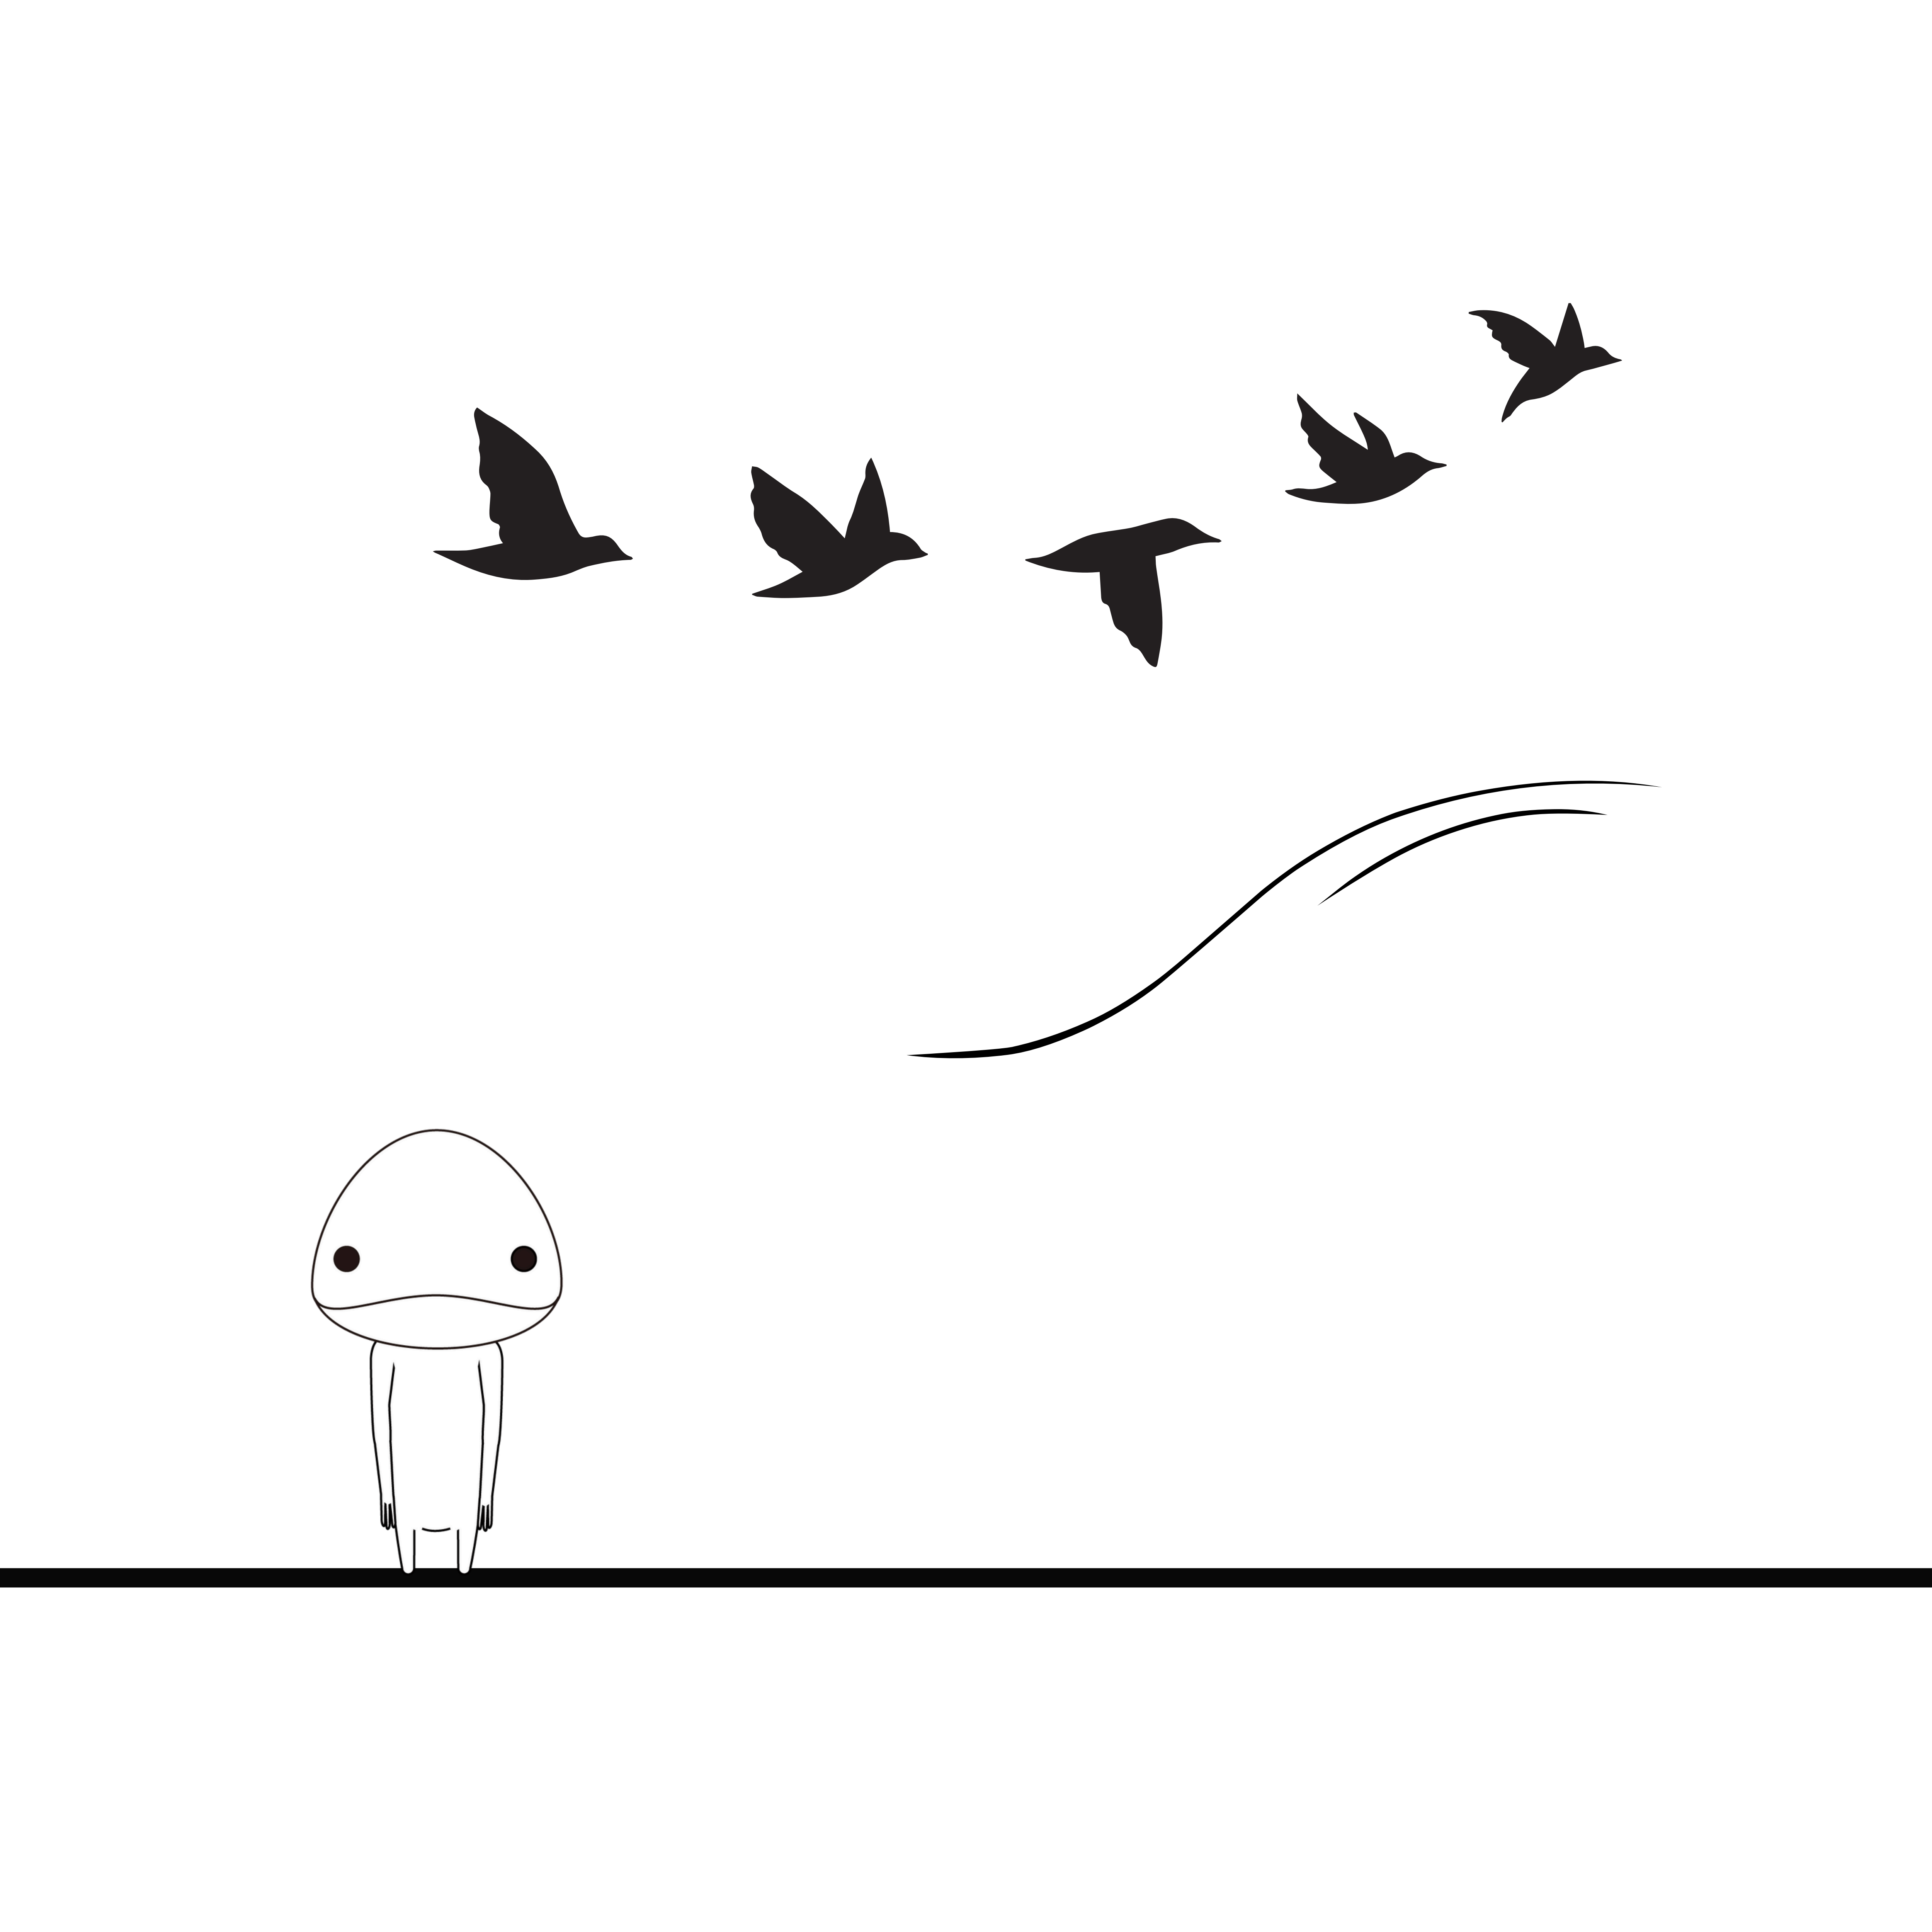

It slips through the cracks between  
the clouds

---

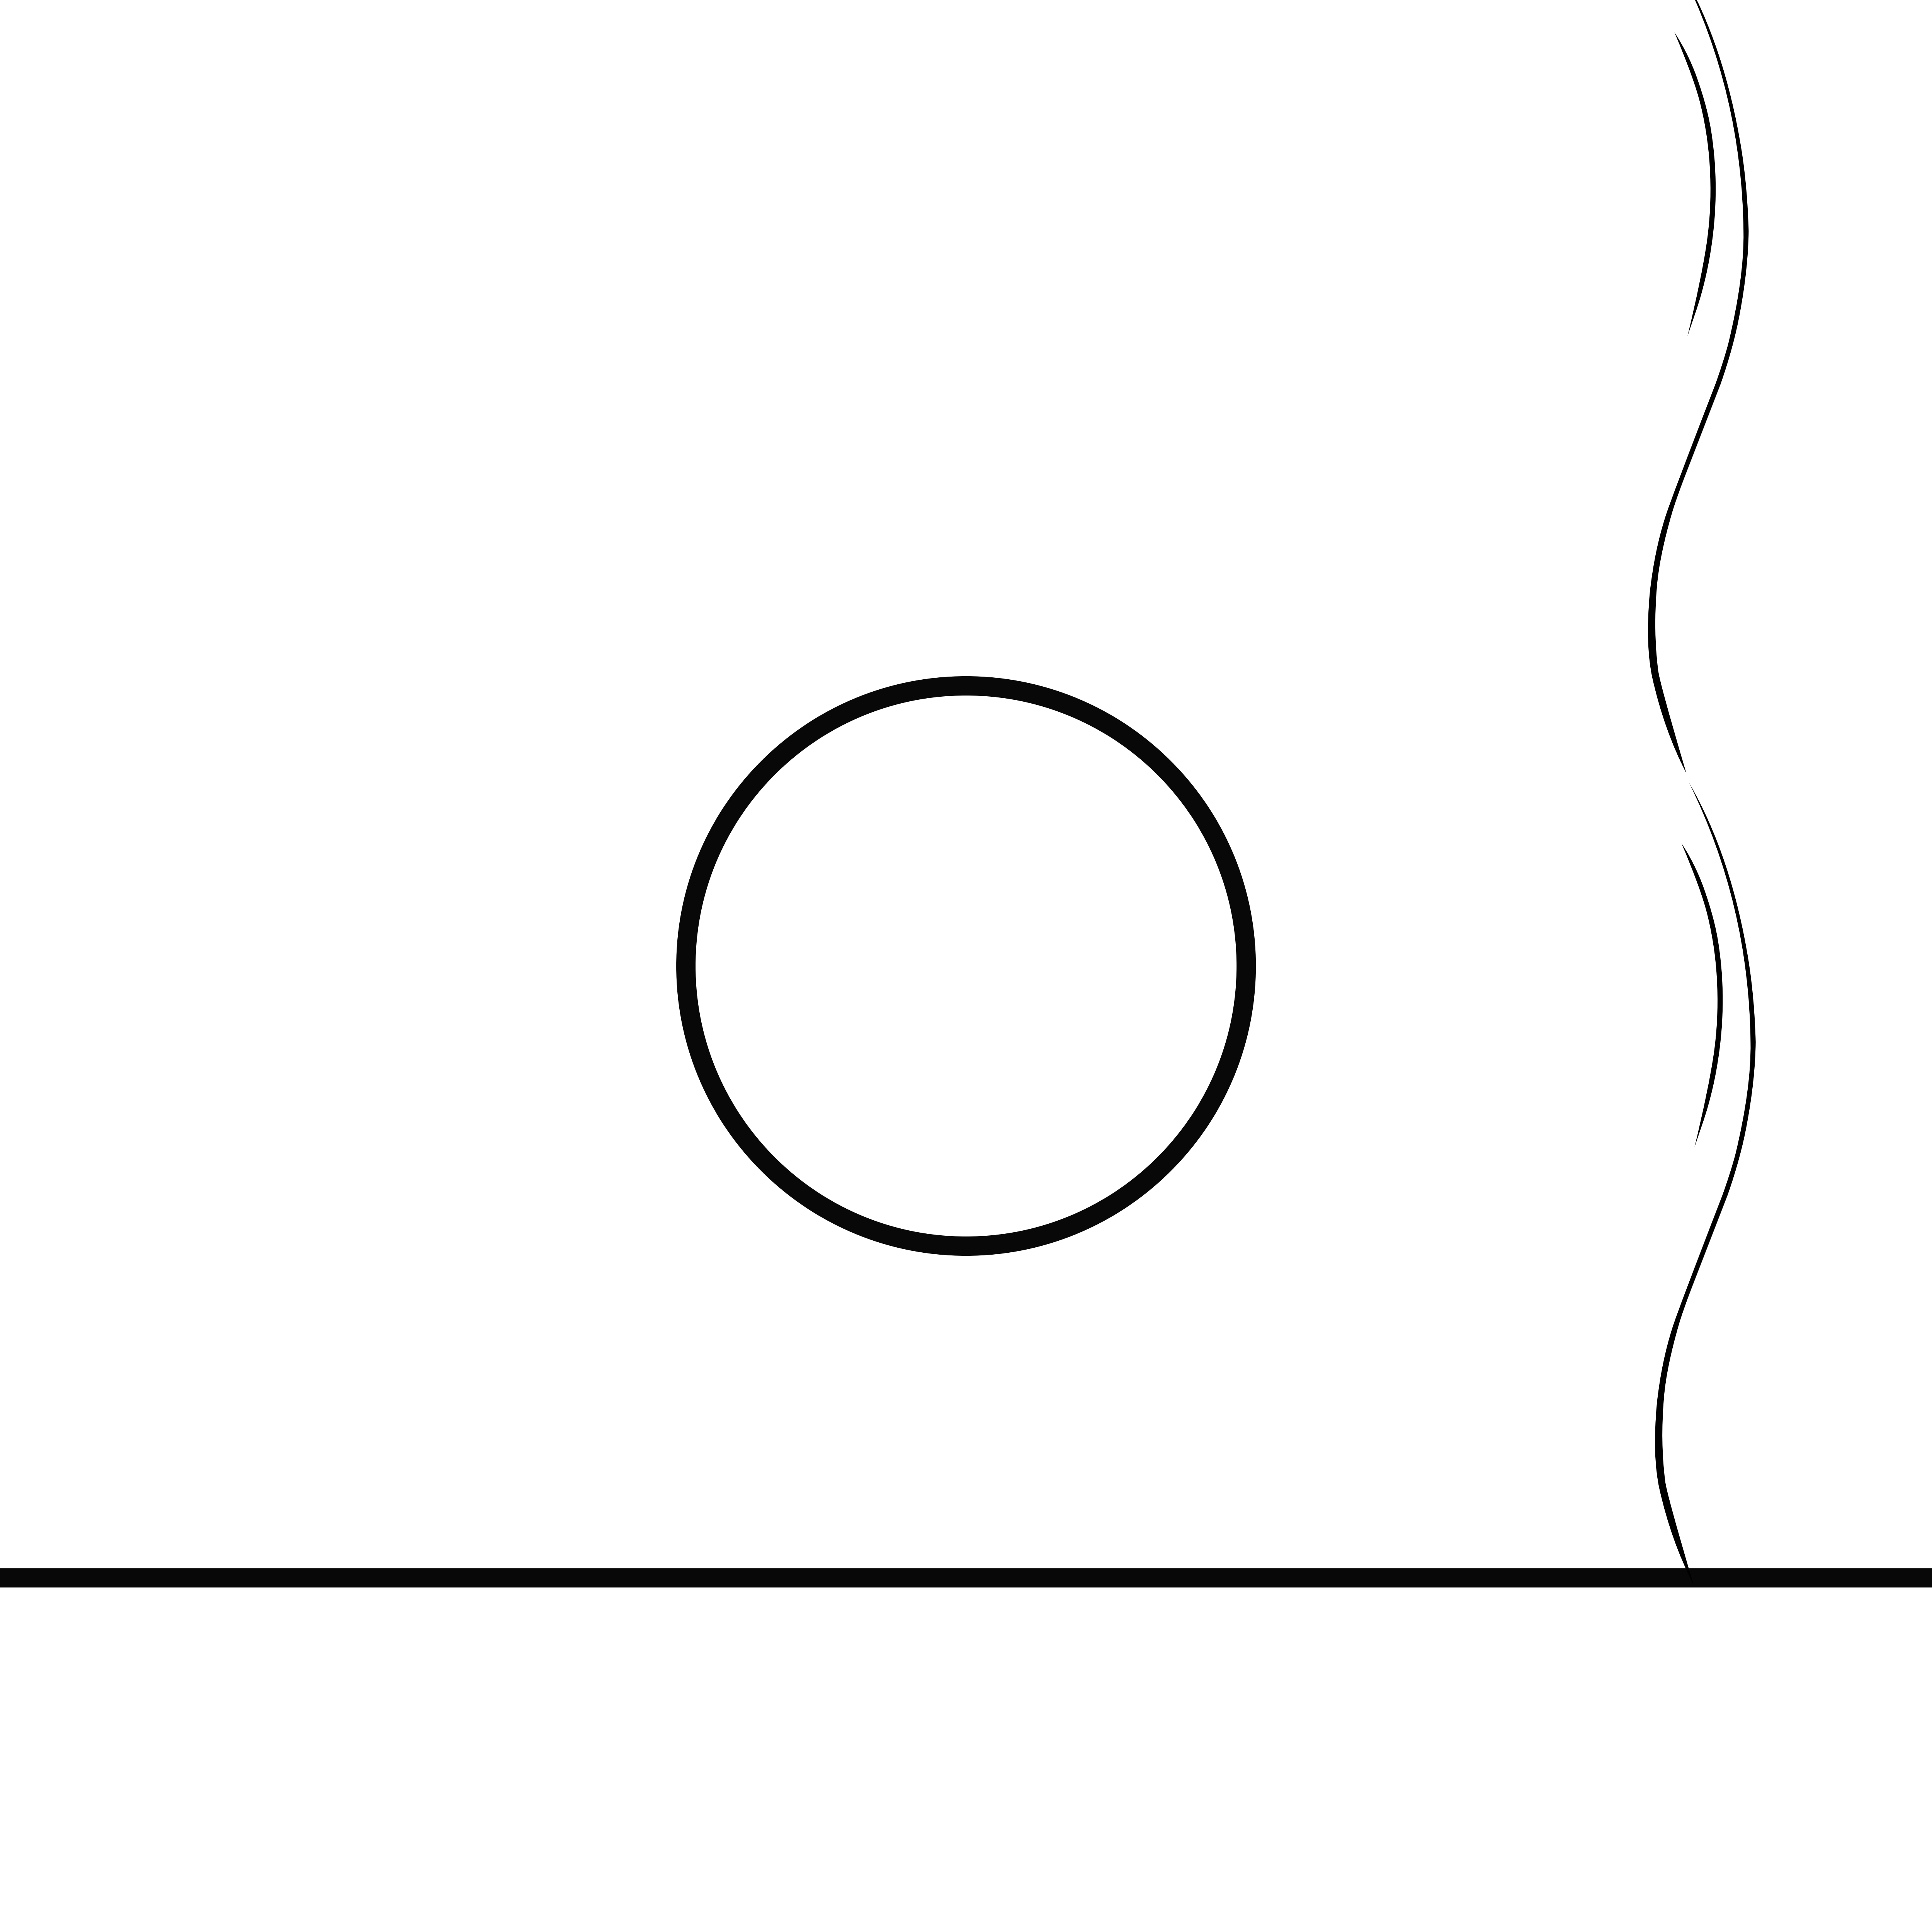

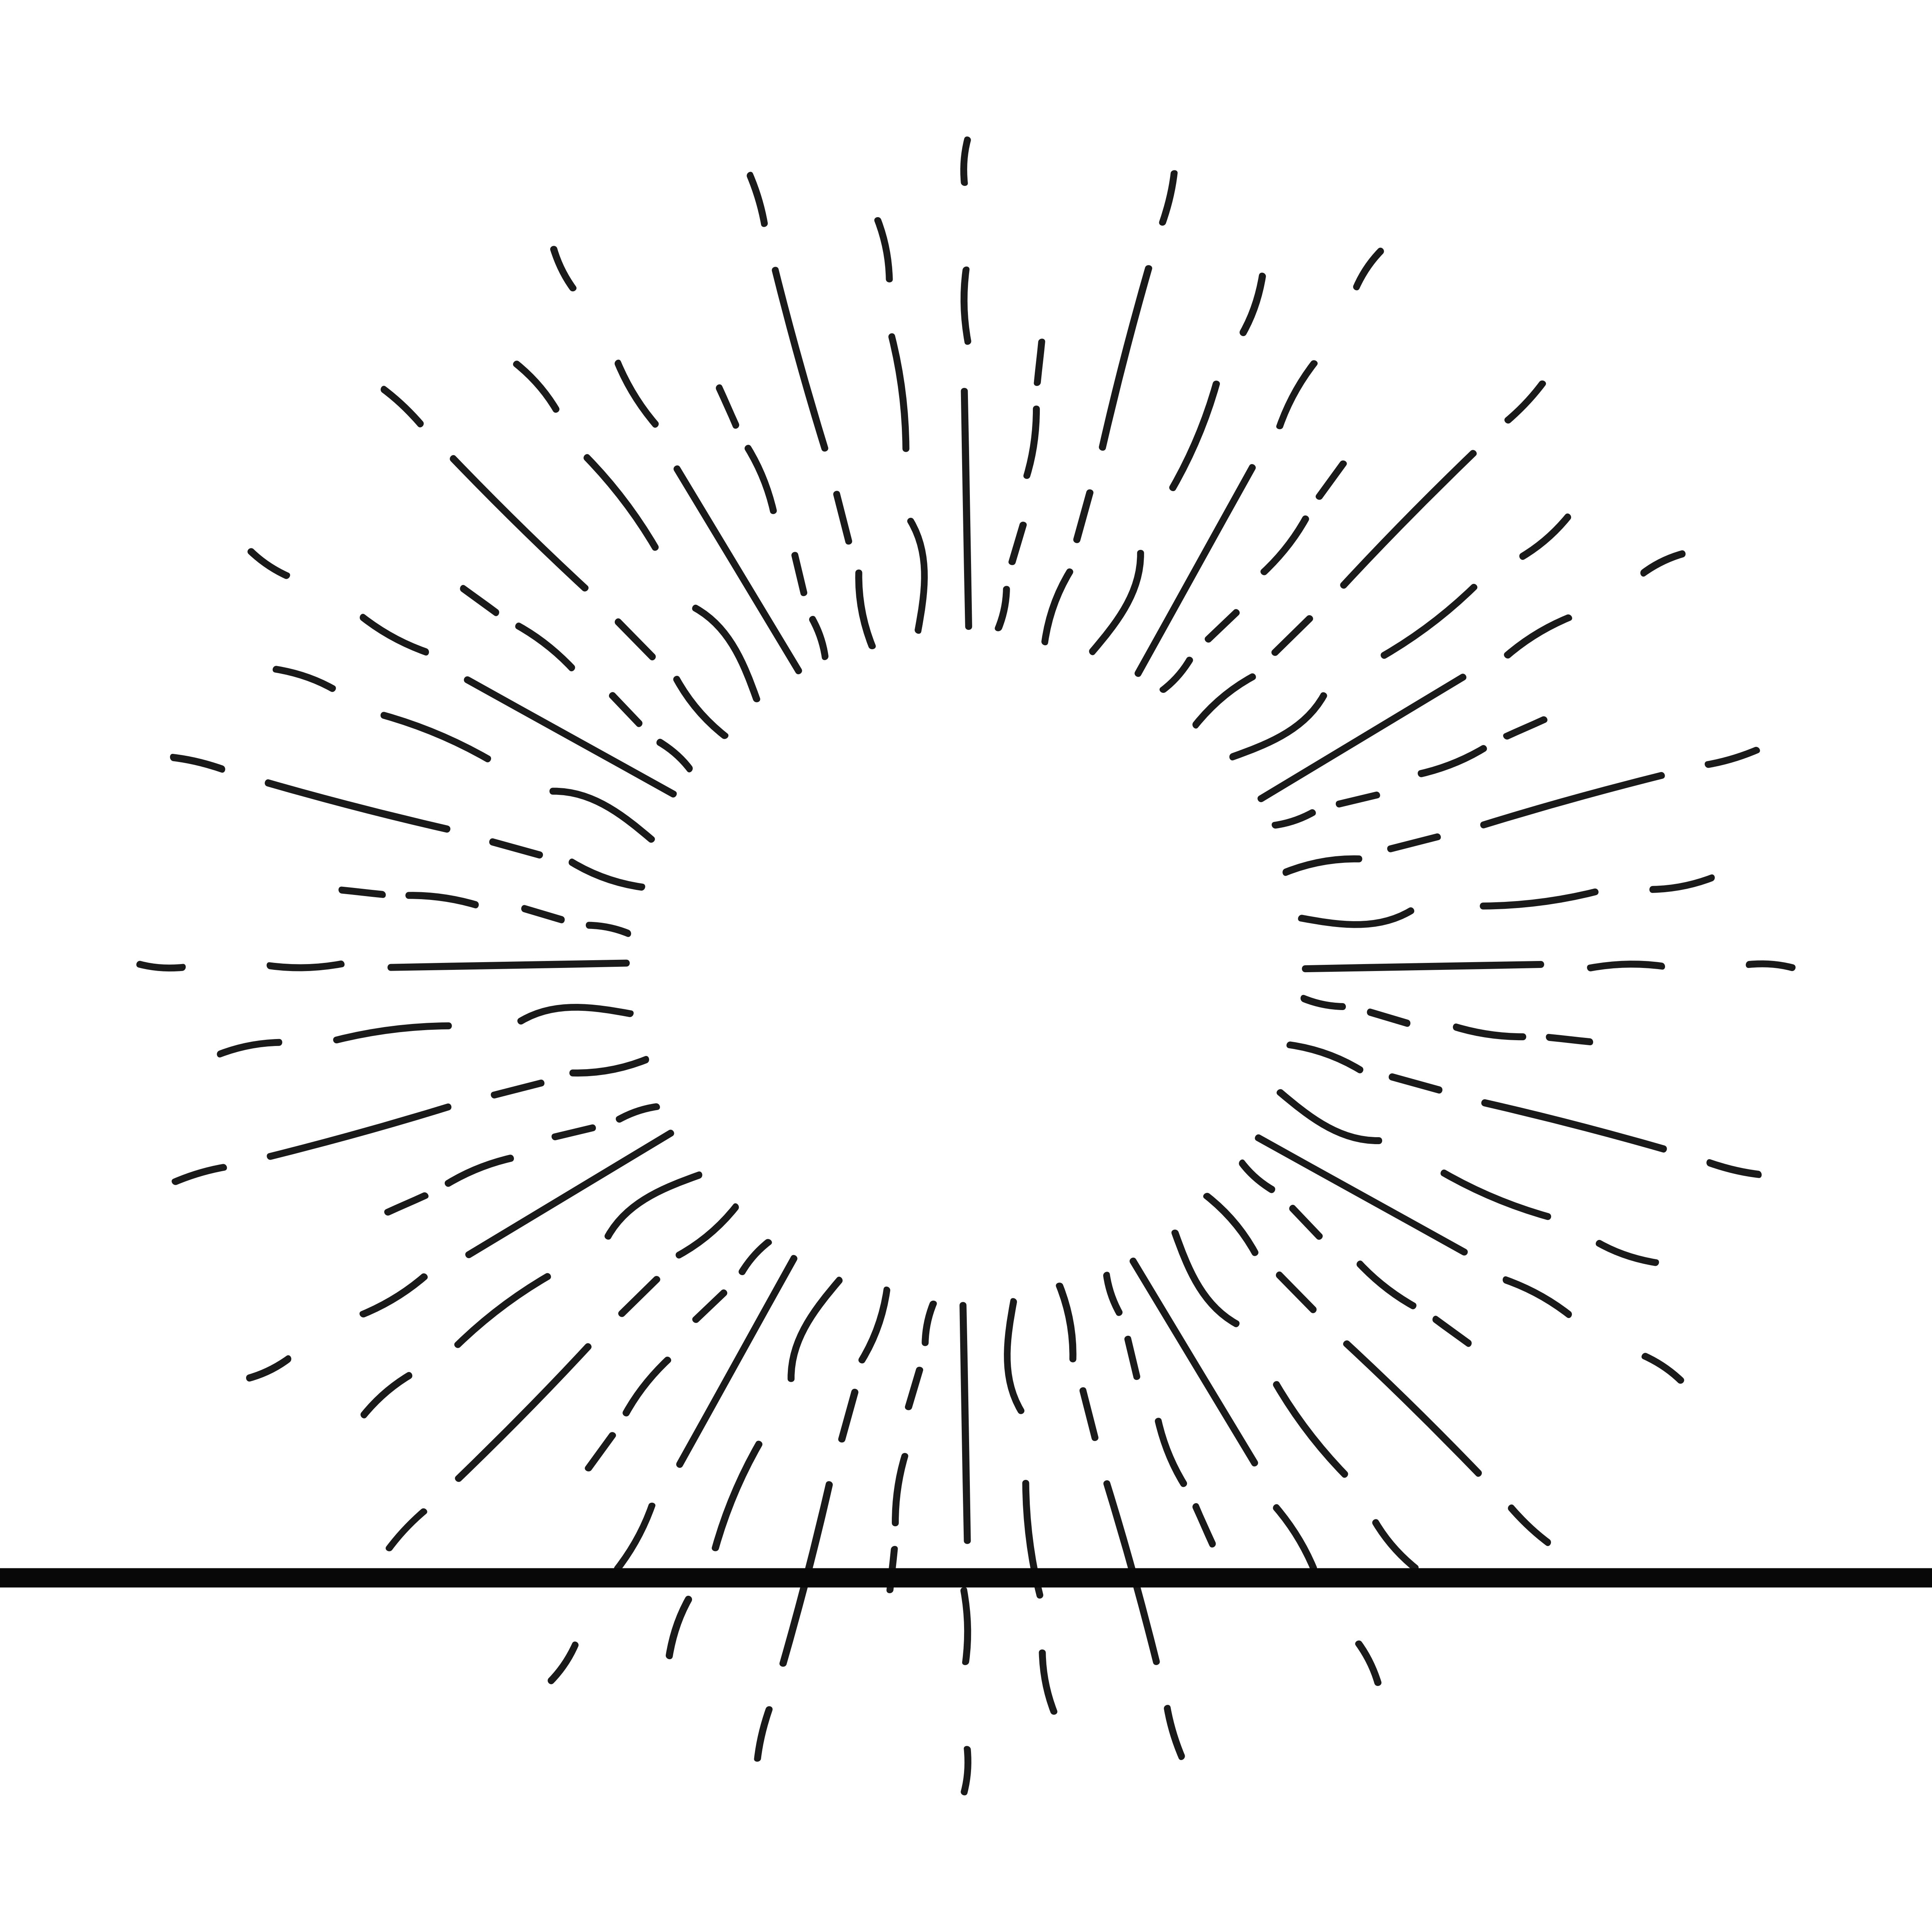

It flies away, soaring with the birds

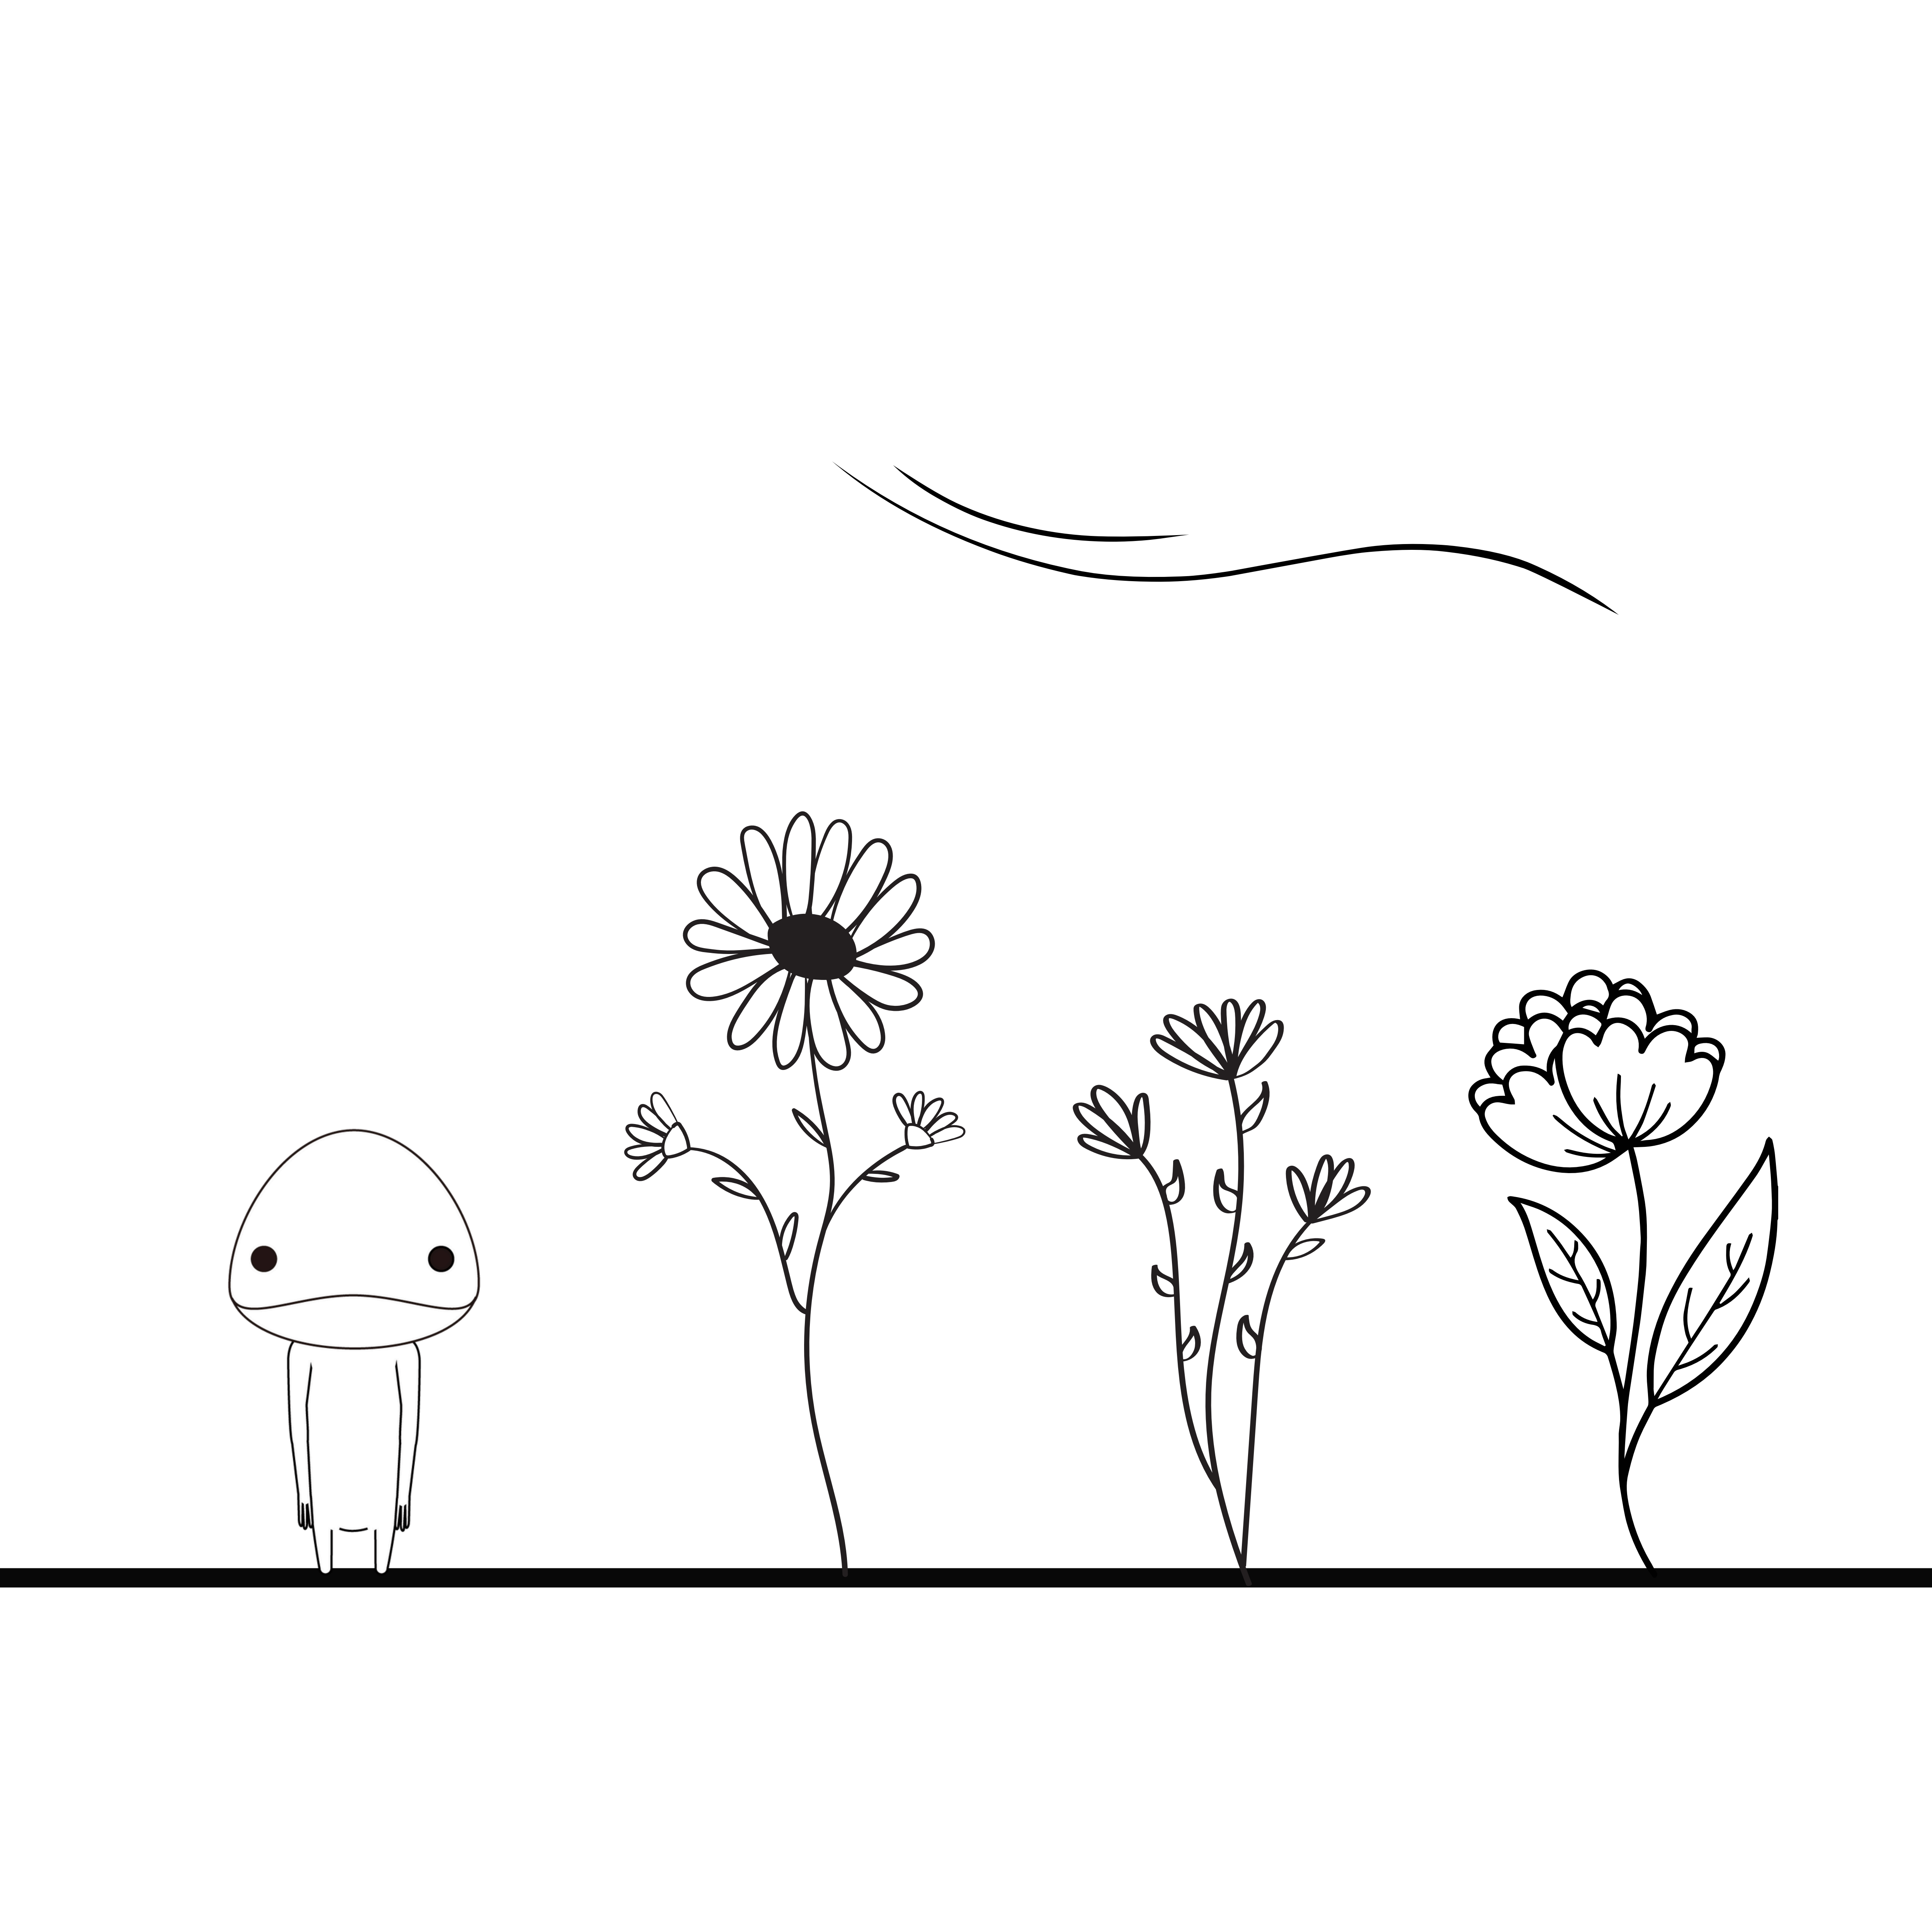

It bridges the sky and the earth below

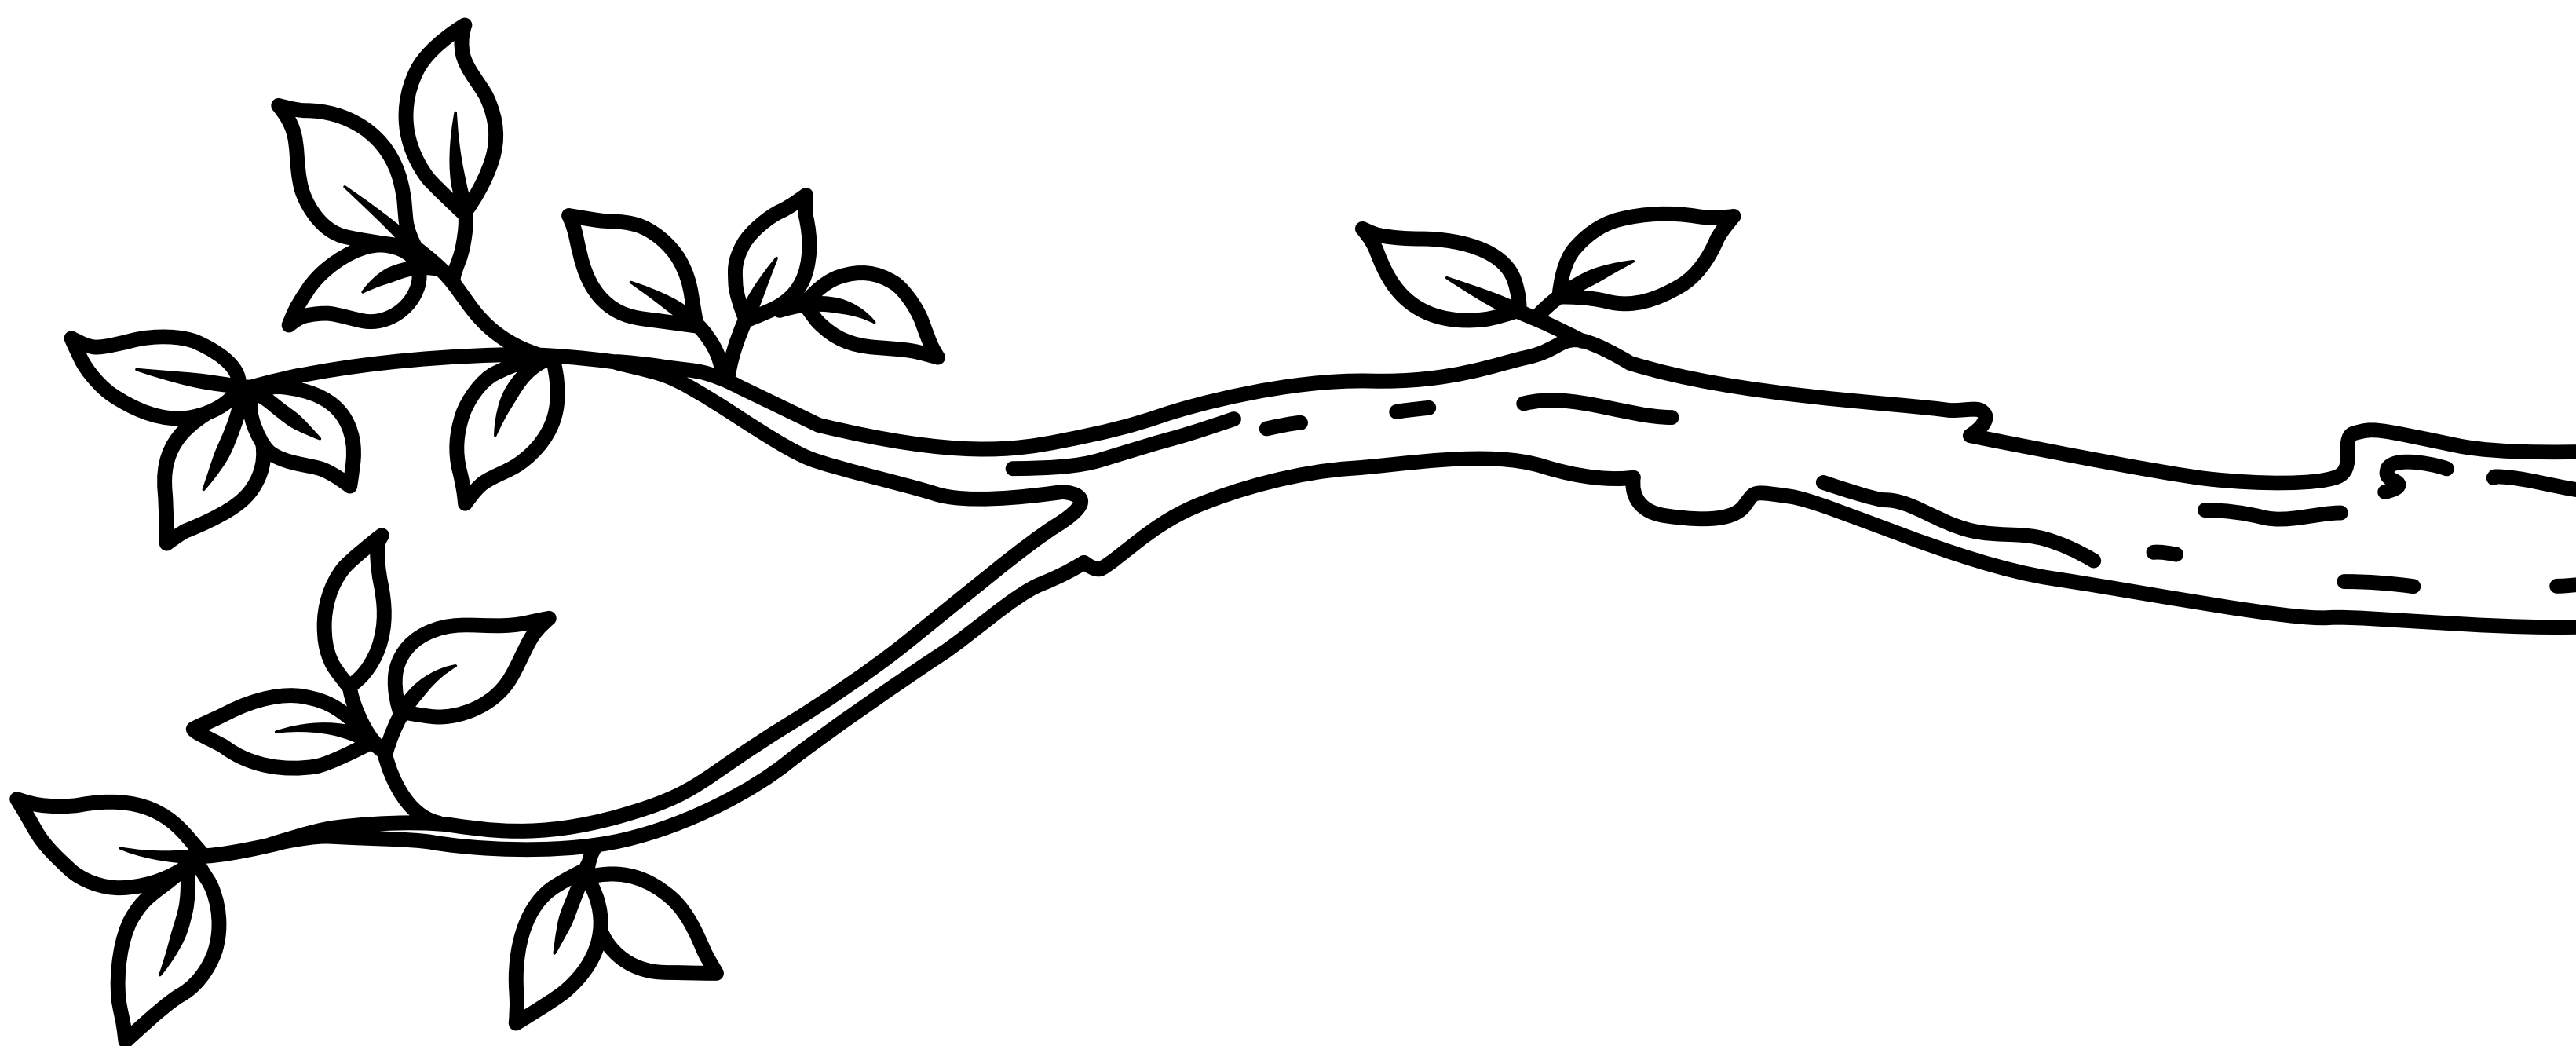

The warm sun gently shines down

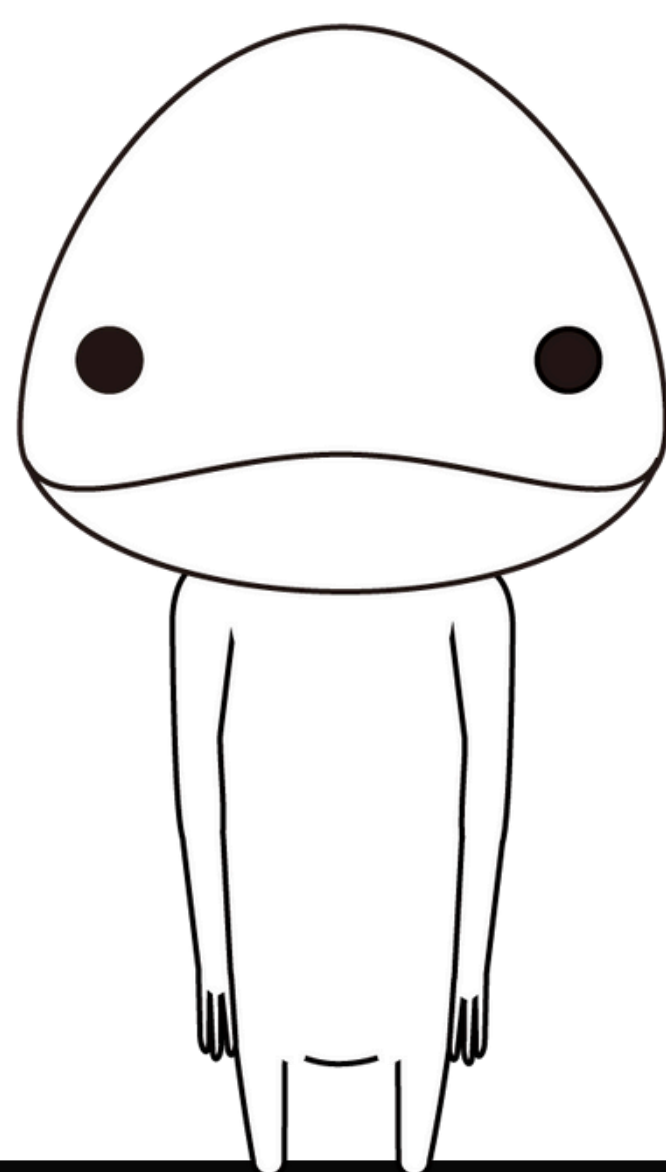

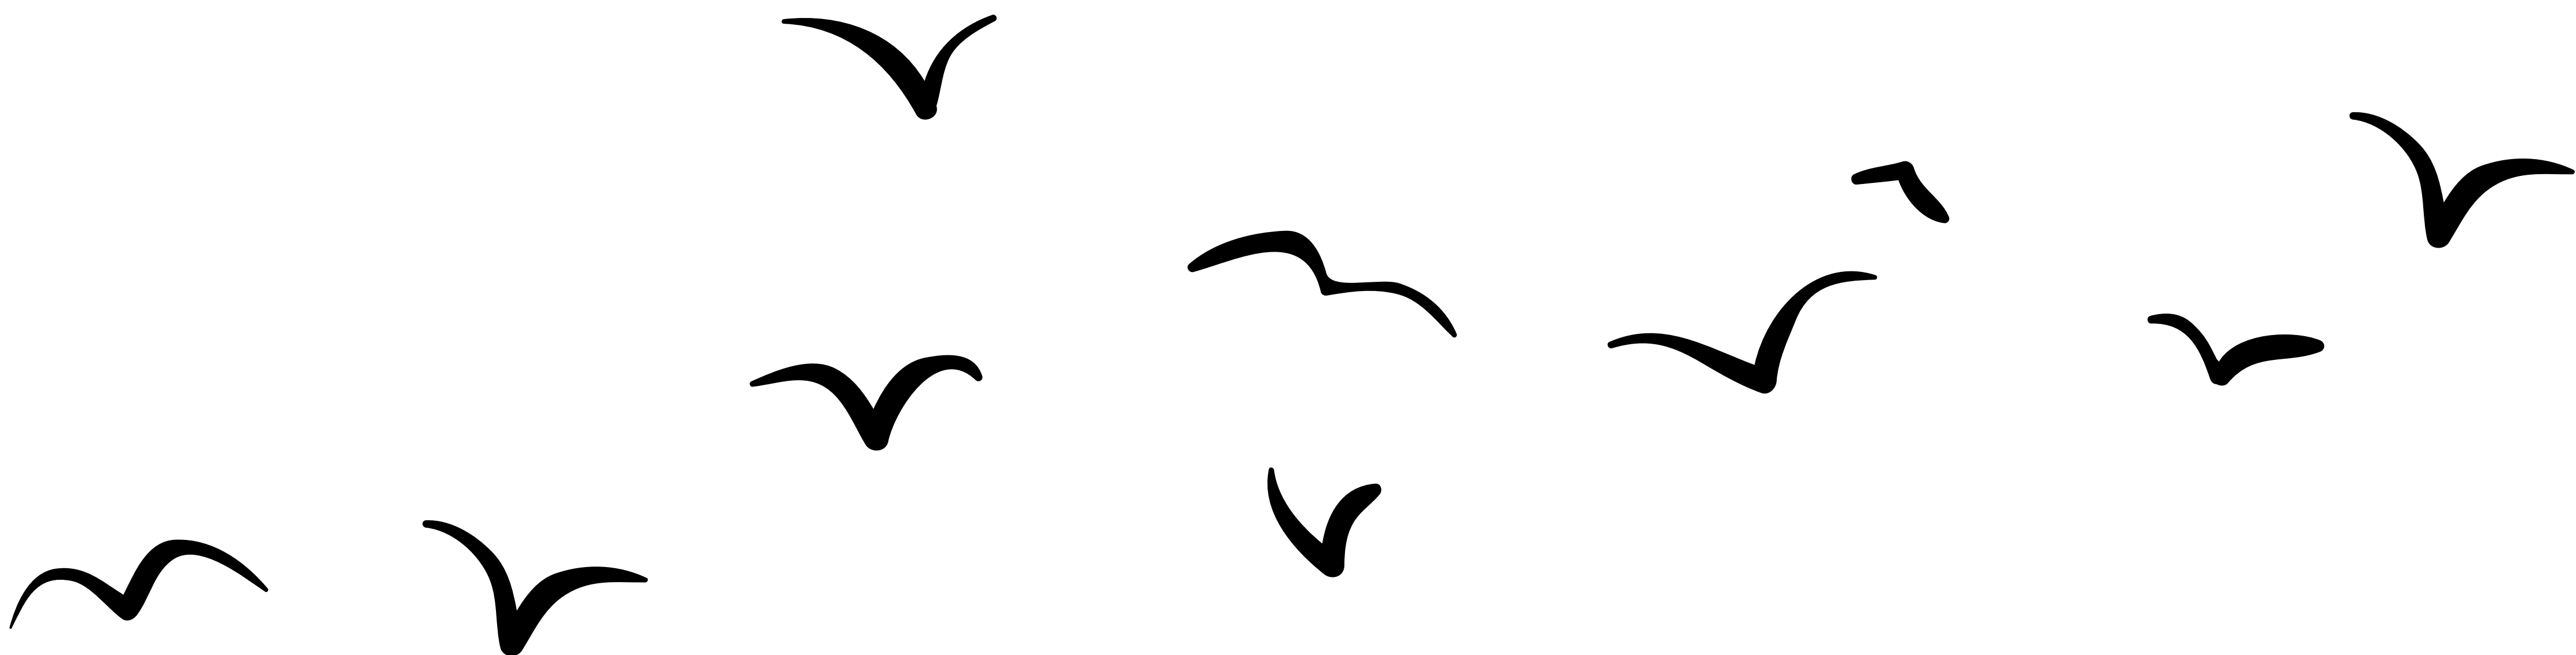

---

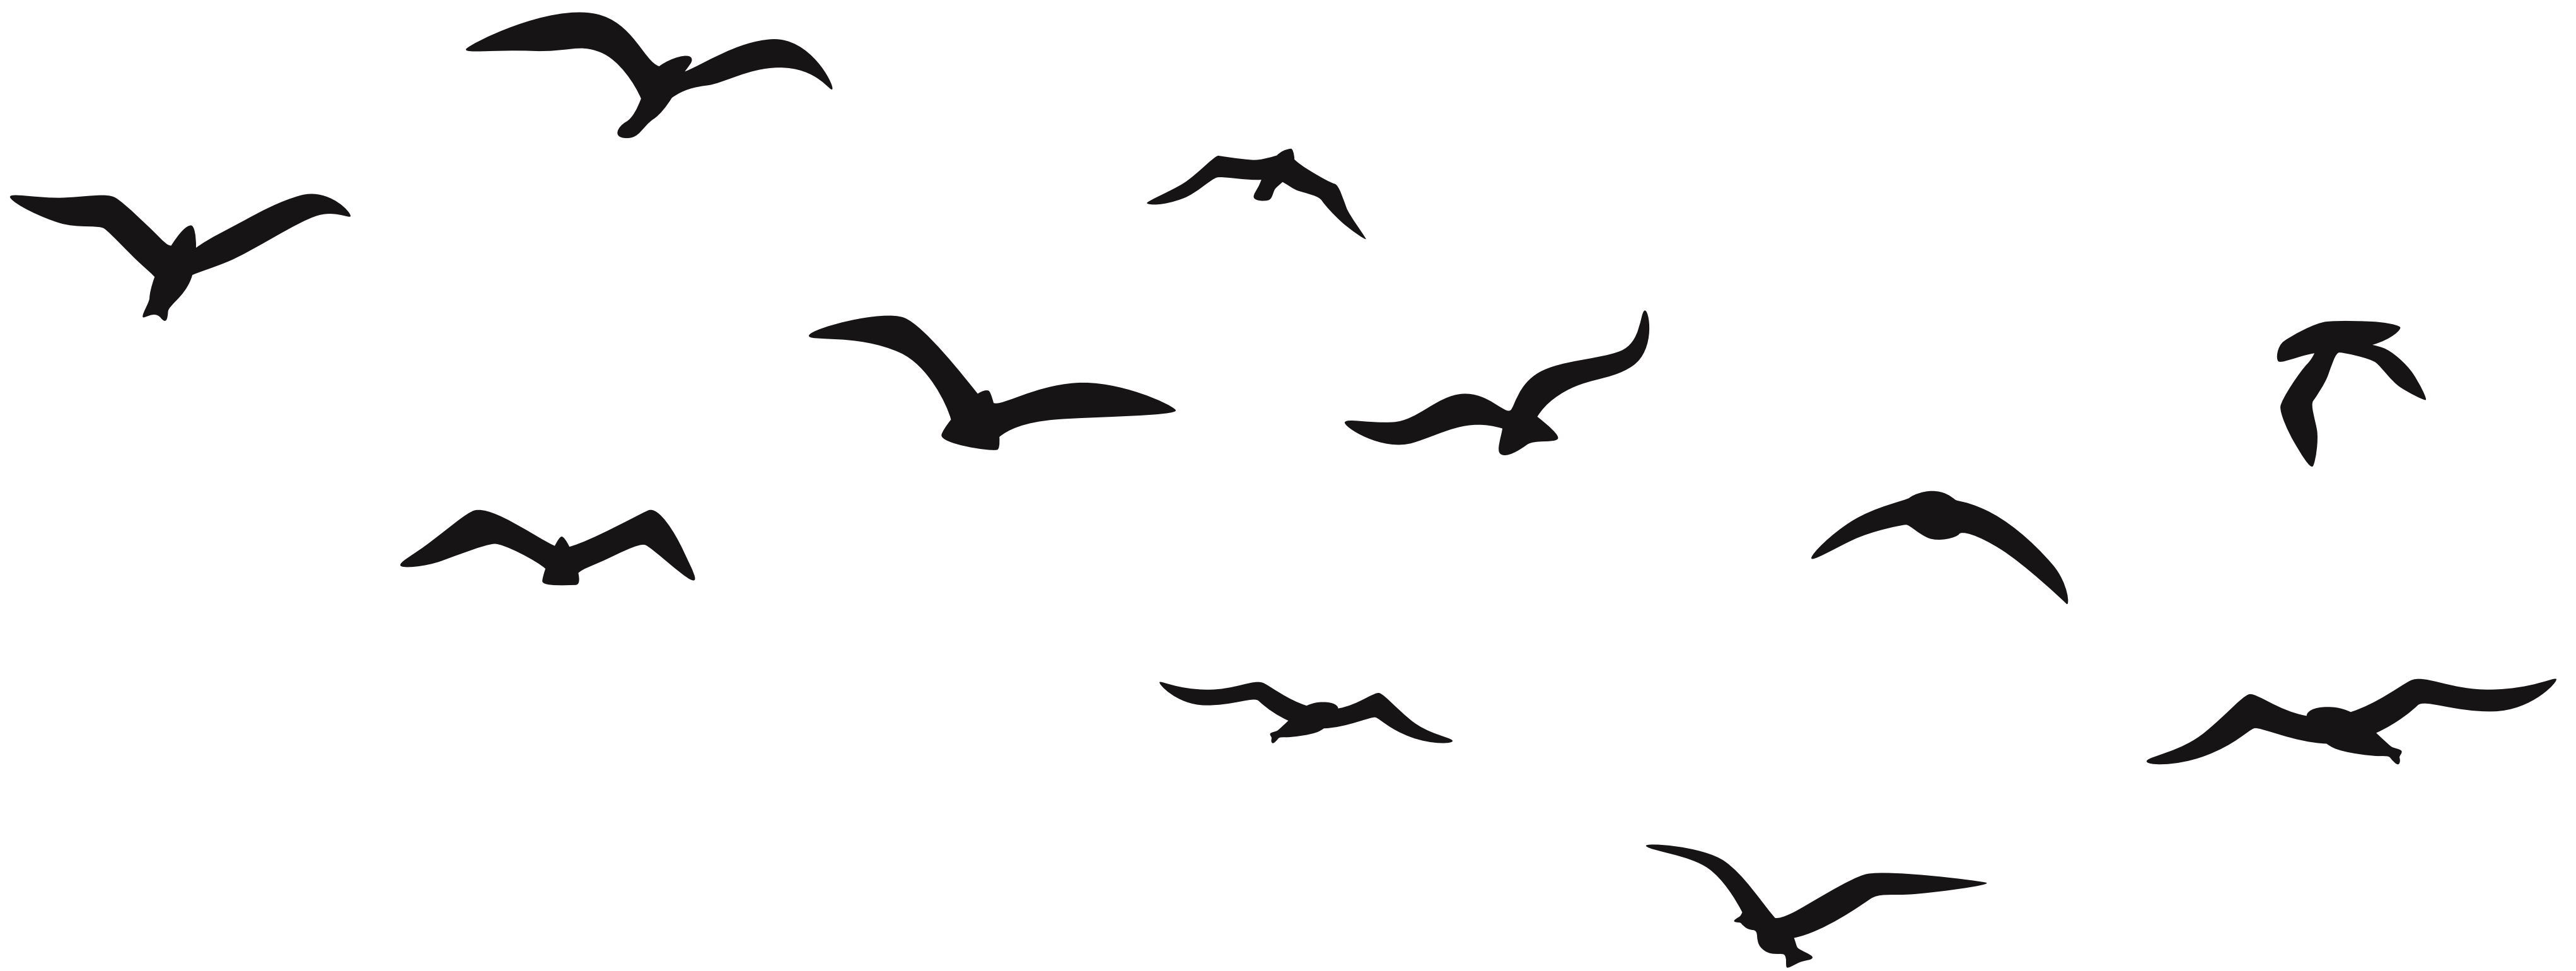

The flowers and grasses sway in the breeze

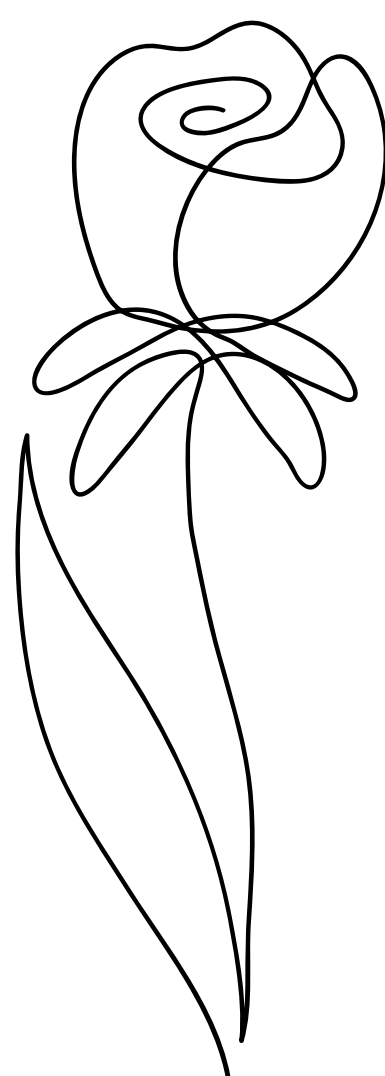

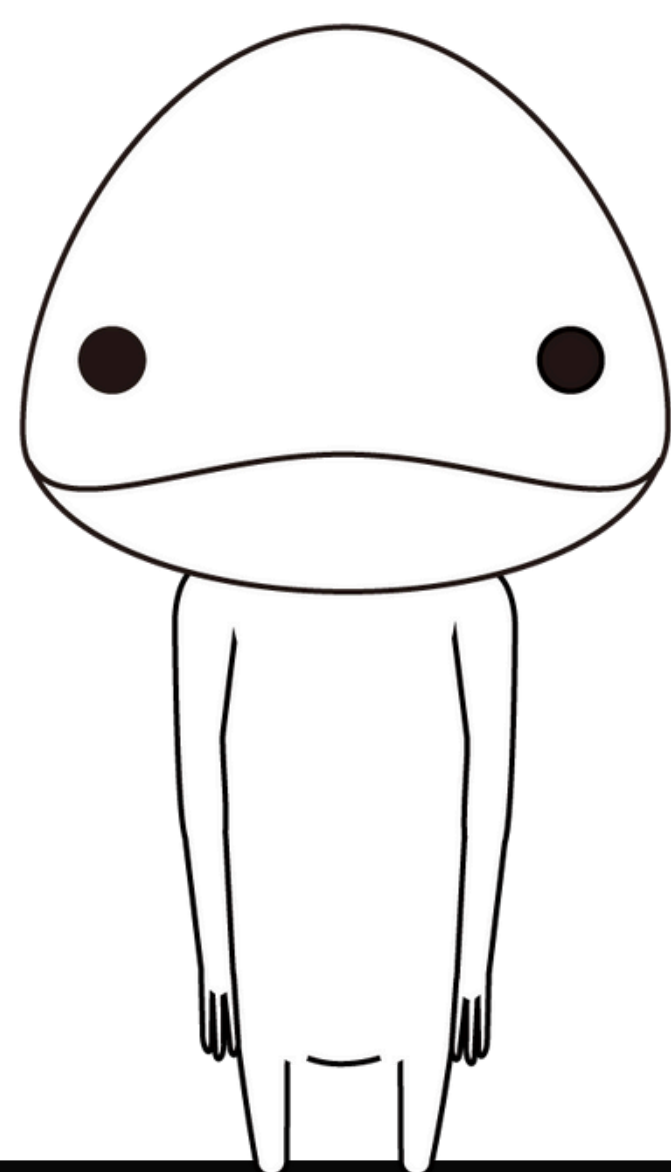

The birds in the sky begin to sing

---

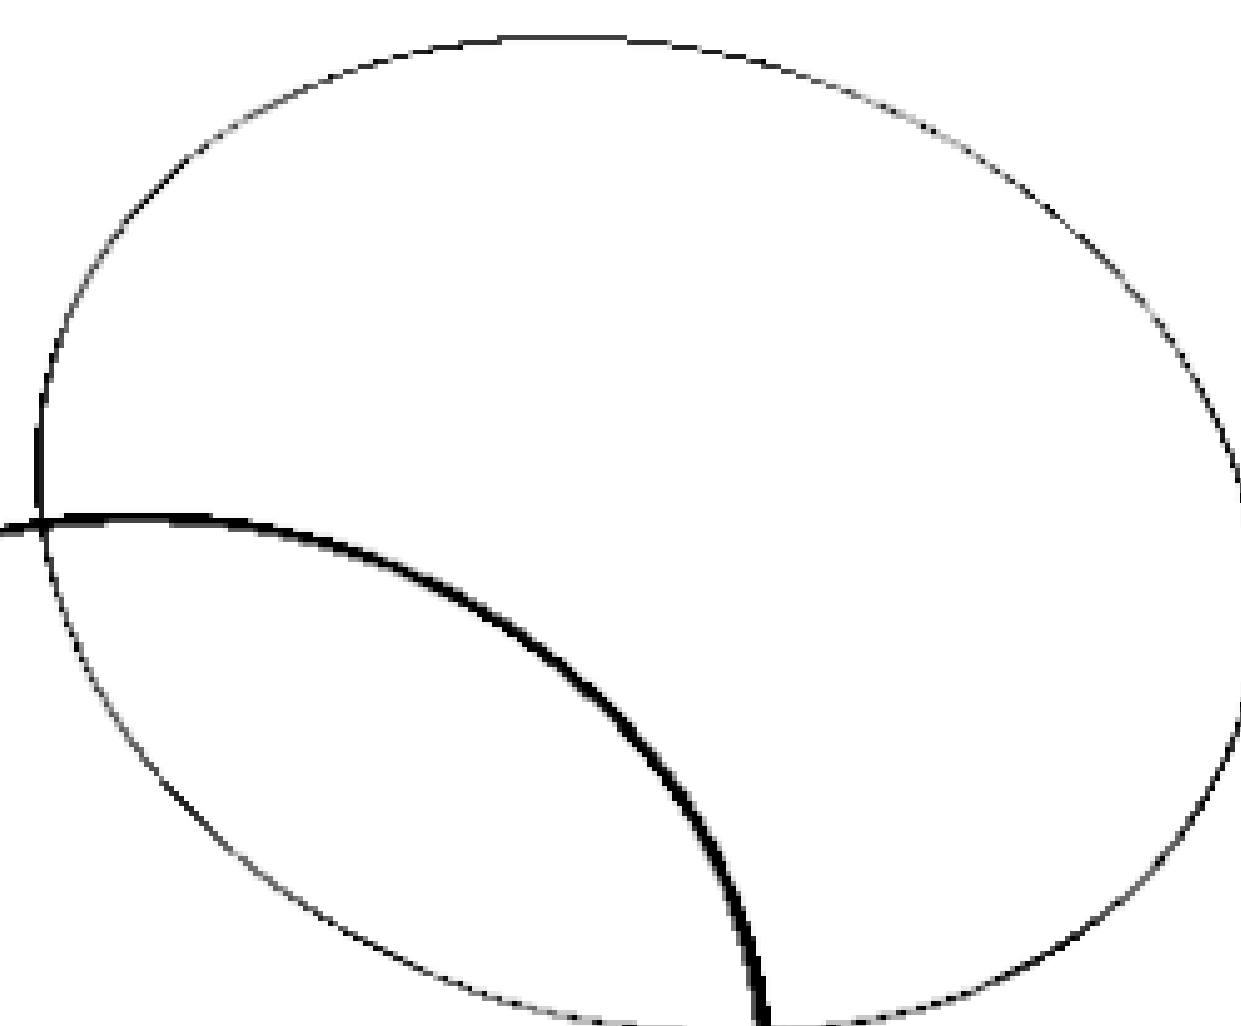

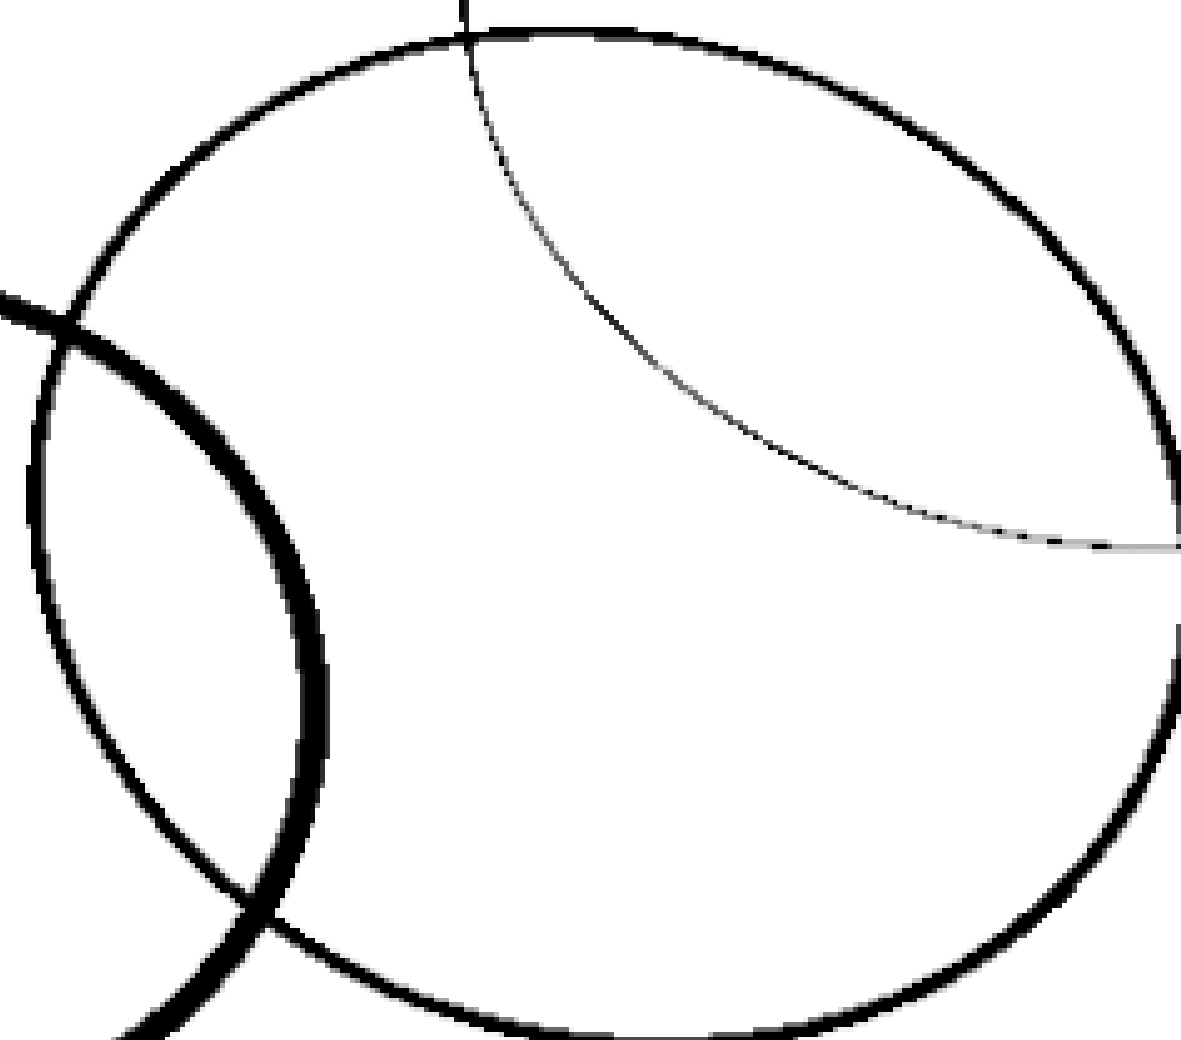

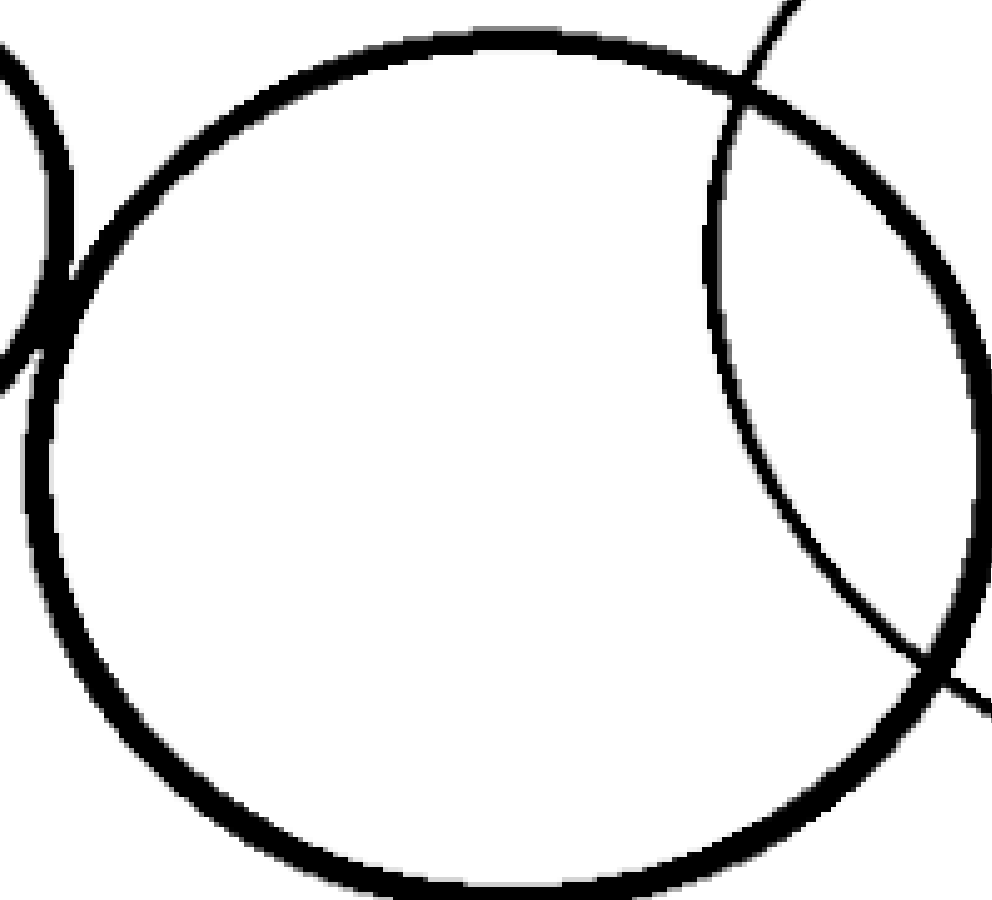

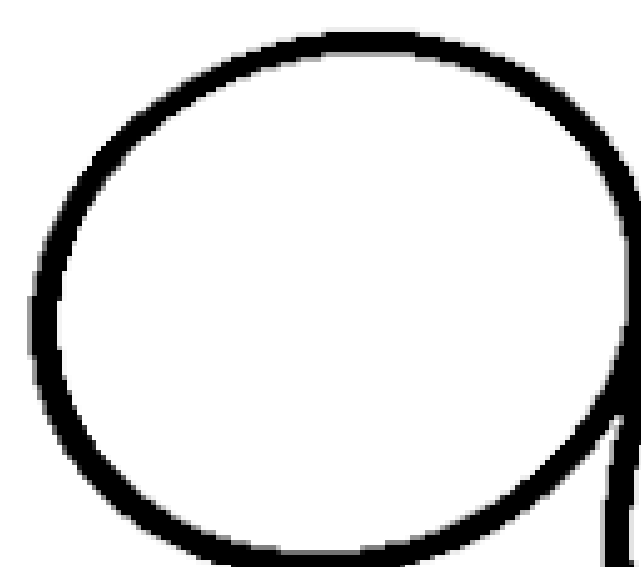

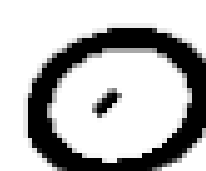

While listening to the voices of nature

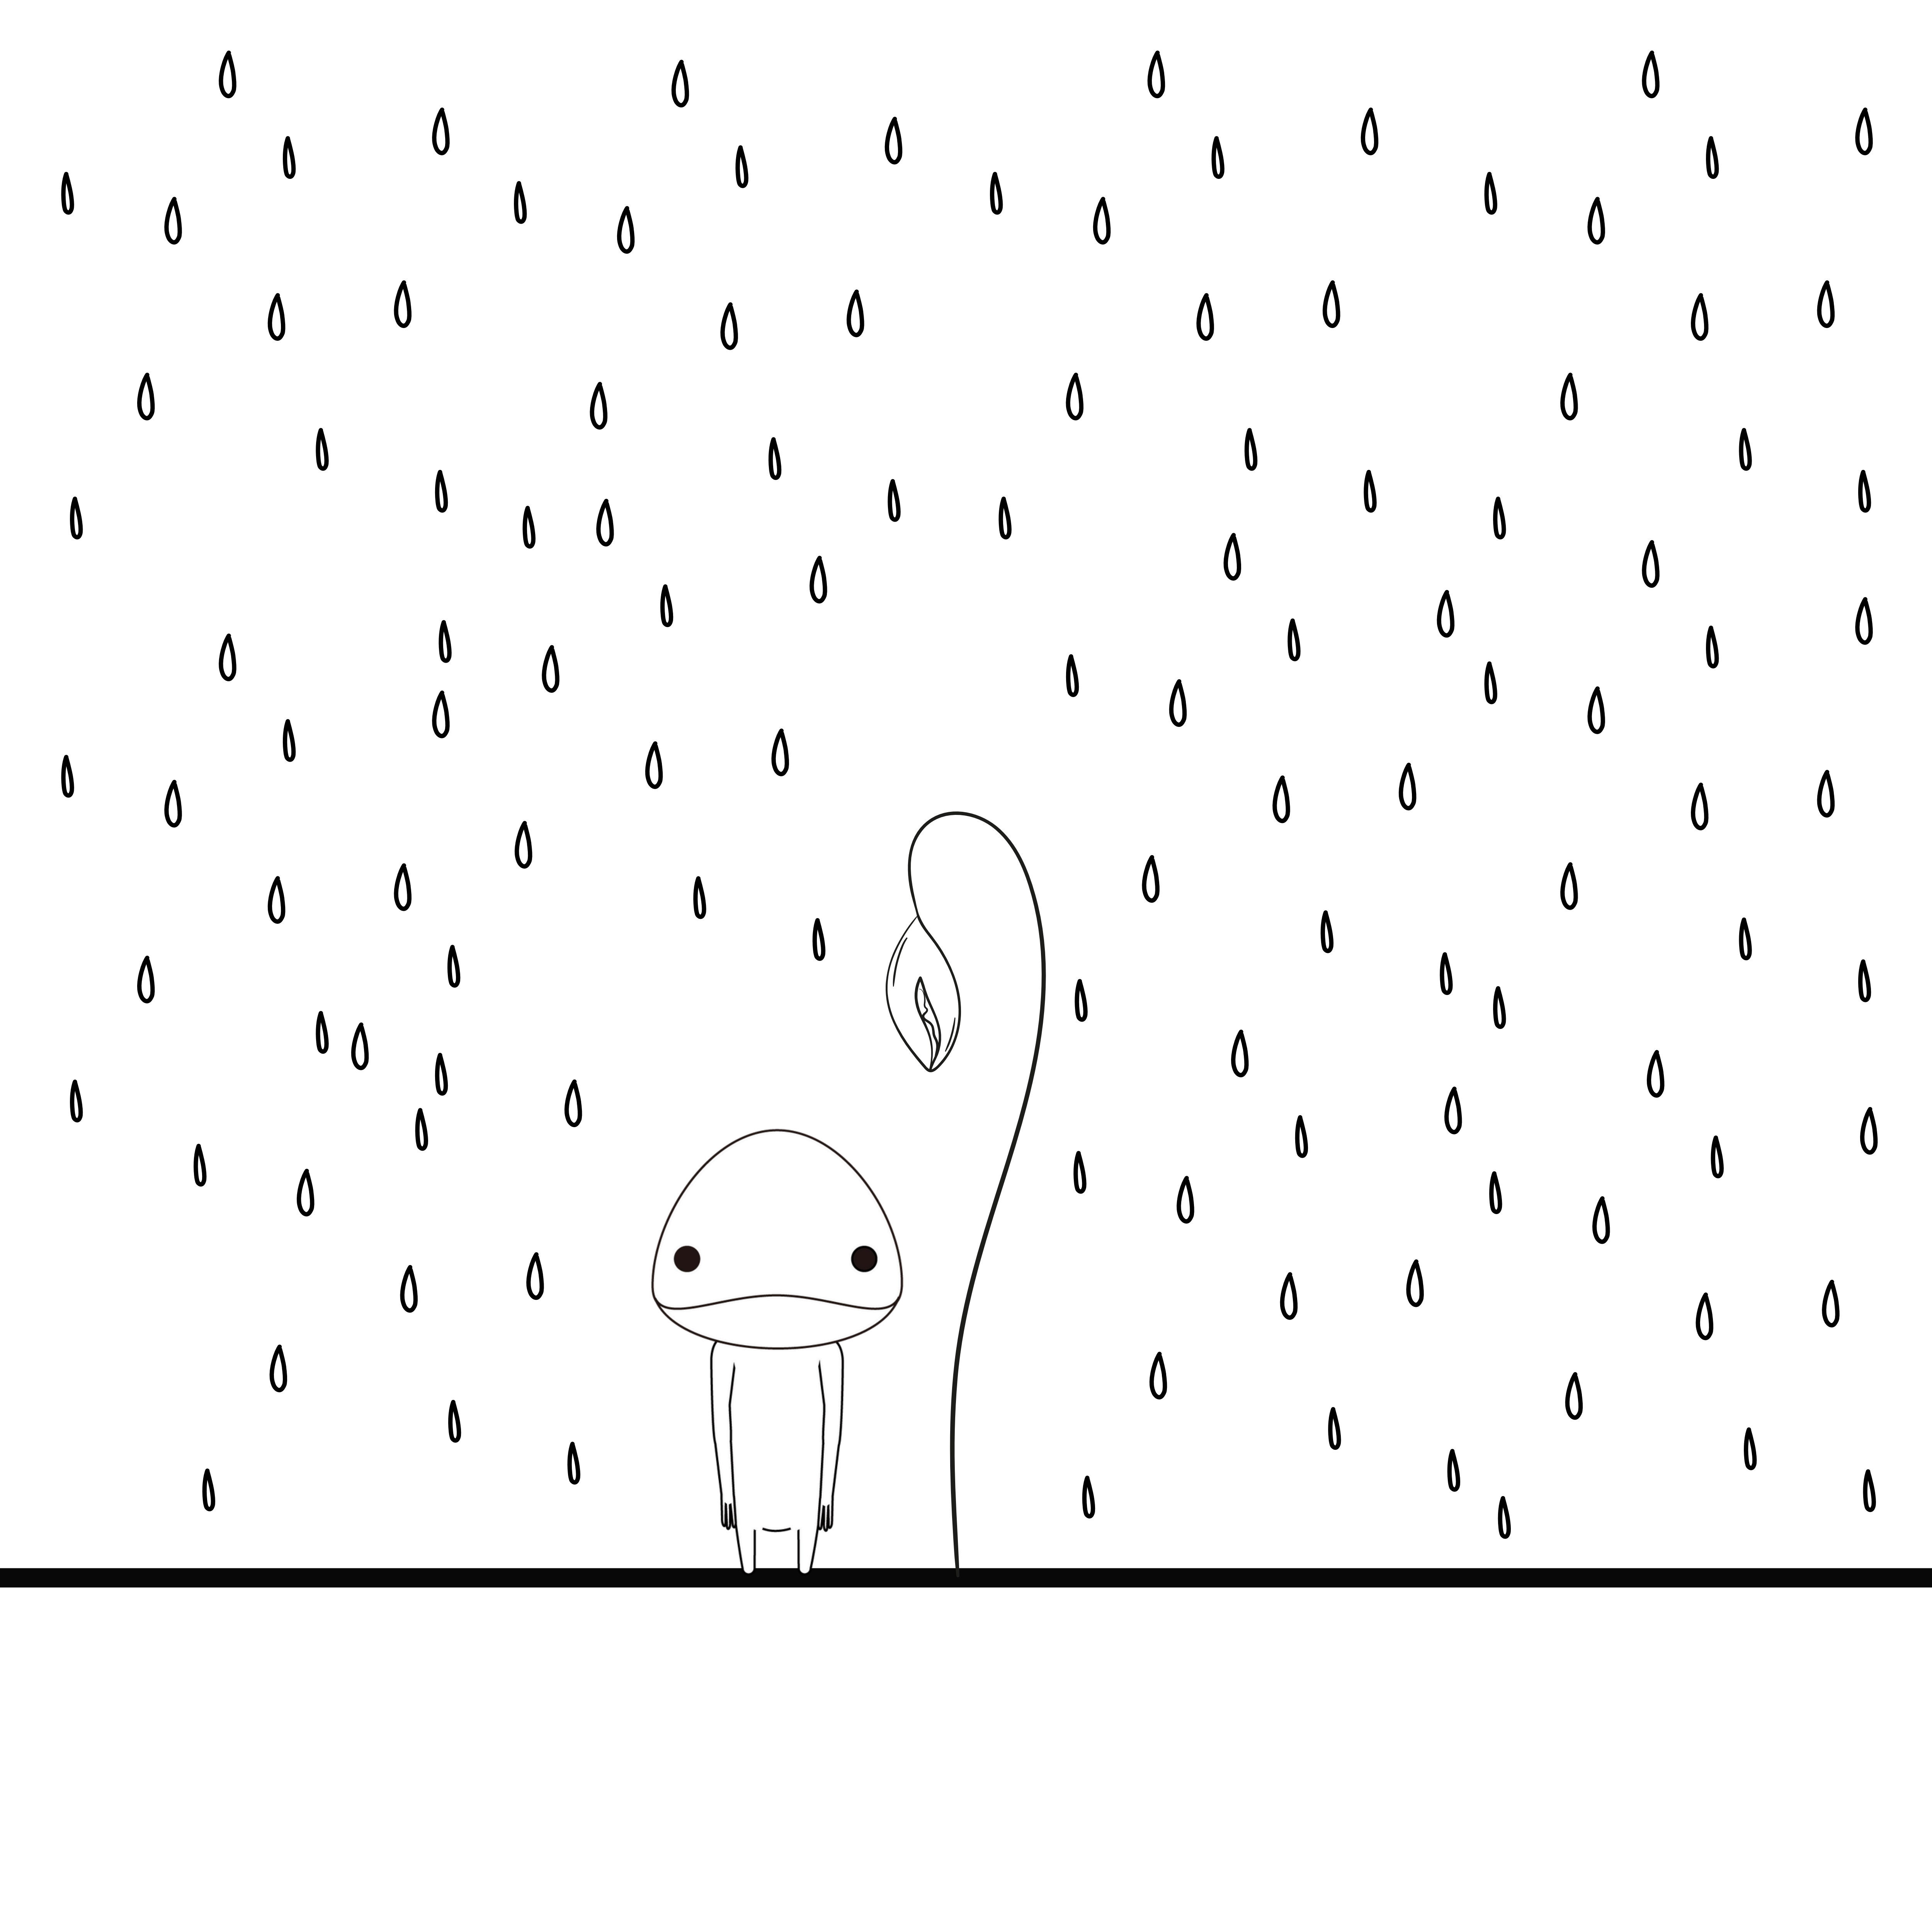

U

**WATER**

Pitter-patter, the rain begins to fall

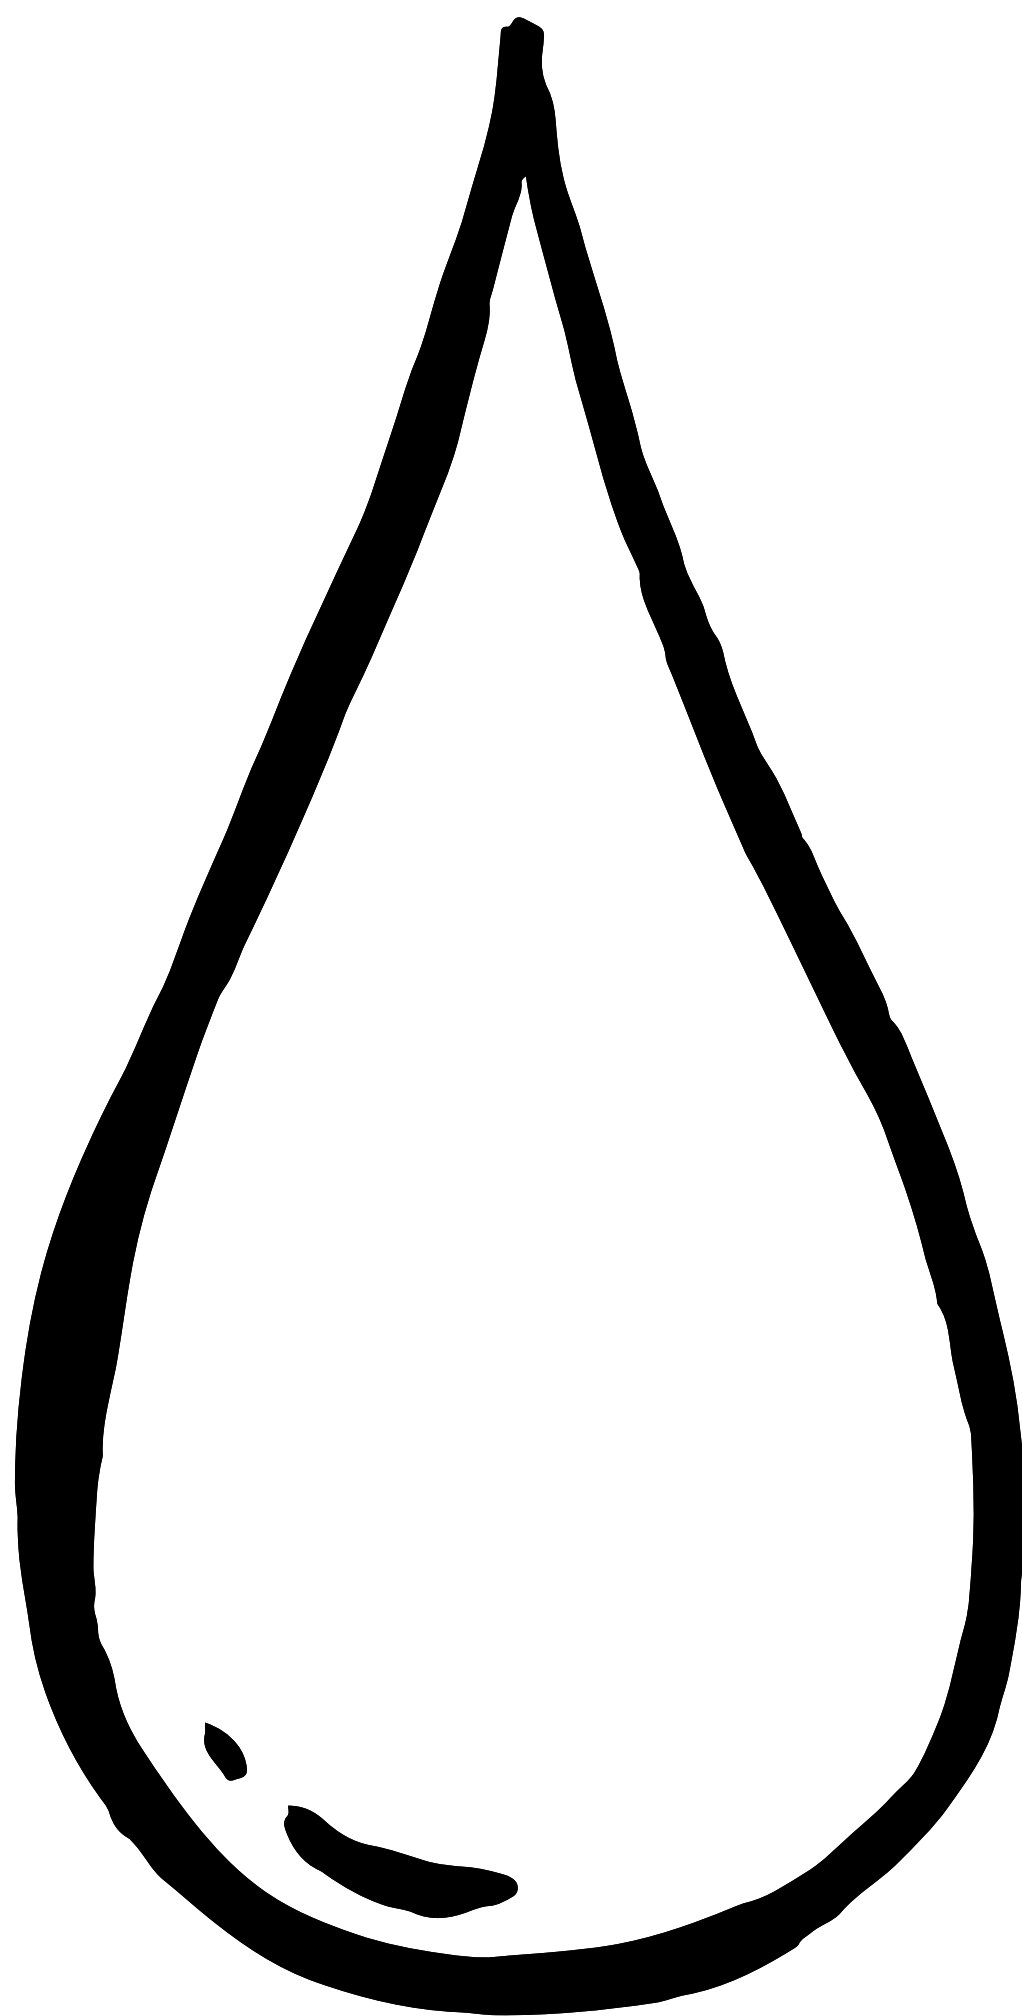

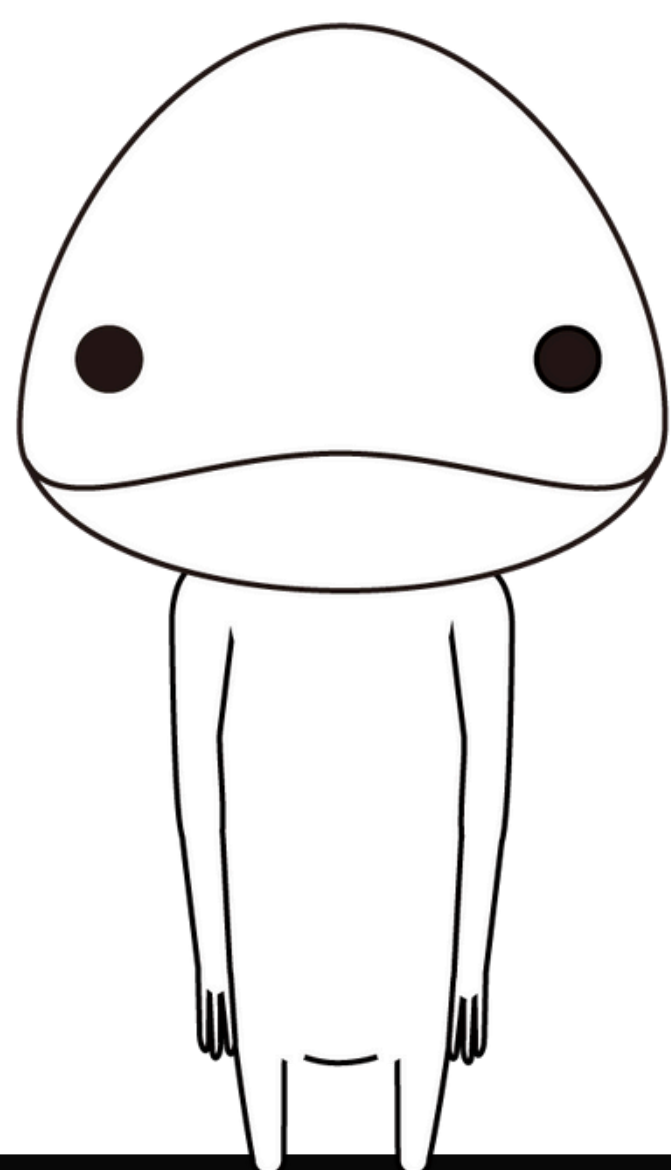

---

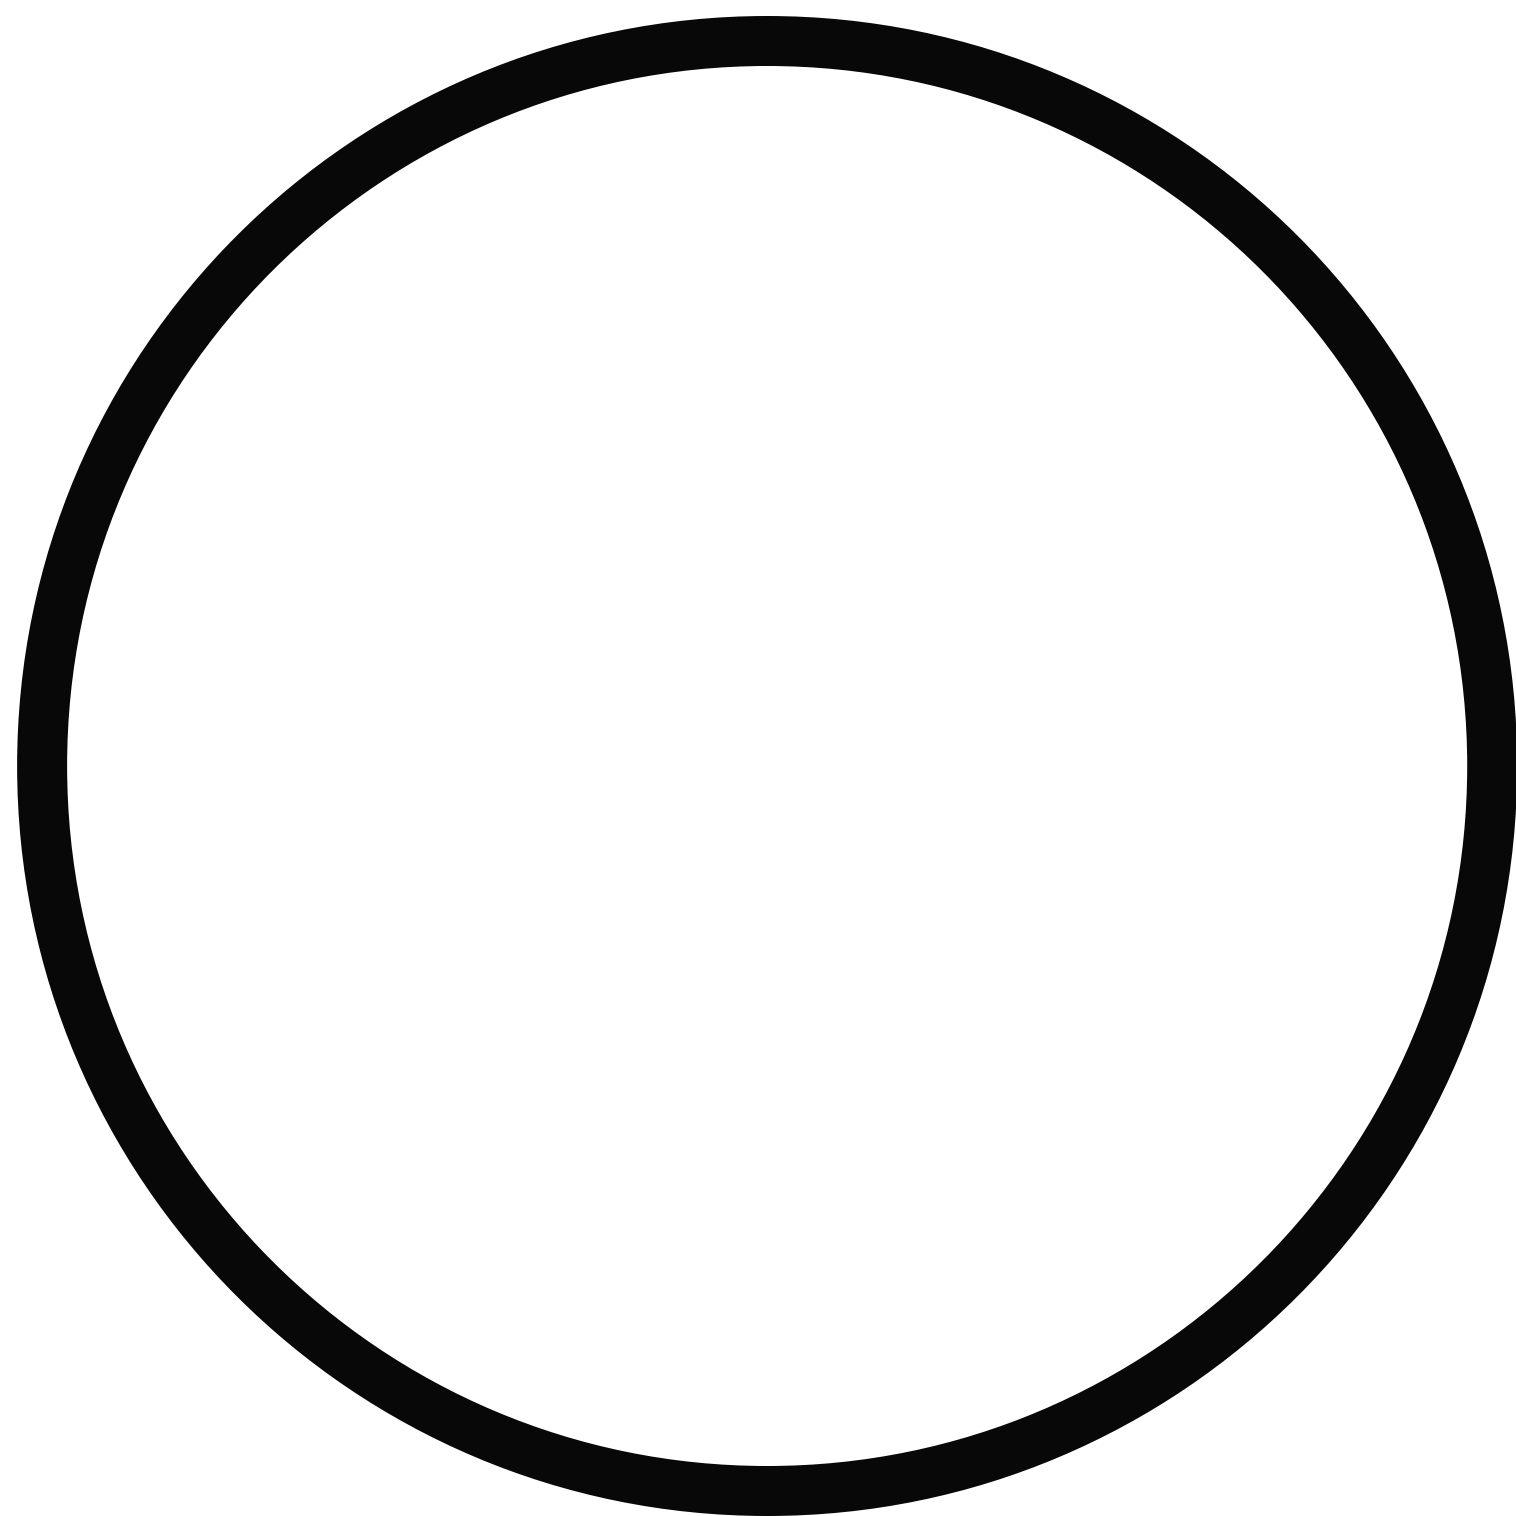

The flowers slowly awaken  
from their slumber

---

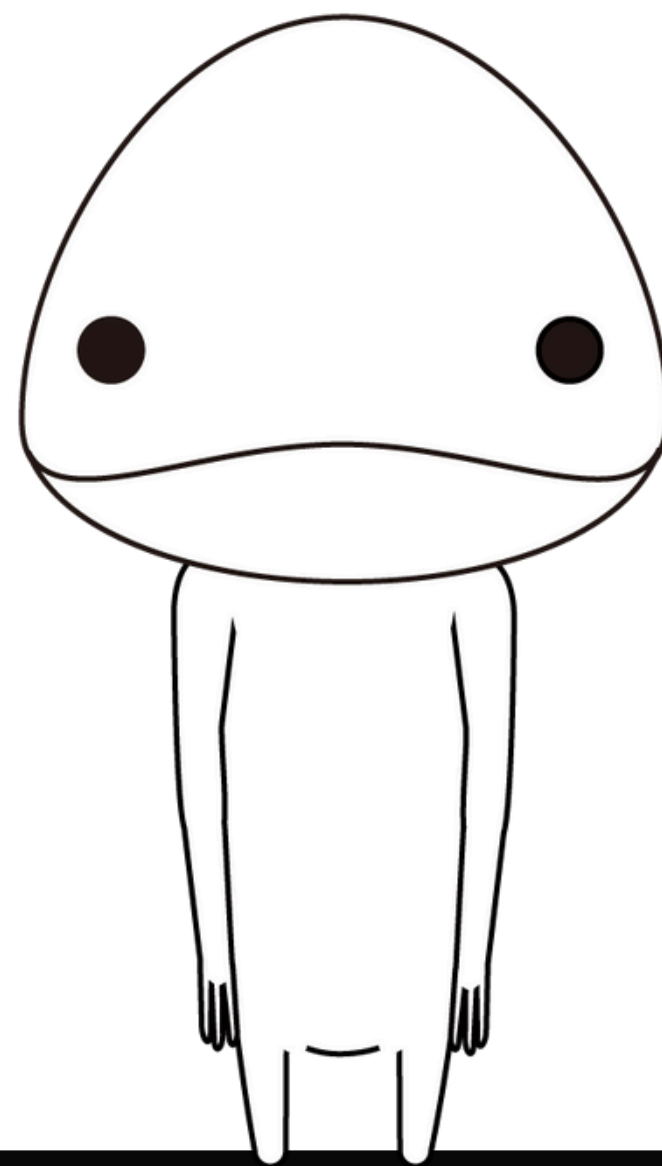

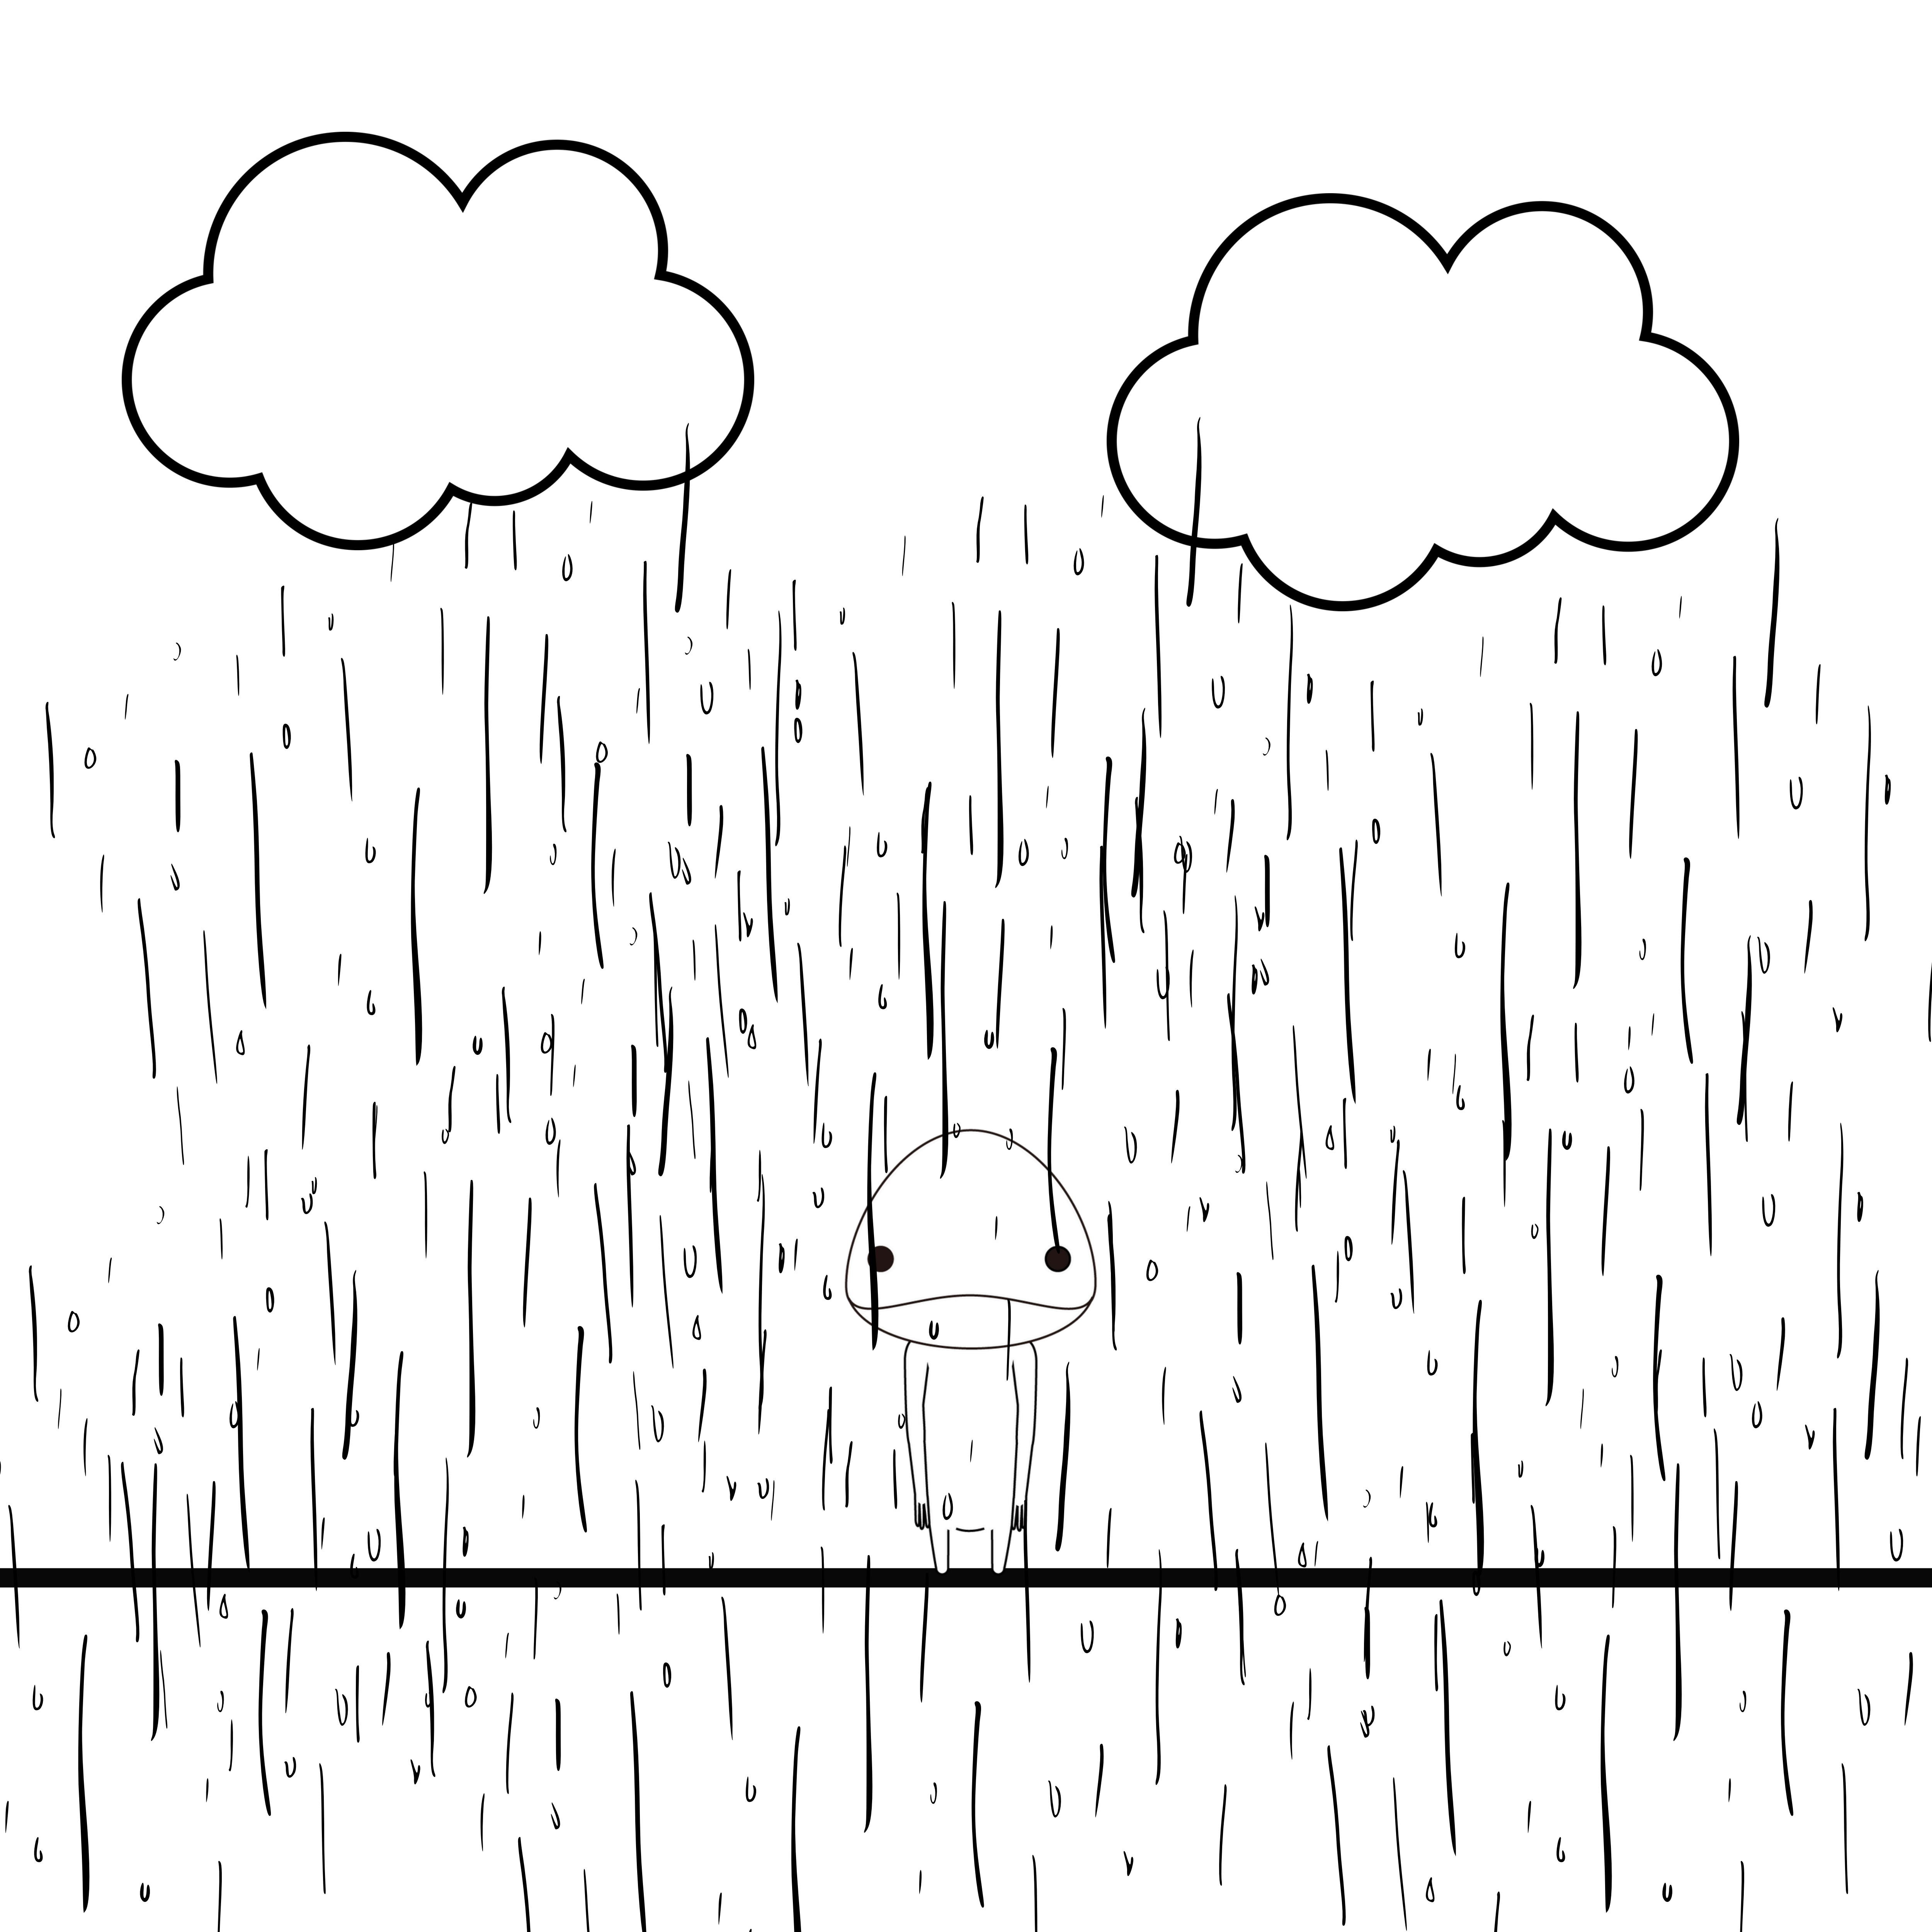

If you hear the gentle sound of water

---

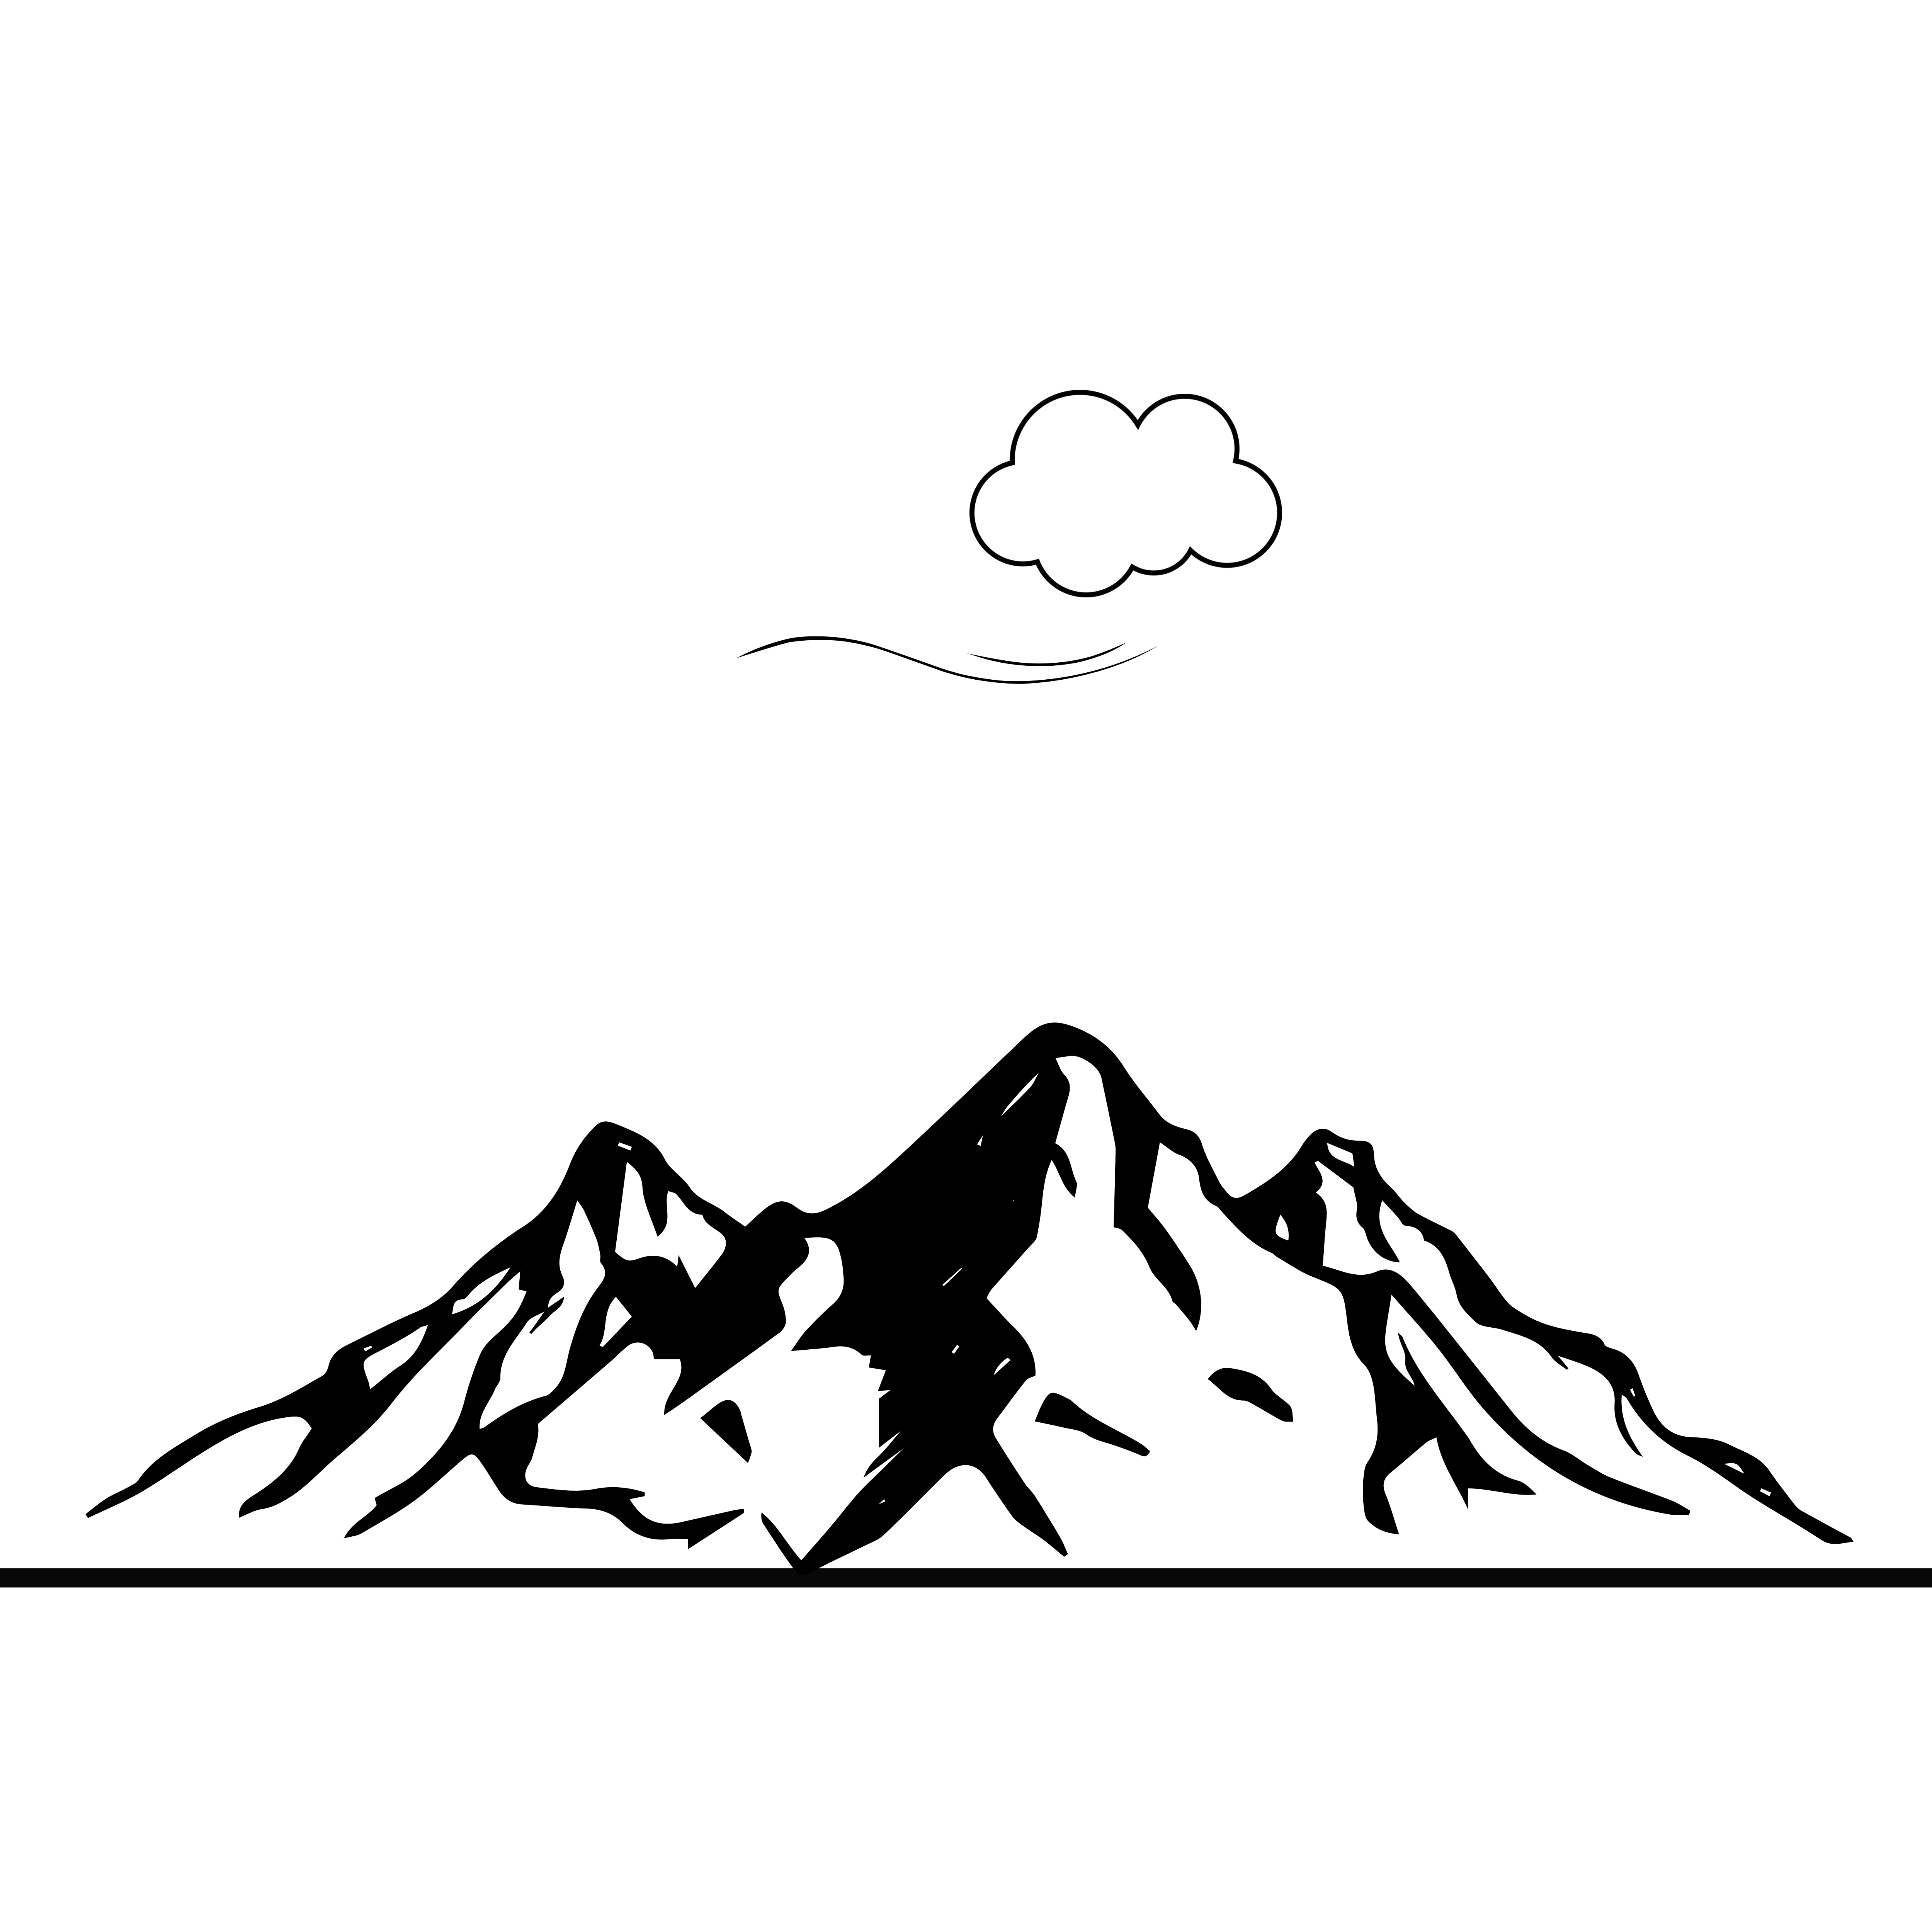

It's a sign that life is being born.

I wonder, where does the water come from?

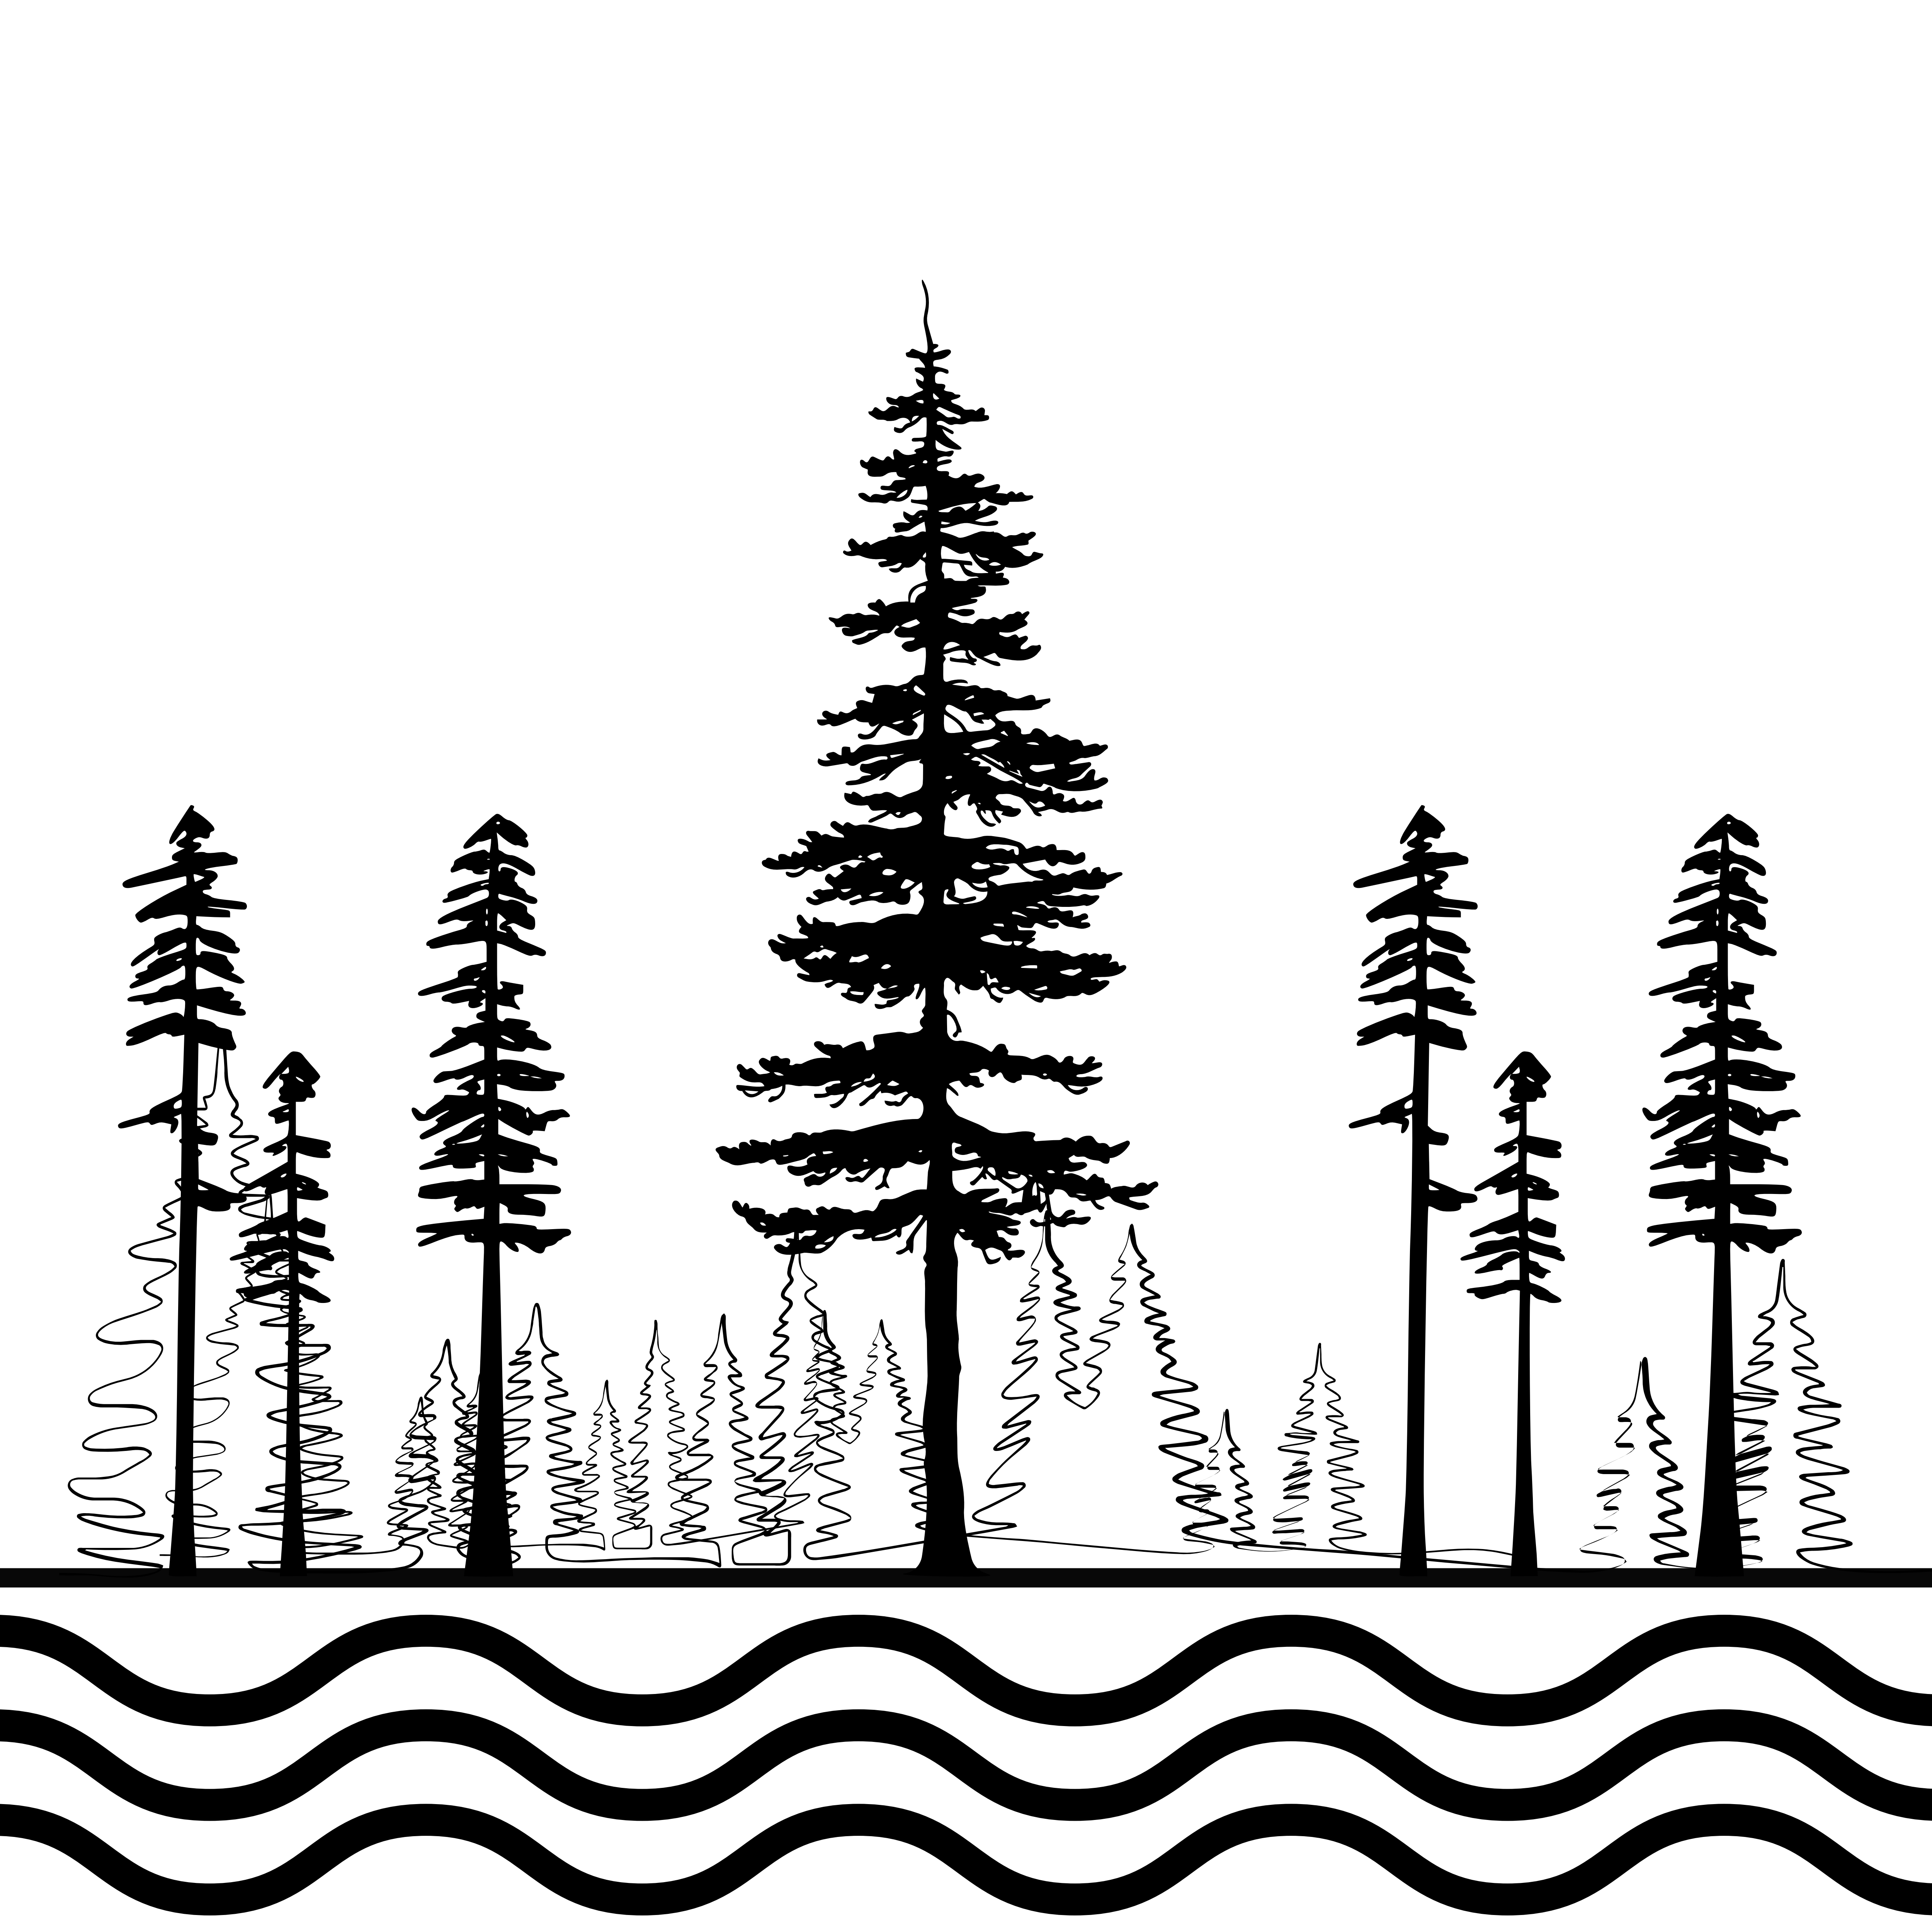

---

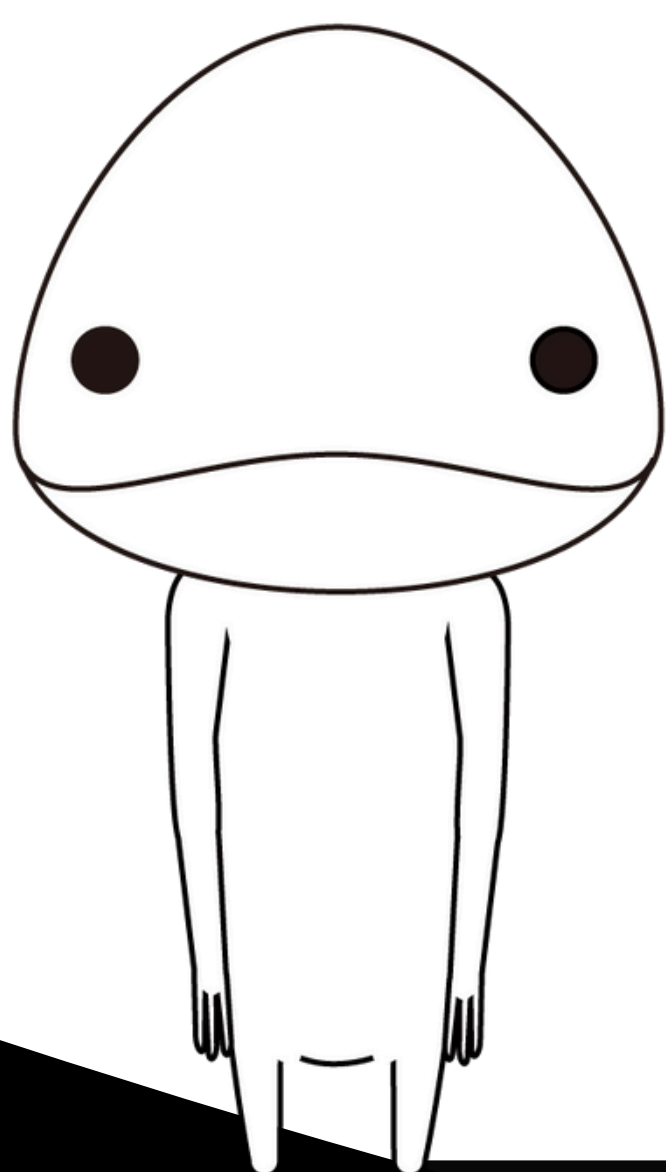

It crosses the mountains and  
slips through the forest

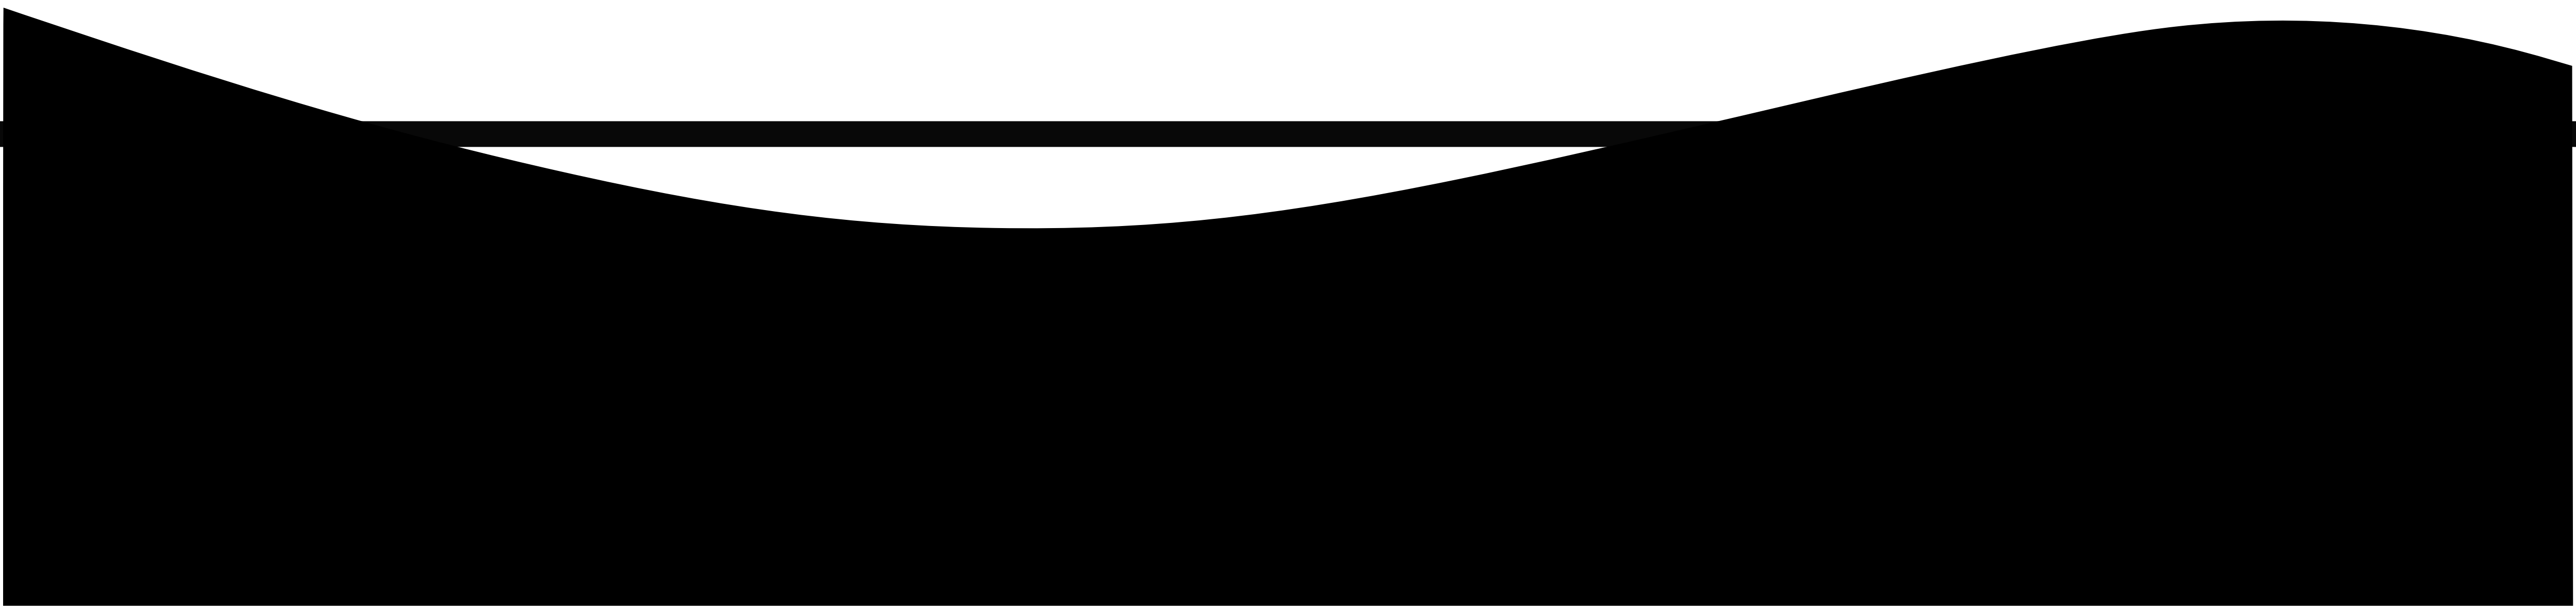

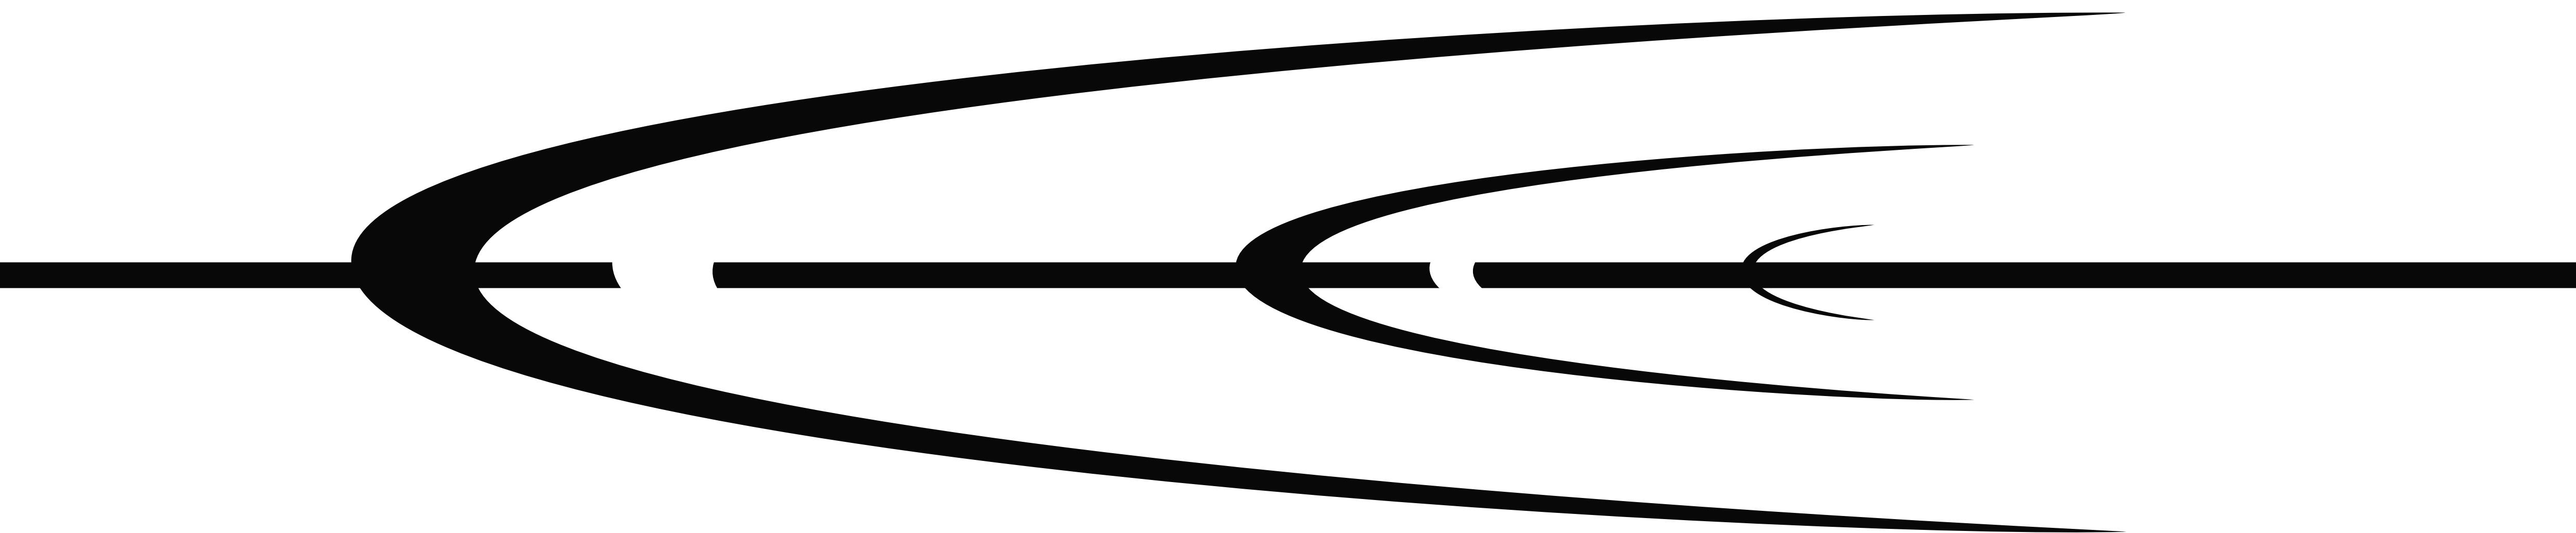

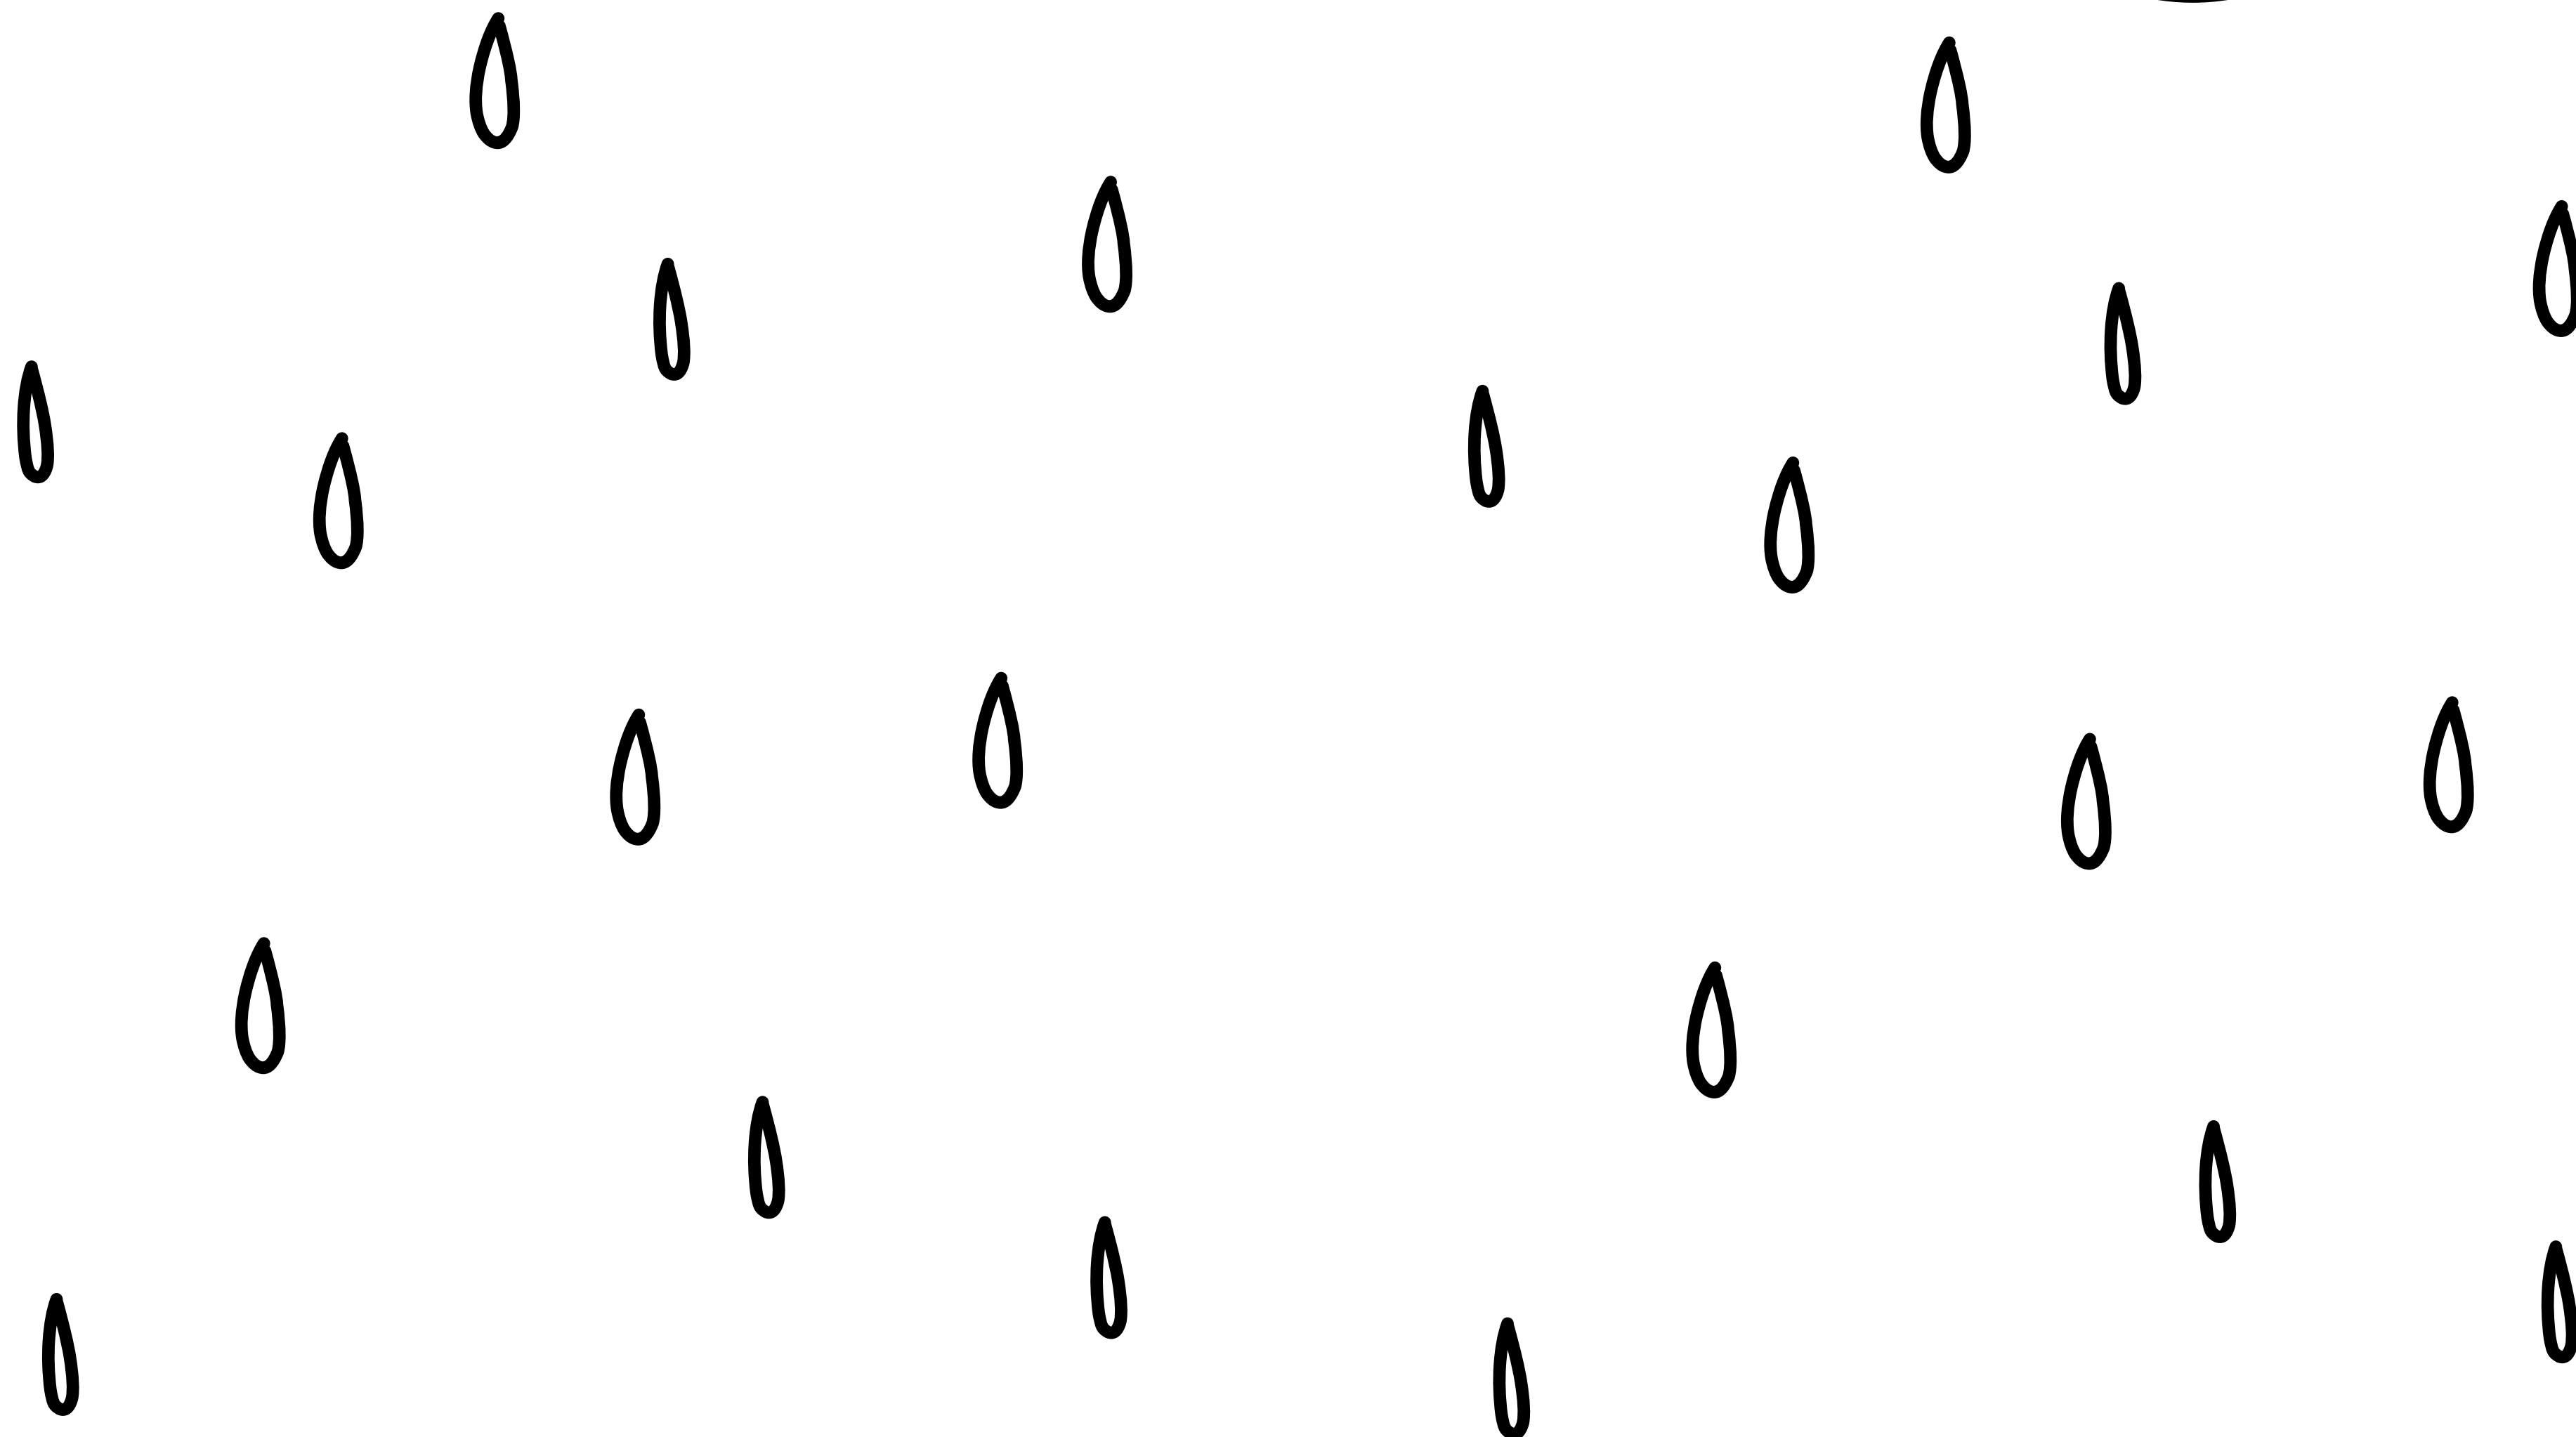

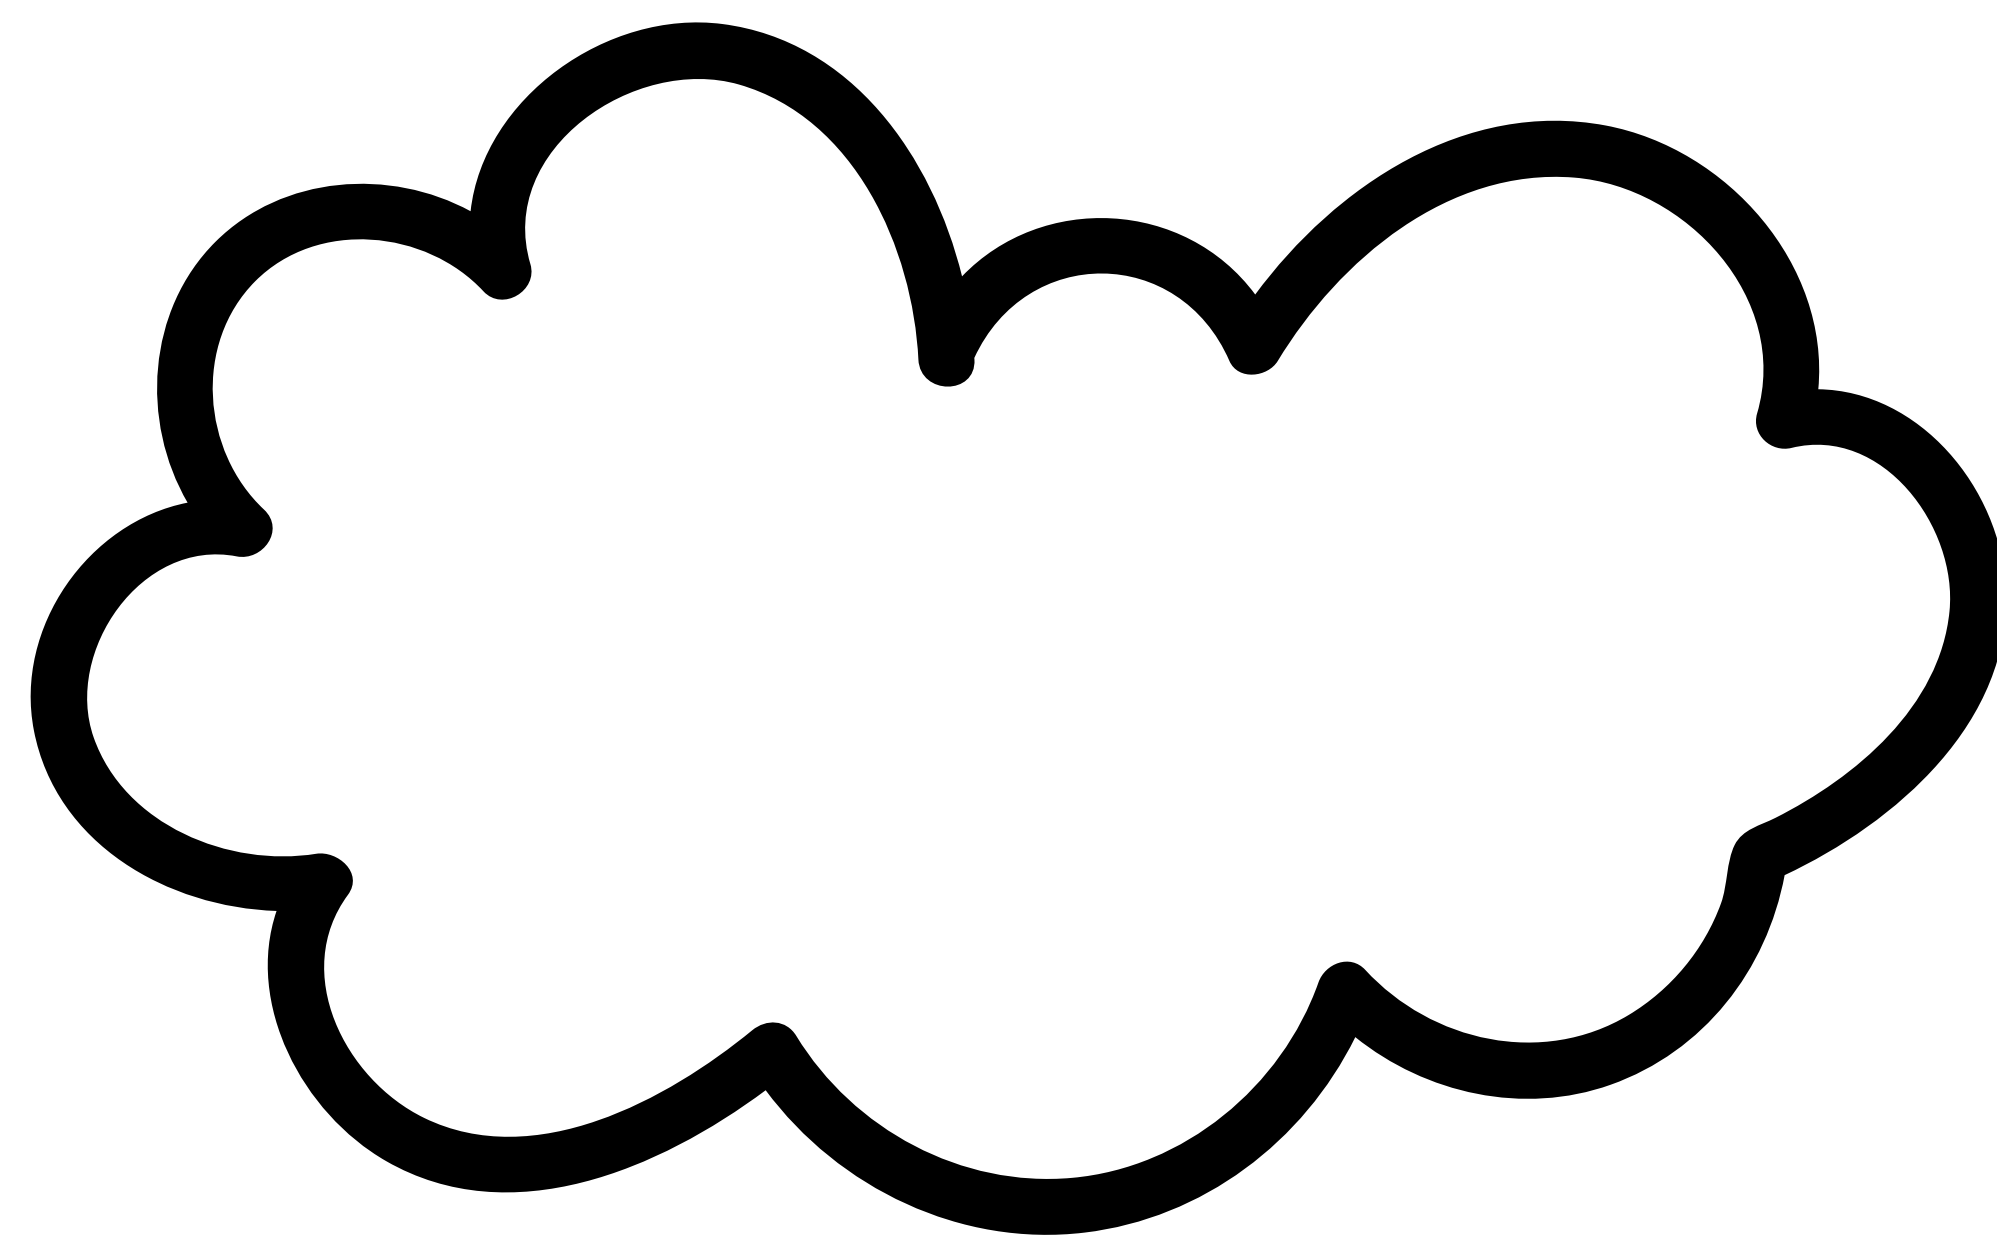

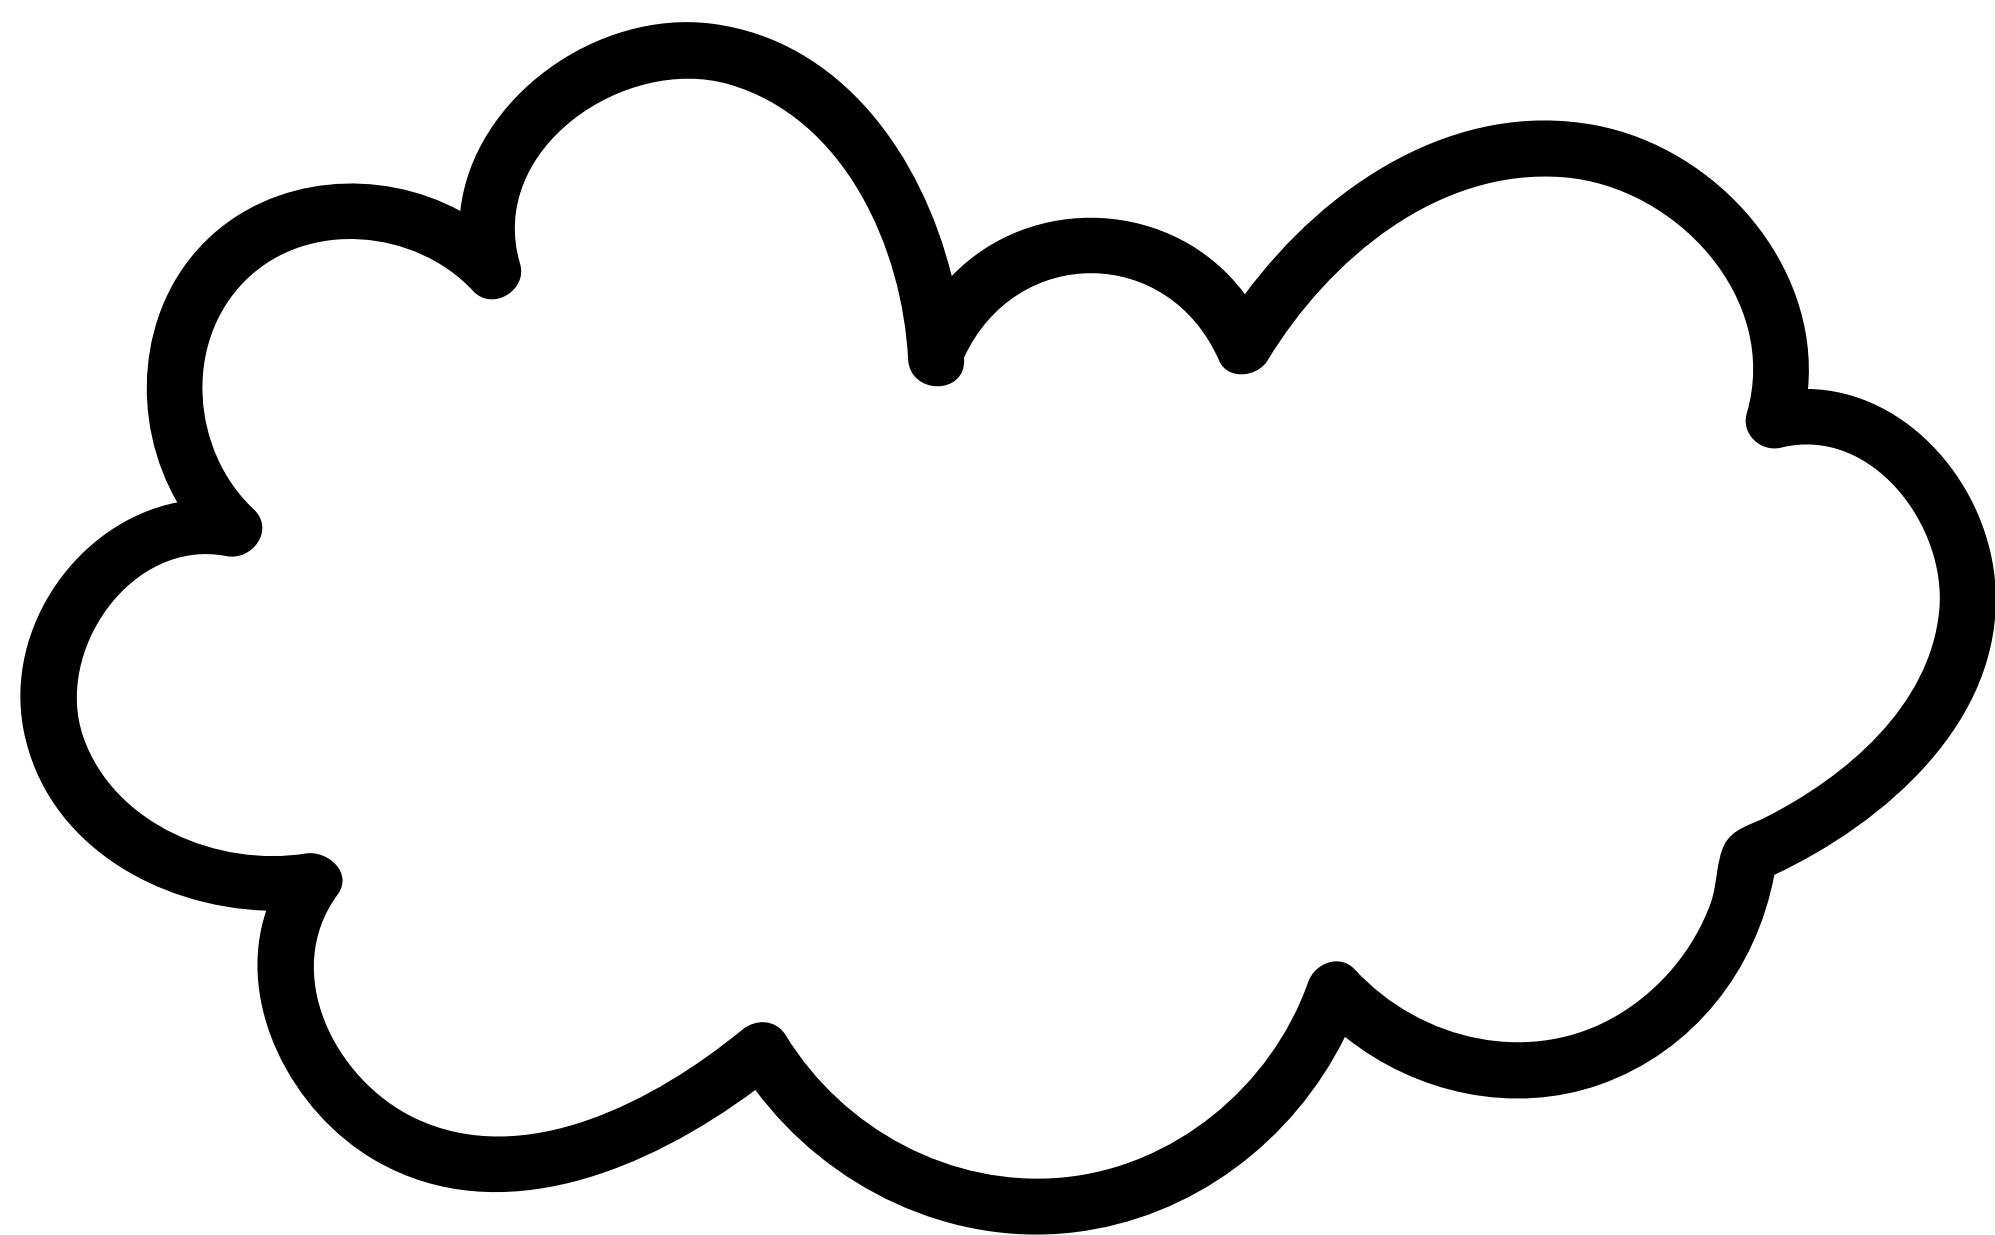

It becomes a river, flowing to the sea

Embracing everything,  
it flows gently onward

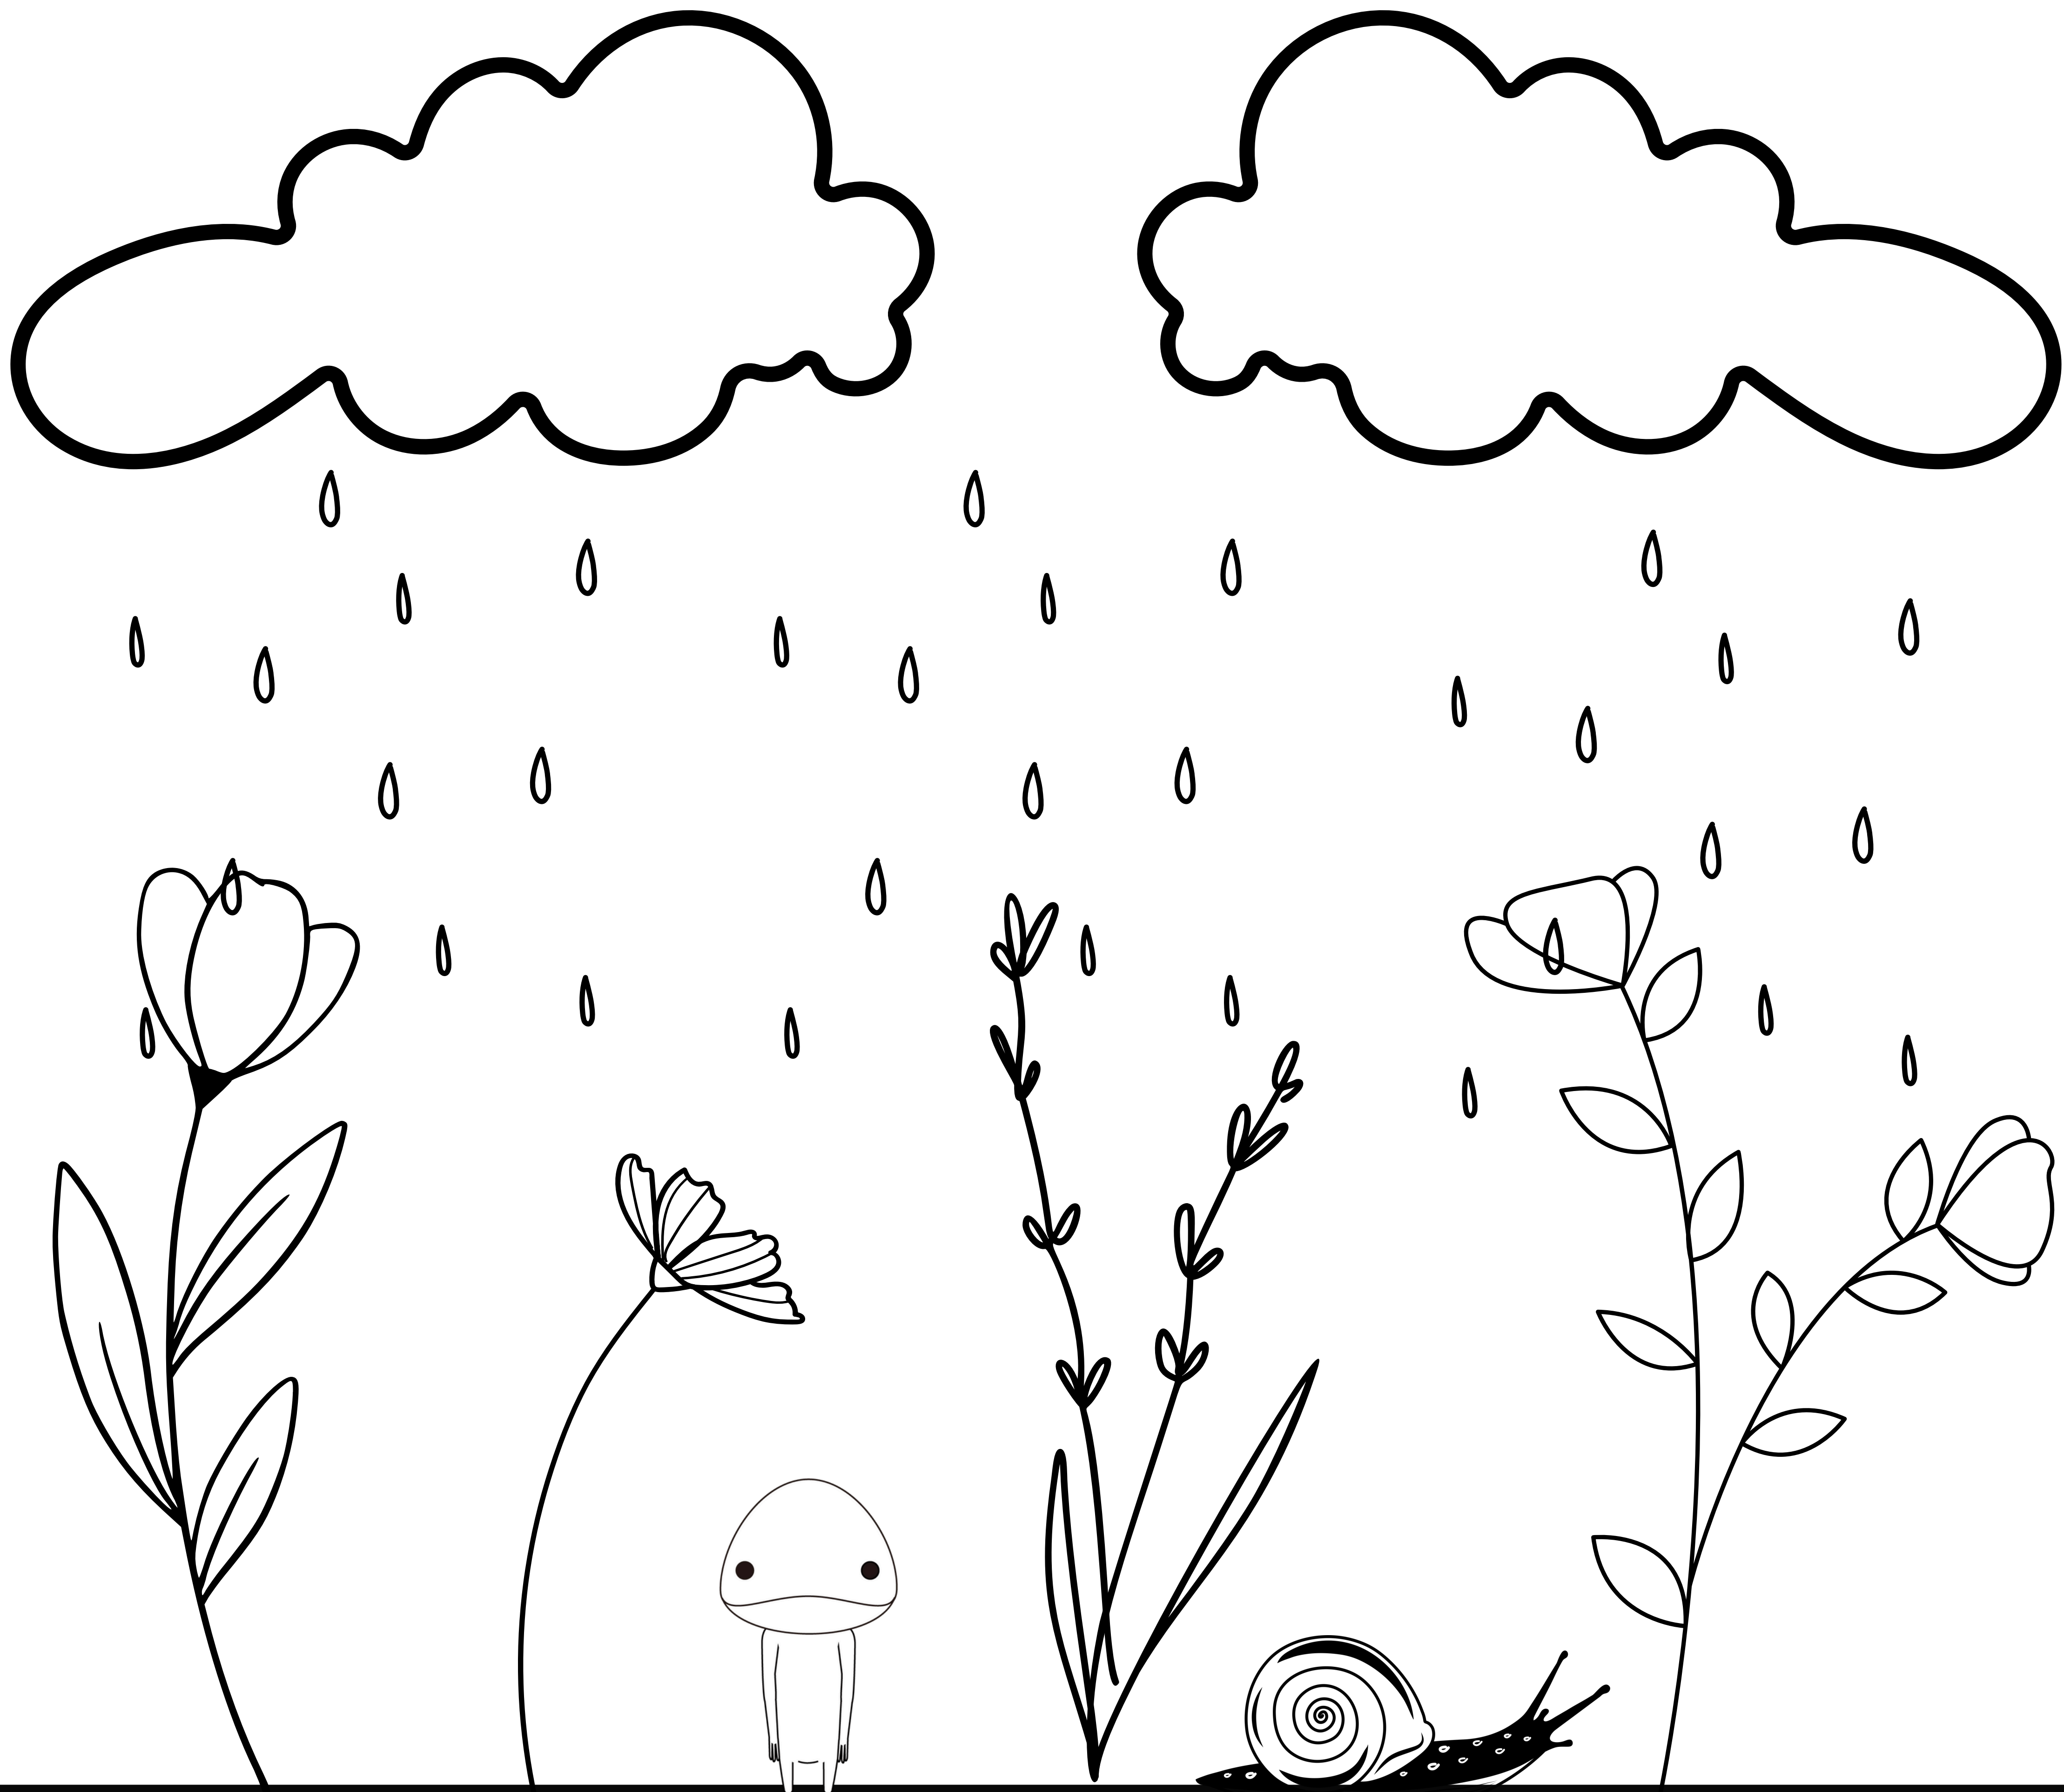

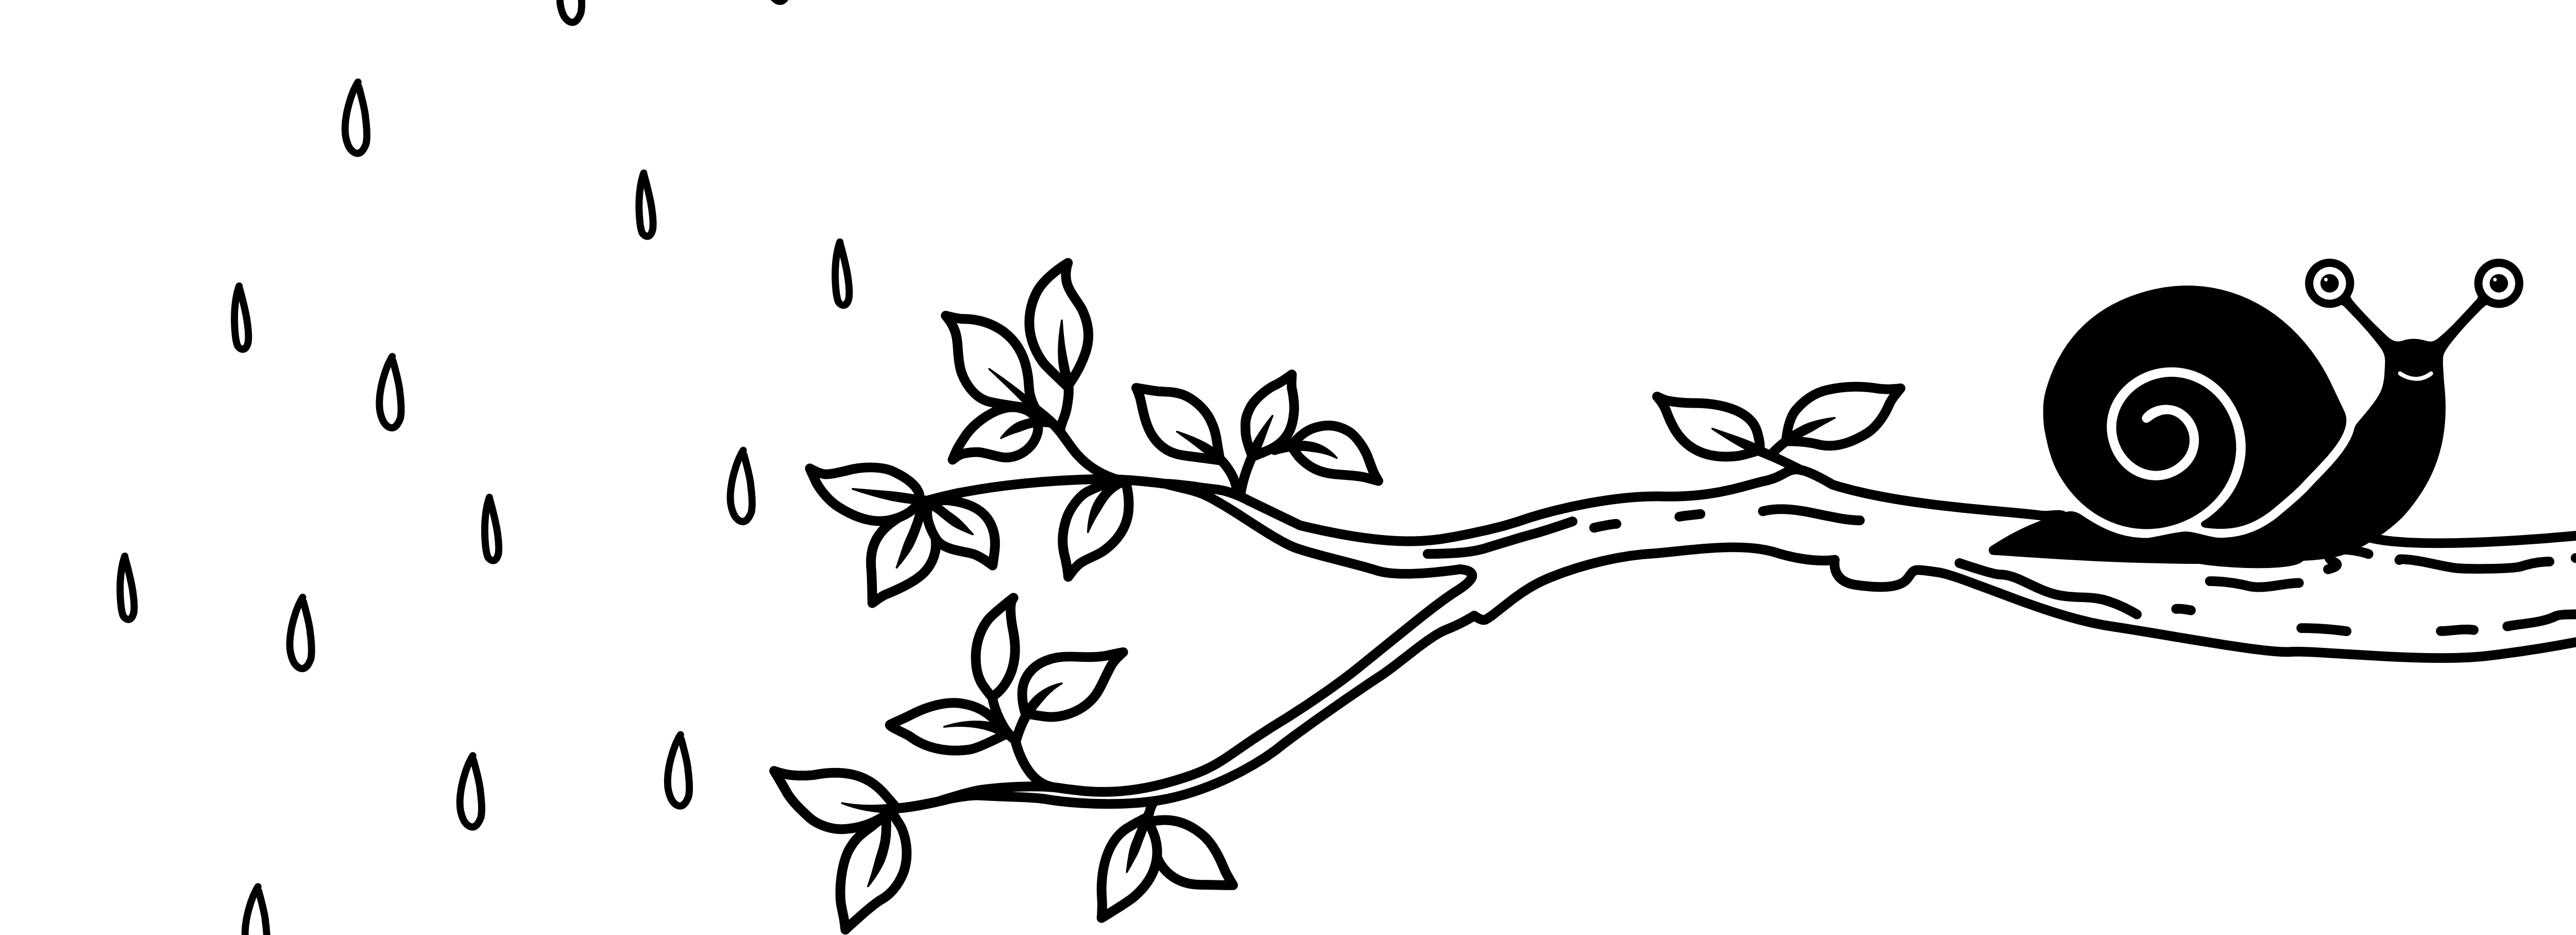

The raindrops spread, pitter-pattering wide

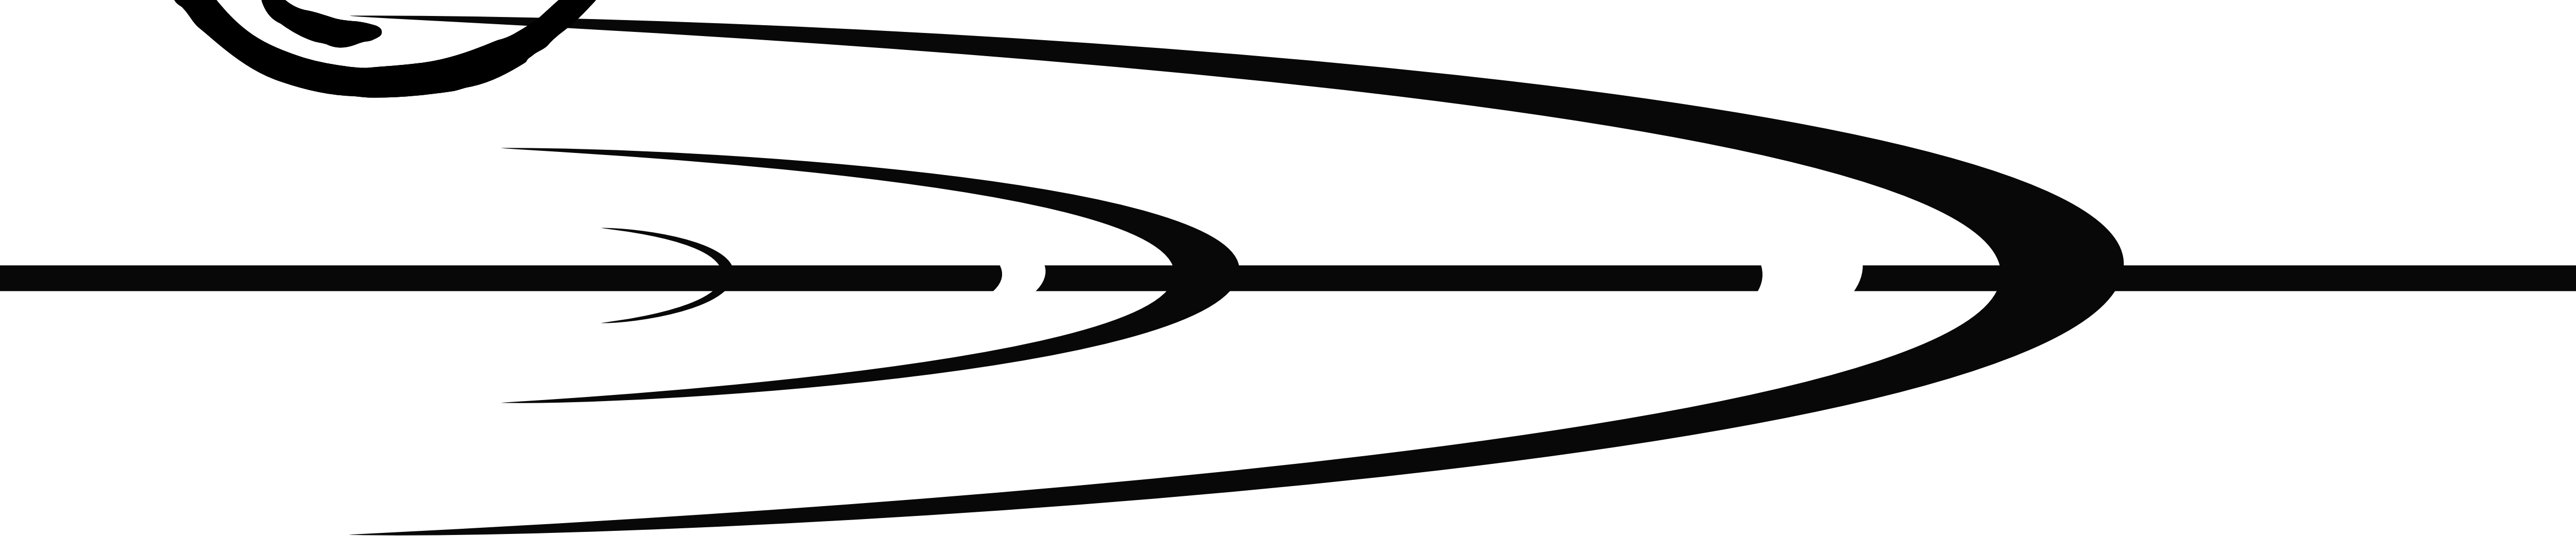

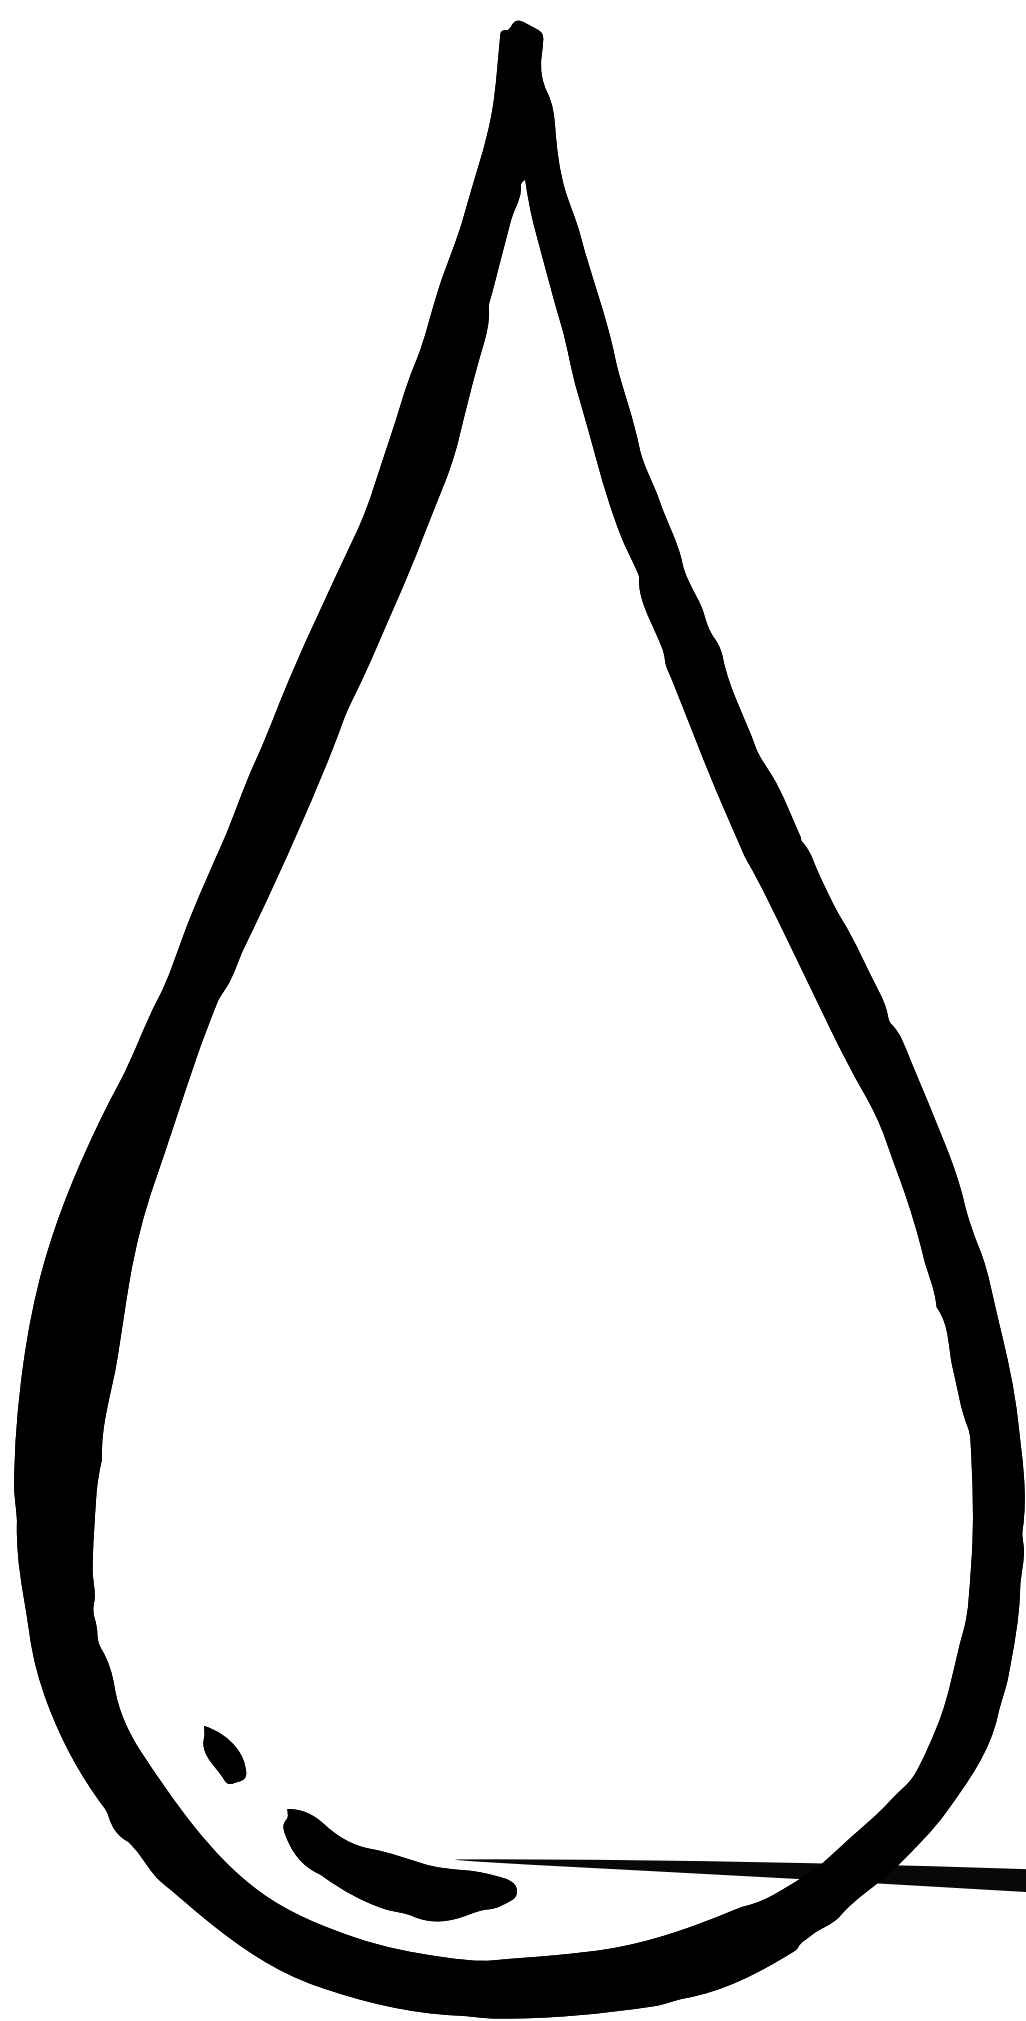

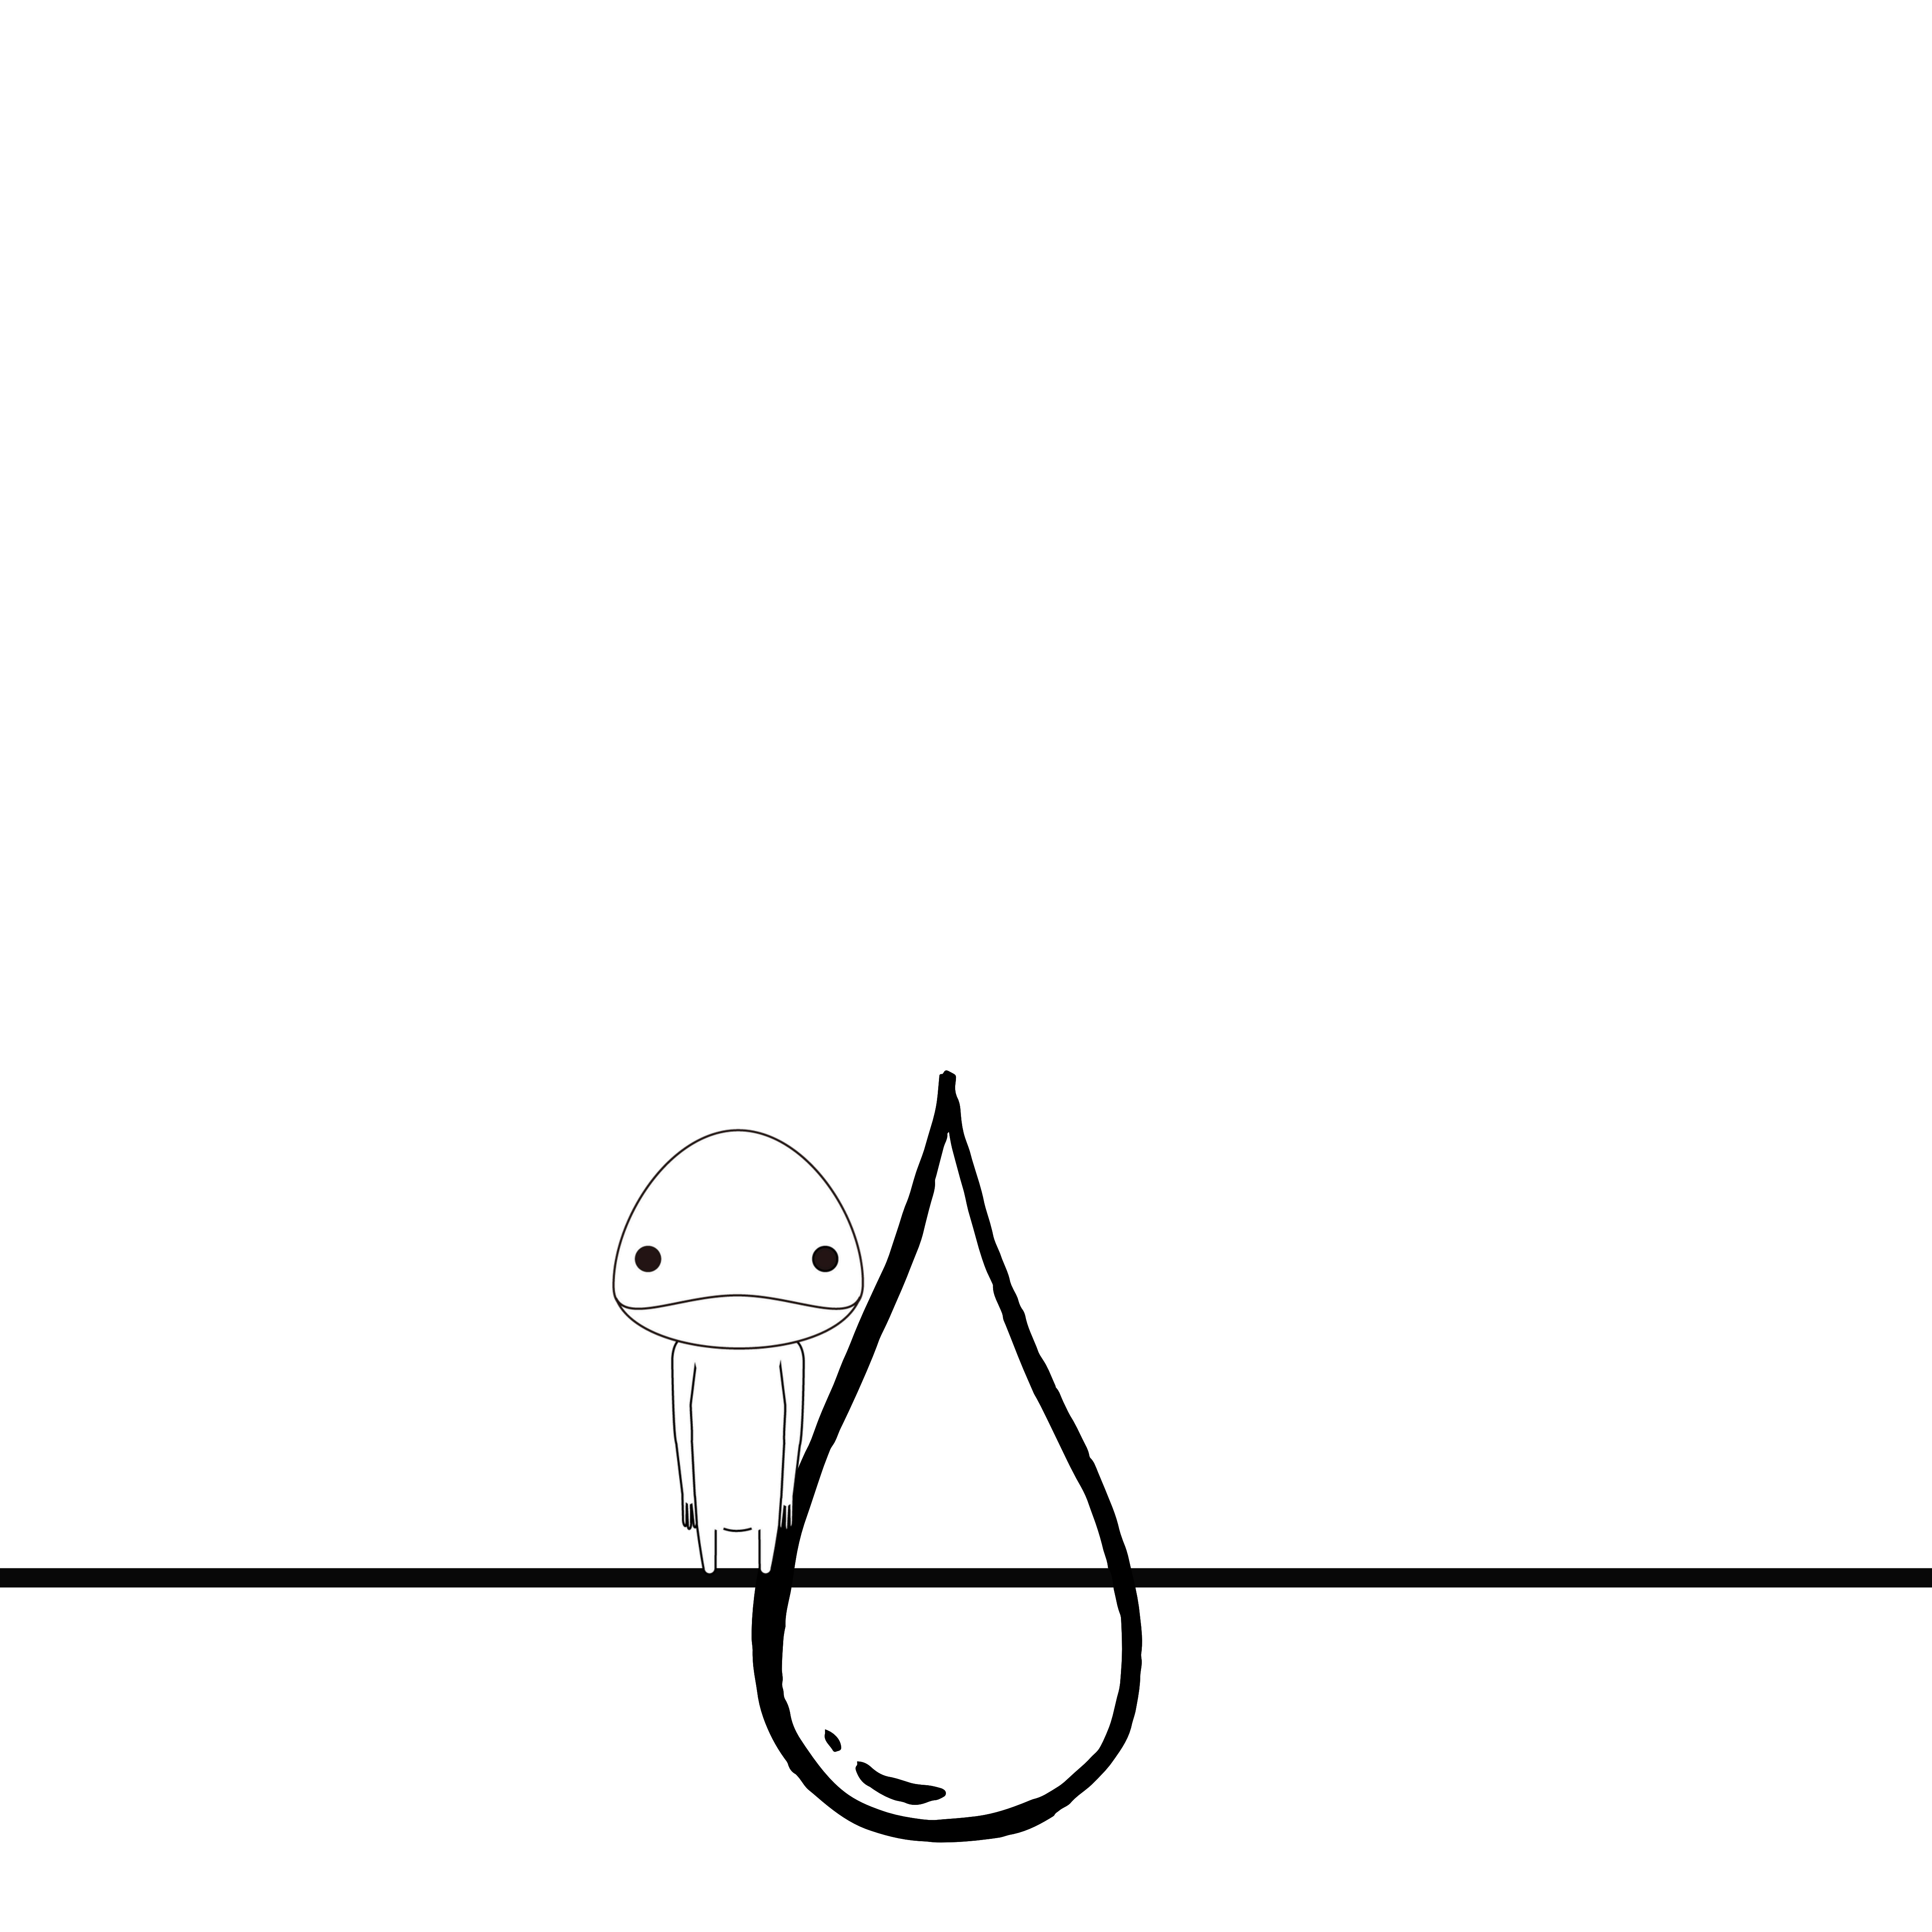

The flowers and grasses  
sing along in tune

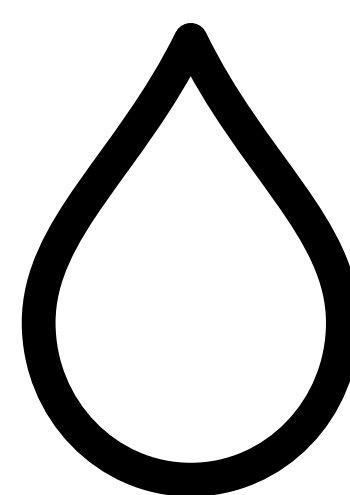

Hand in hand, flowing with the water

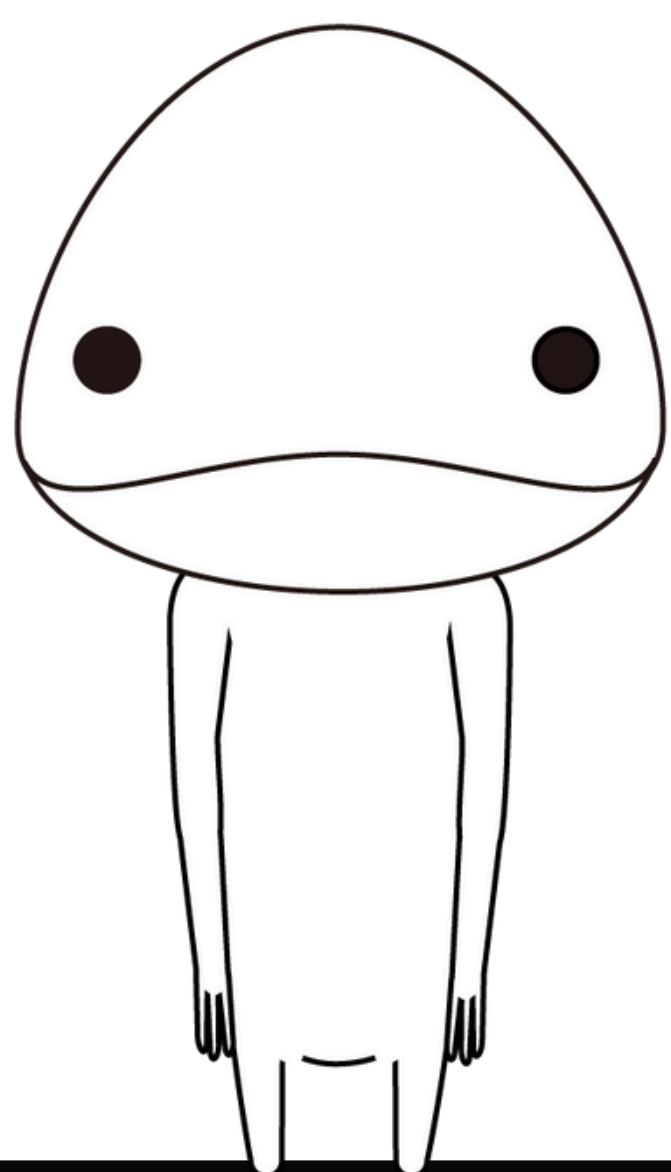

Living together in harmony with nature

n

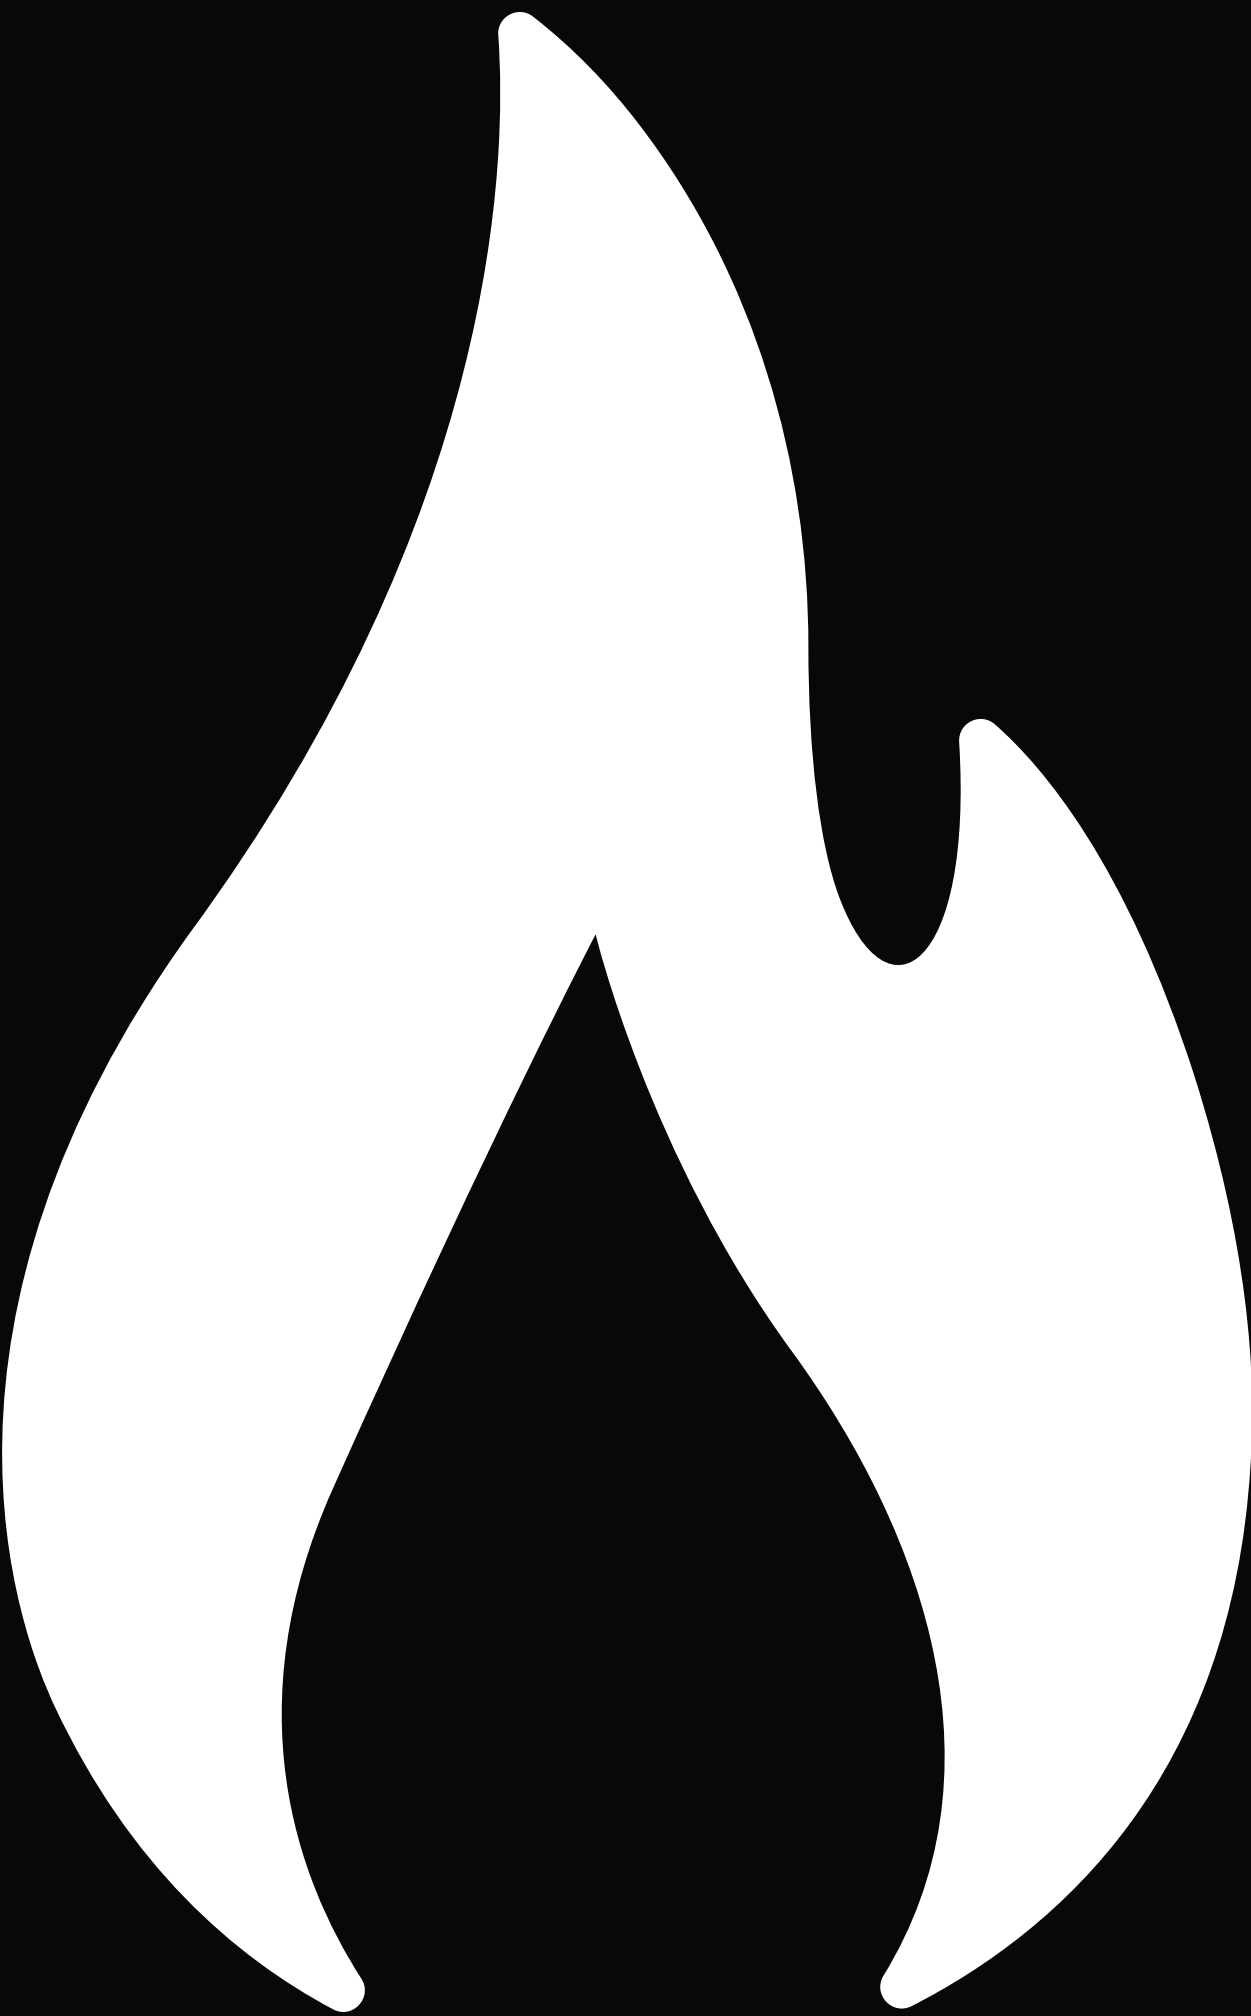

**FIRE**

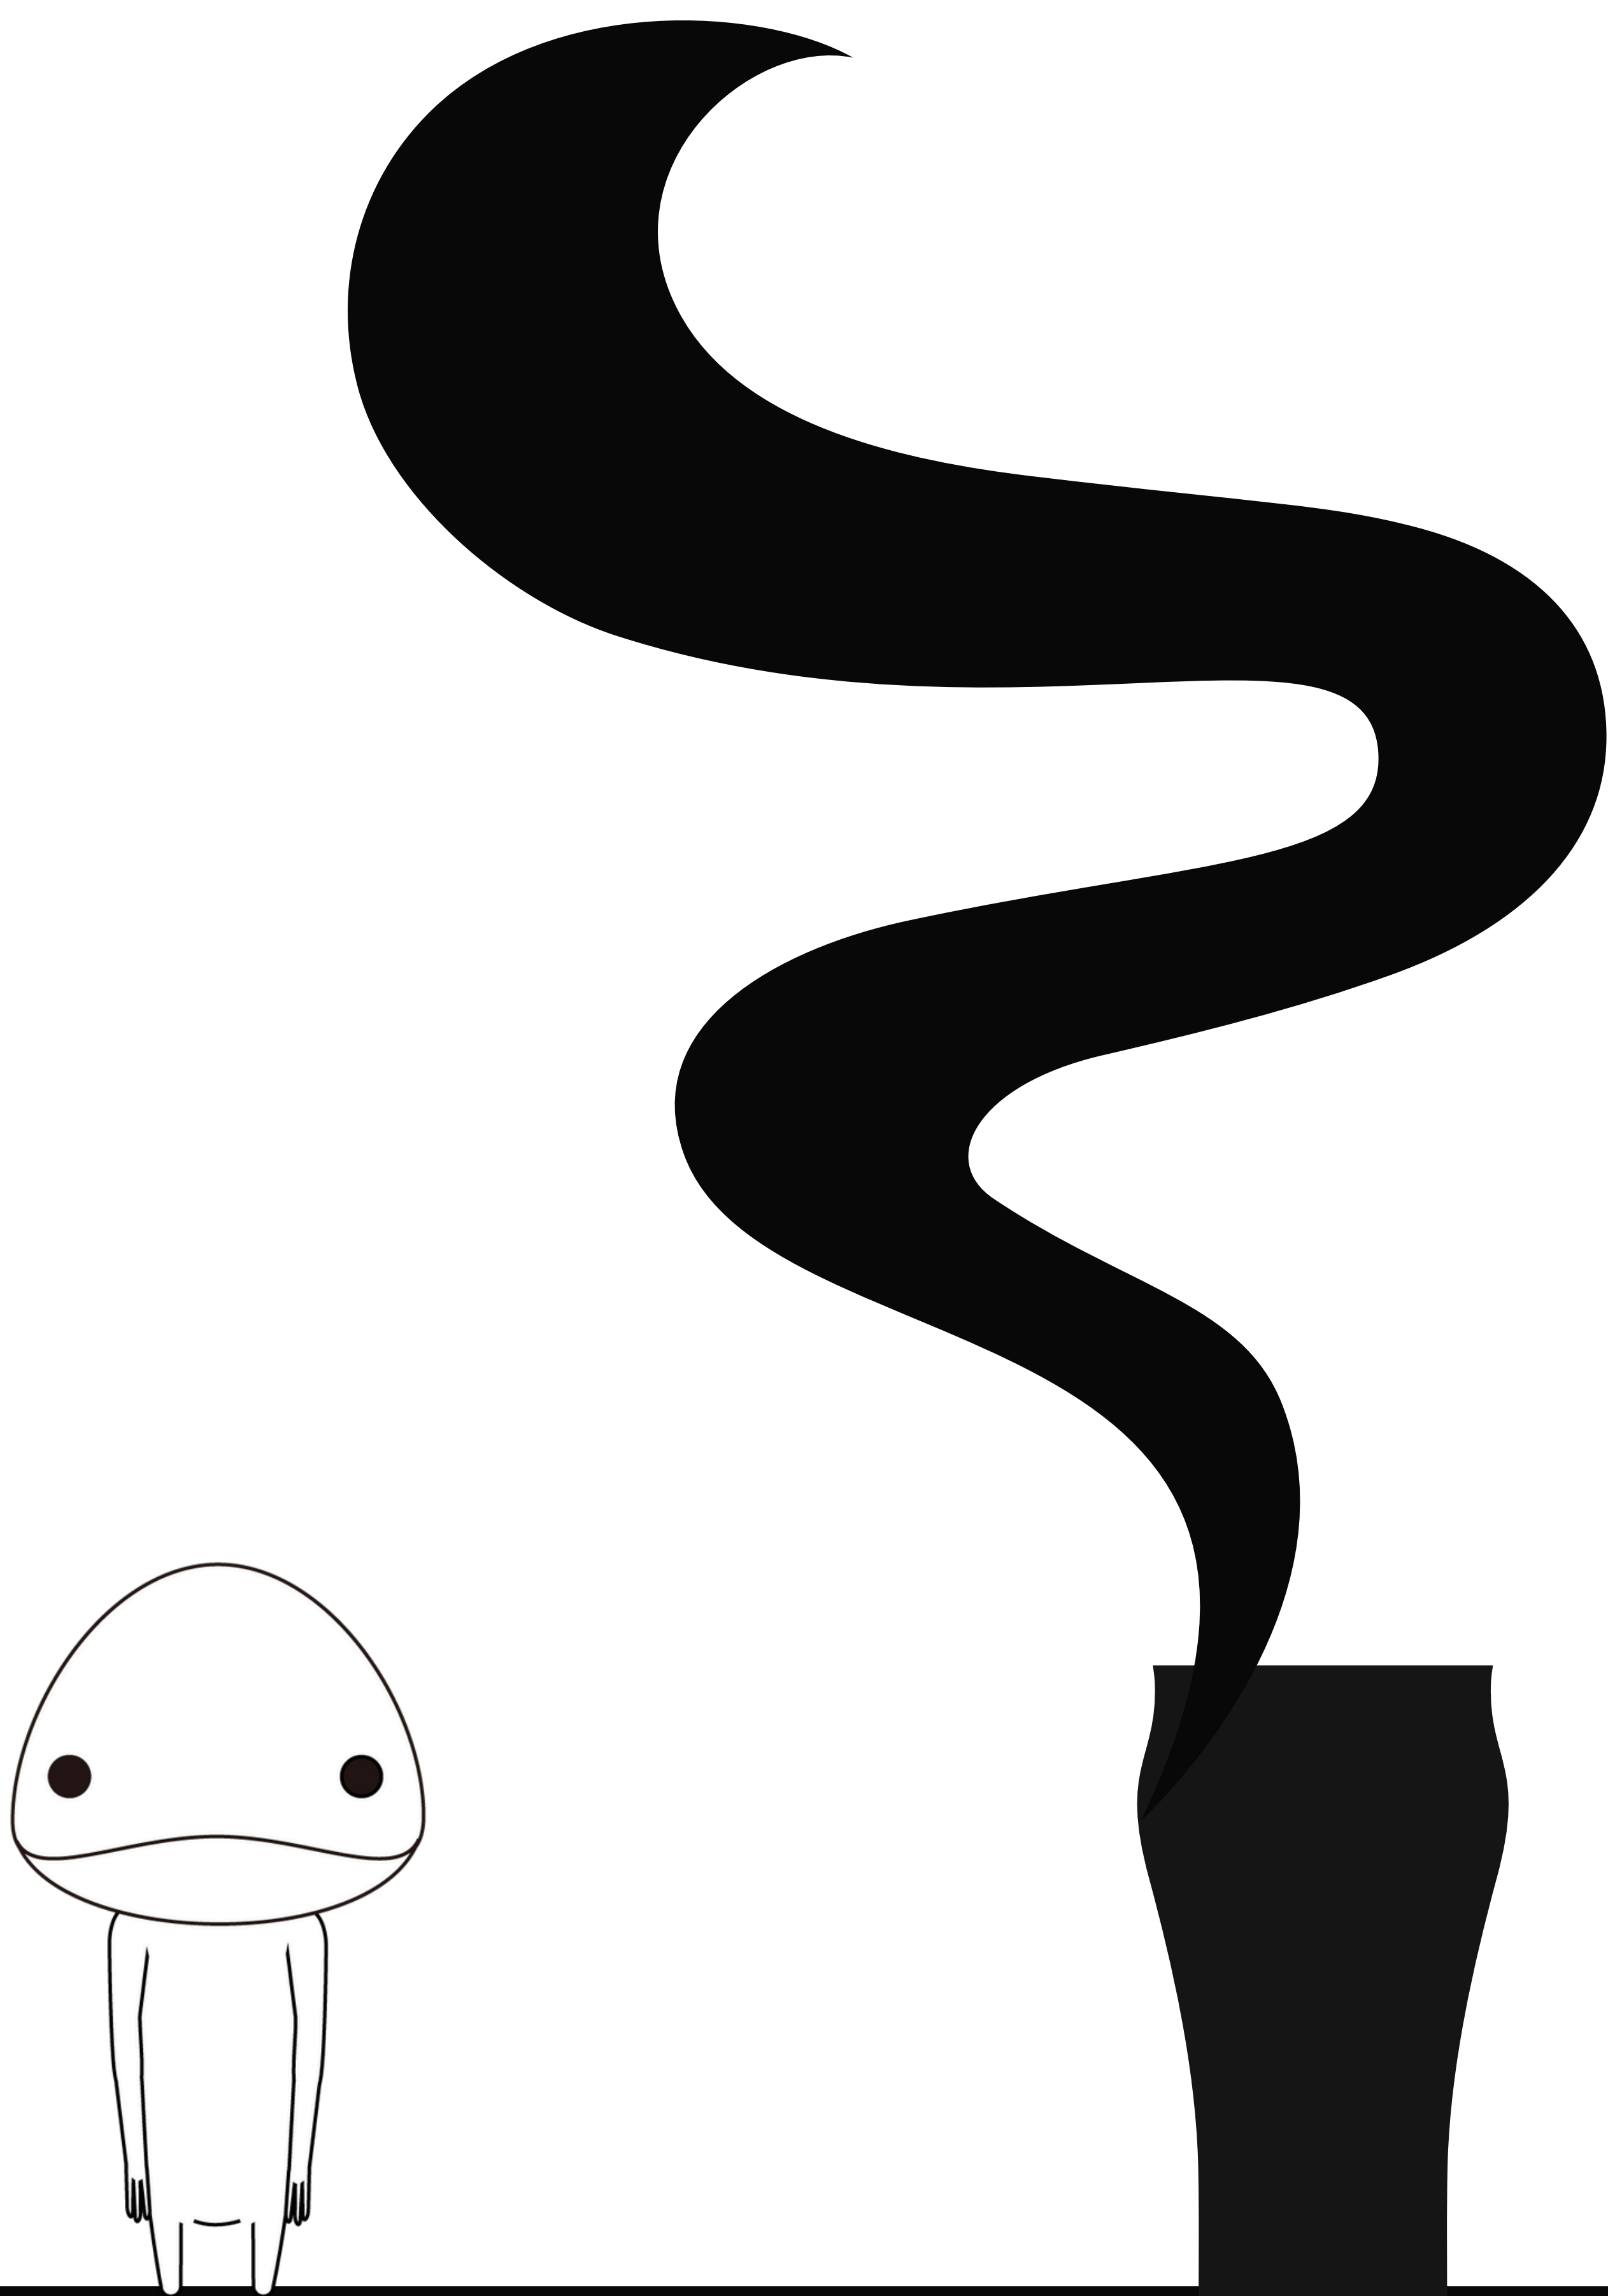

Crackle, crackle, the flames dance wildly

---

**Lighting up the darkness of the night**

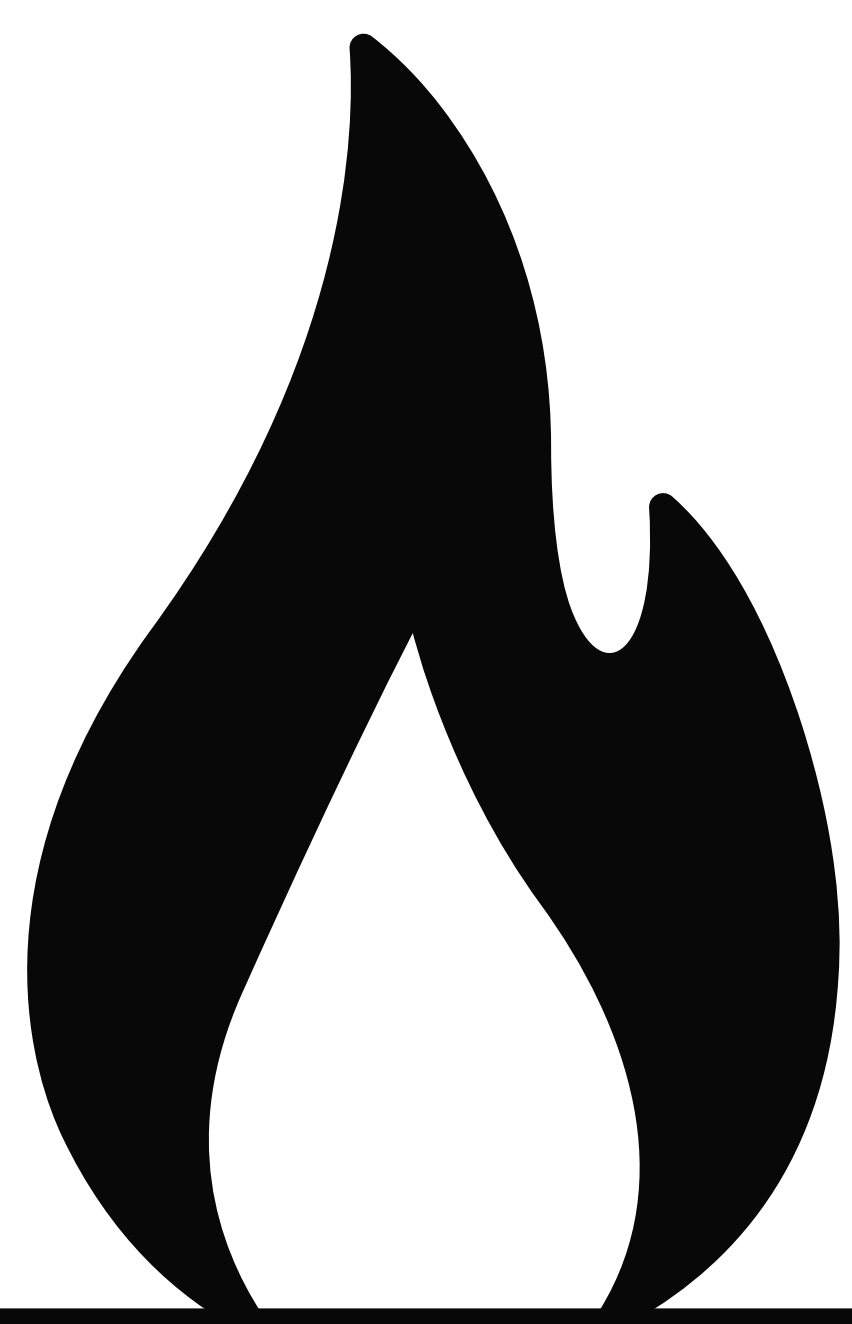

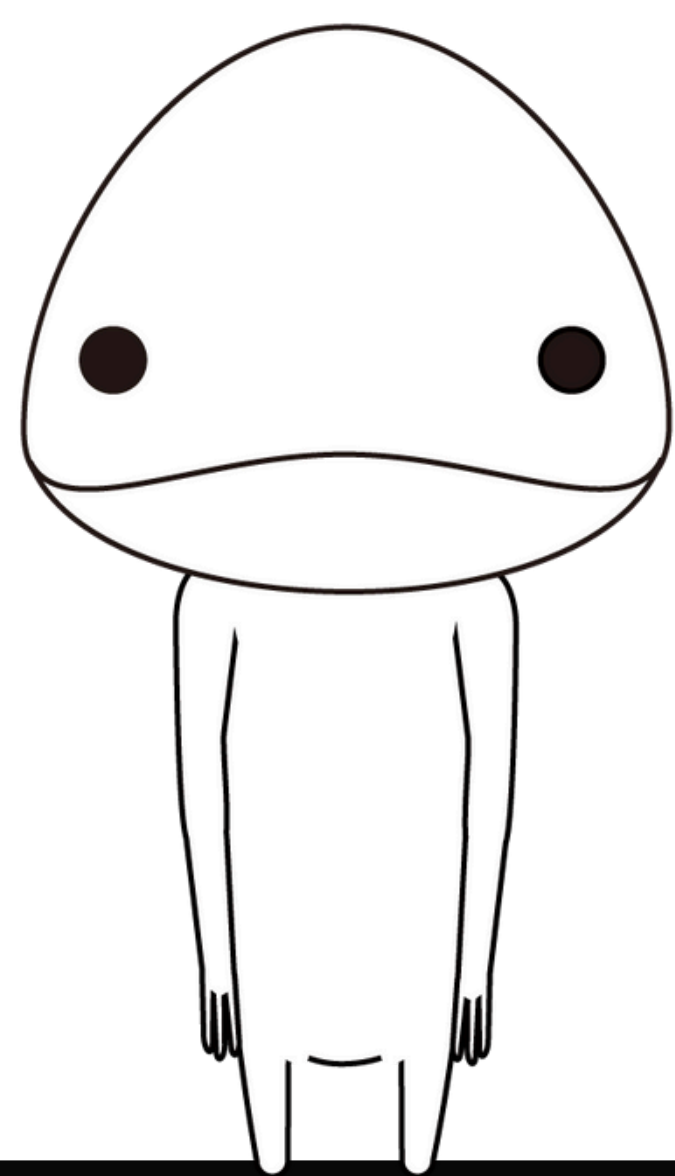

The flames rise, reaching for the sky

---

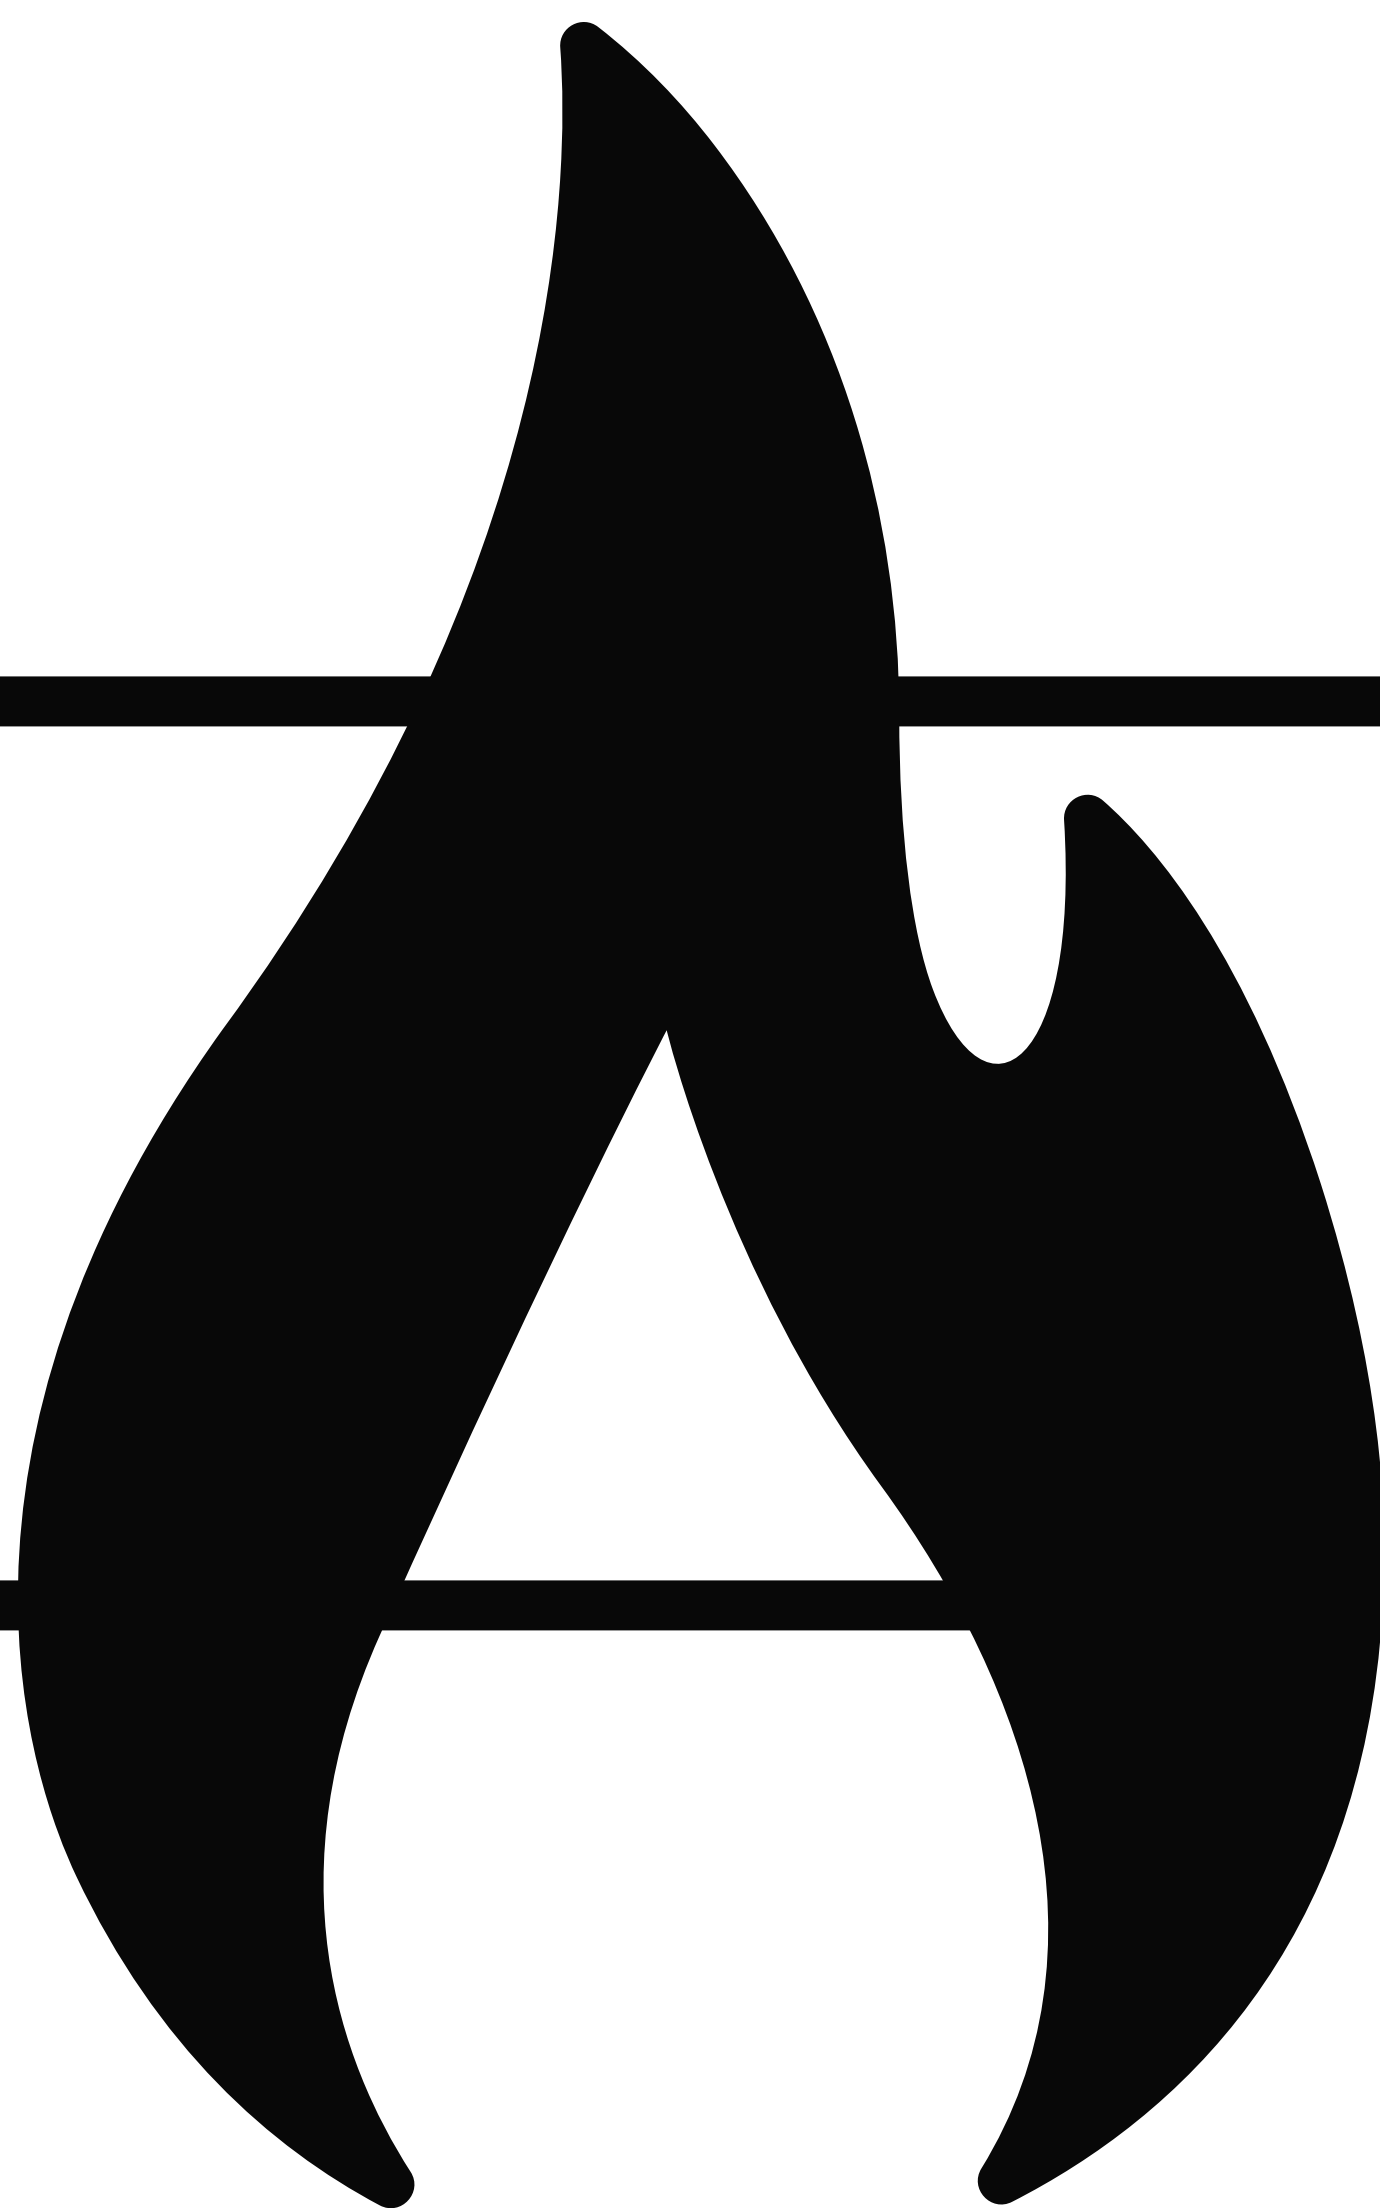

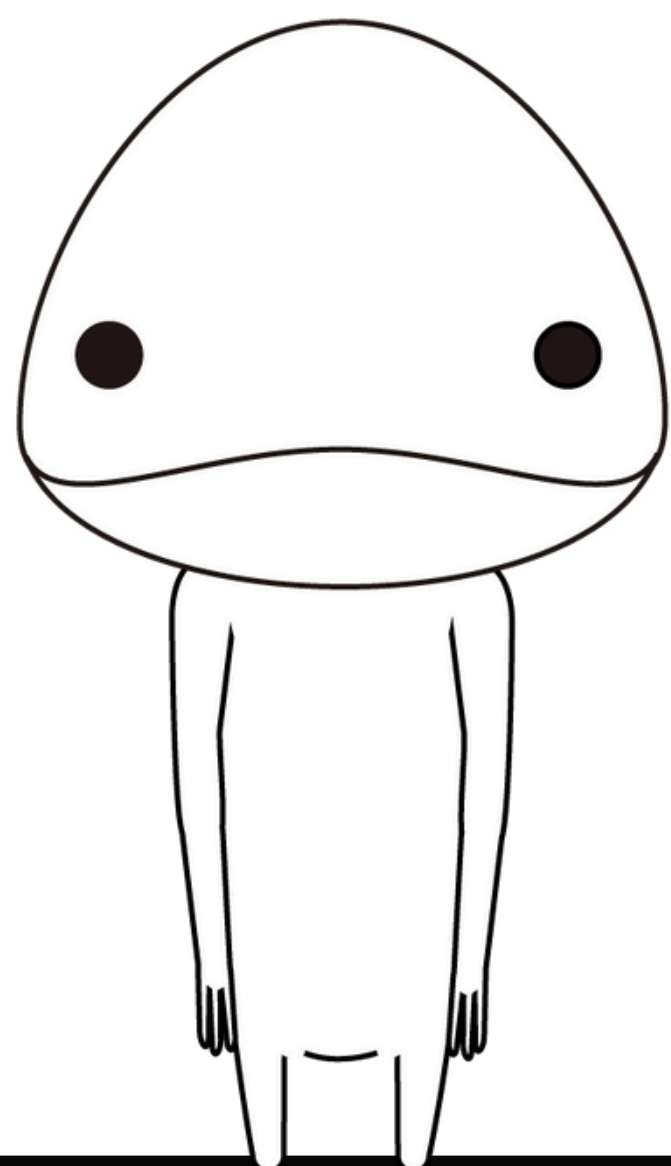

**The light reaches up, touching the sky**

I wonder, where did the sun come from?

---

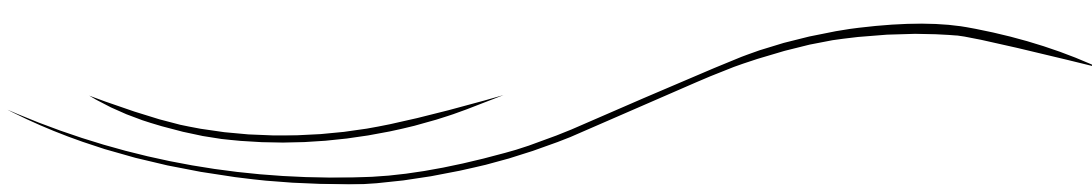

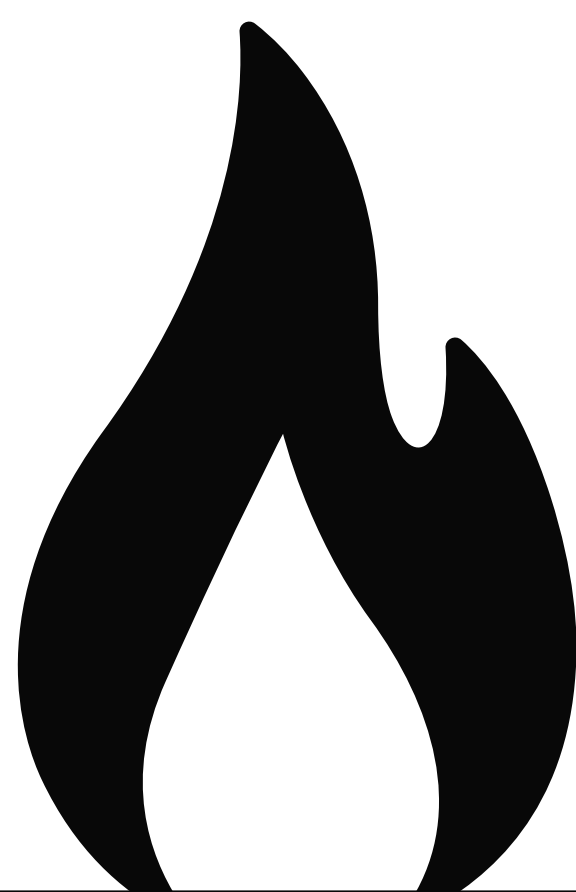

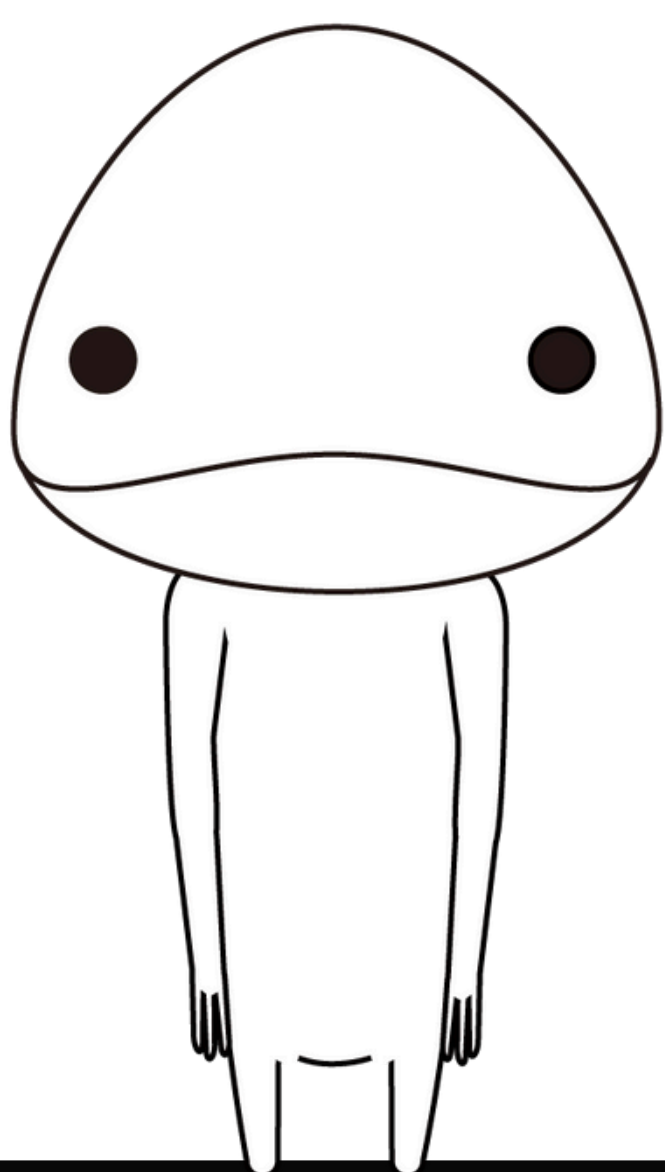

---

---

Awaken deep within the heart of the earth

---

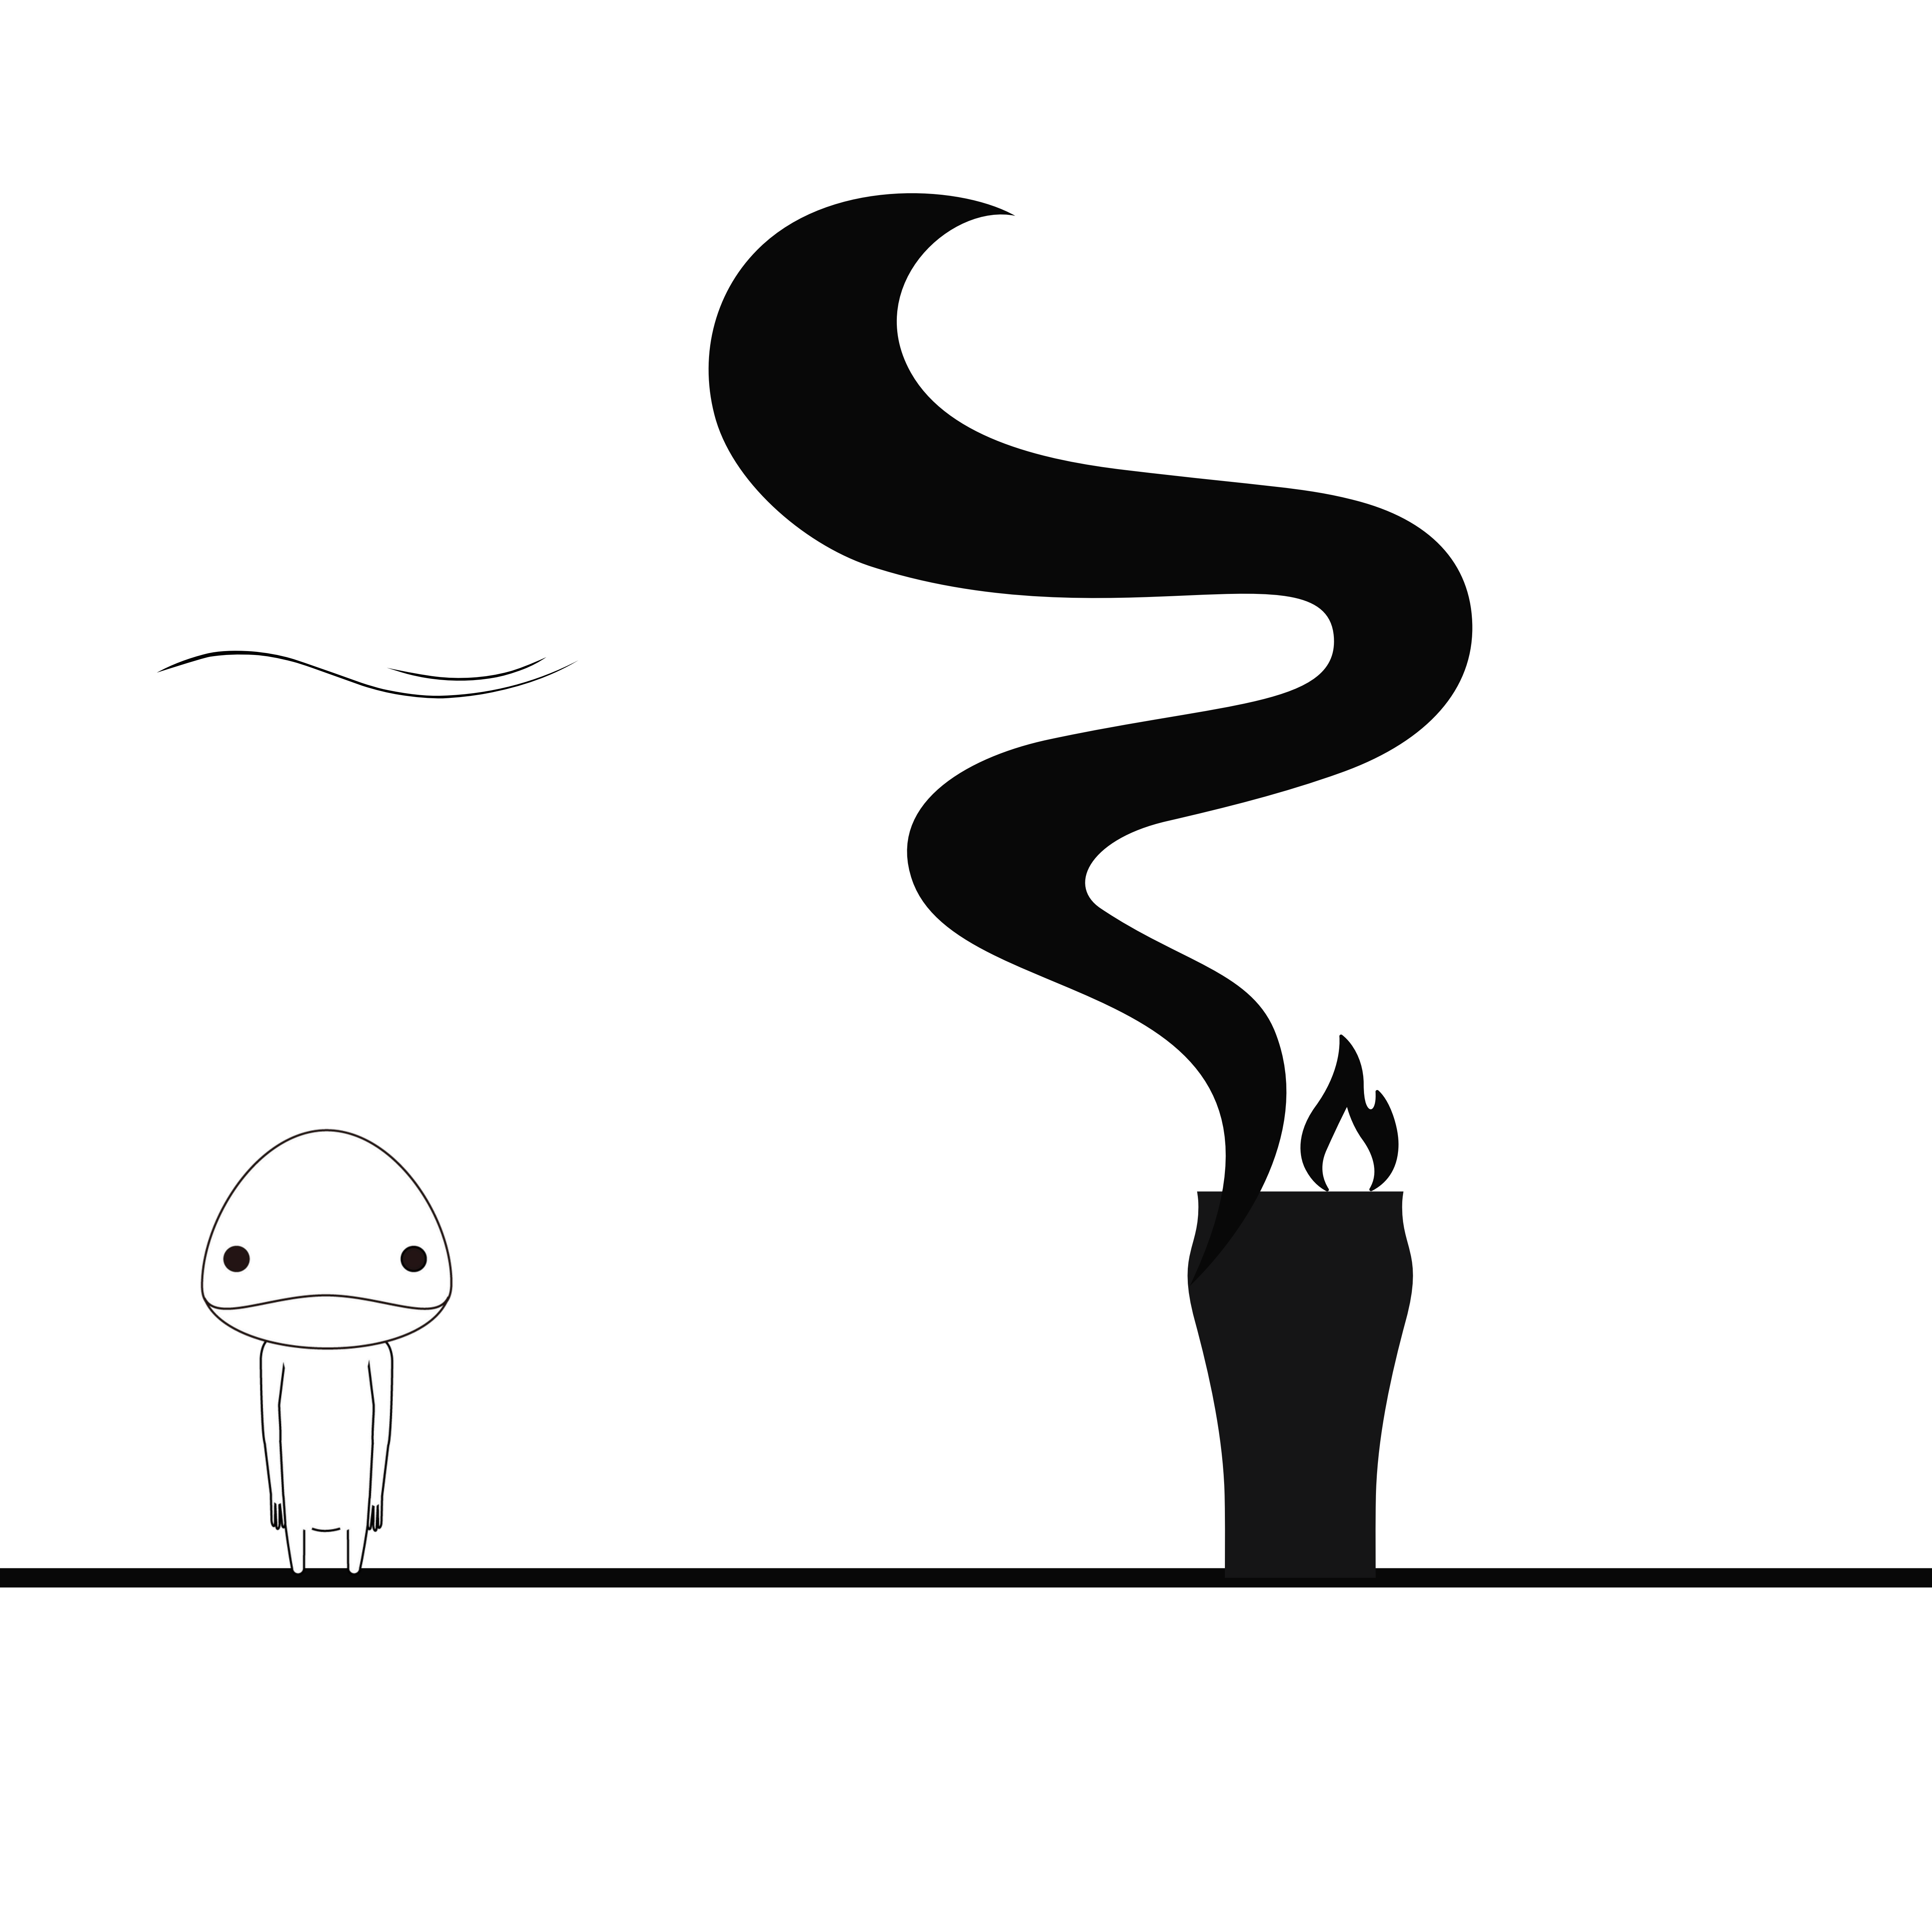

---

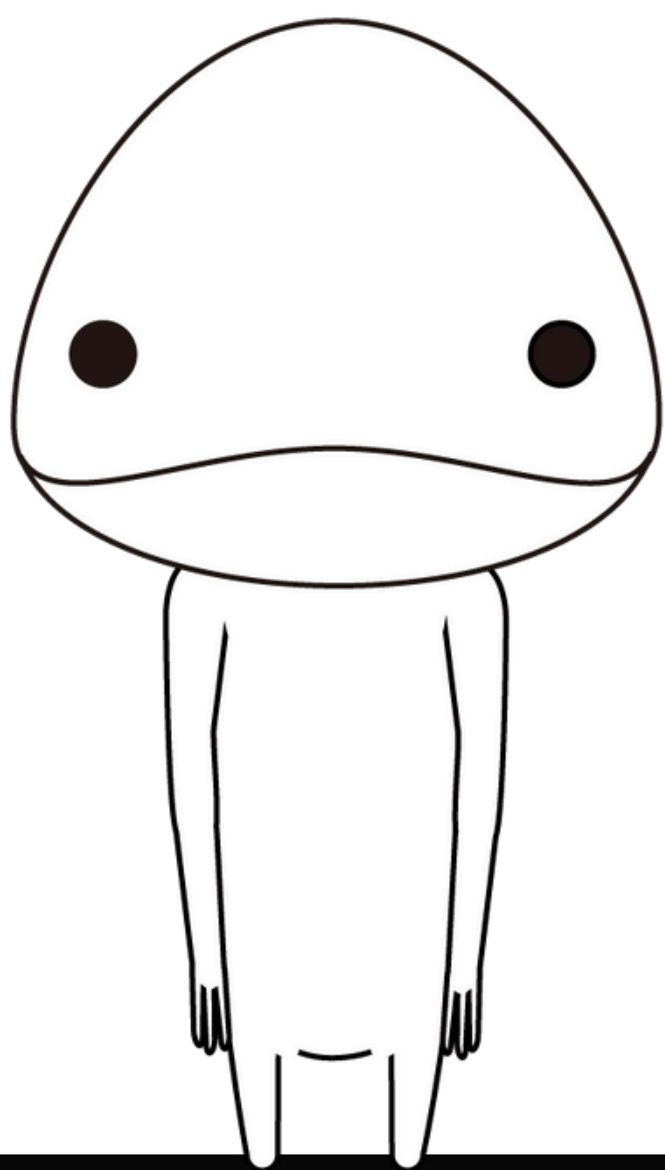

It begins to dance along with the wind

Sending light up to the sky

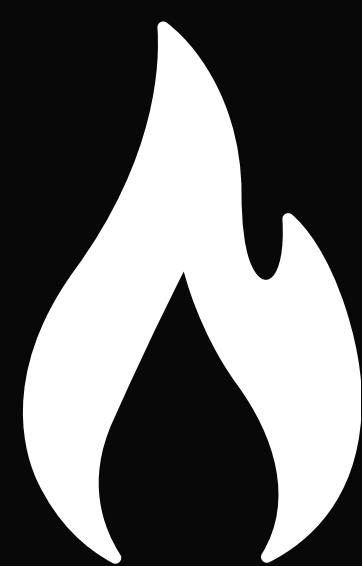

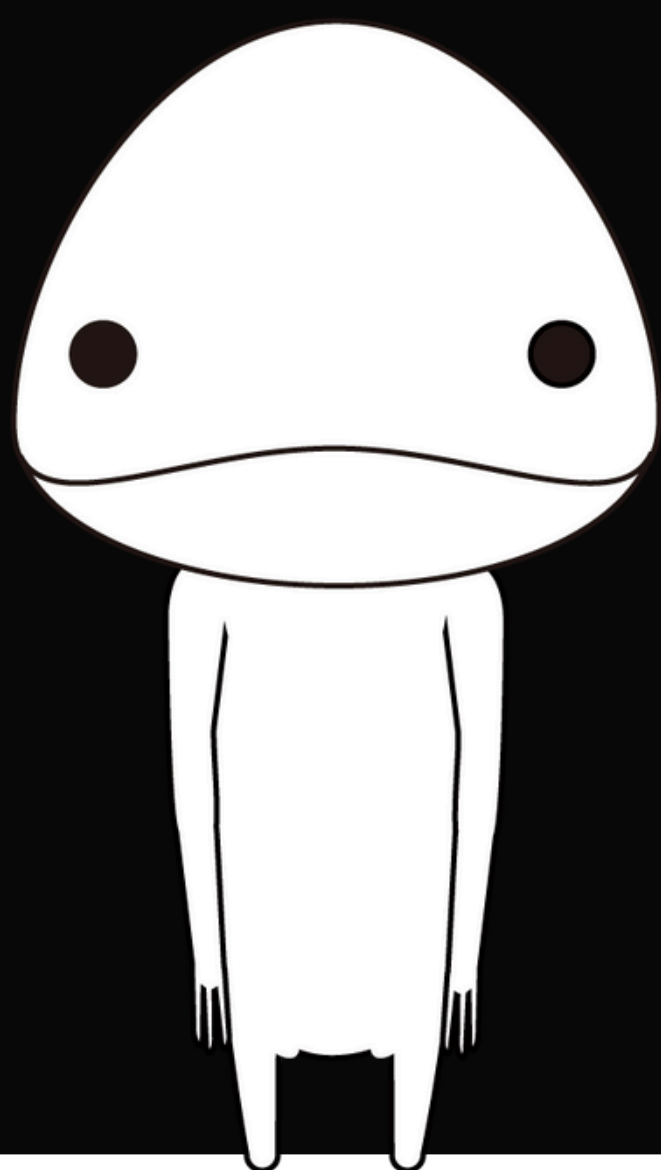

The crackling sound of burning logs

**The earth gently closes its eyes**

---

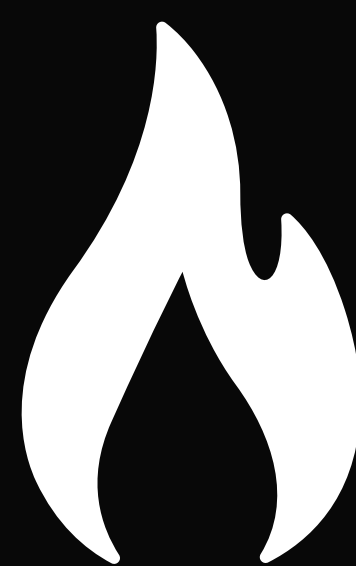

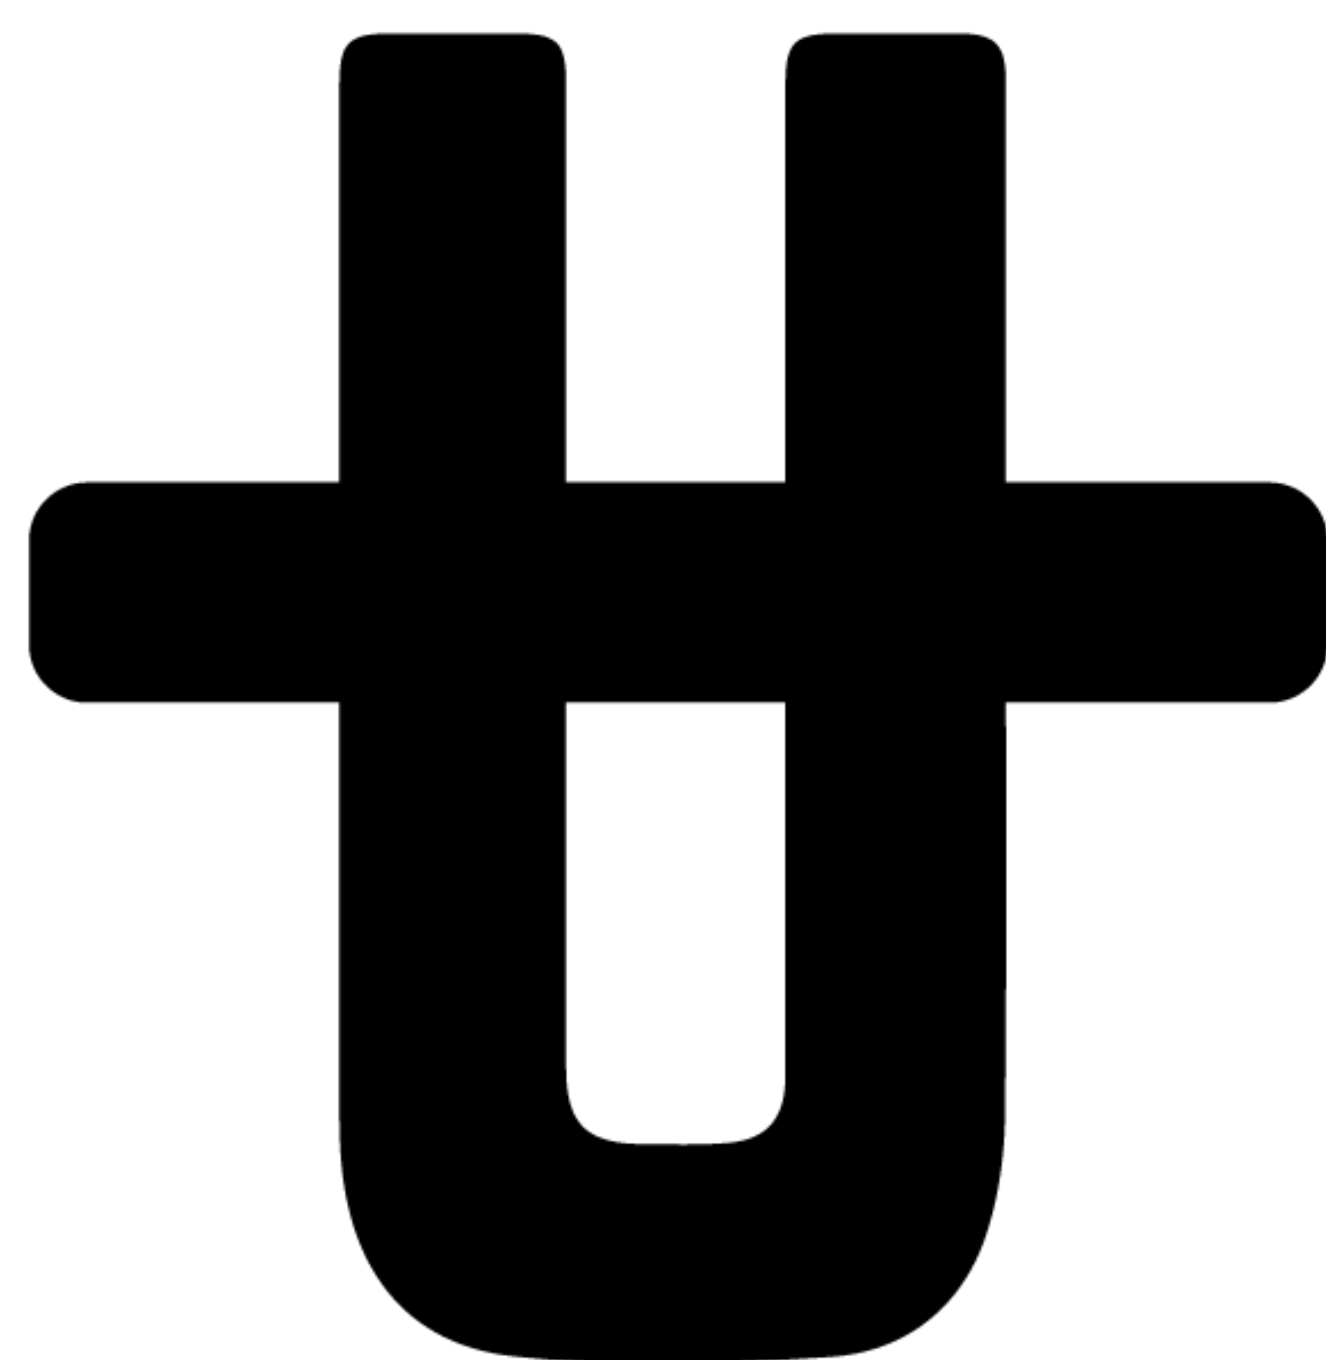

**The wind softly nestles close**

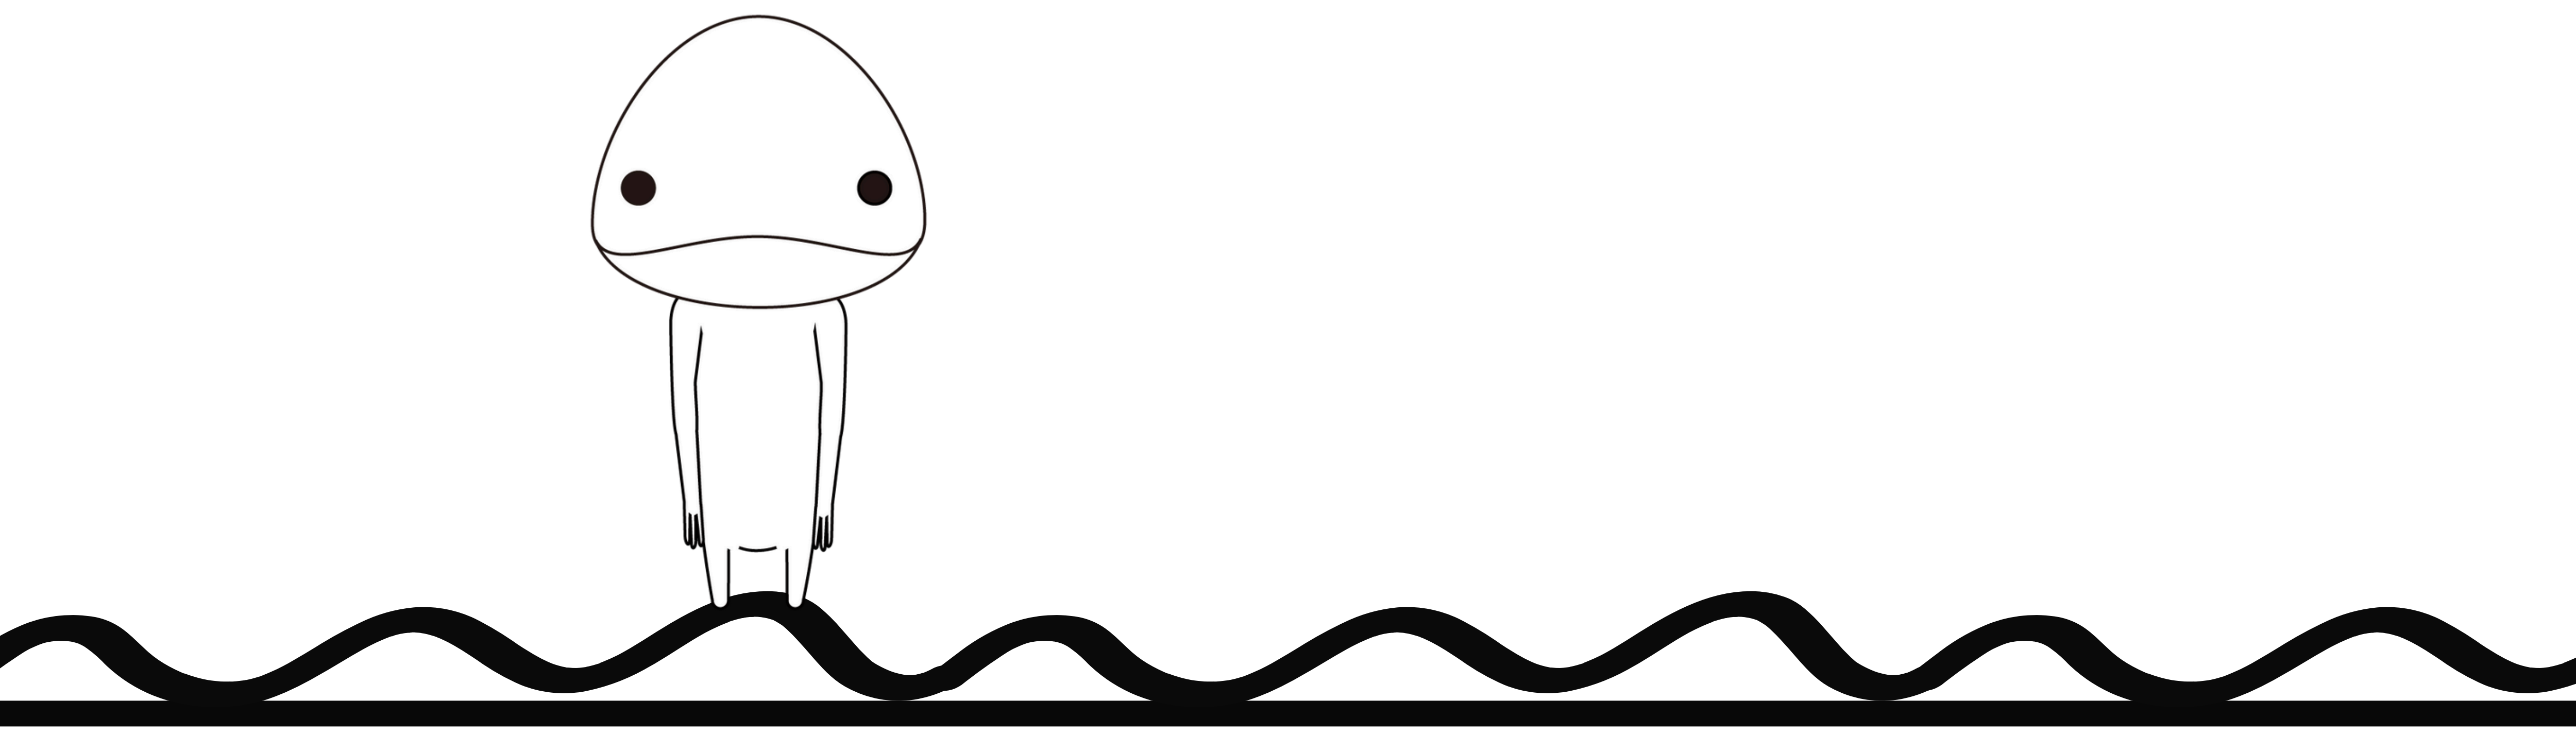

**A tiny voice can be heard**

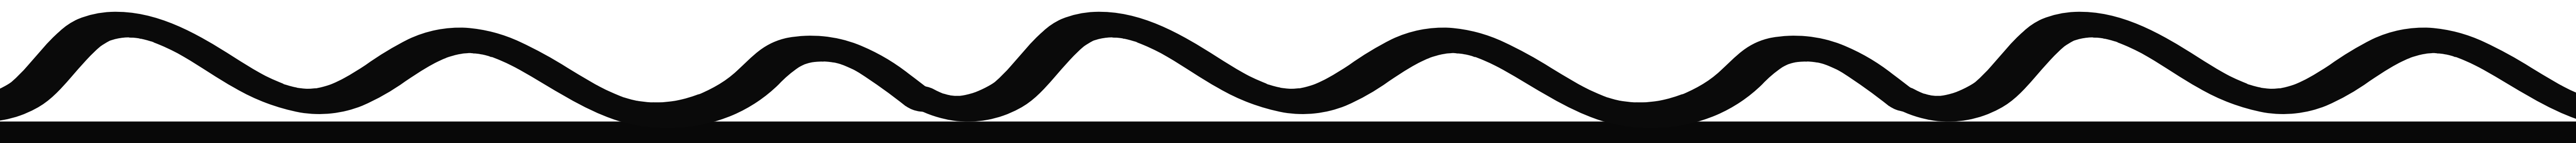

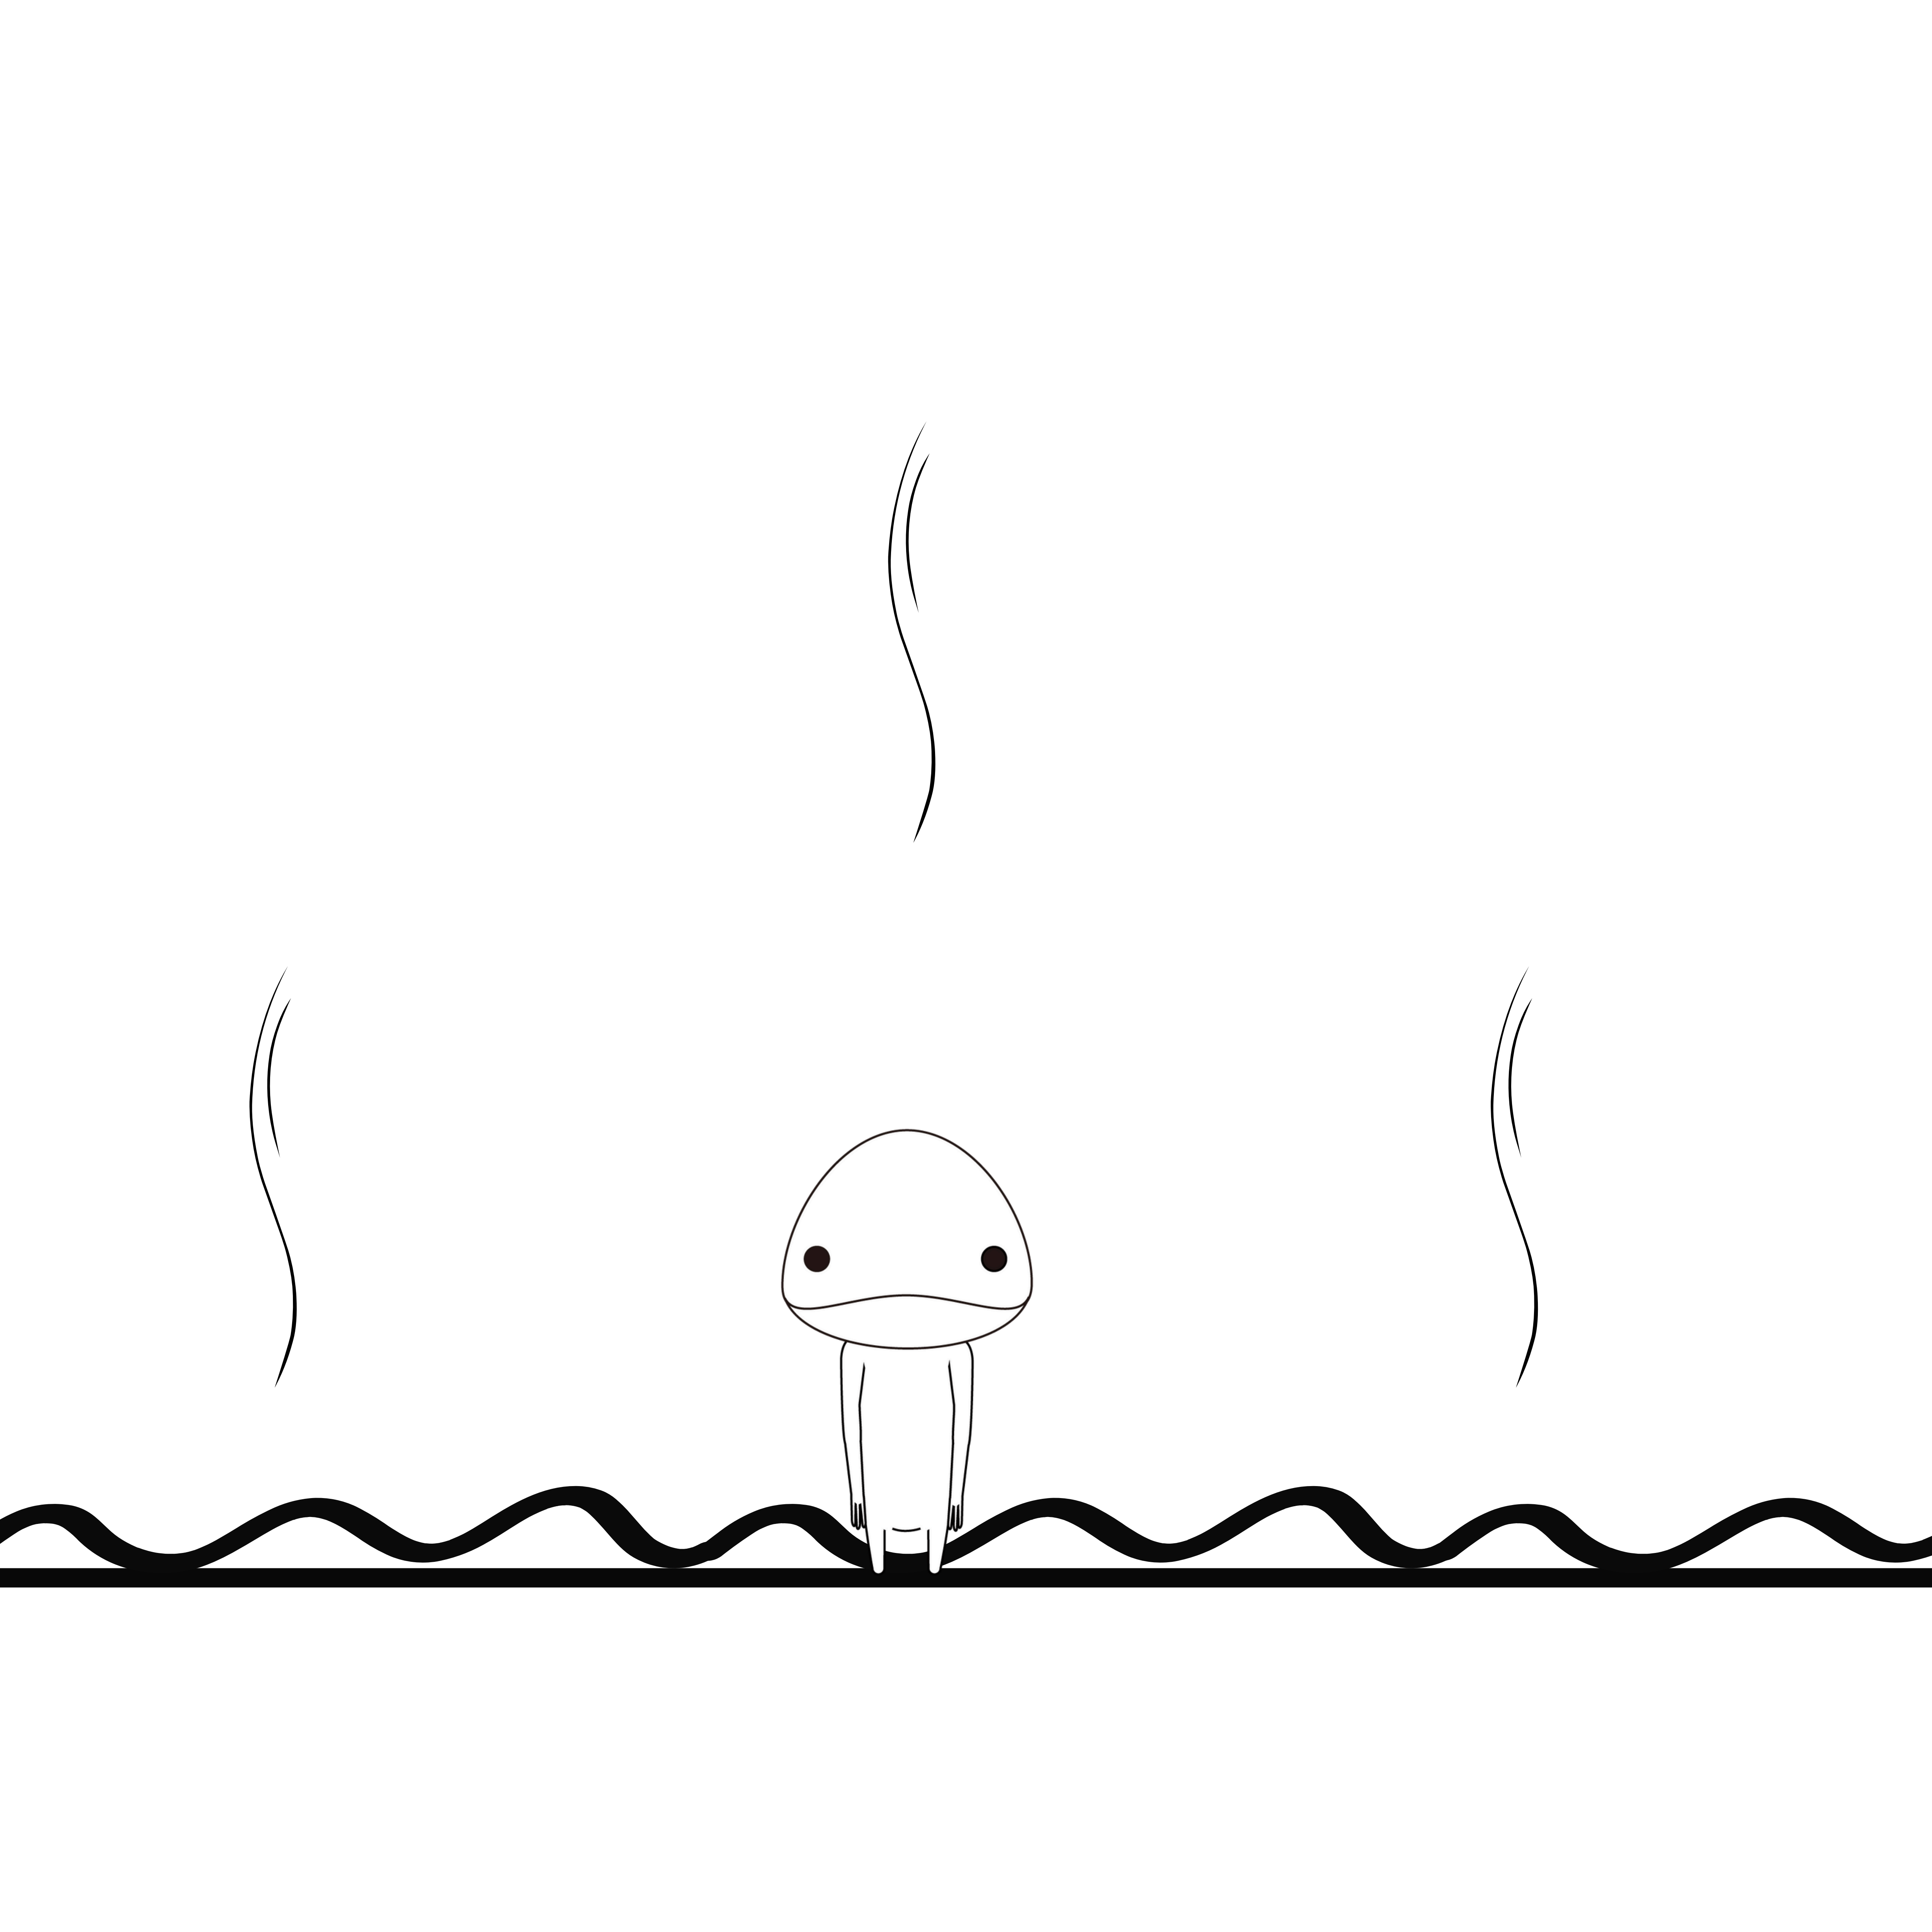

**EARTH**

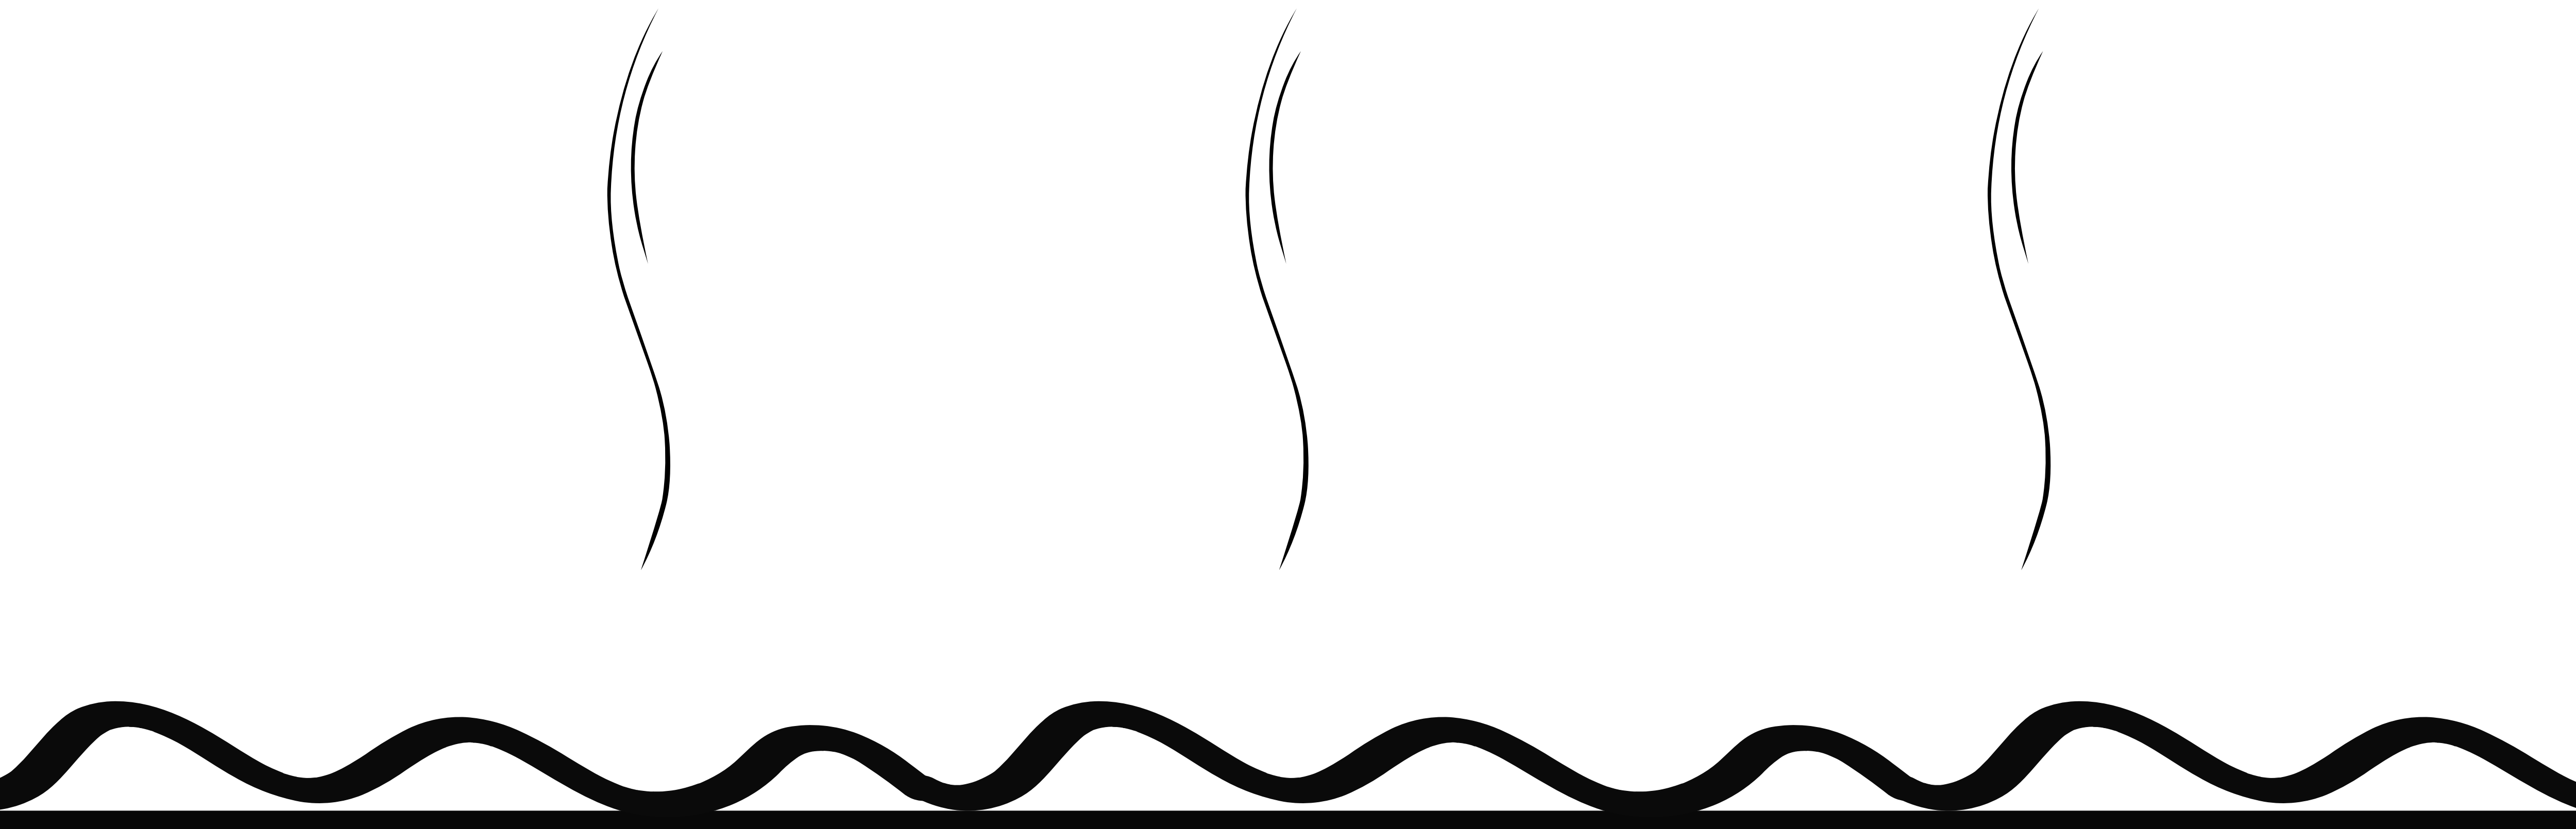

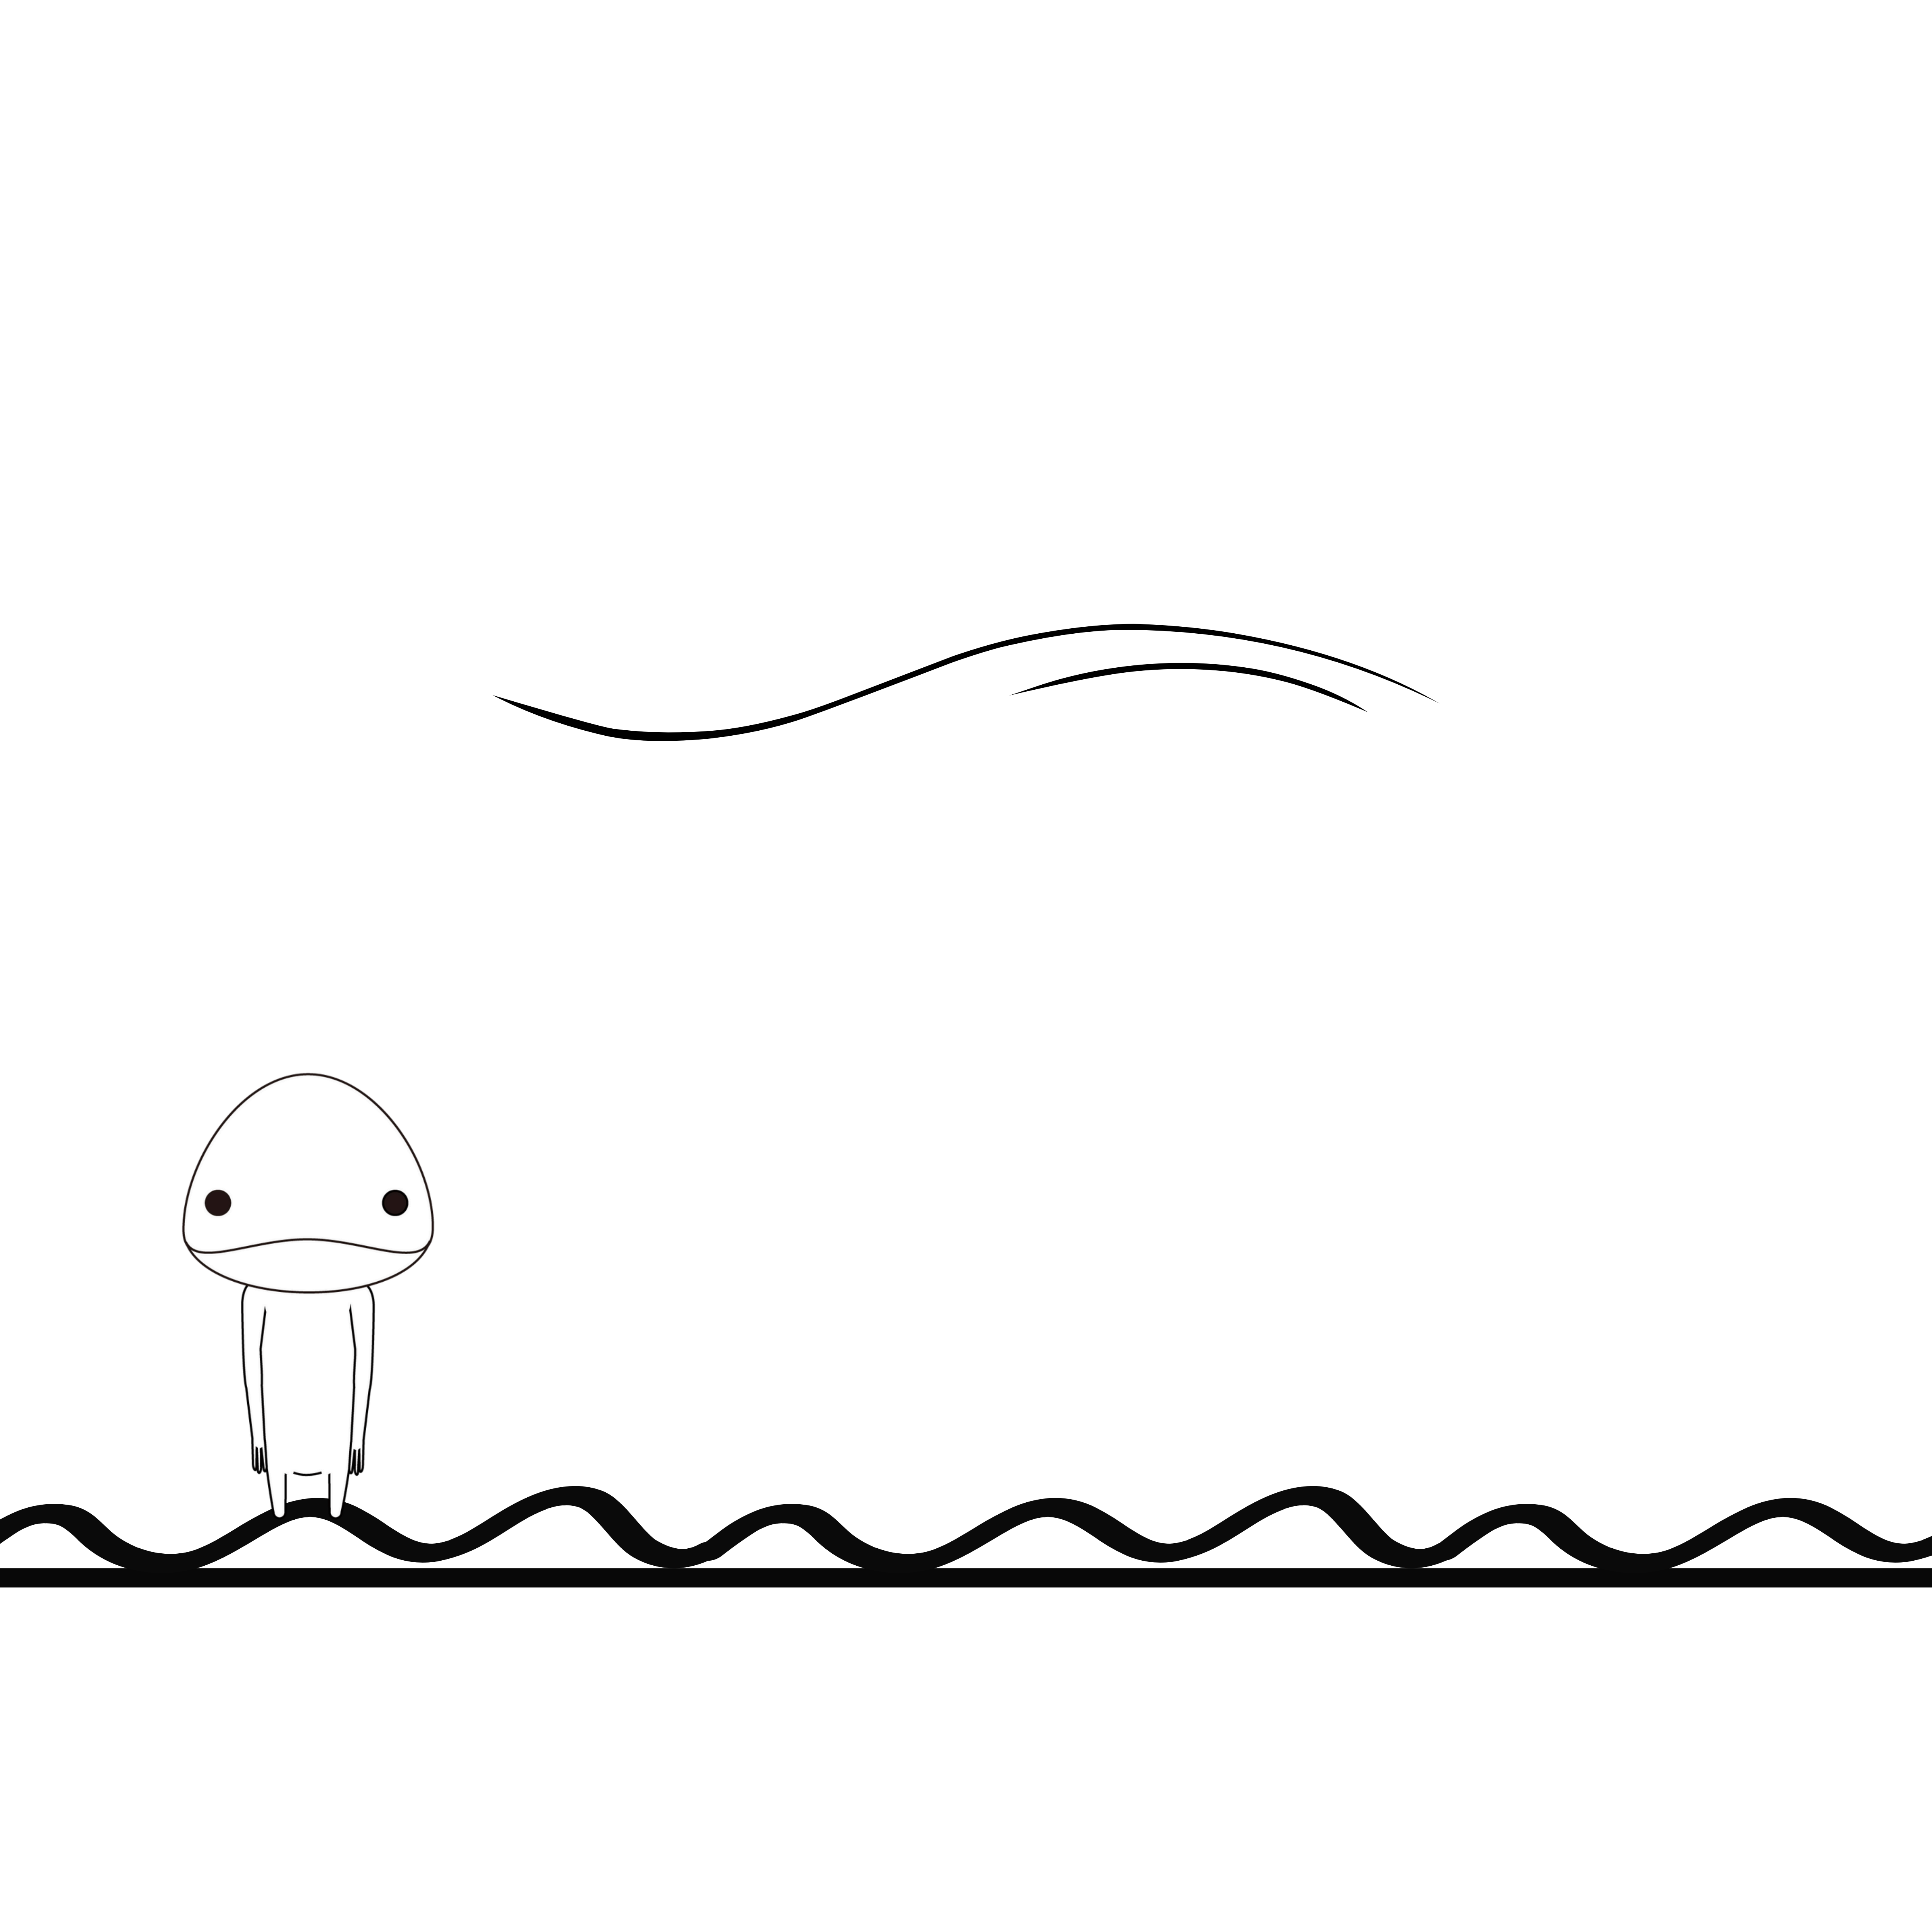

On the soft, soft, cushioned earth

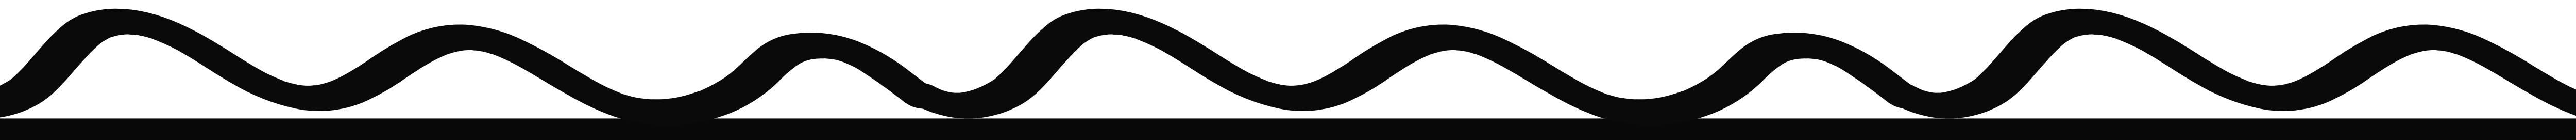

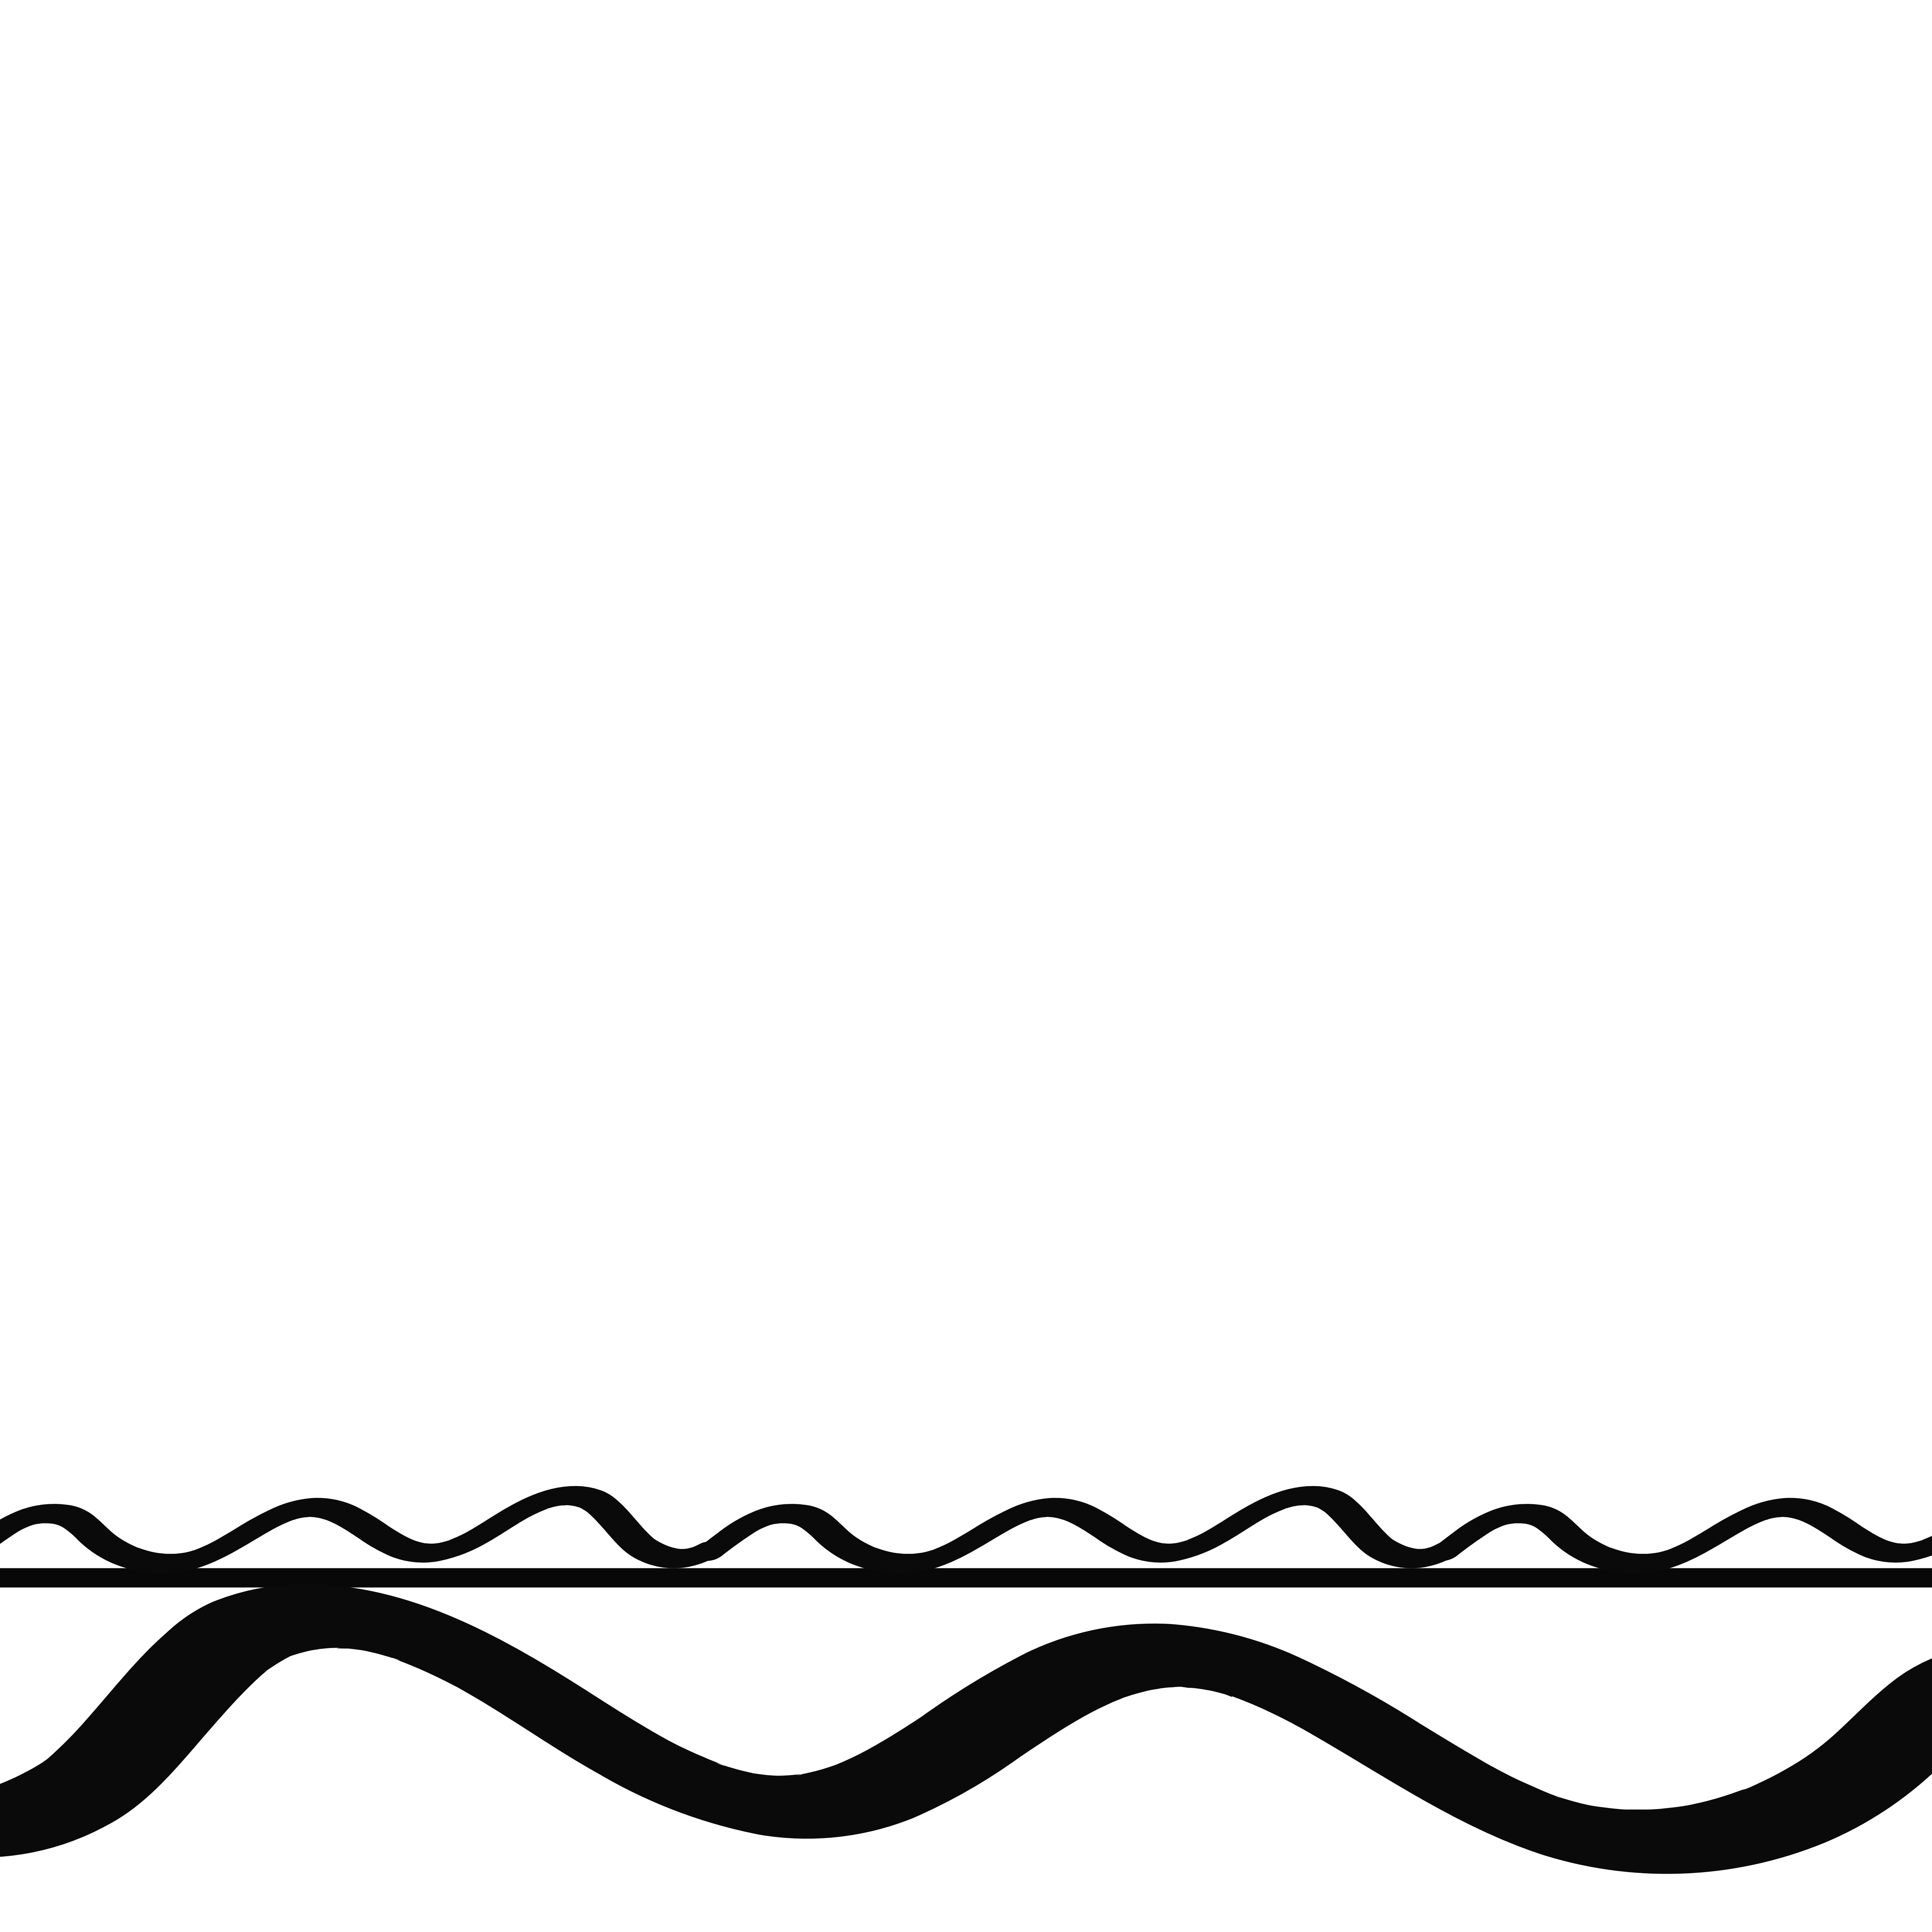

Beneath my feet, steady and warm

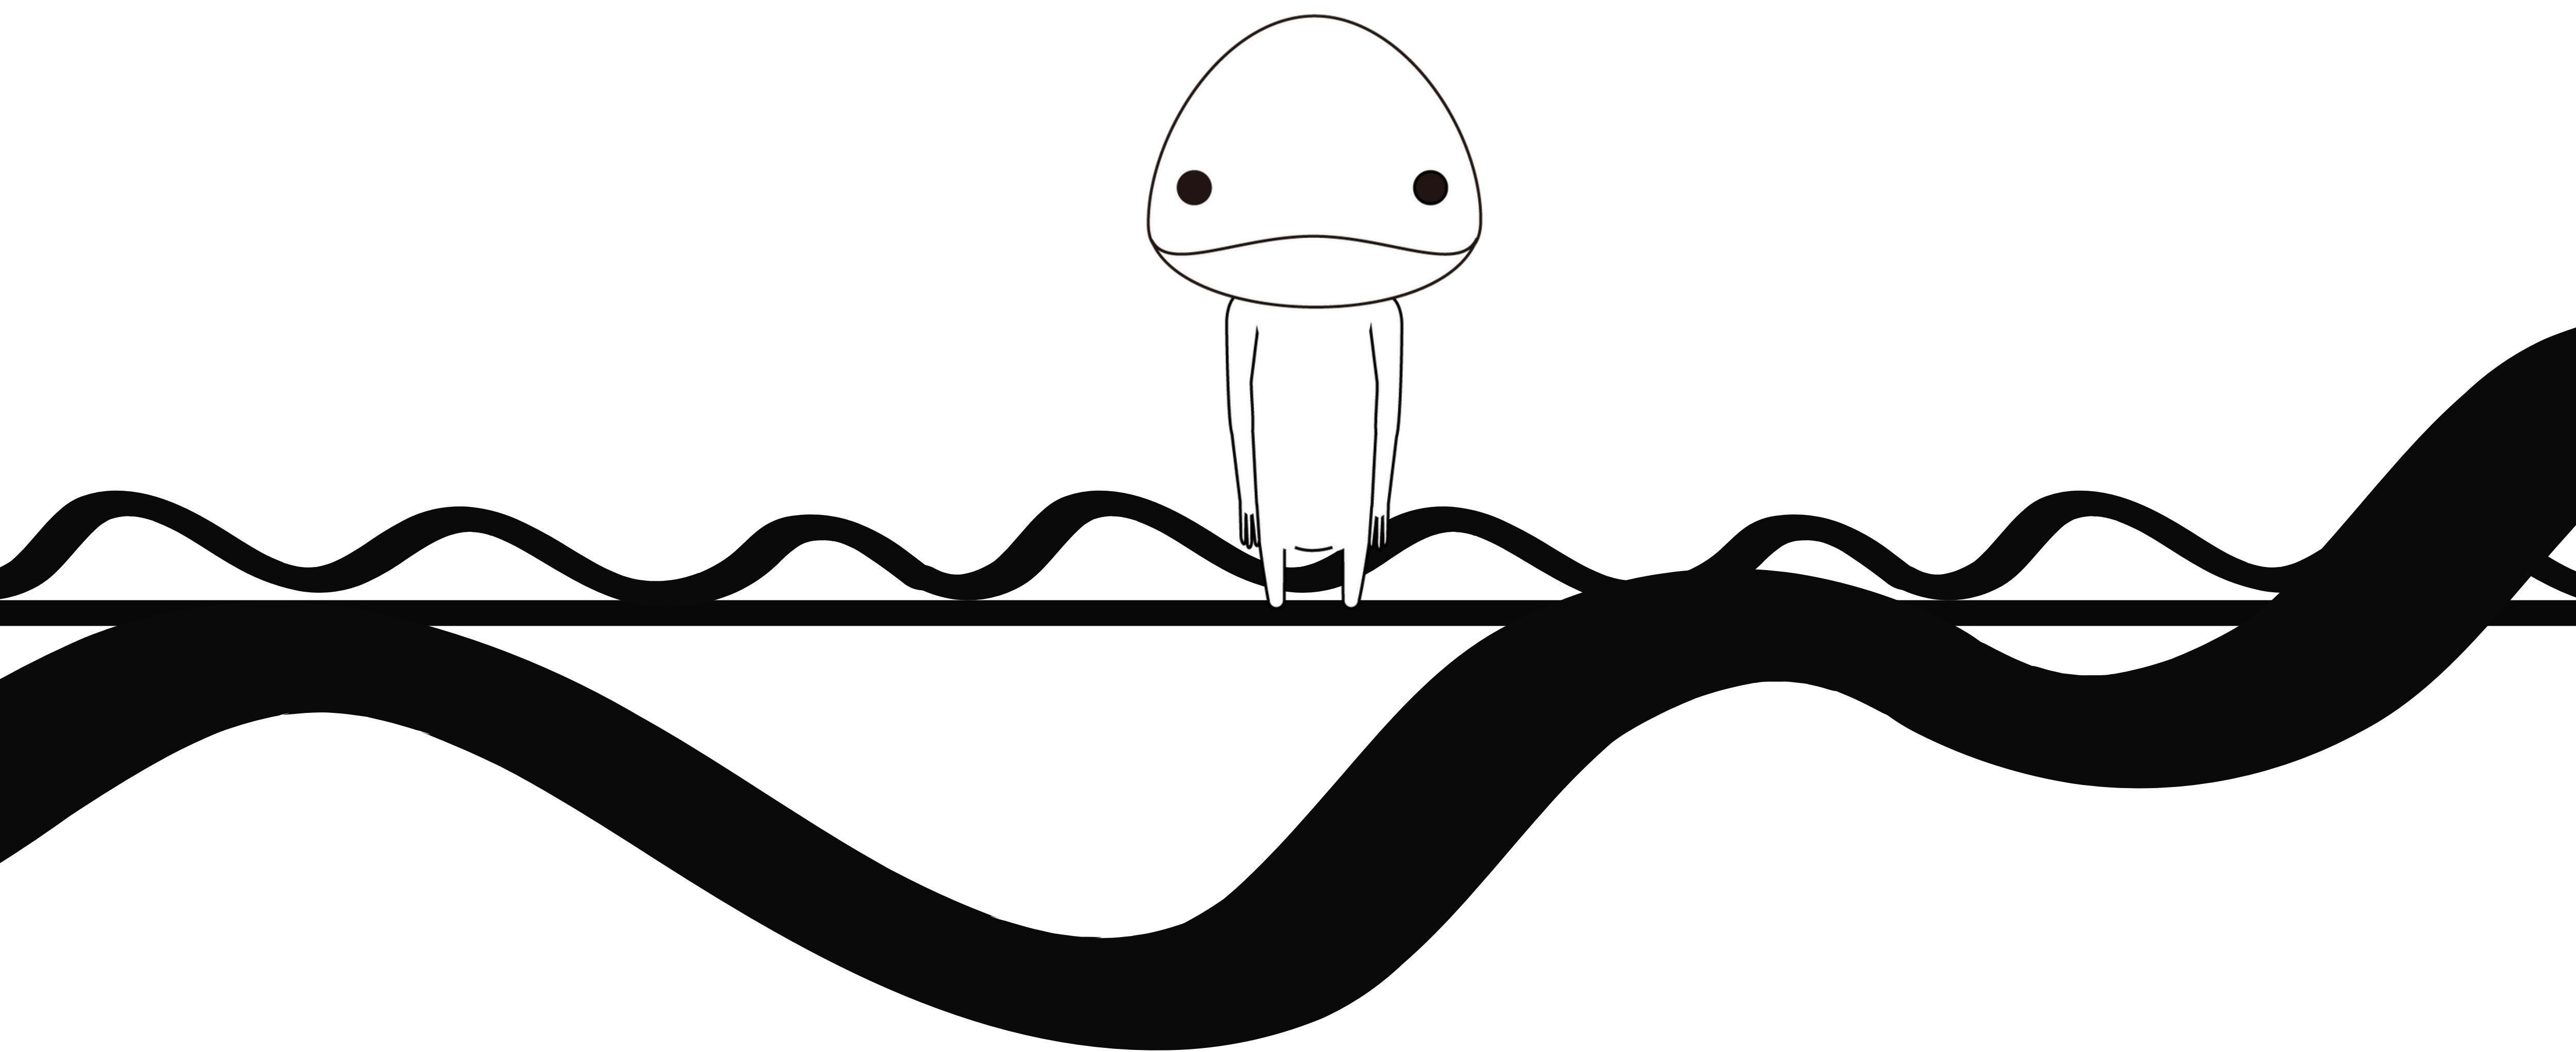

A gentle breeze is blowing

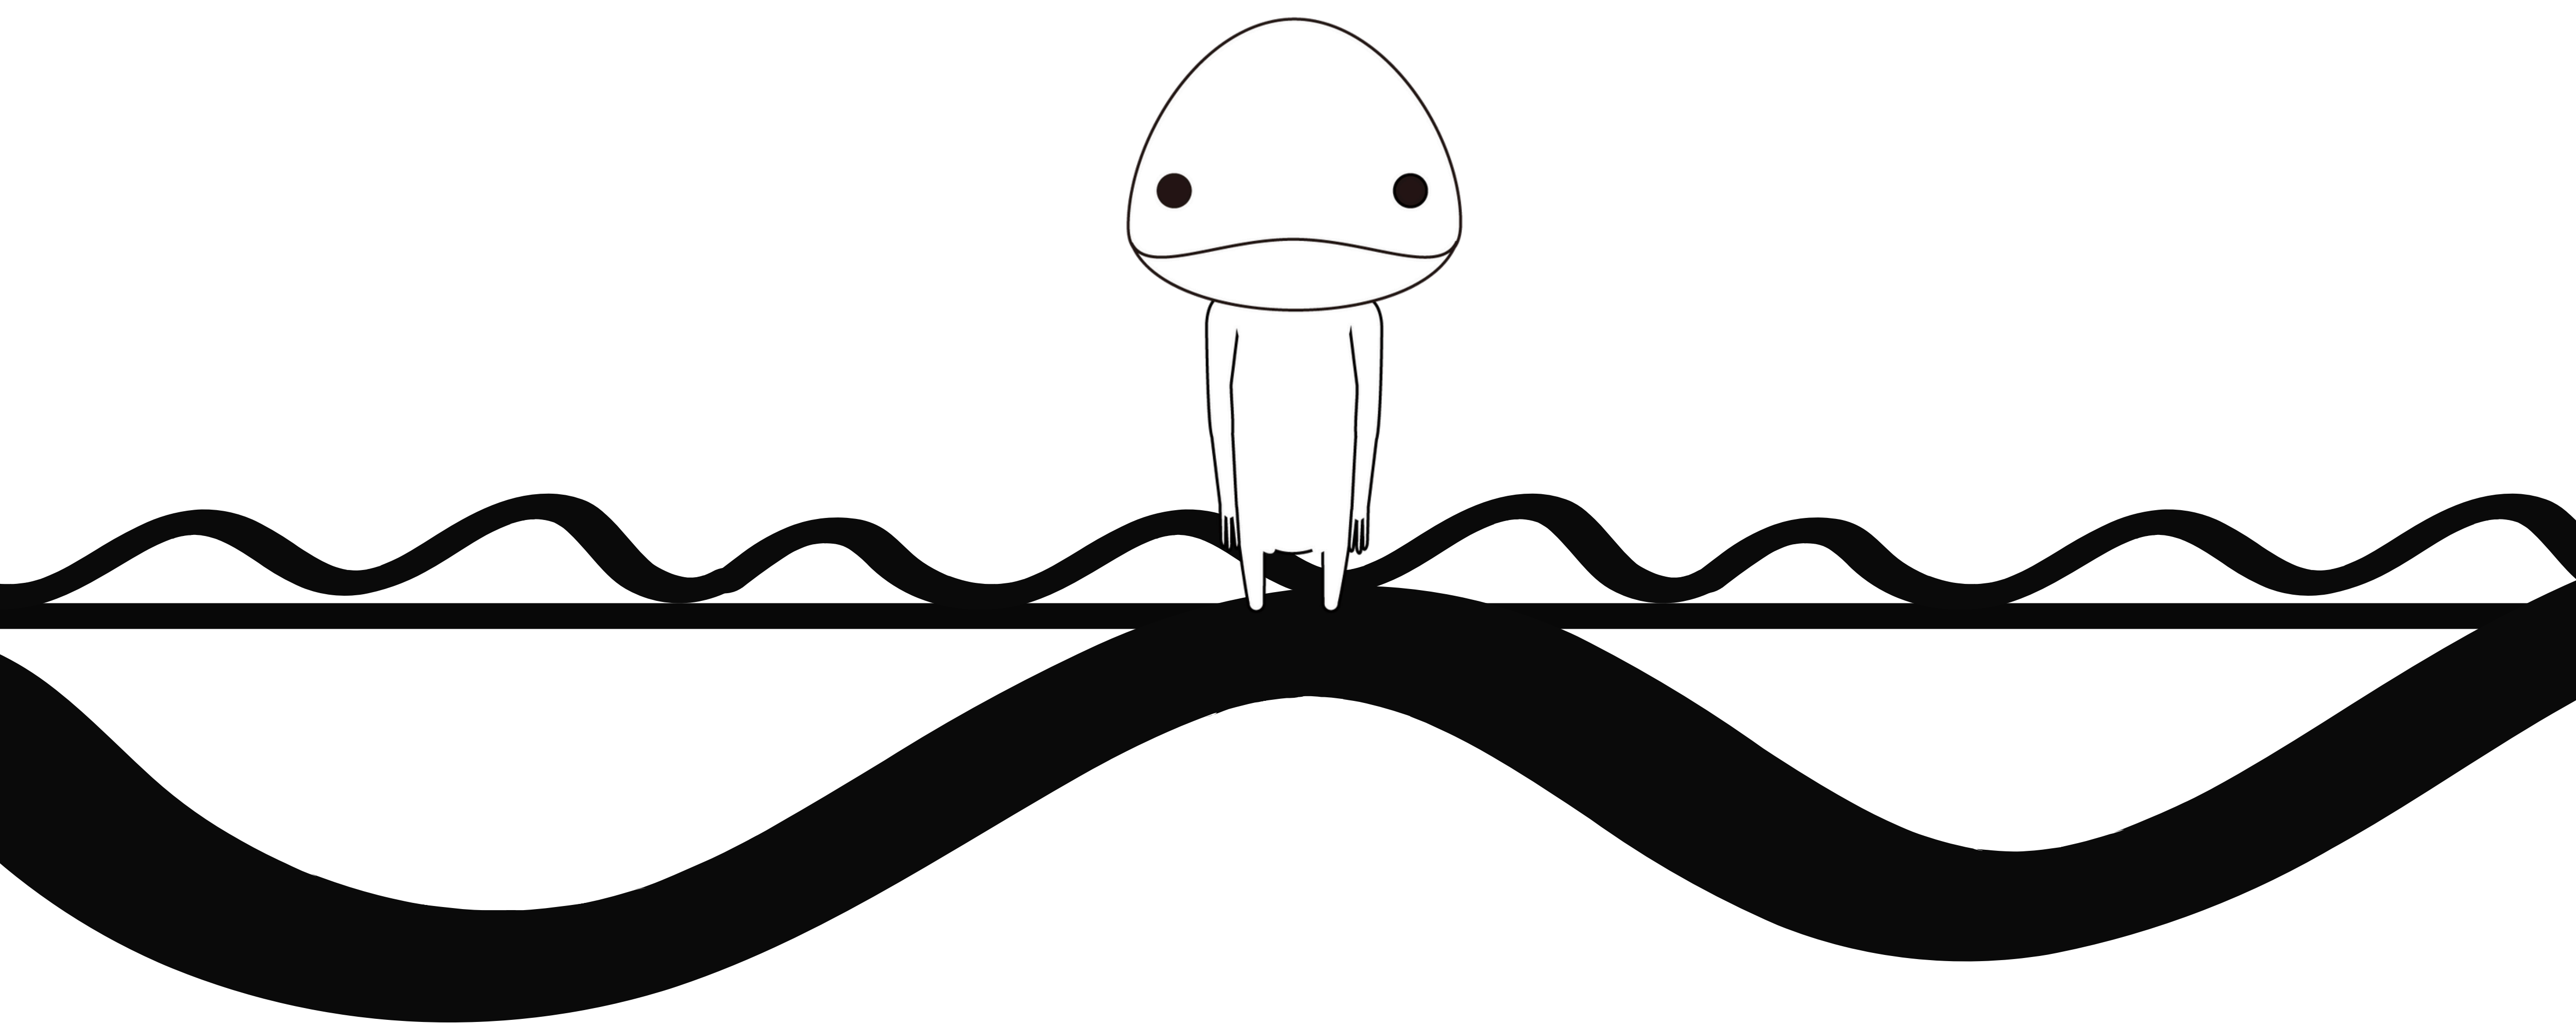

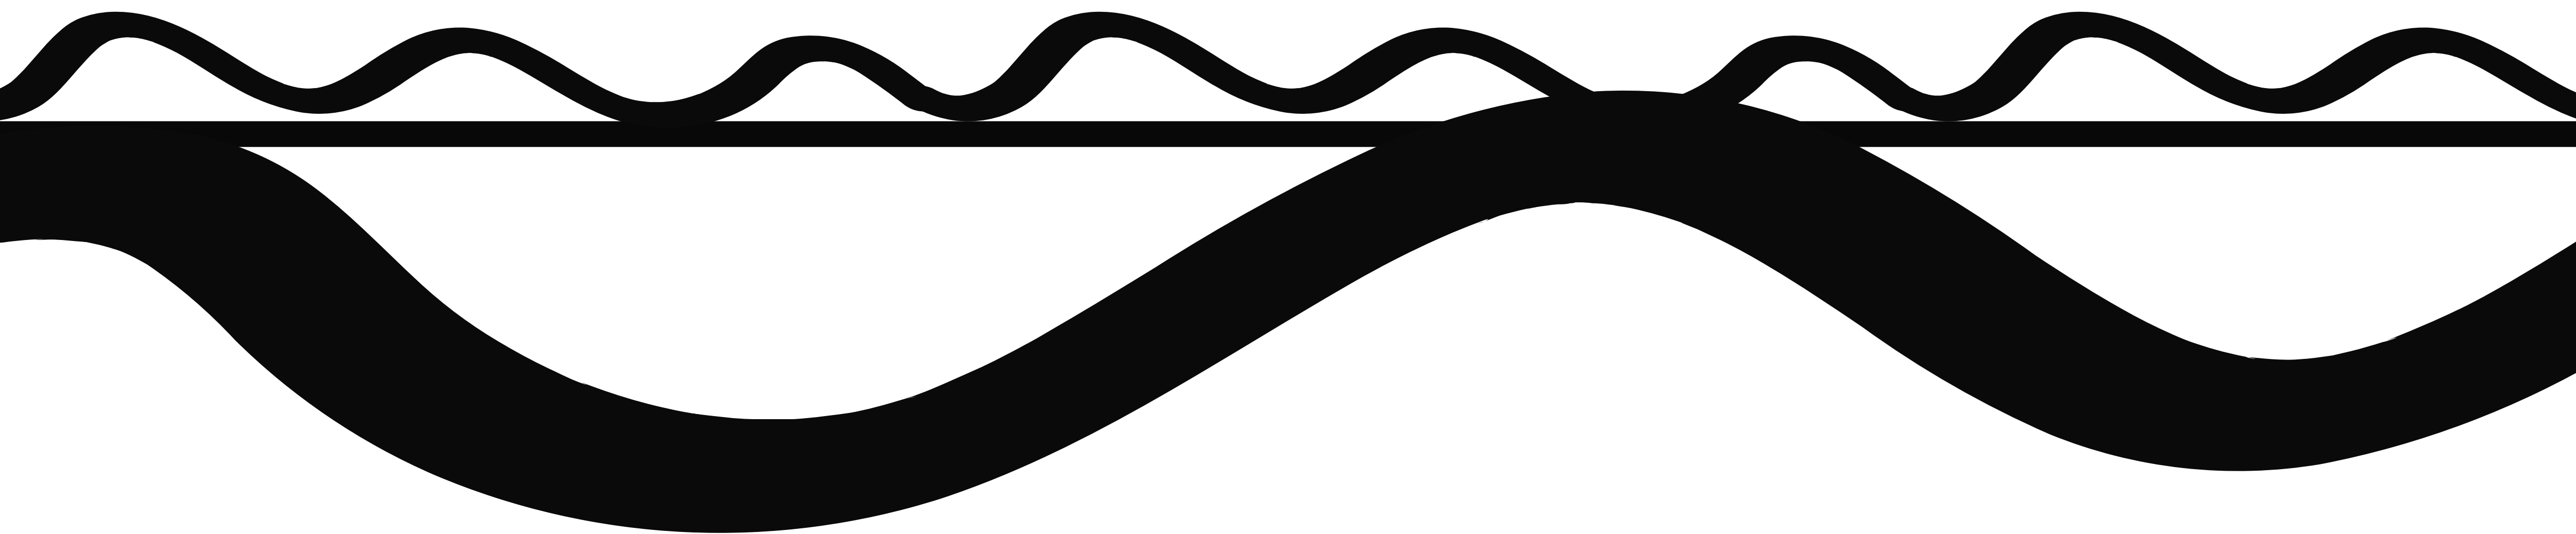

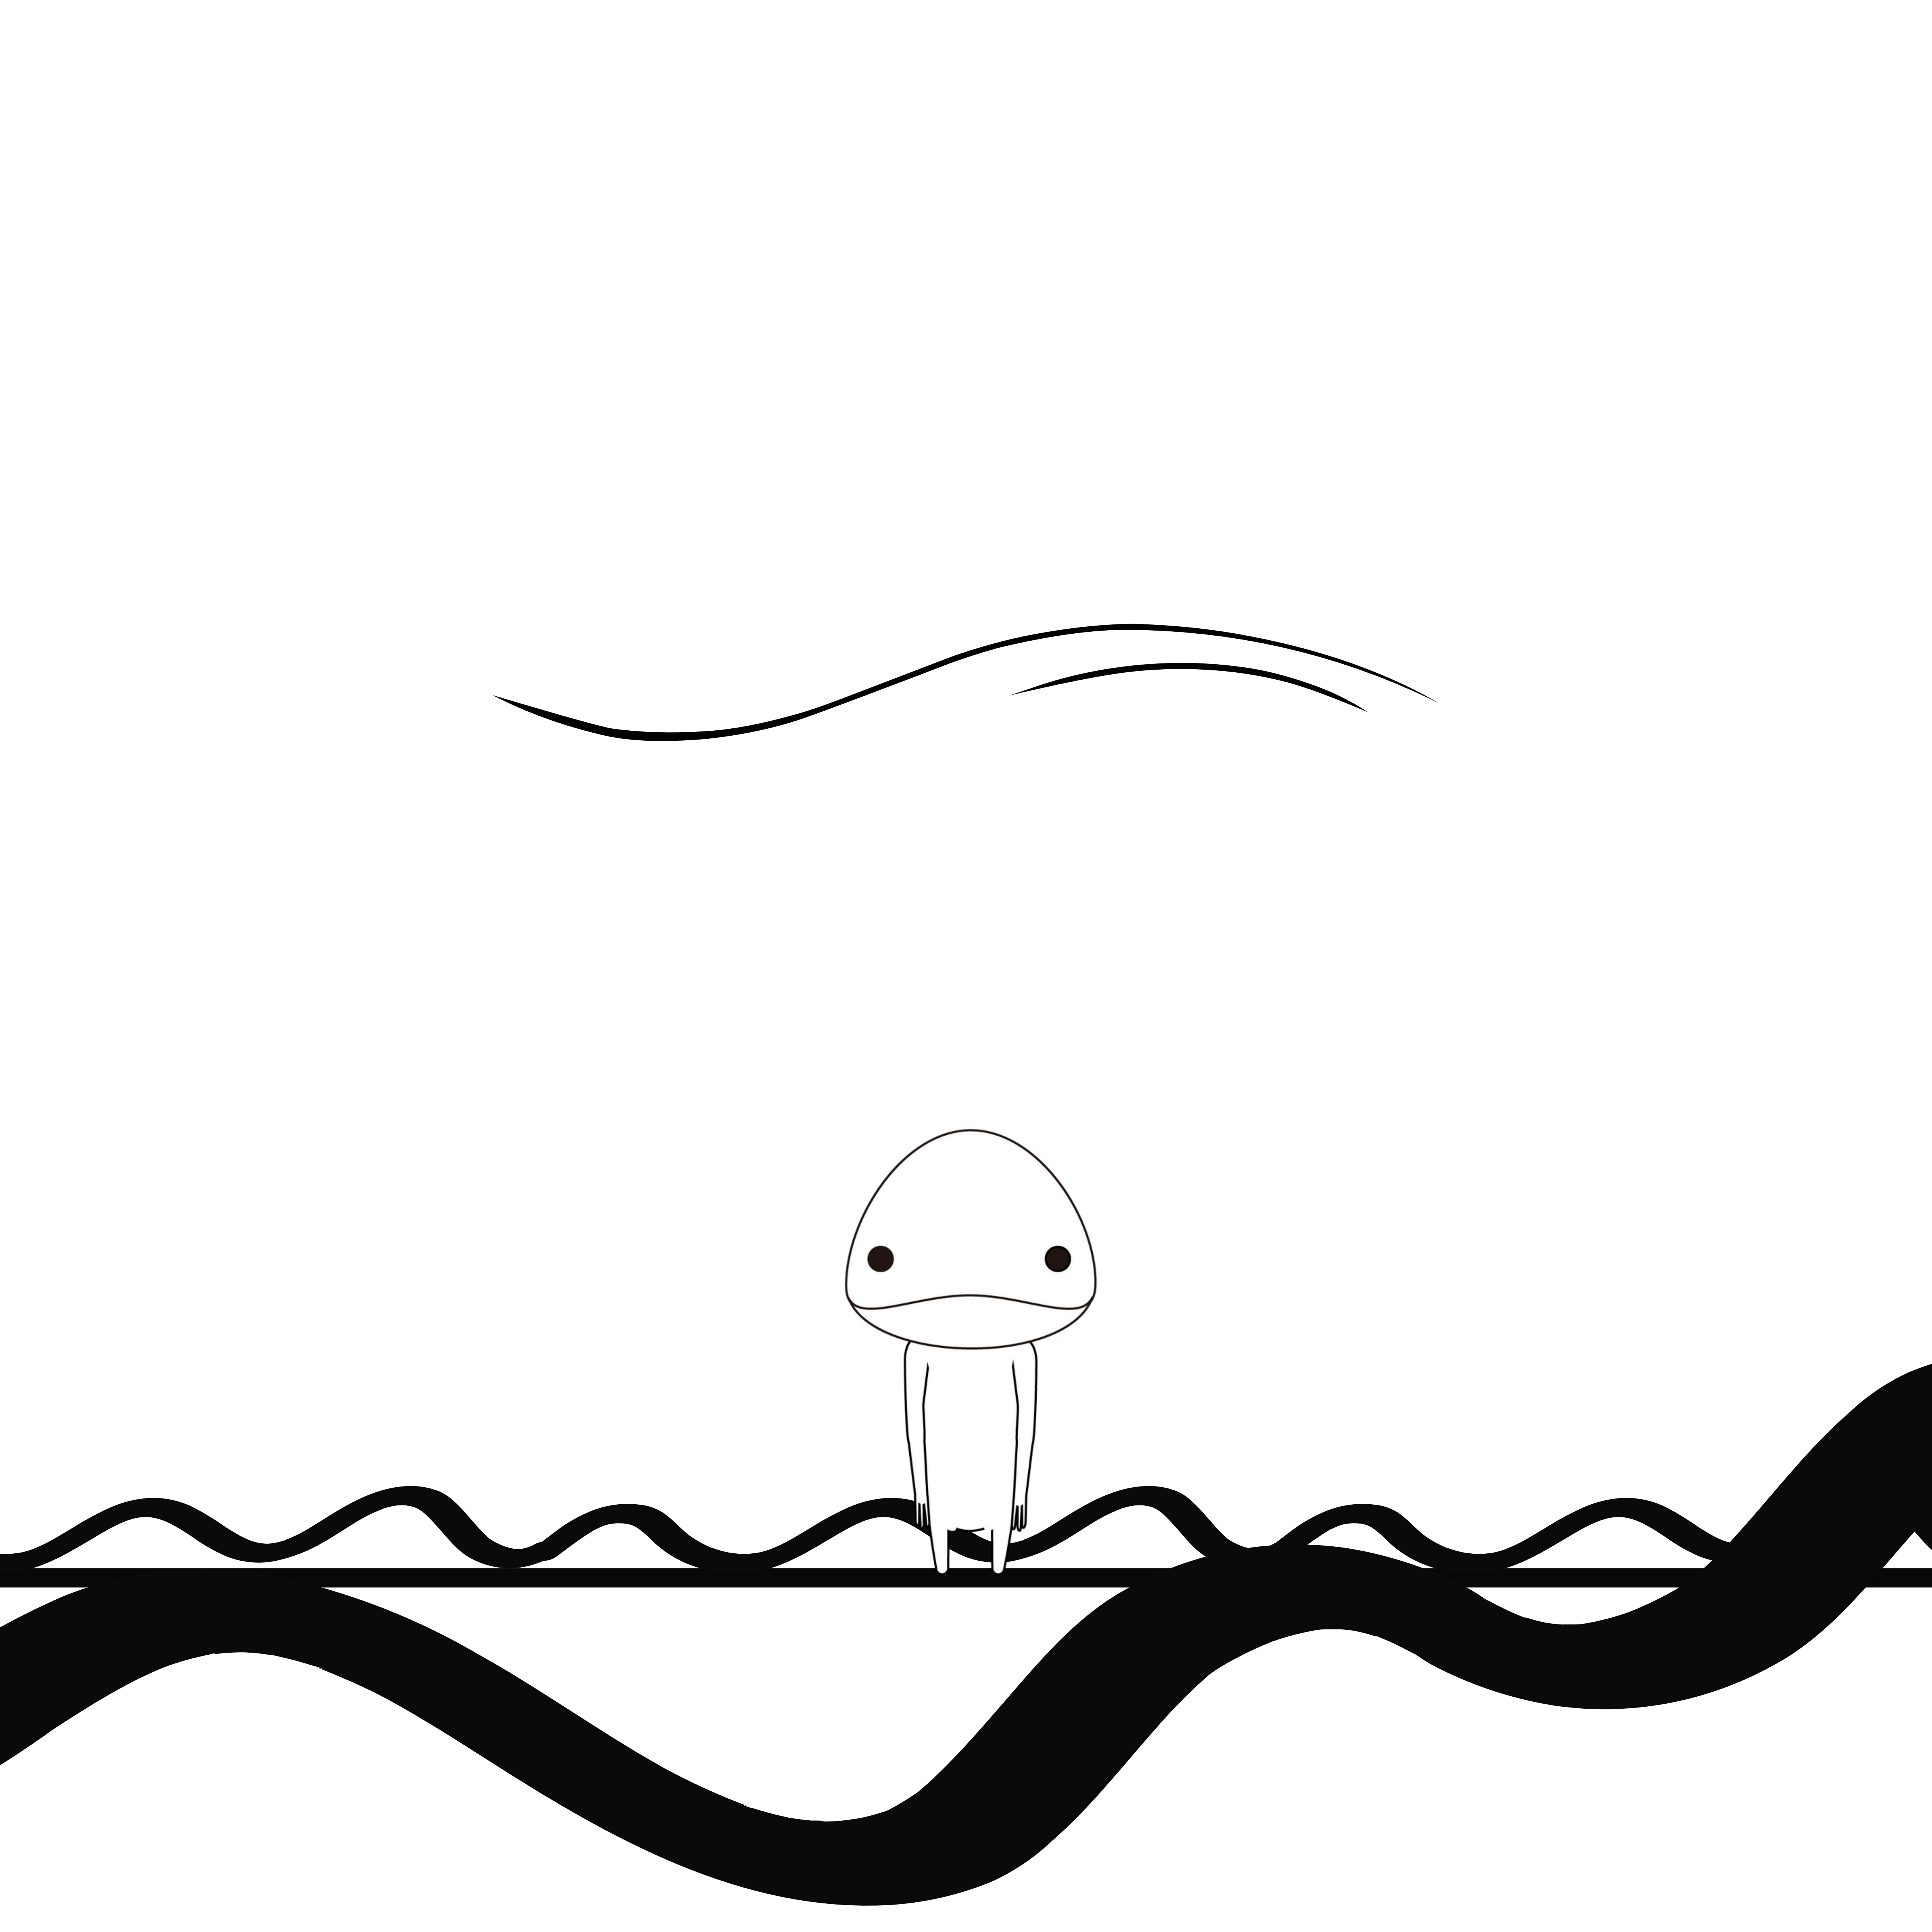

You can hear the heartbeat of life

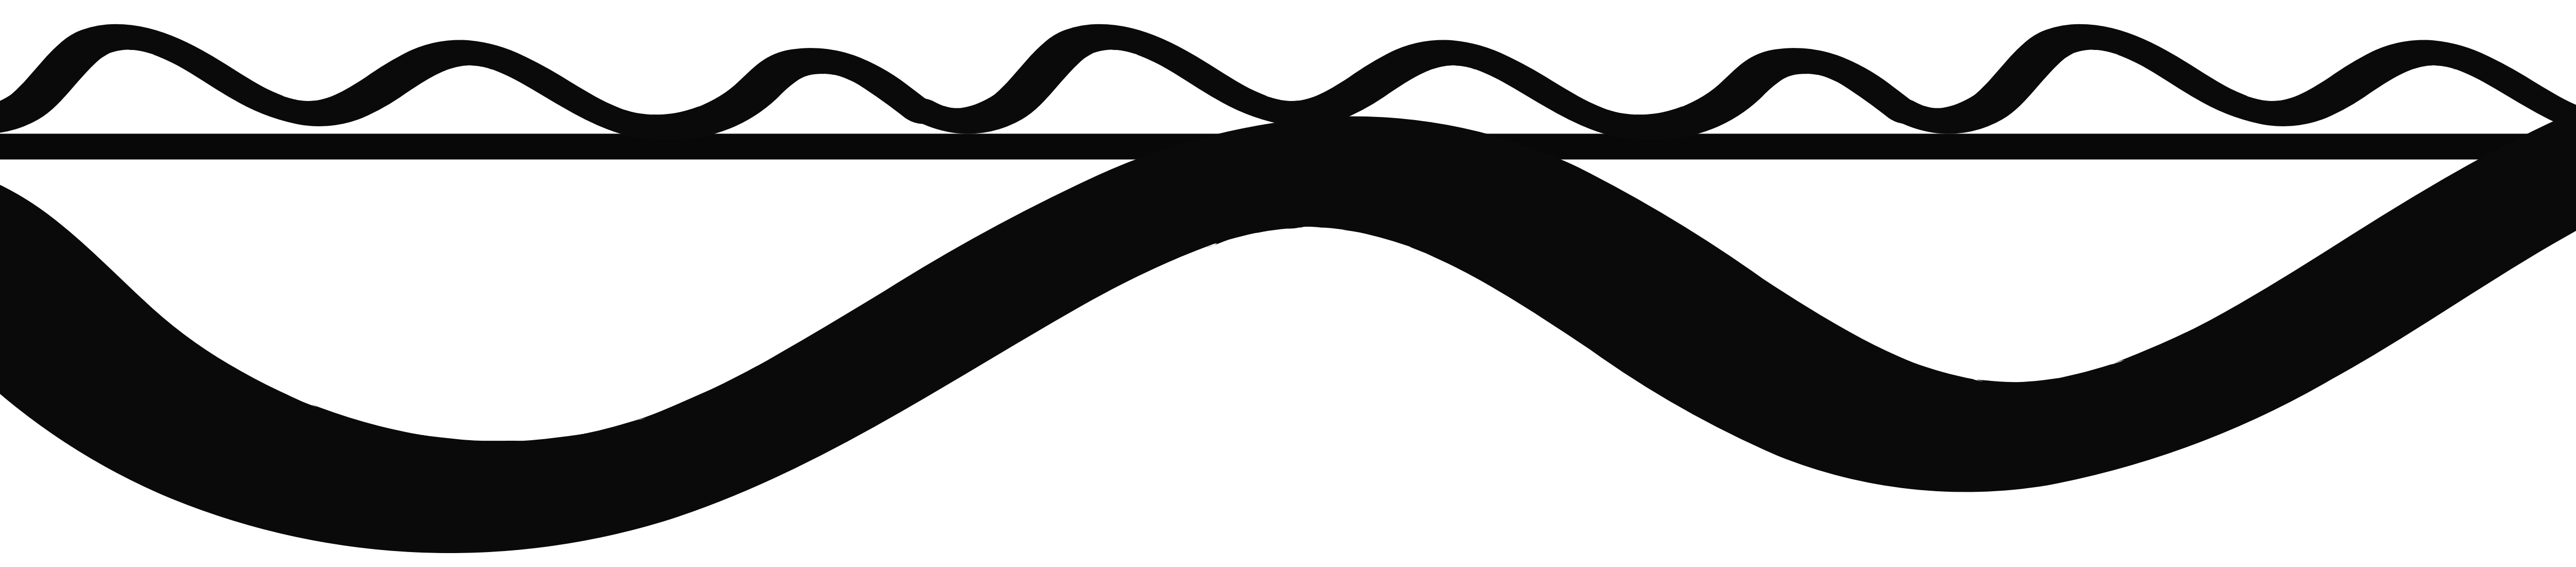

I wonder, where did the earth come from?

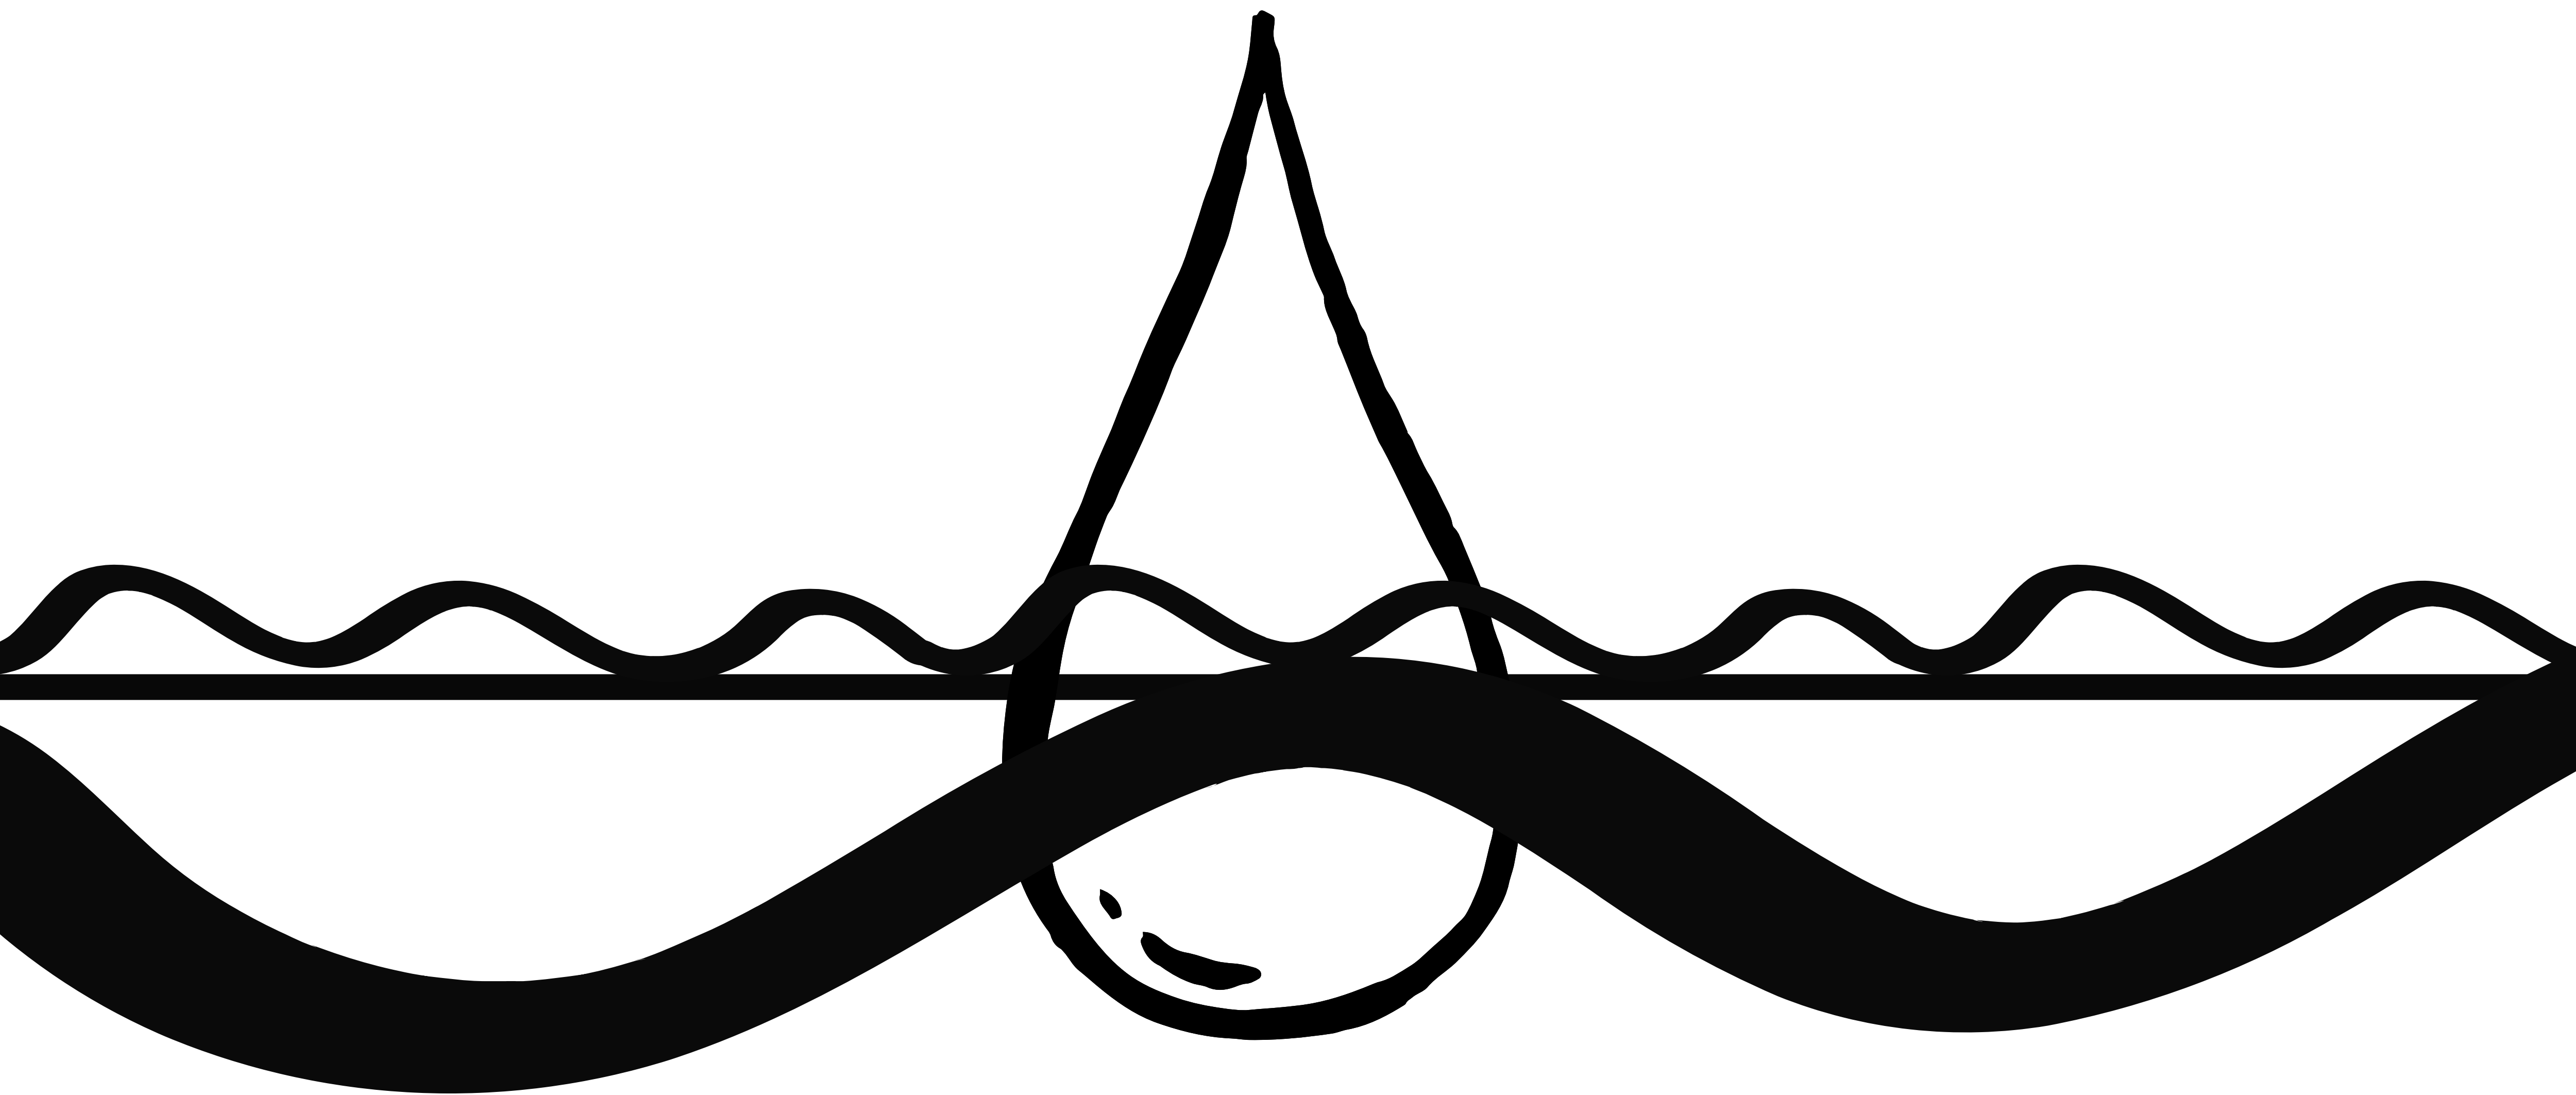

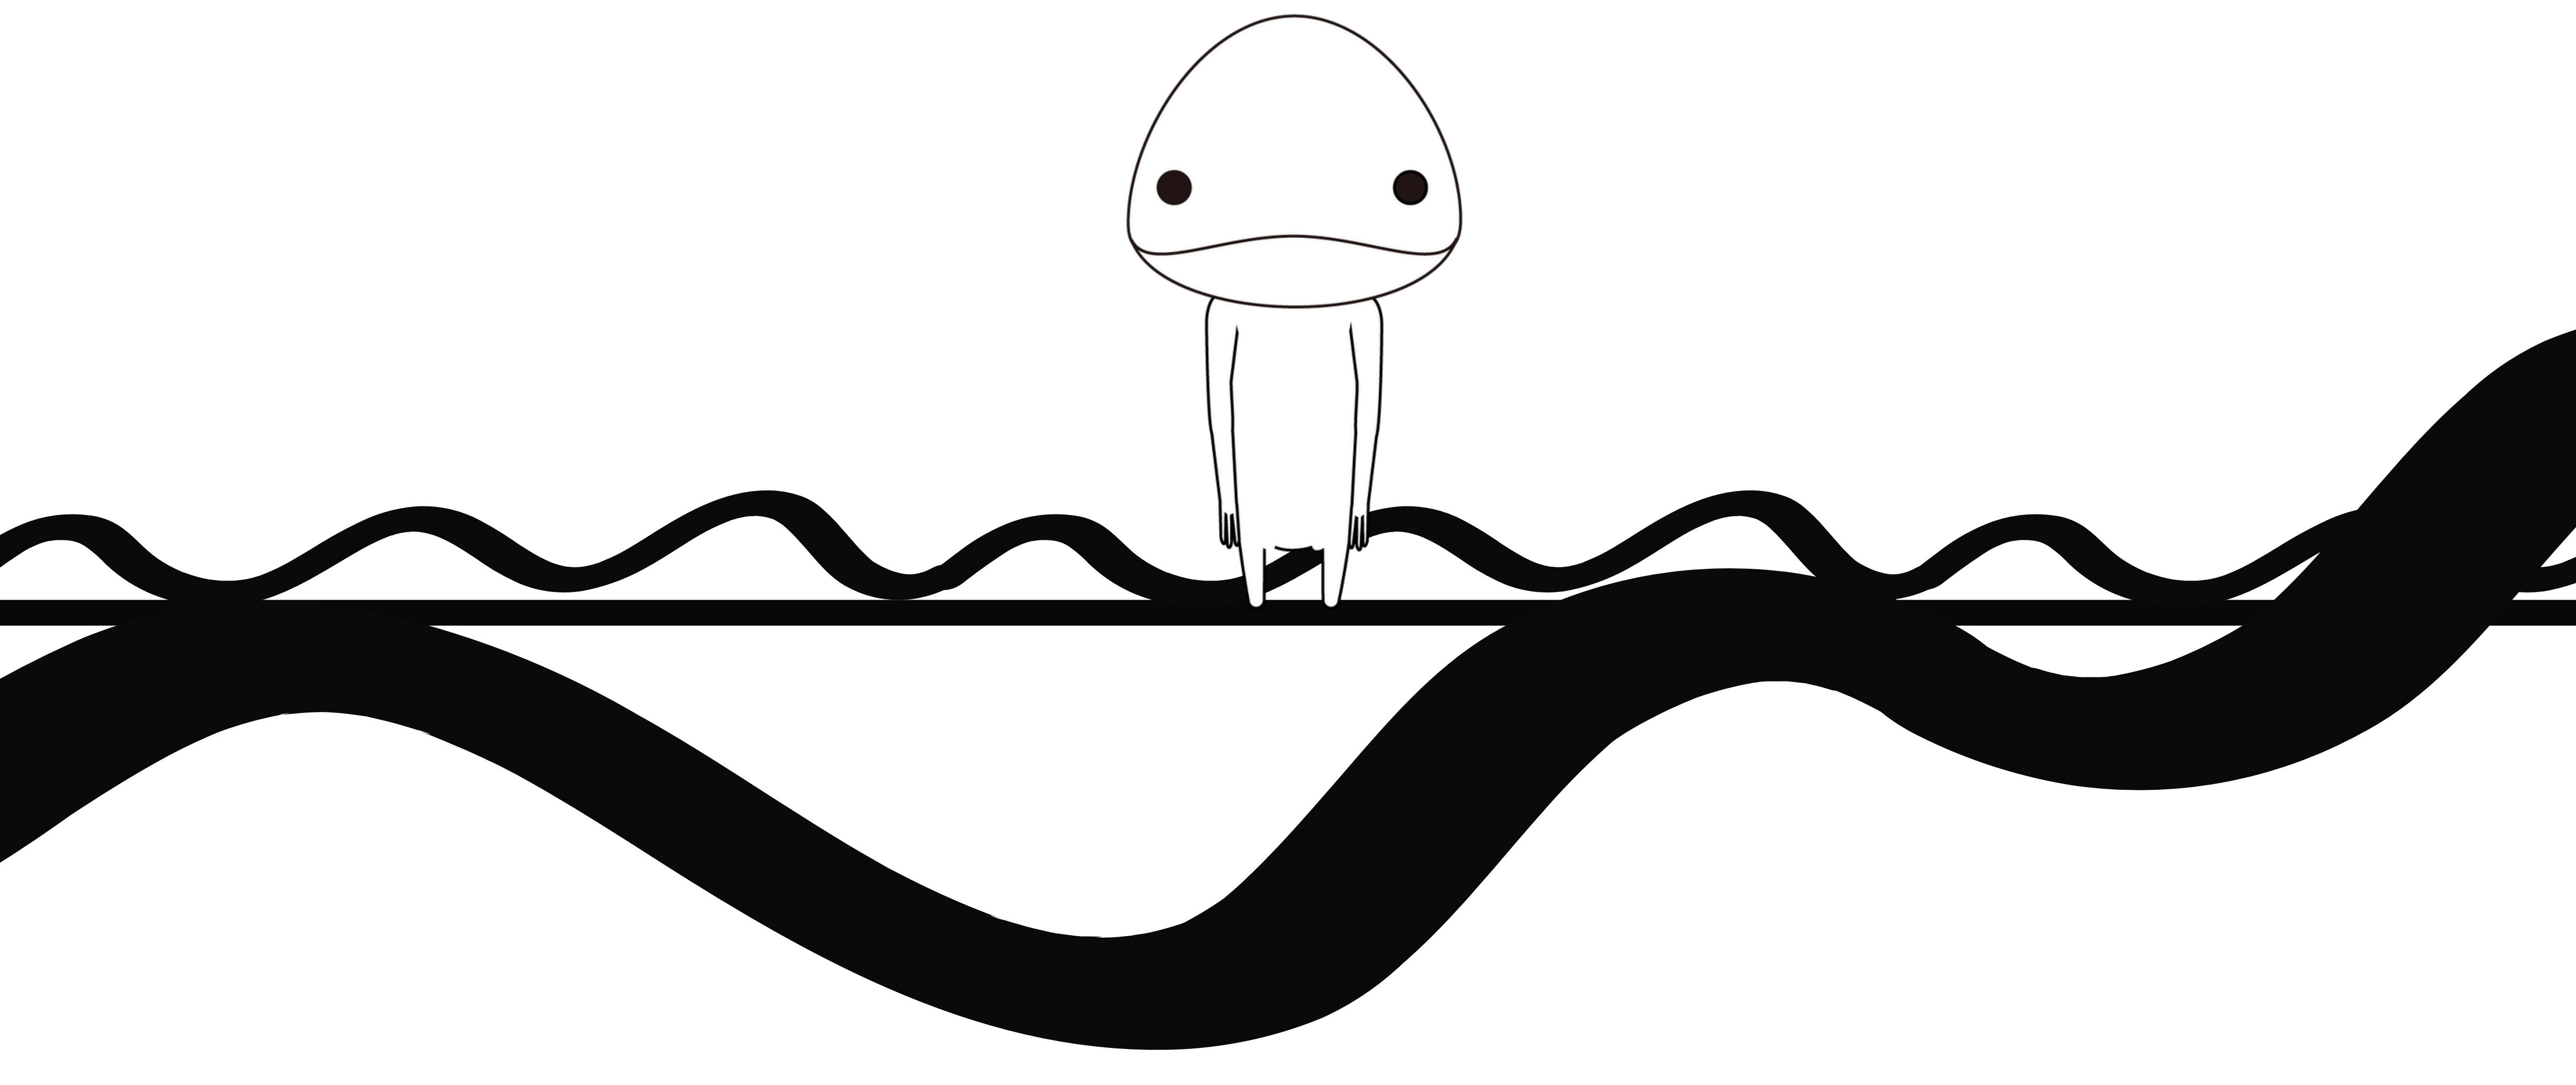

Protected, carried by the wind

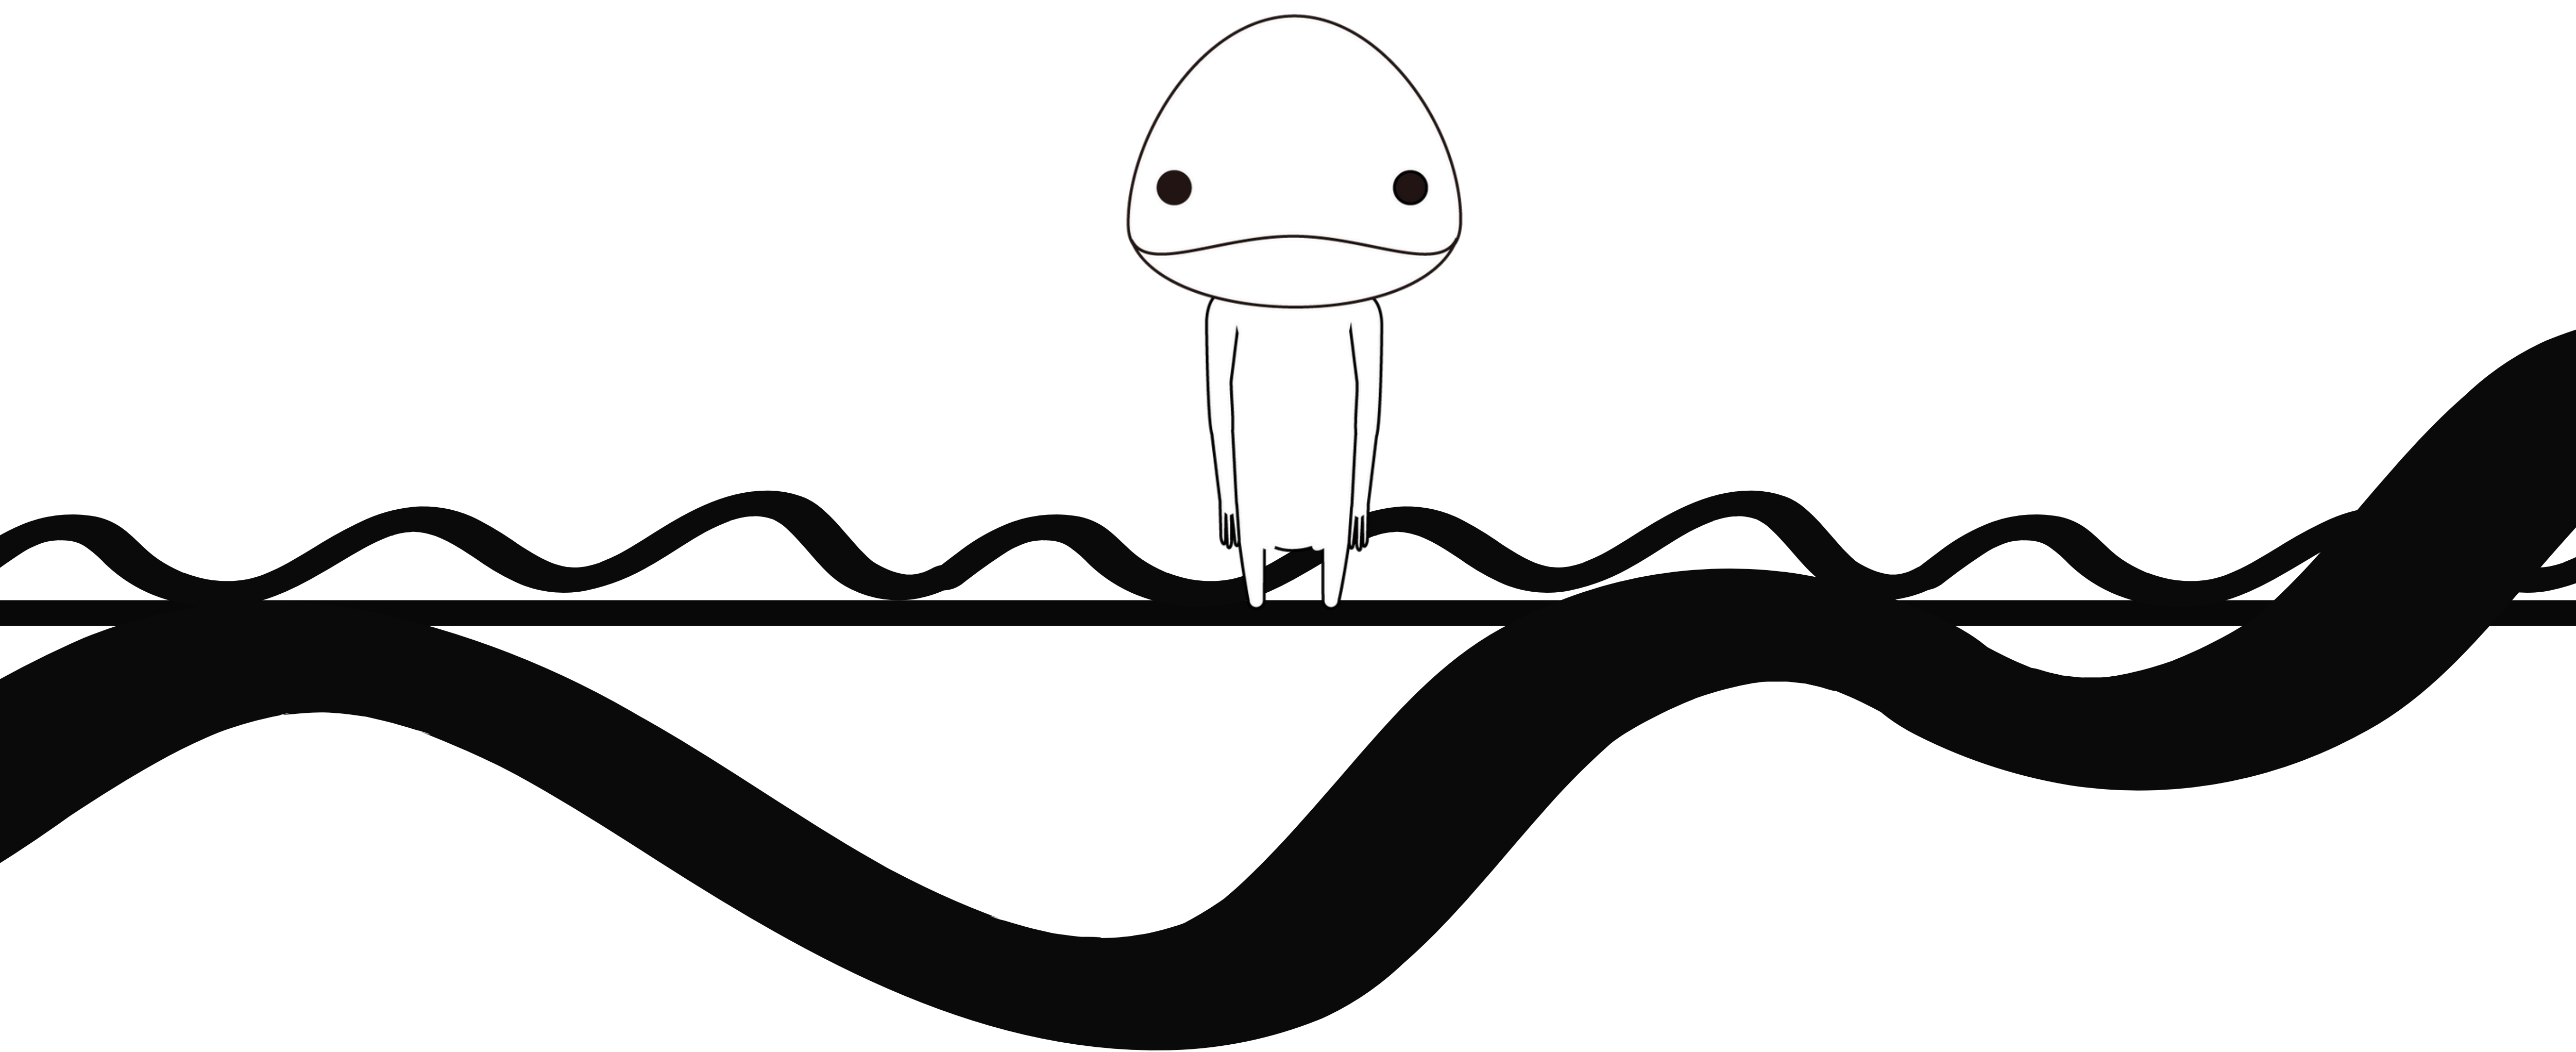

Living together with the water

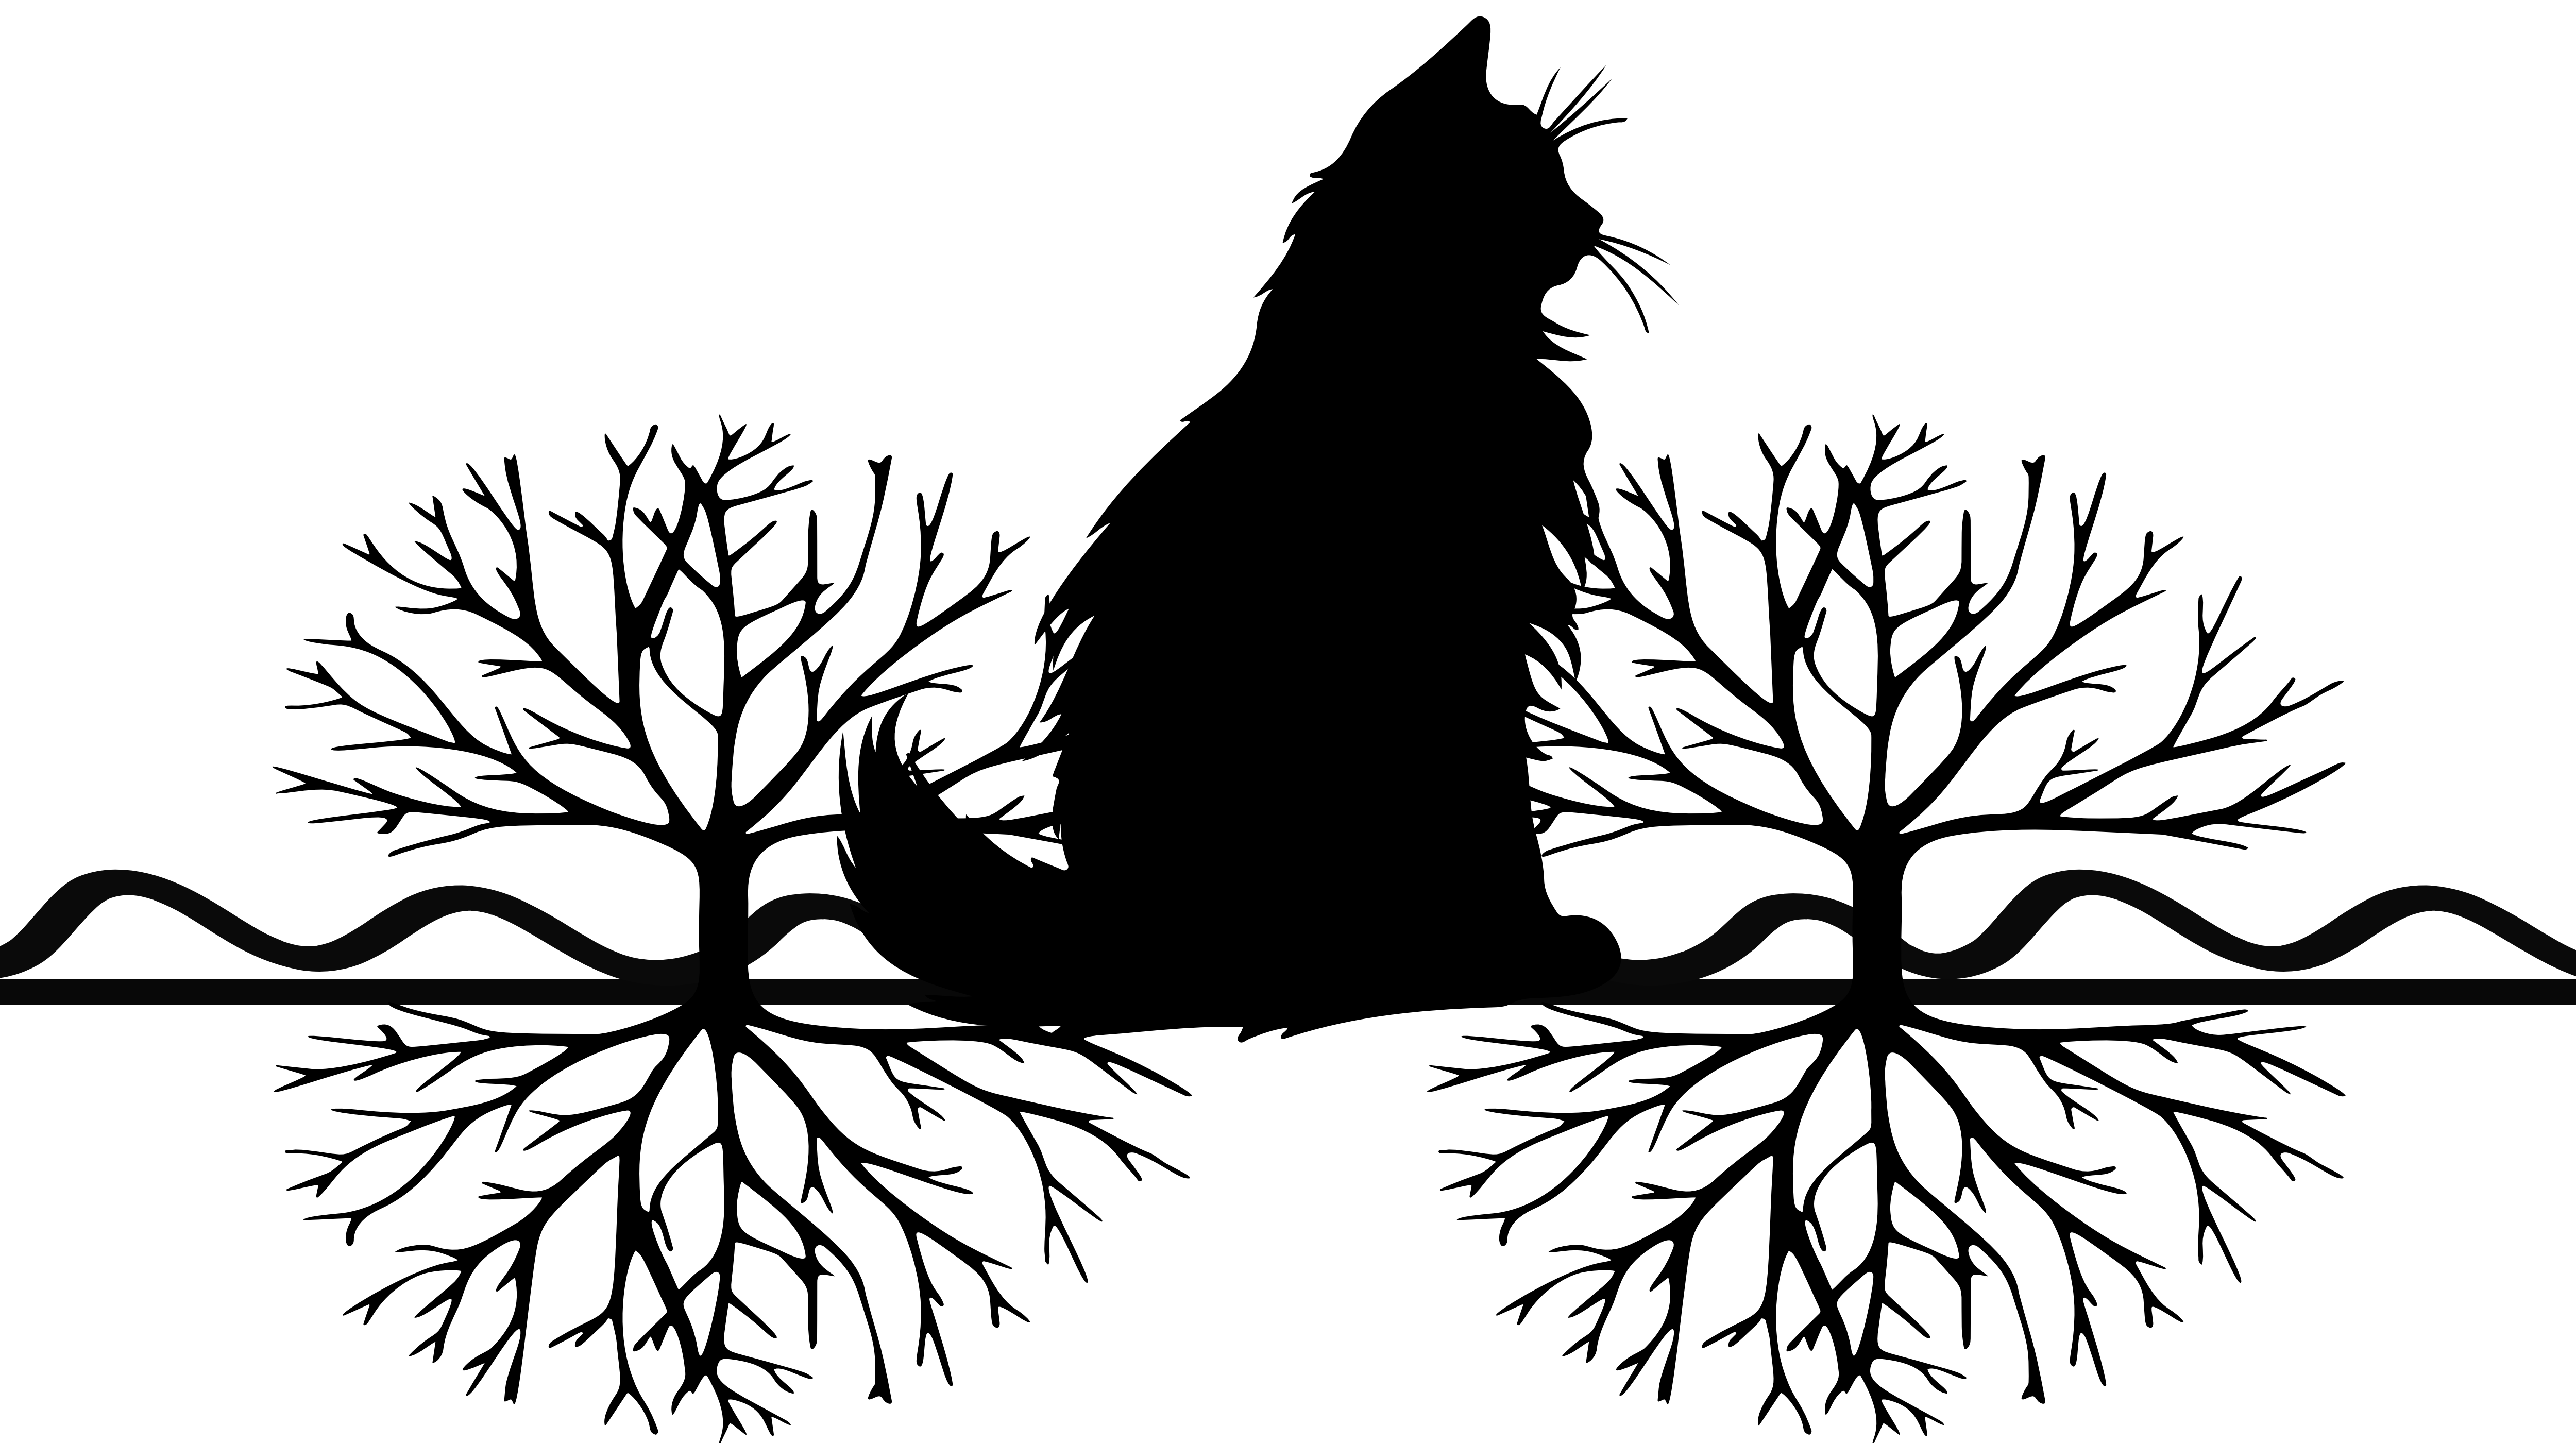

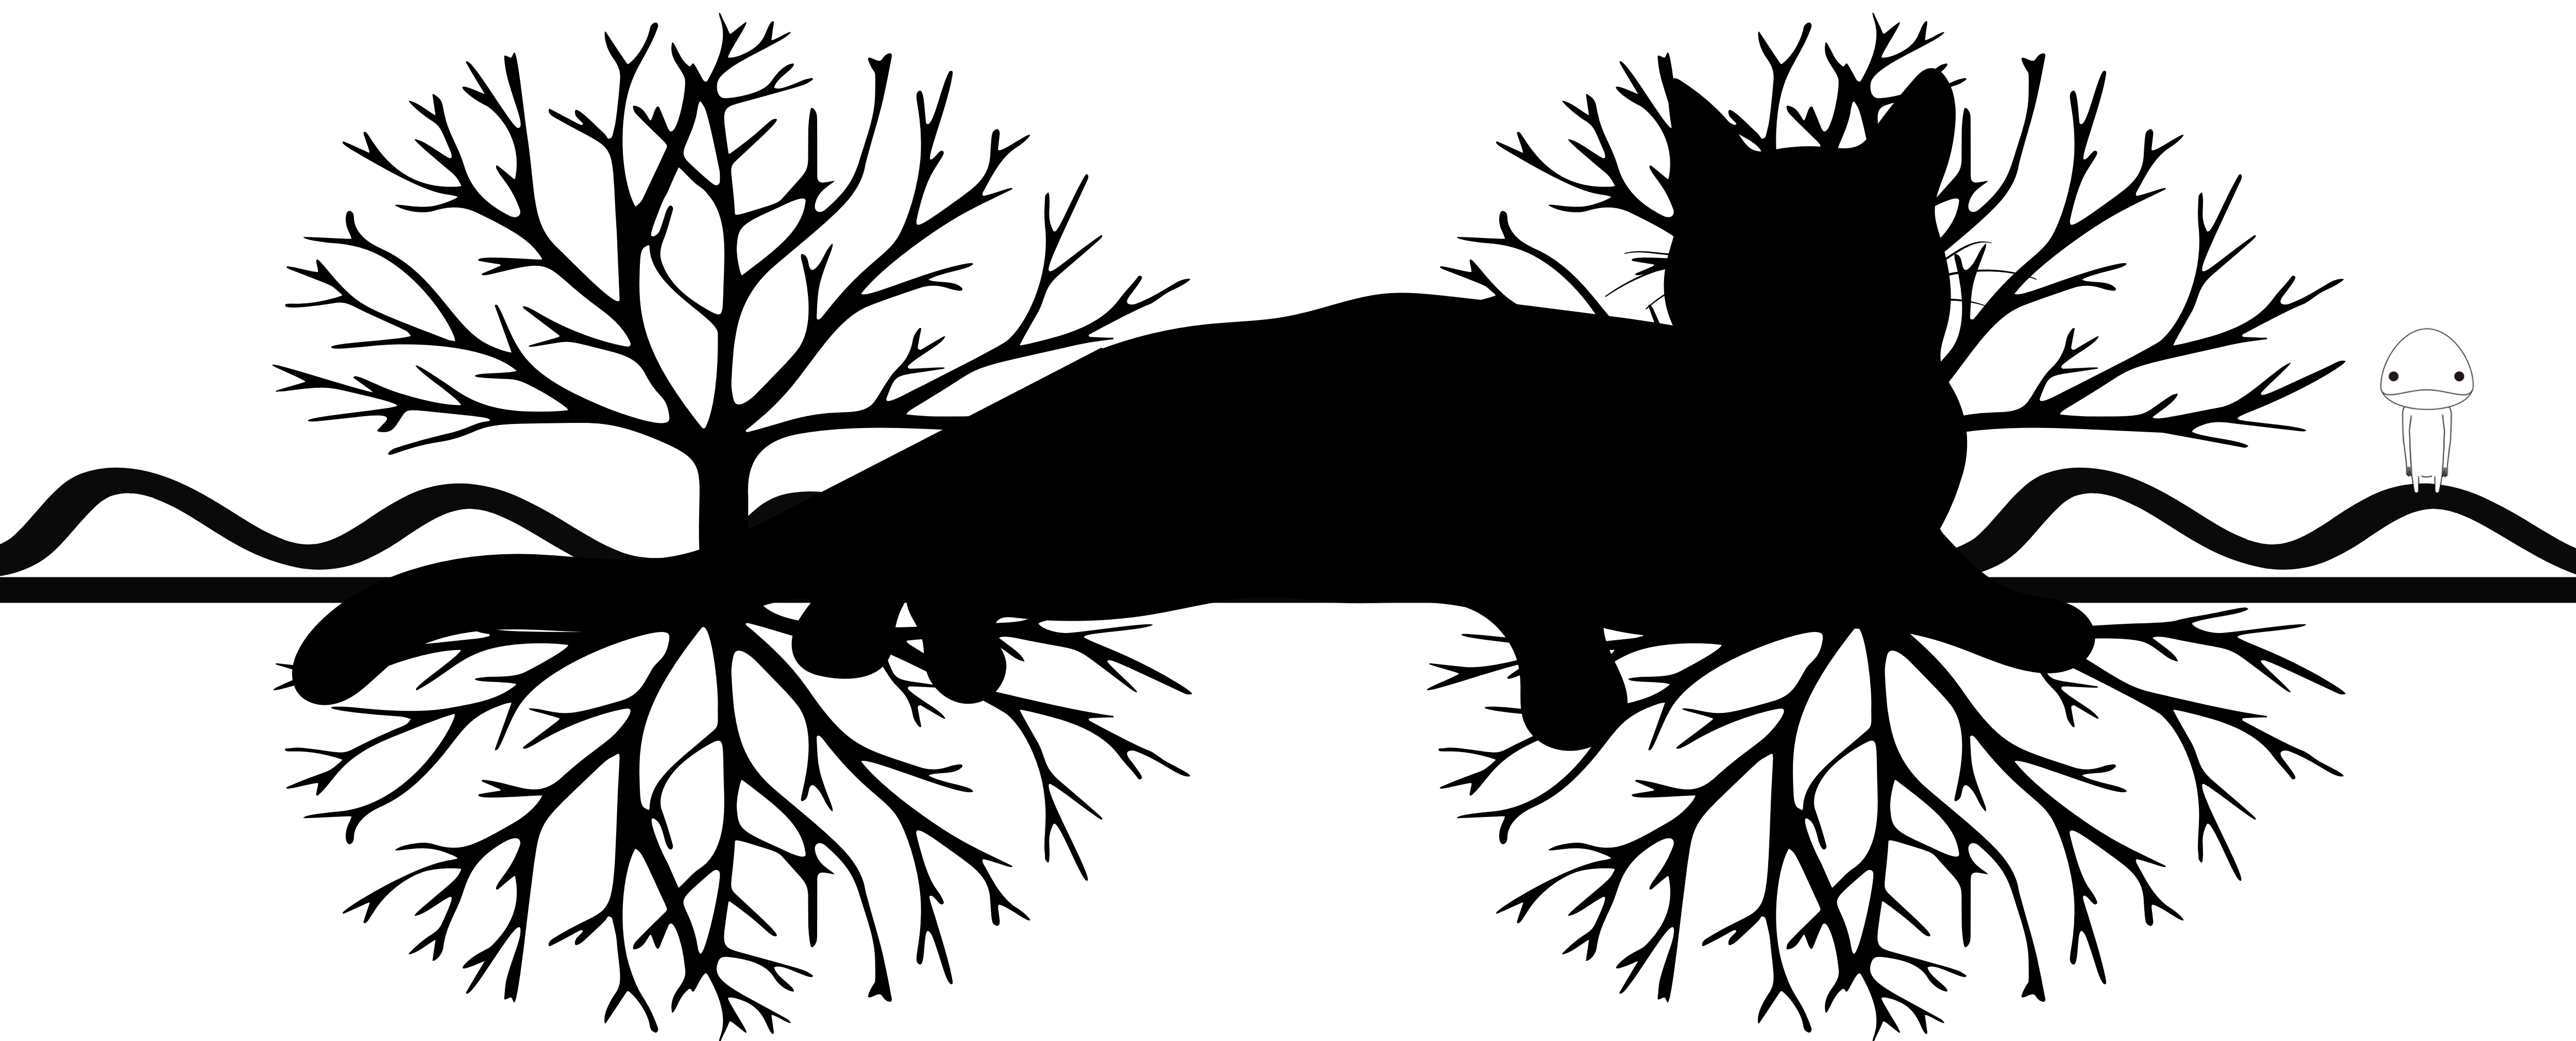

Sustaining all life, holding it close

The roots grow strong and tall

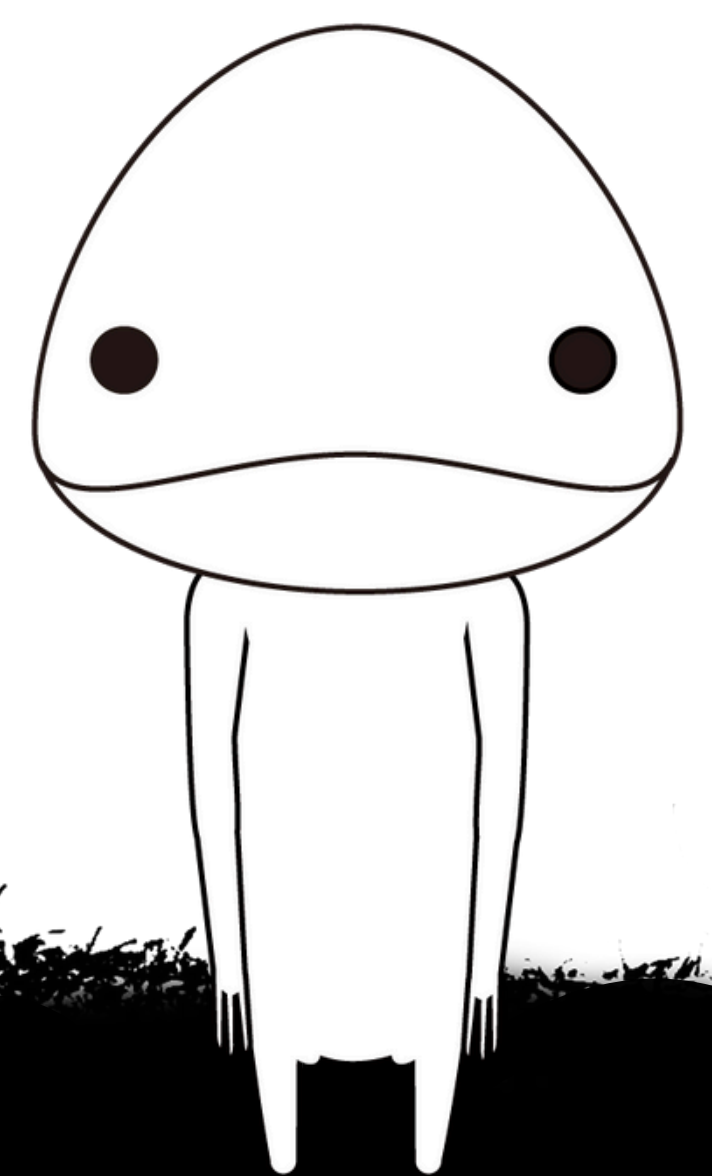

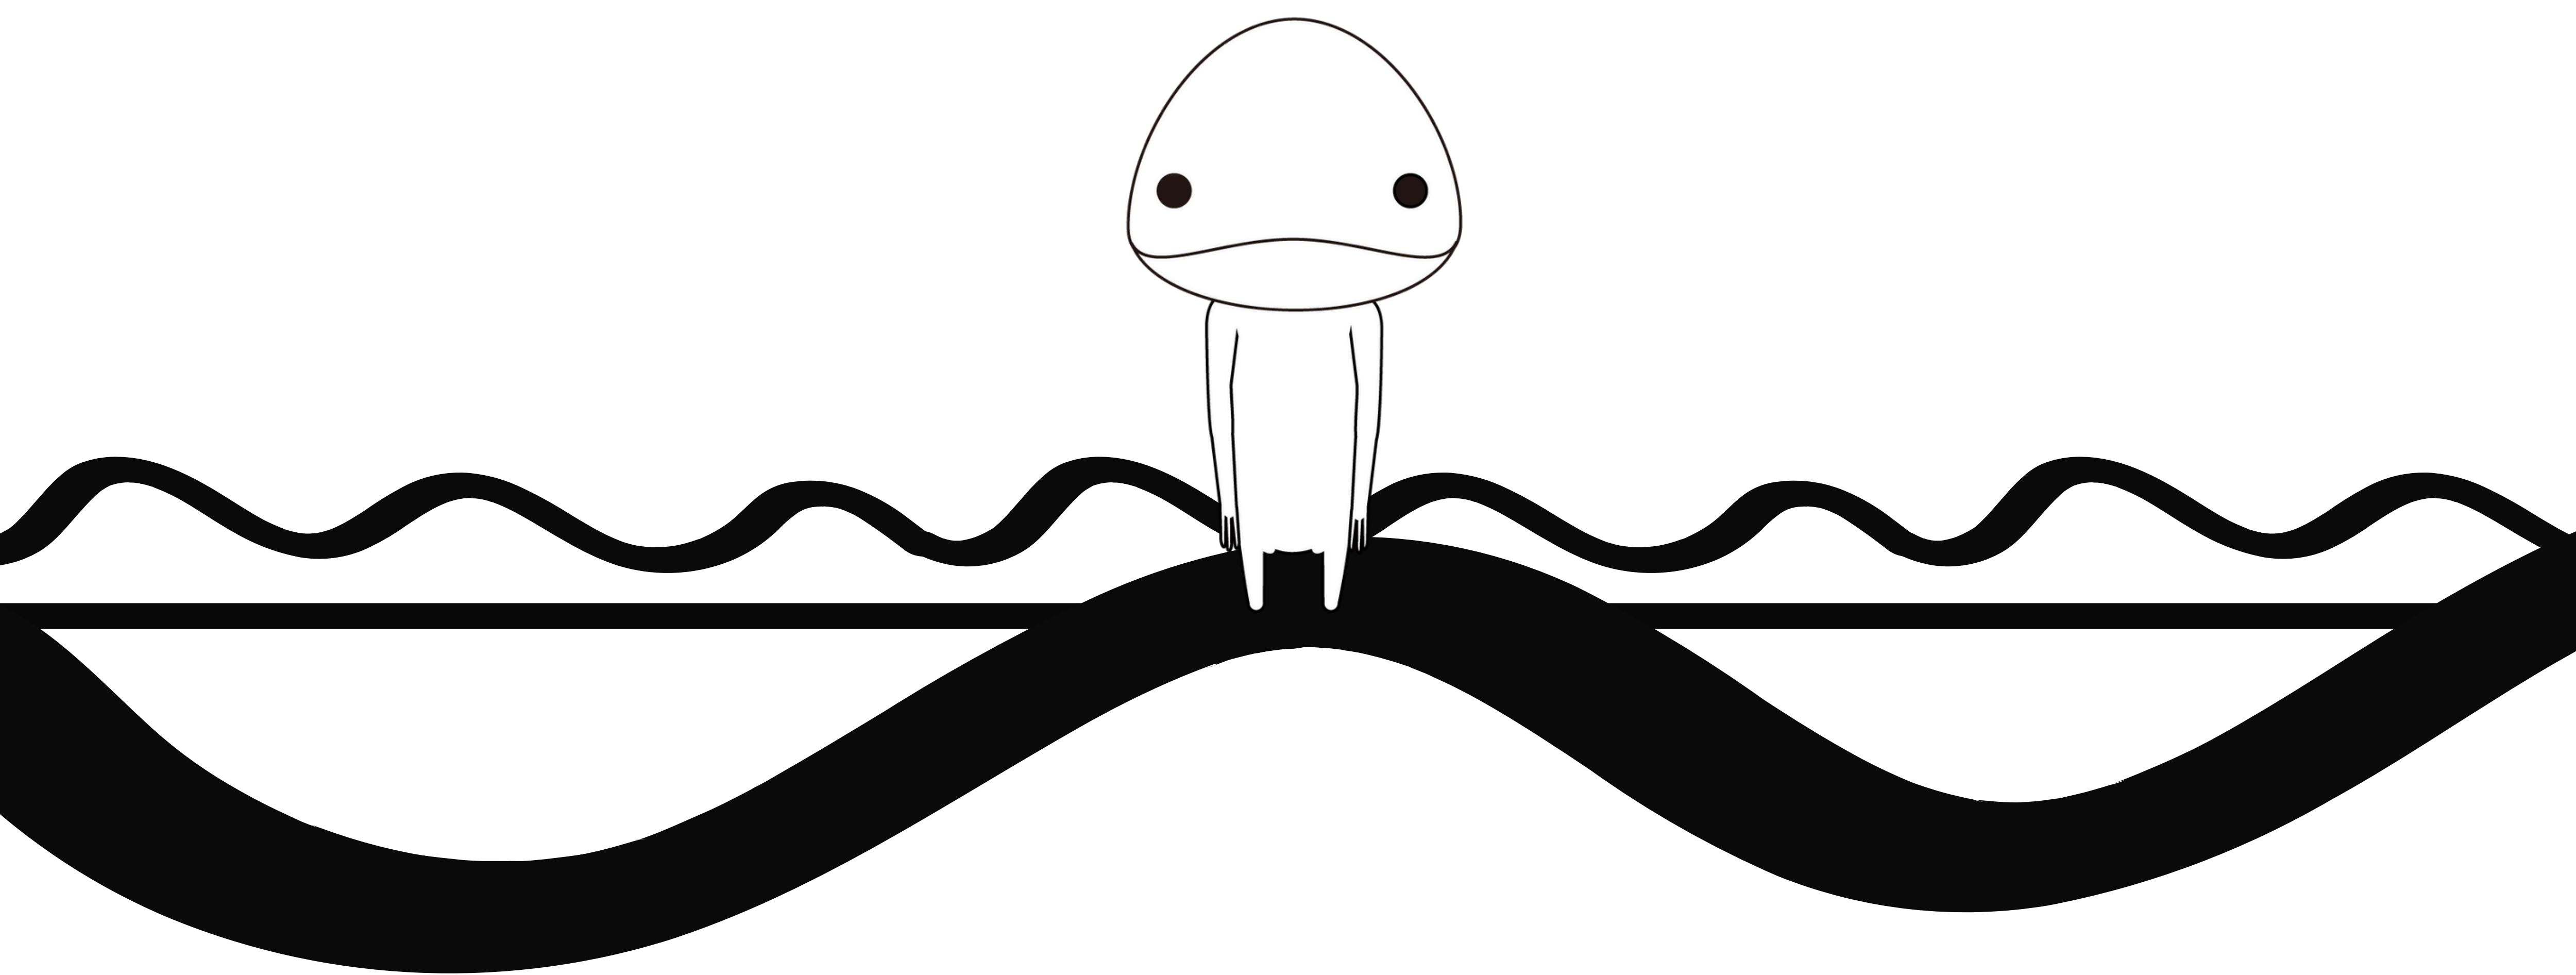

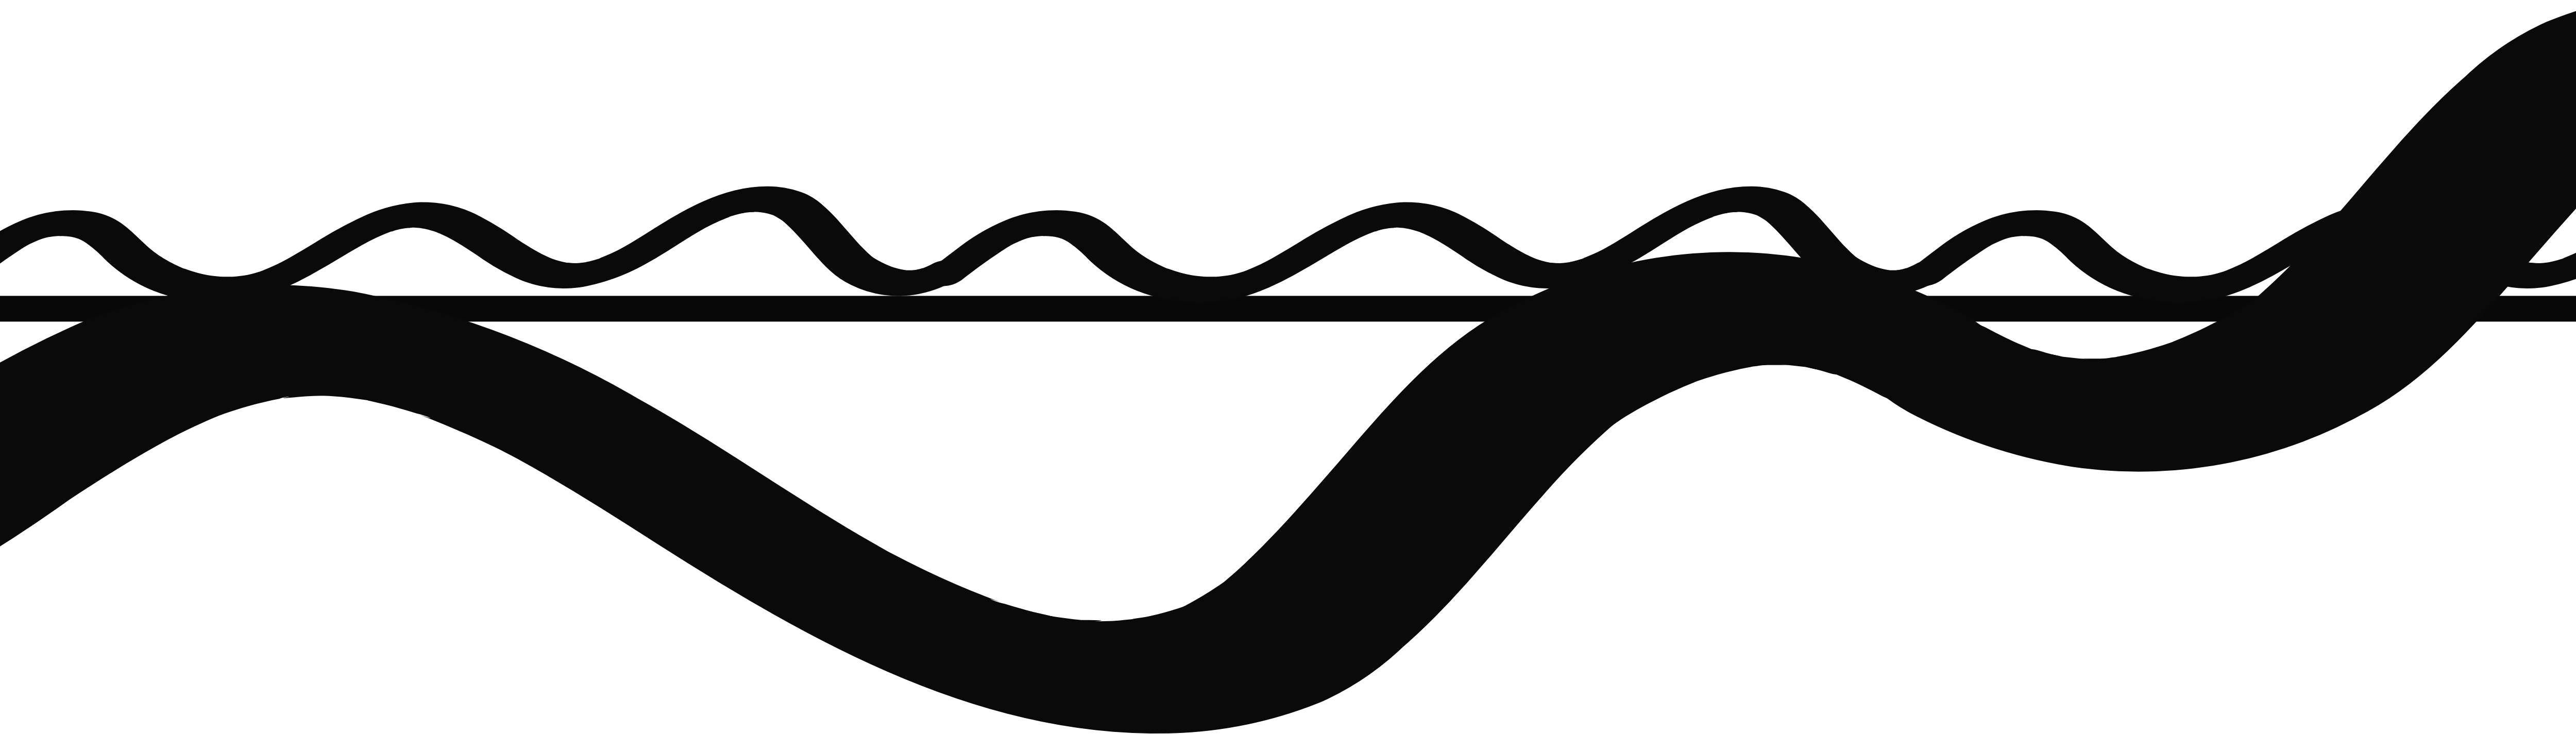

A great forest rises tall and proud.

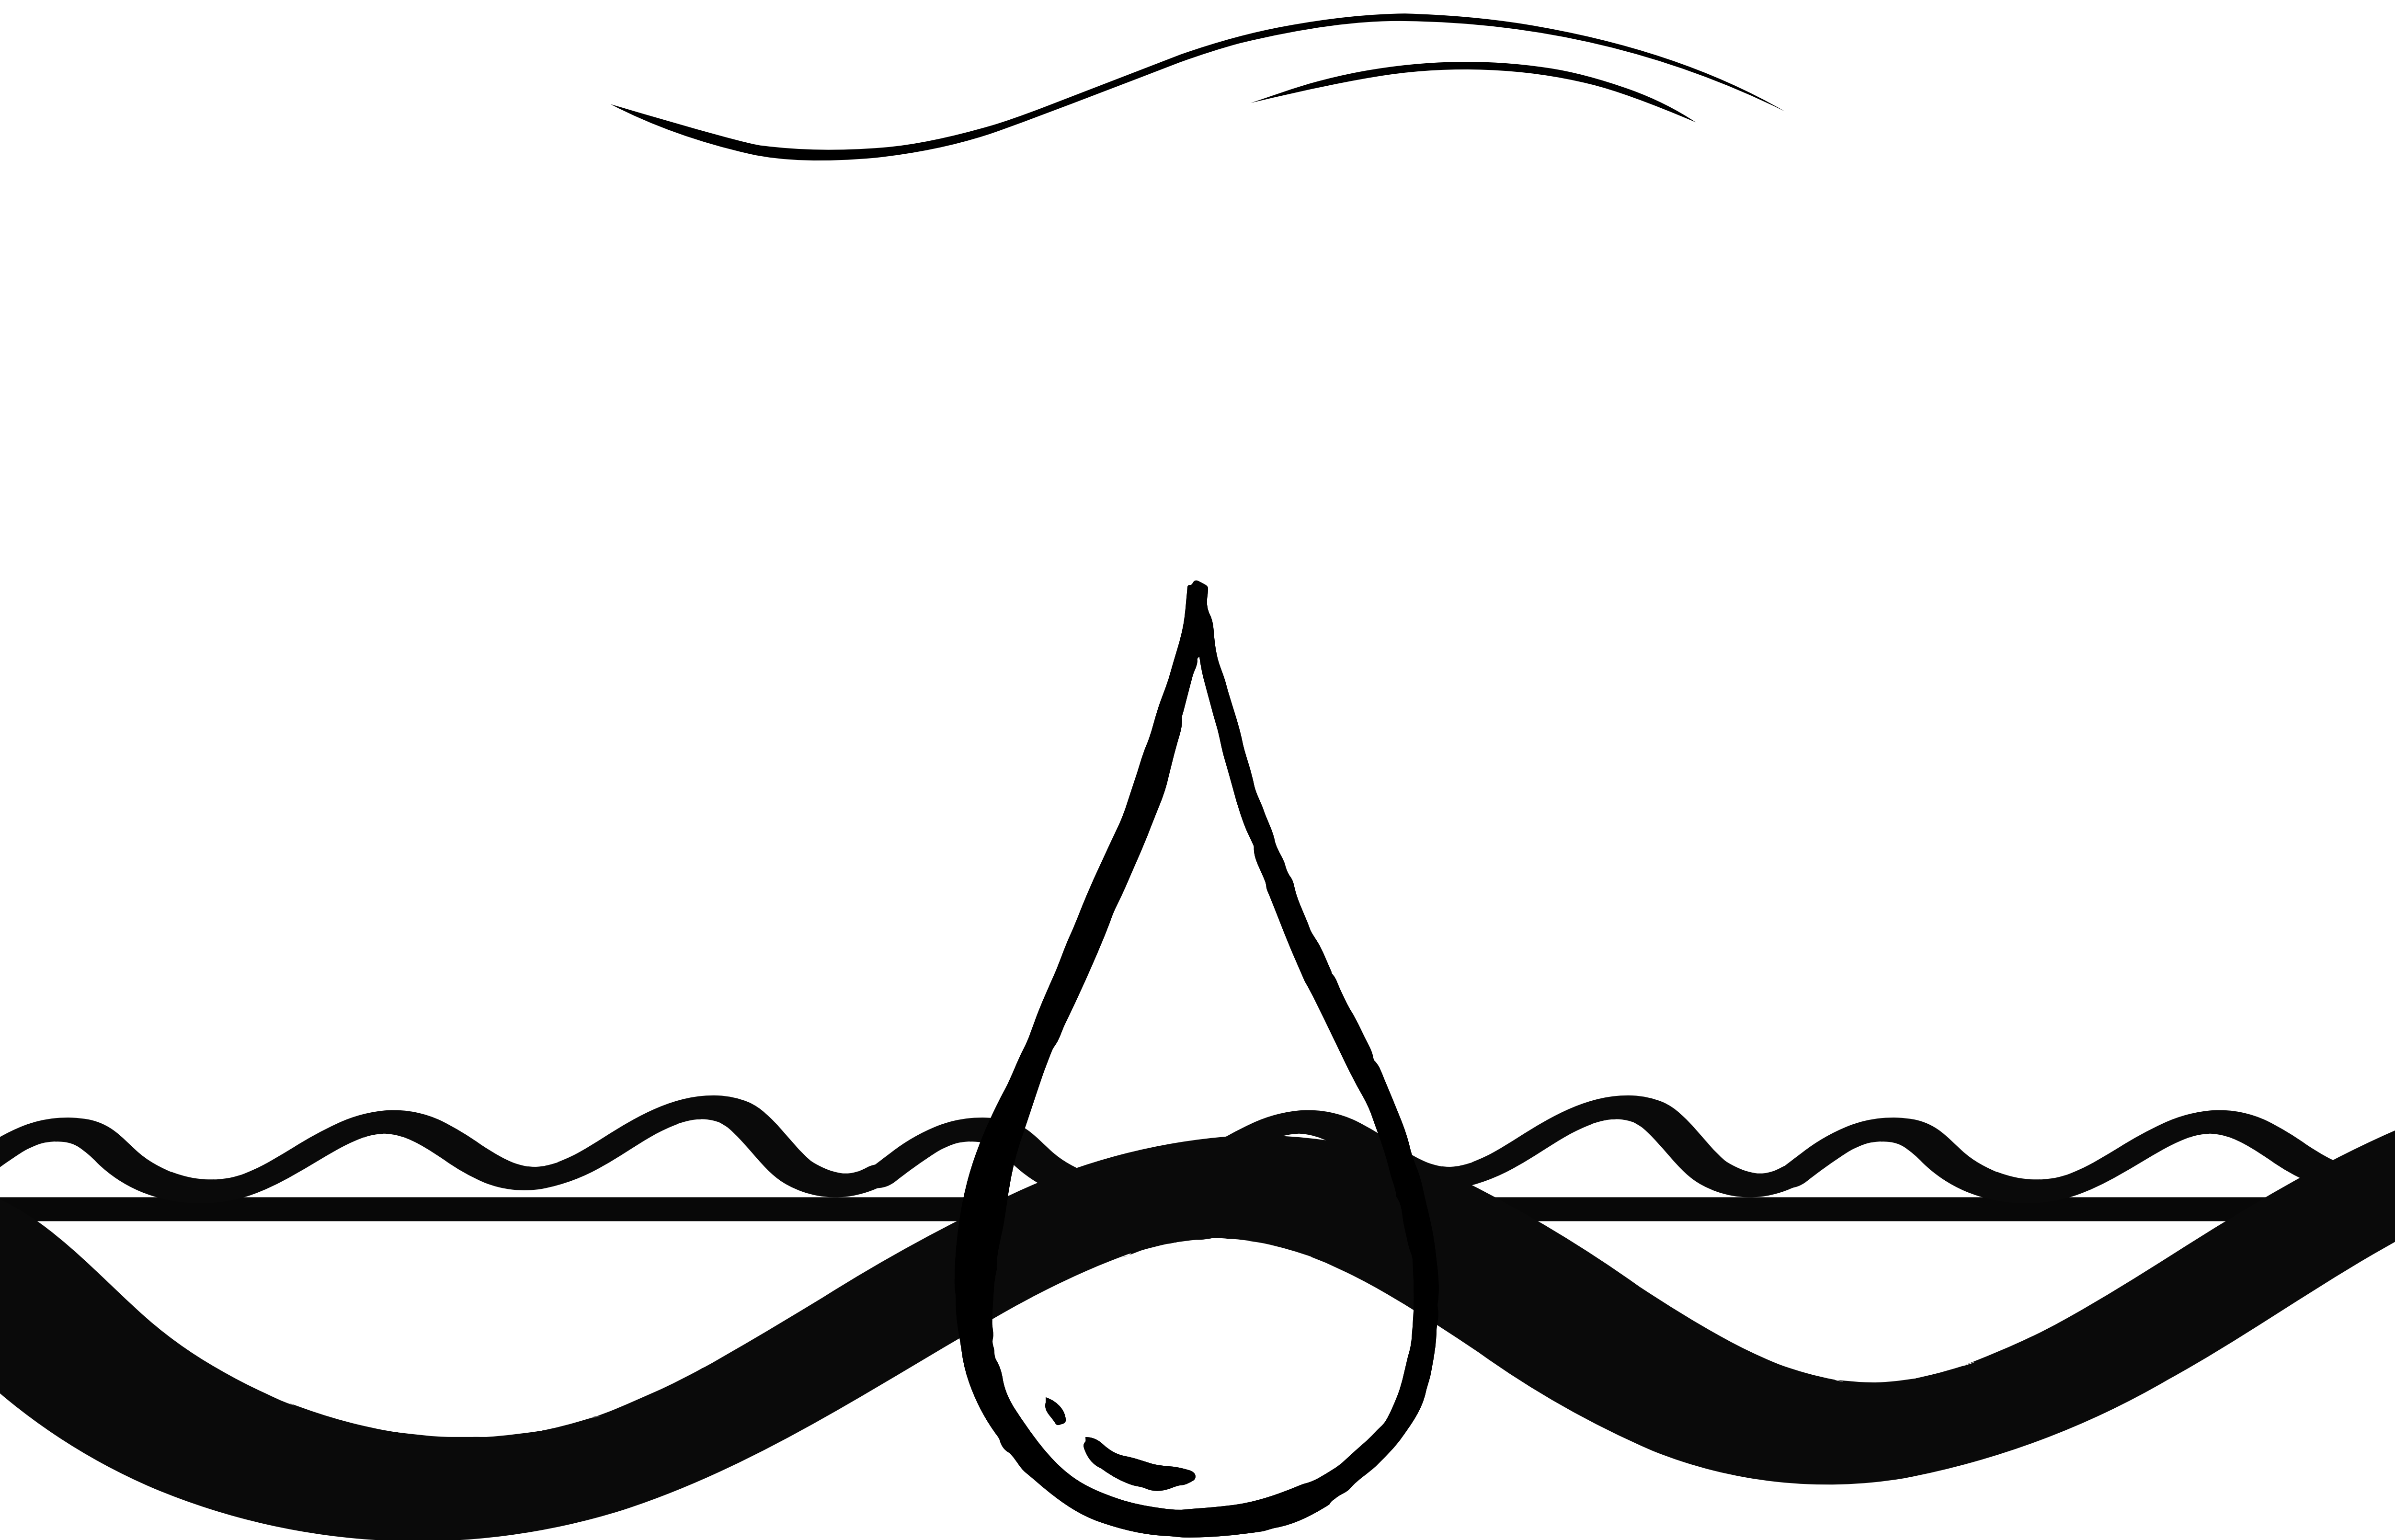

Hand in hand with the earth

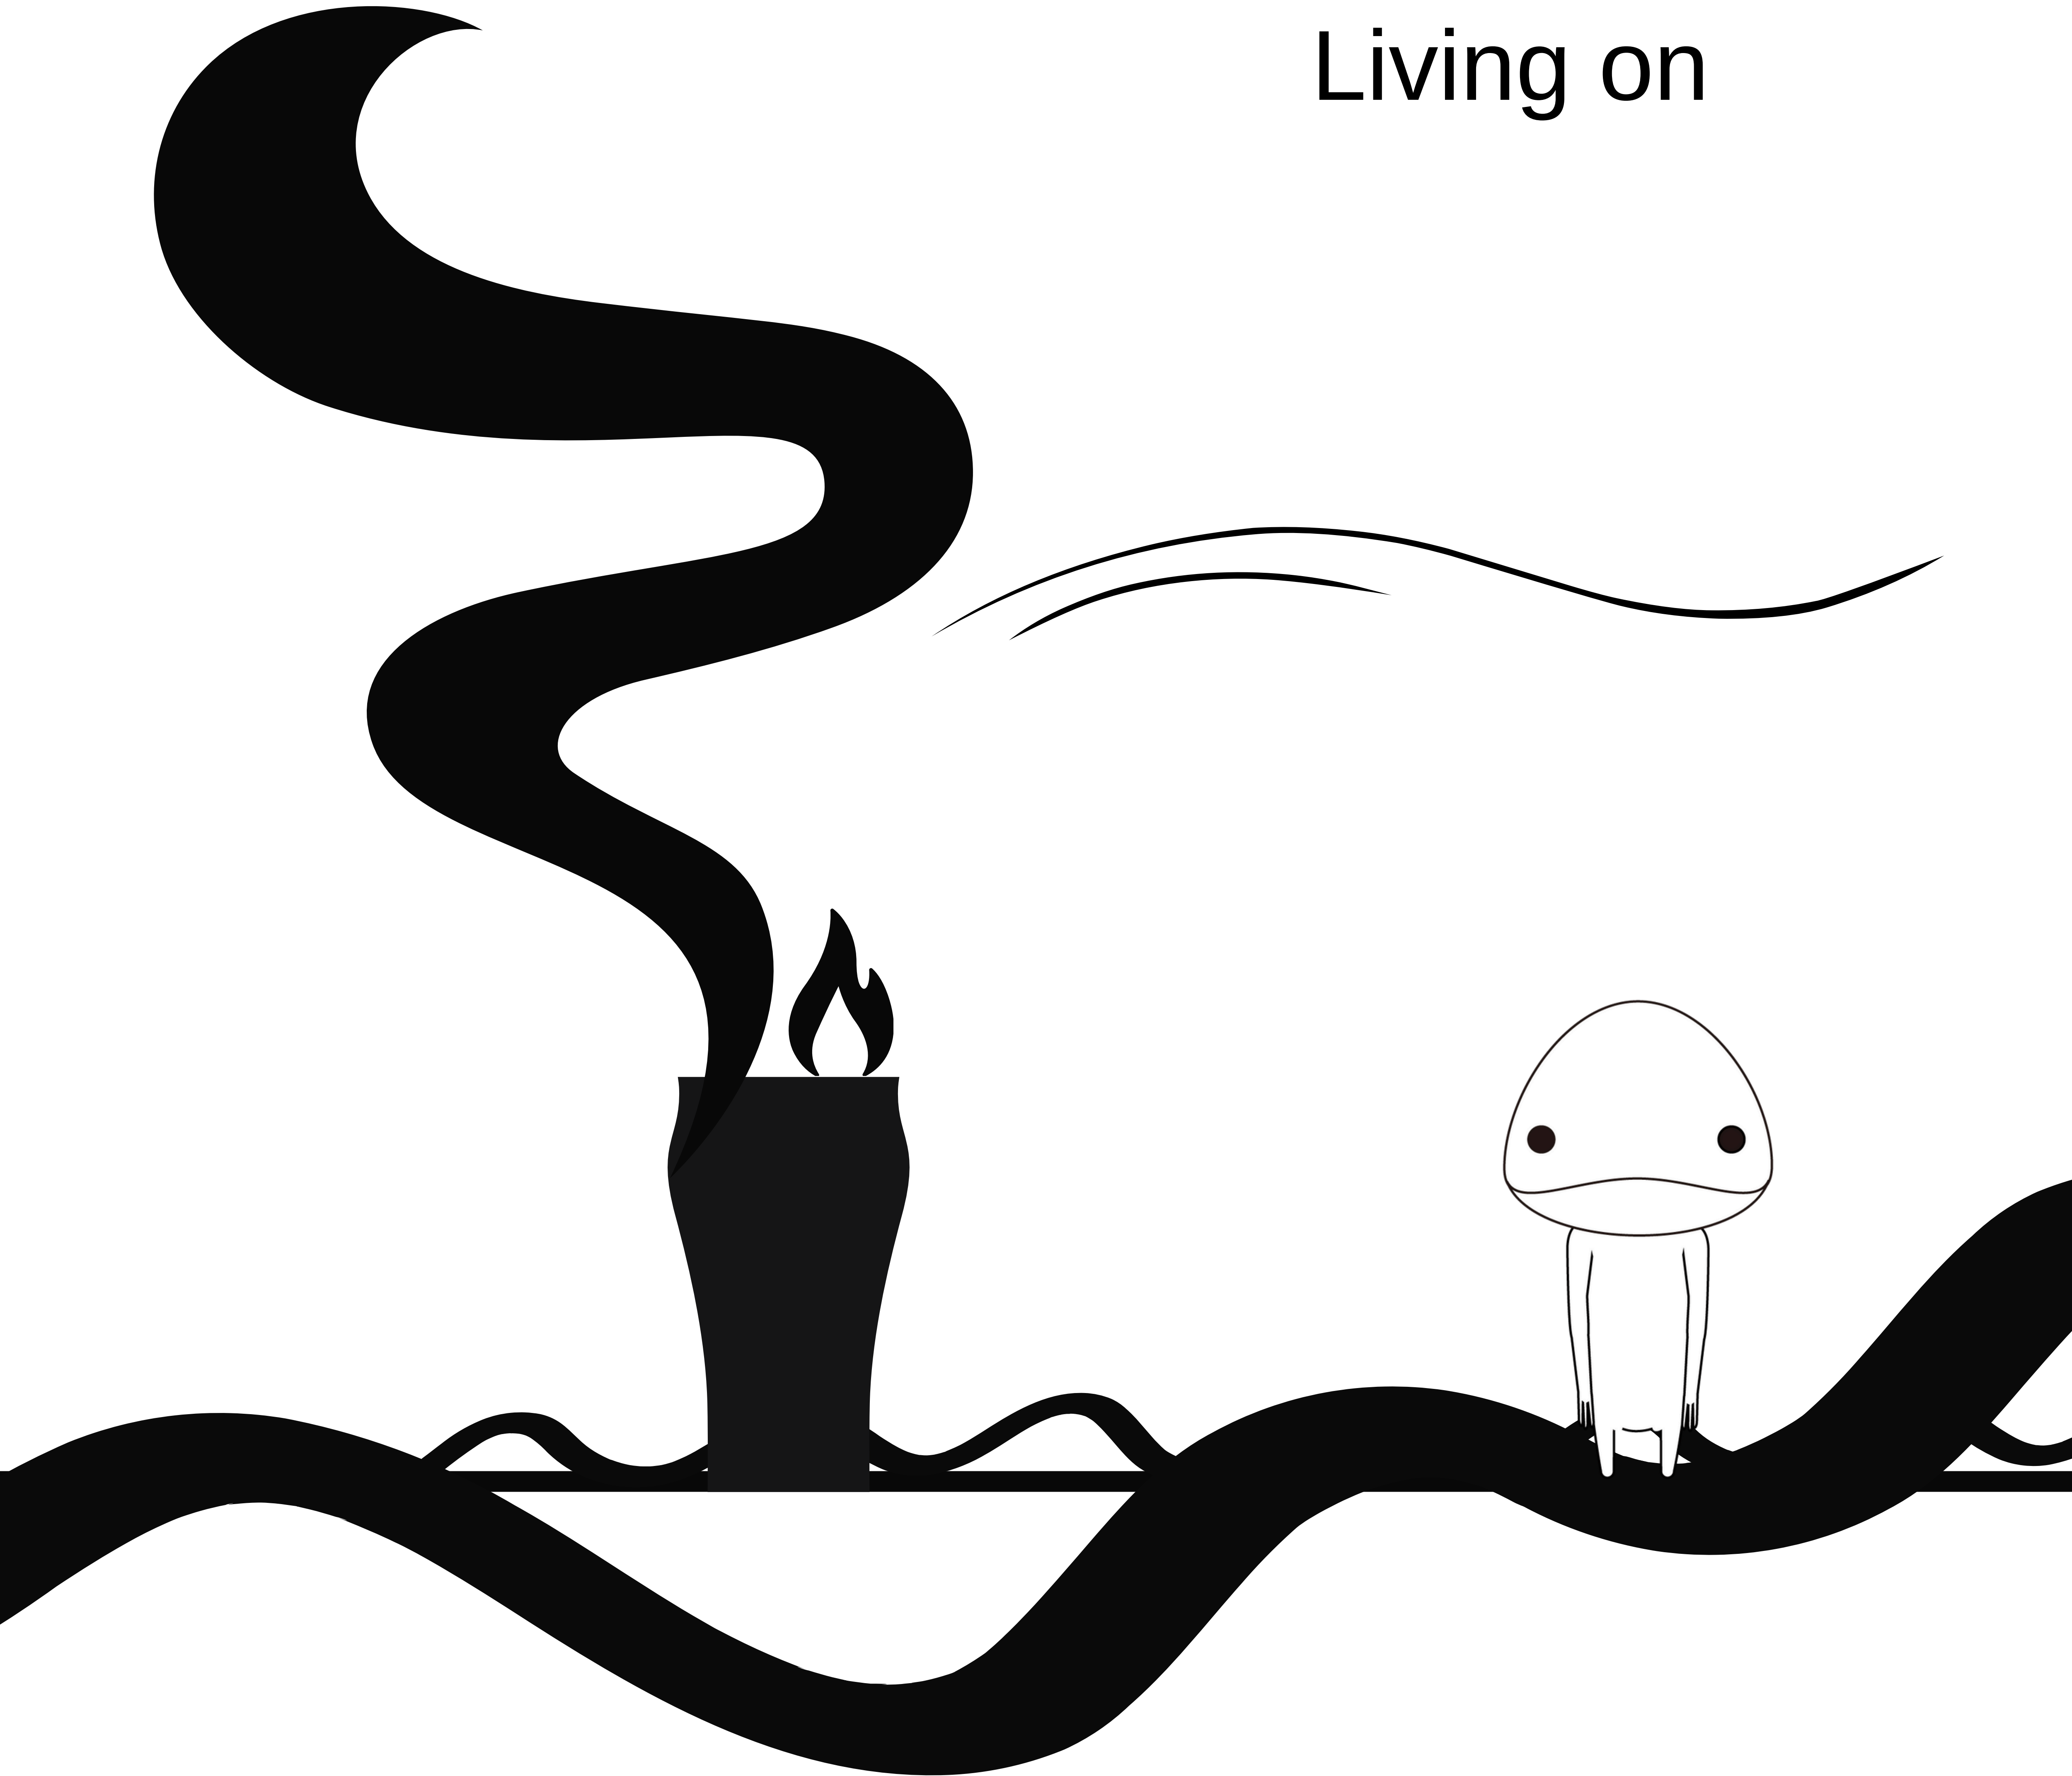

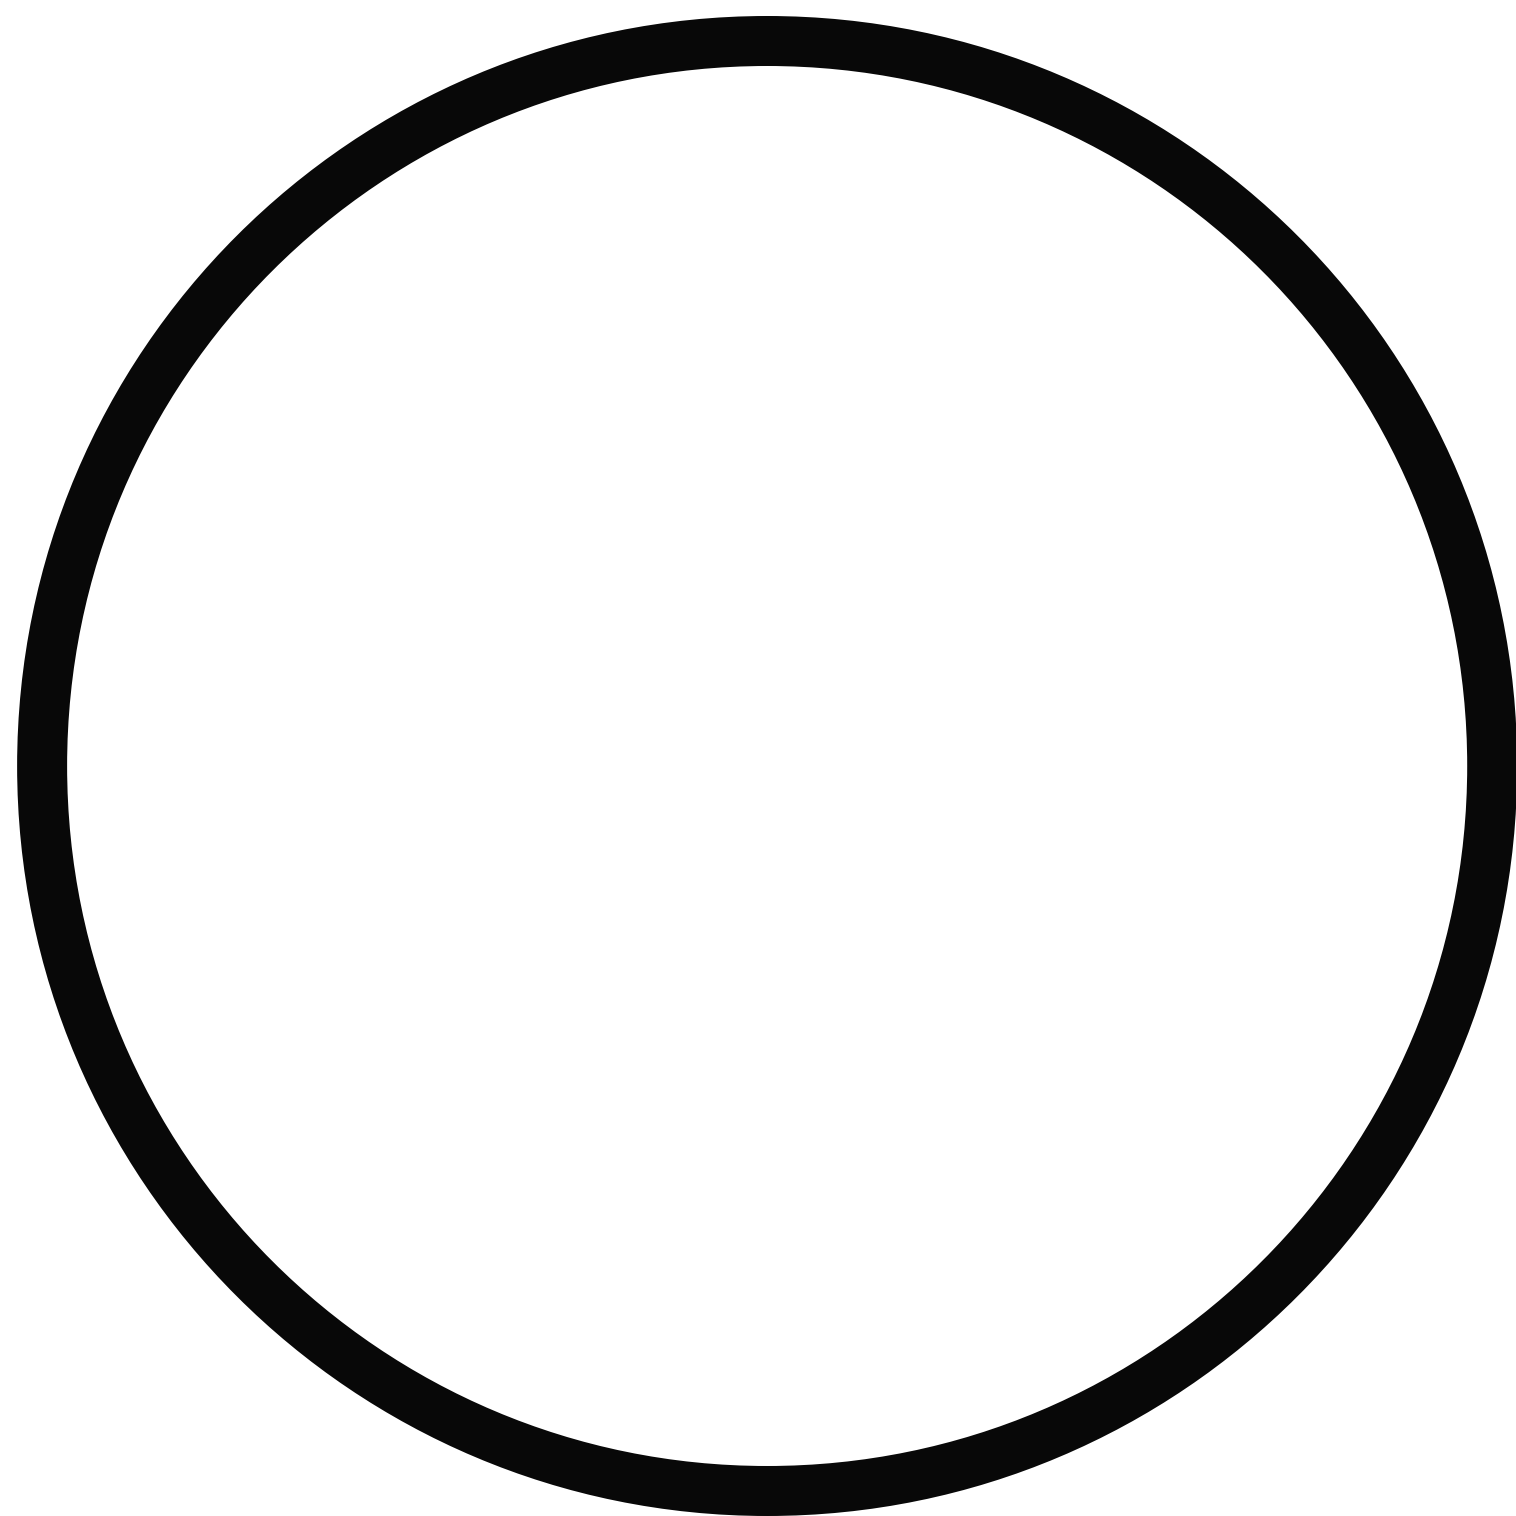

Together with nature

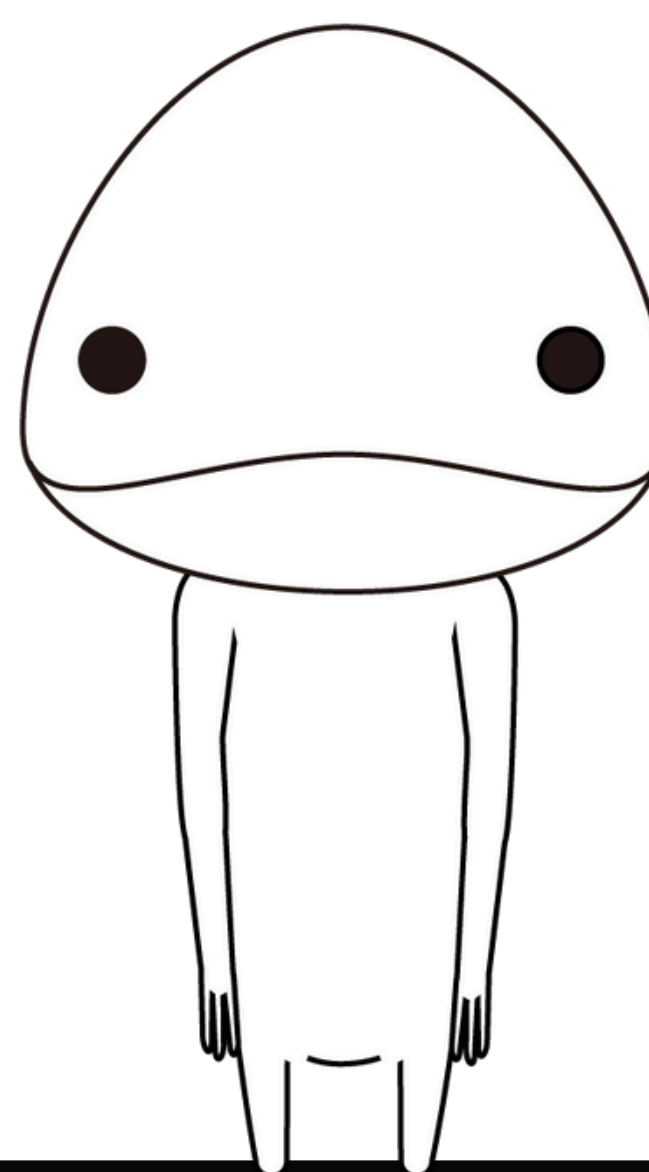

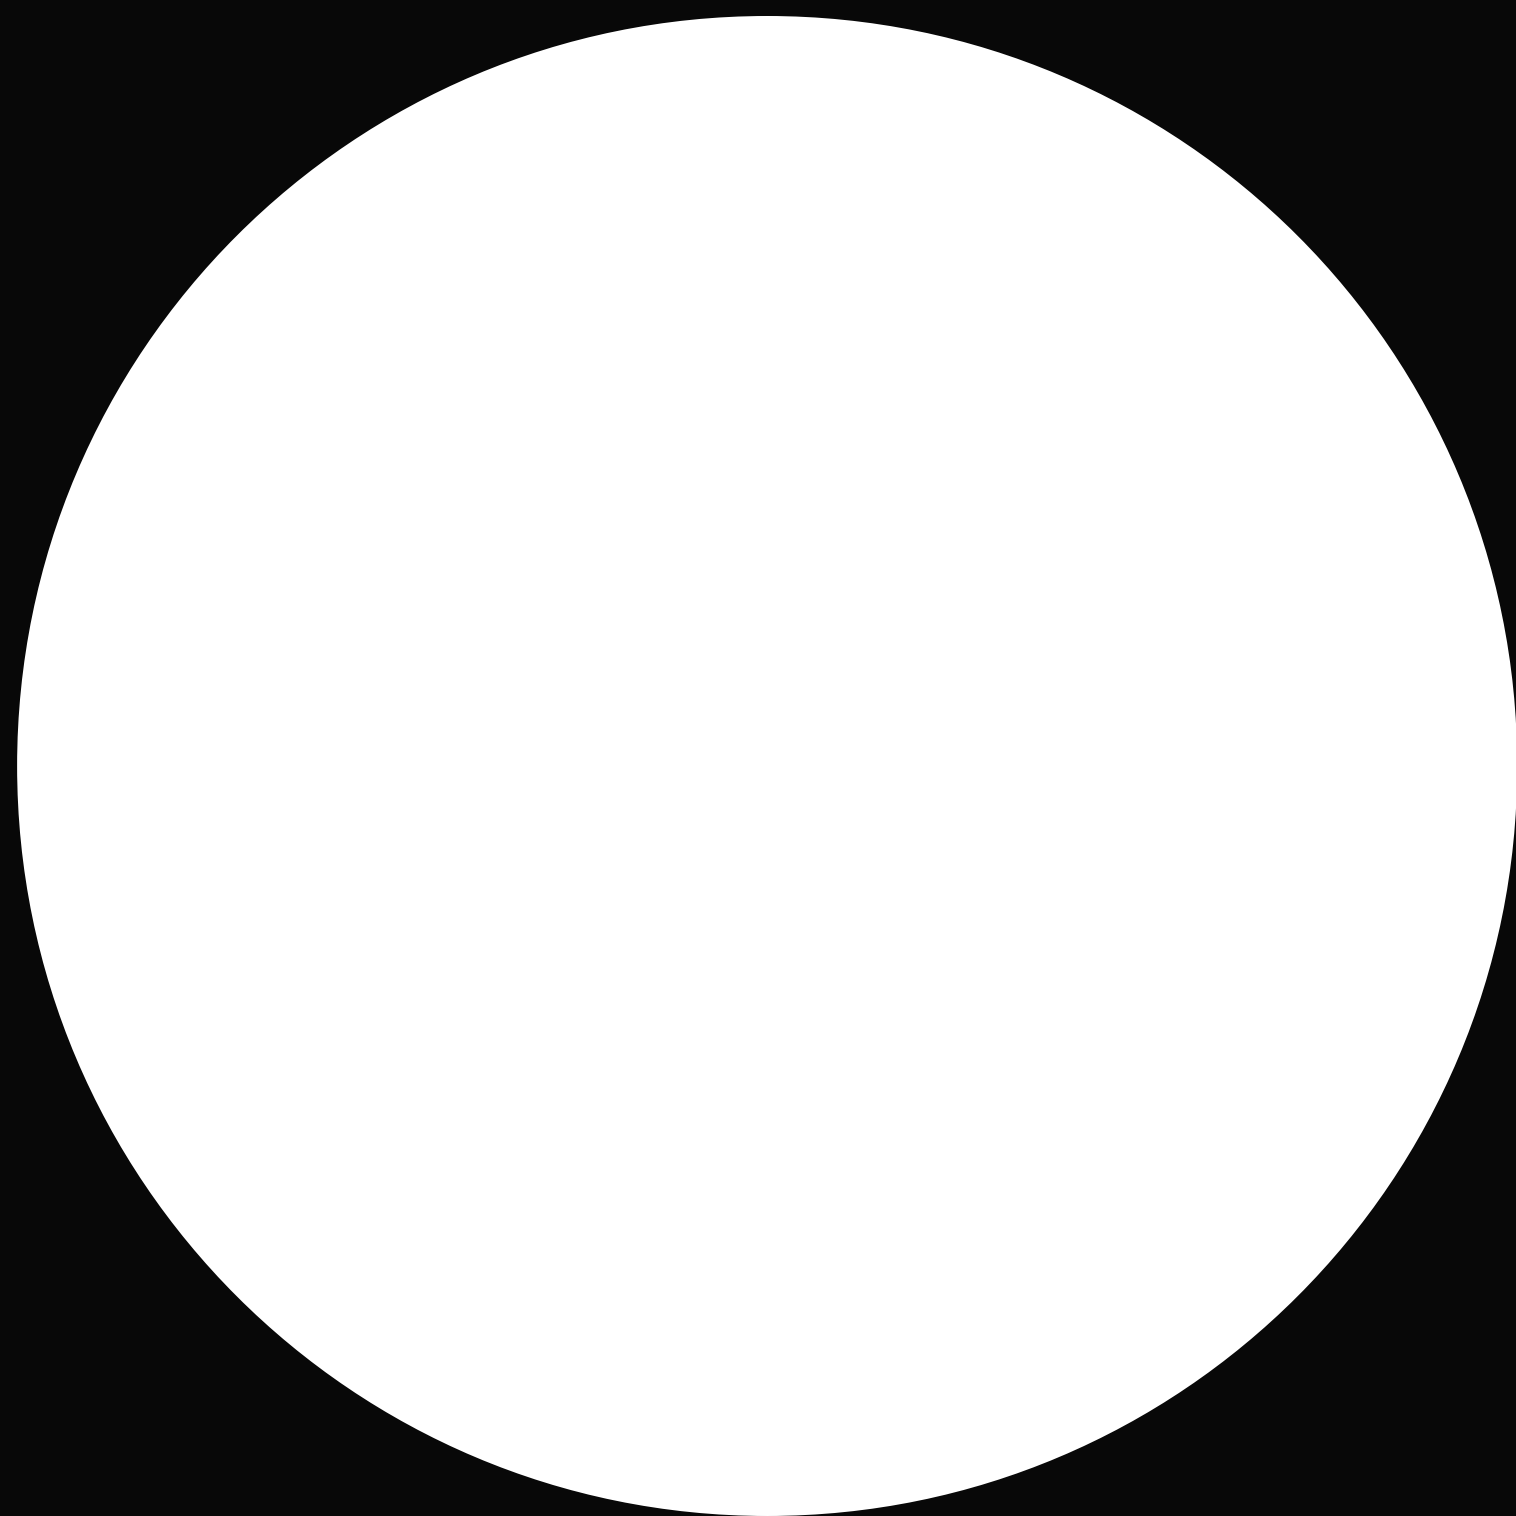

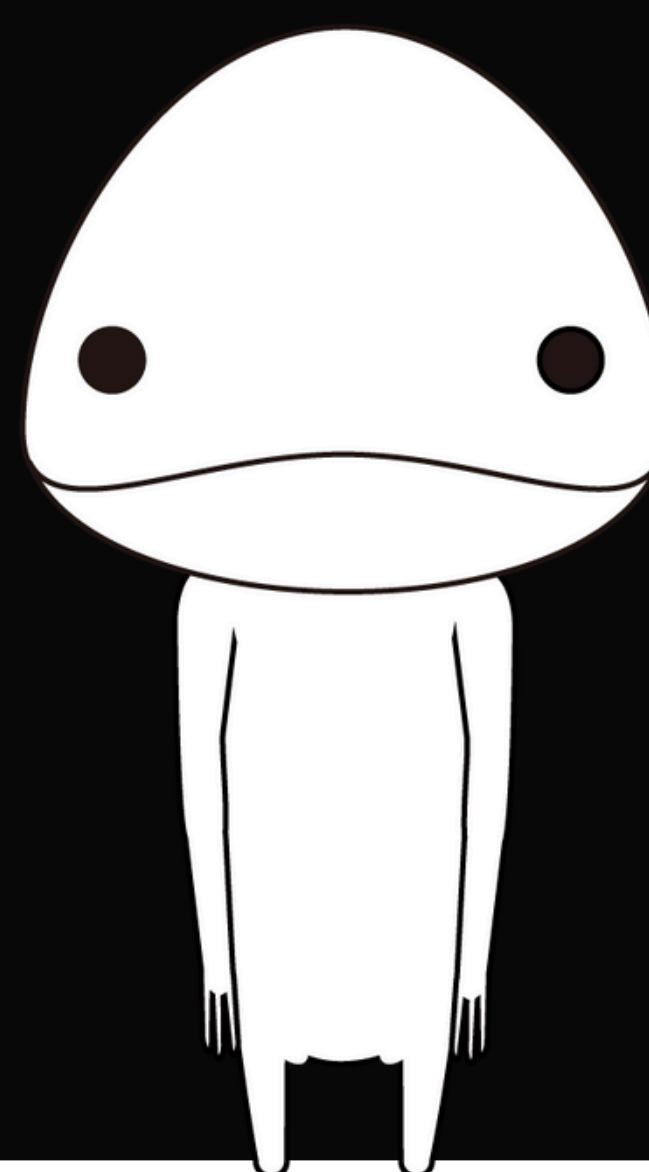

Living on

**THE BREATH OF THE UNIVERSE**

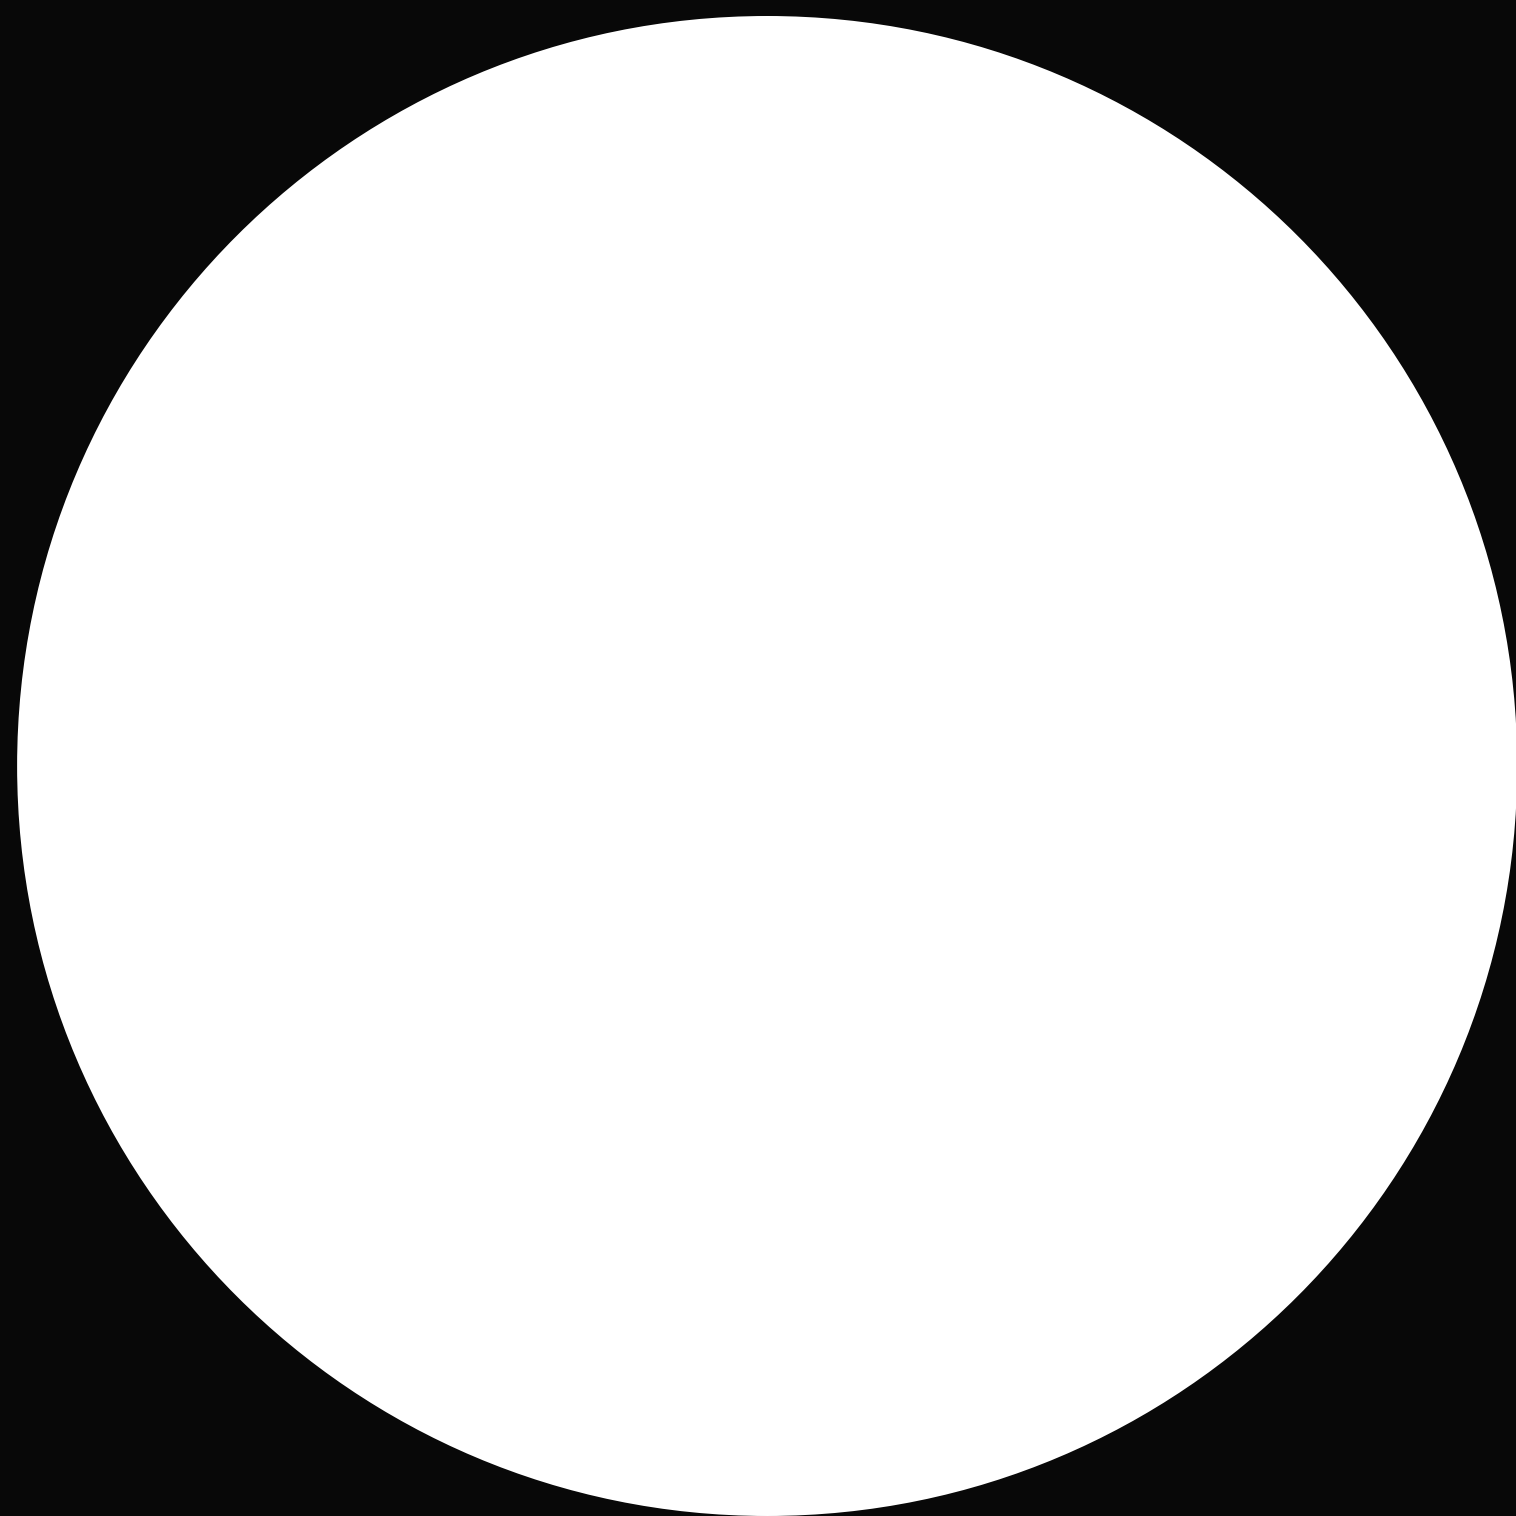

When you find something that connects us,  
It's the gateway to a mysterious world.  
If you see someone with their head down,  
Open your heart and take a look.

**Listen closely, carefully to the sound.**

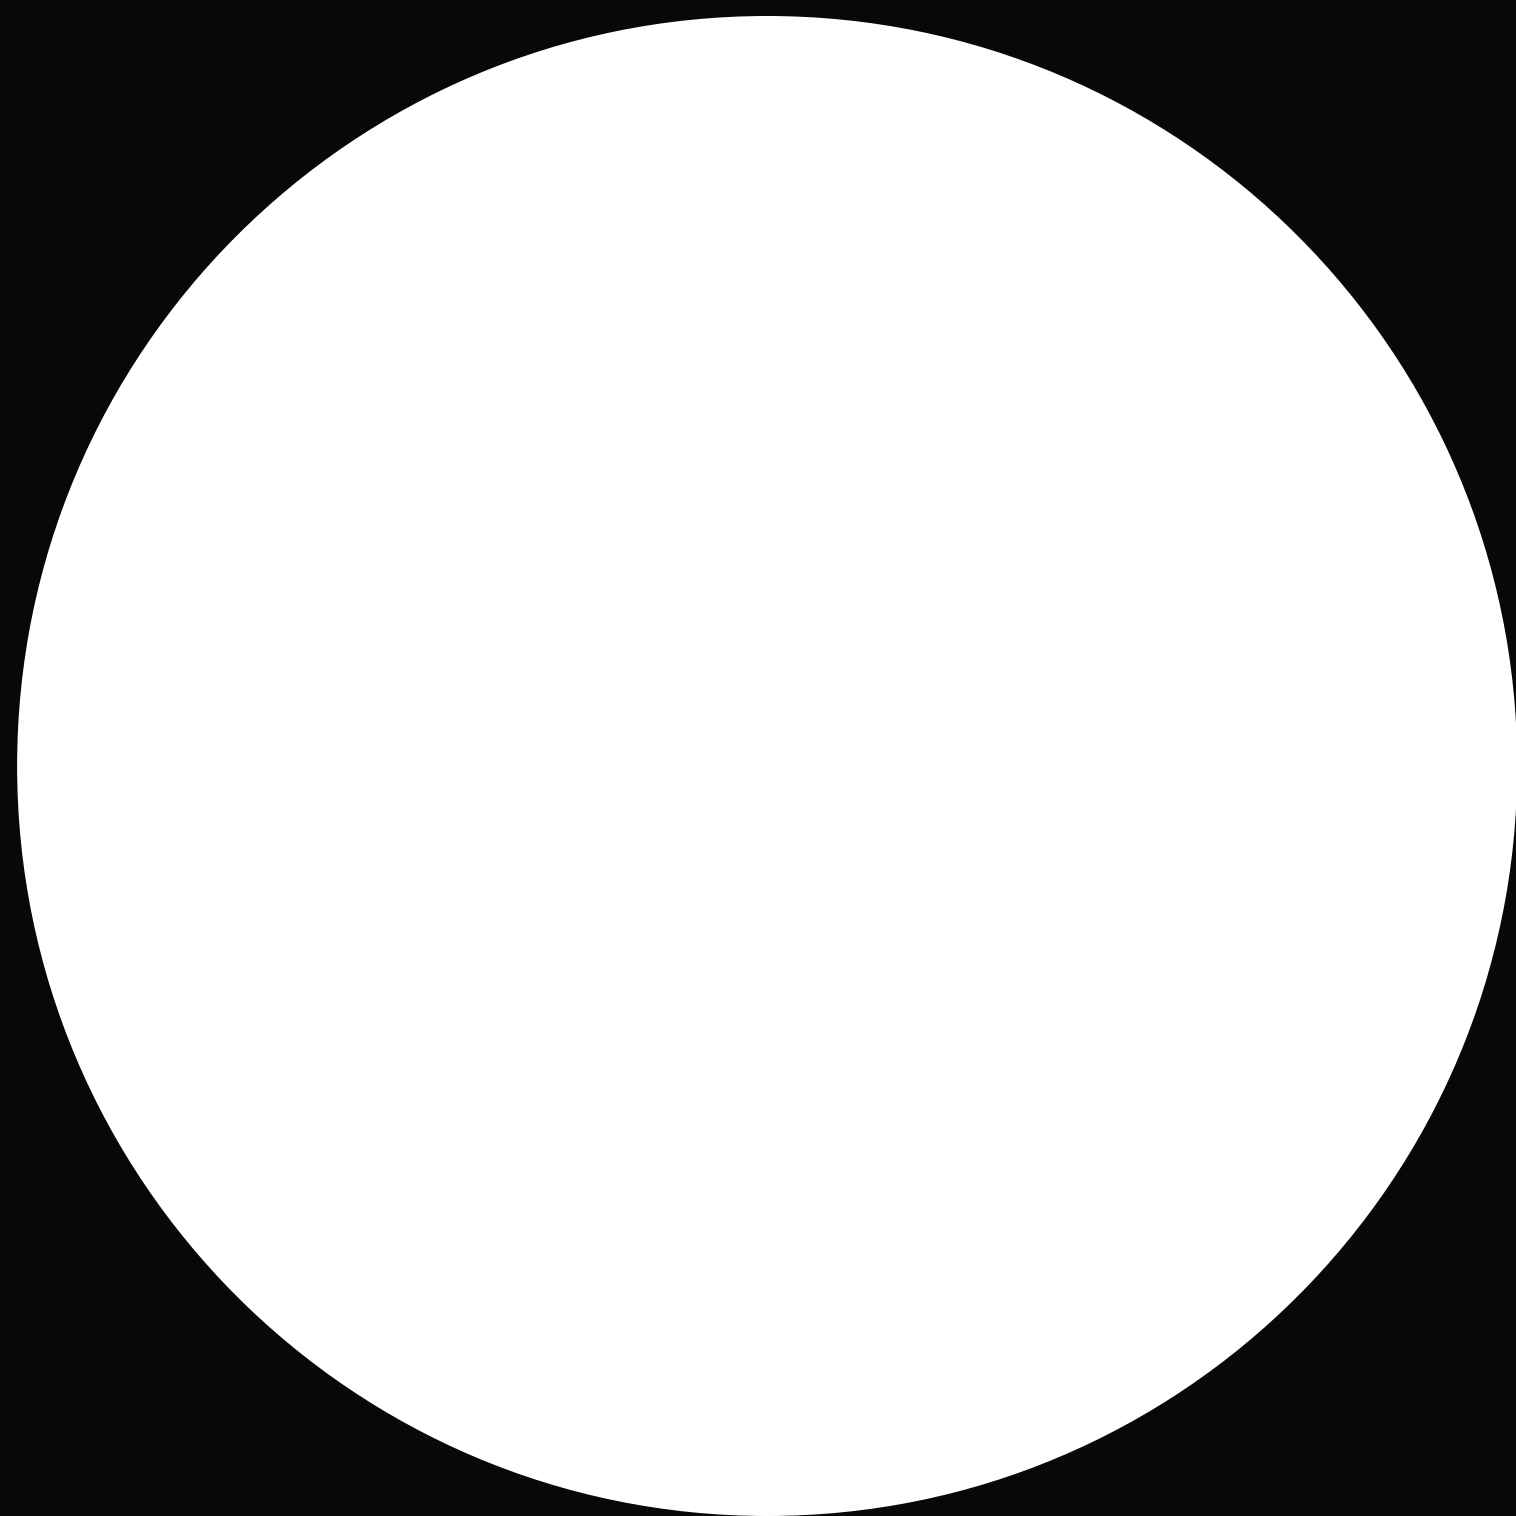

**Look closely, carefully at the sound.**

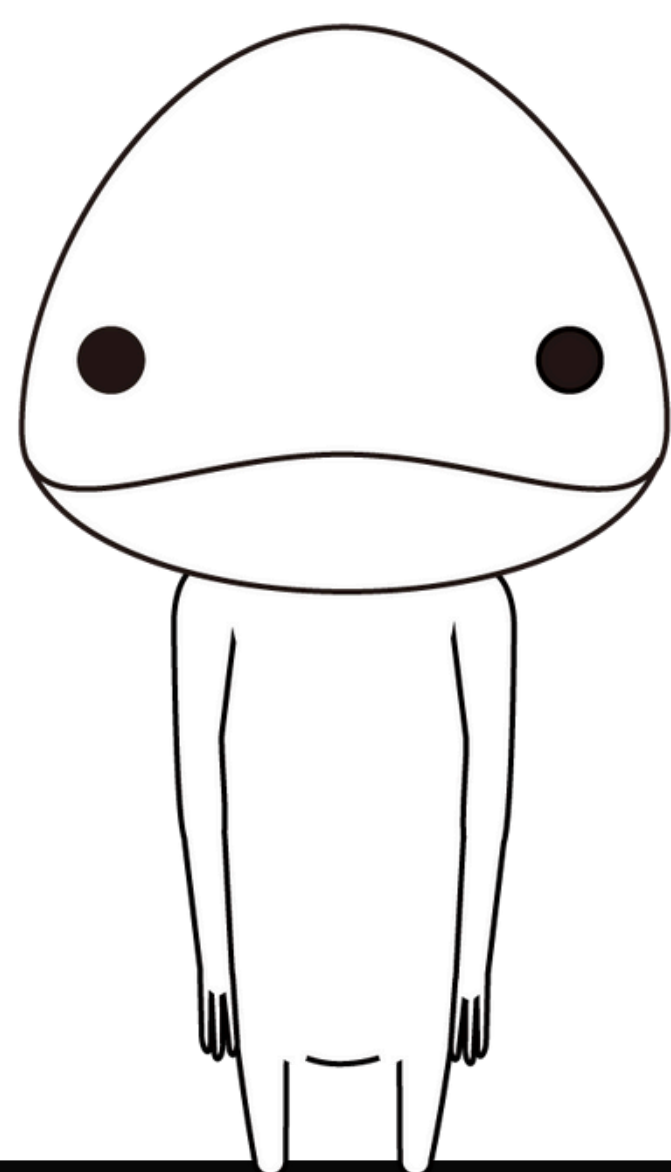

**It's calling out your name.**

**Someone is watching over you.**

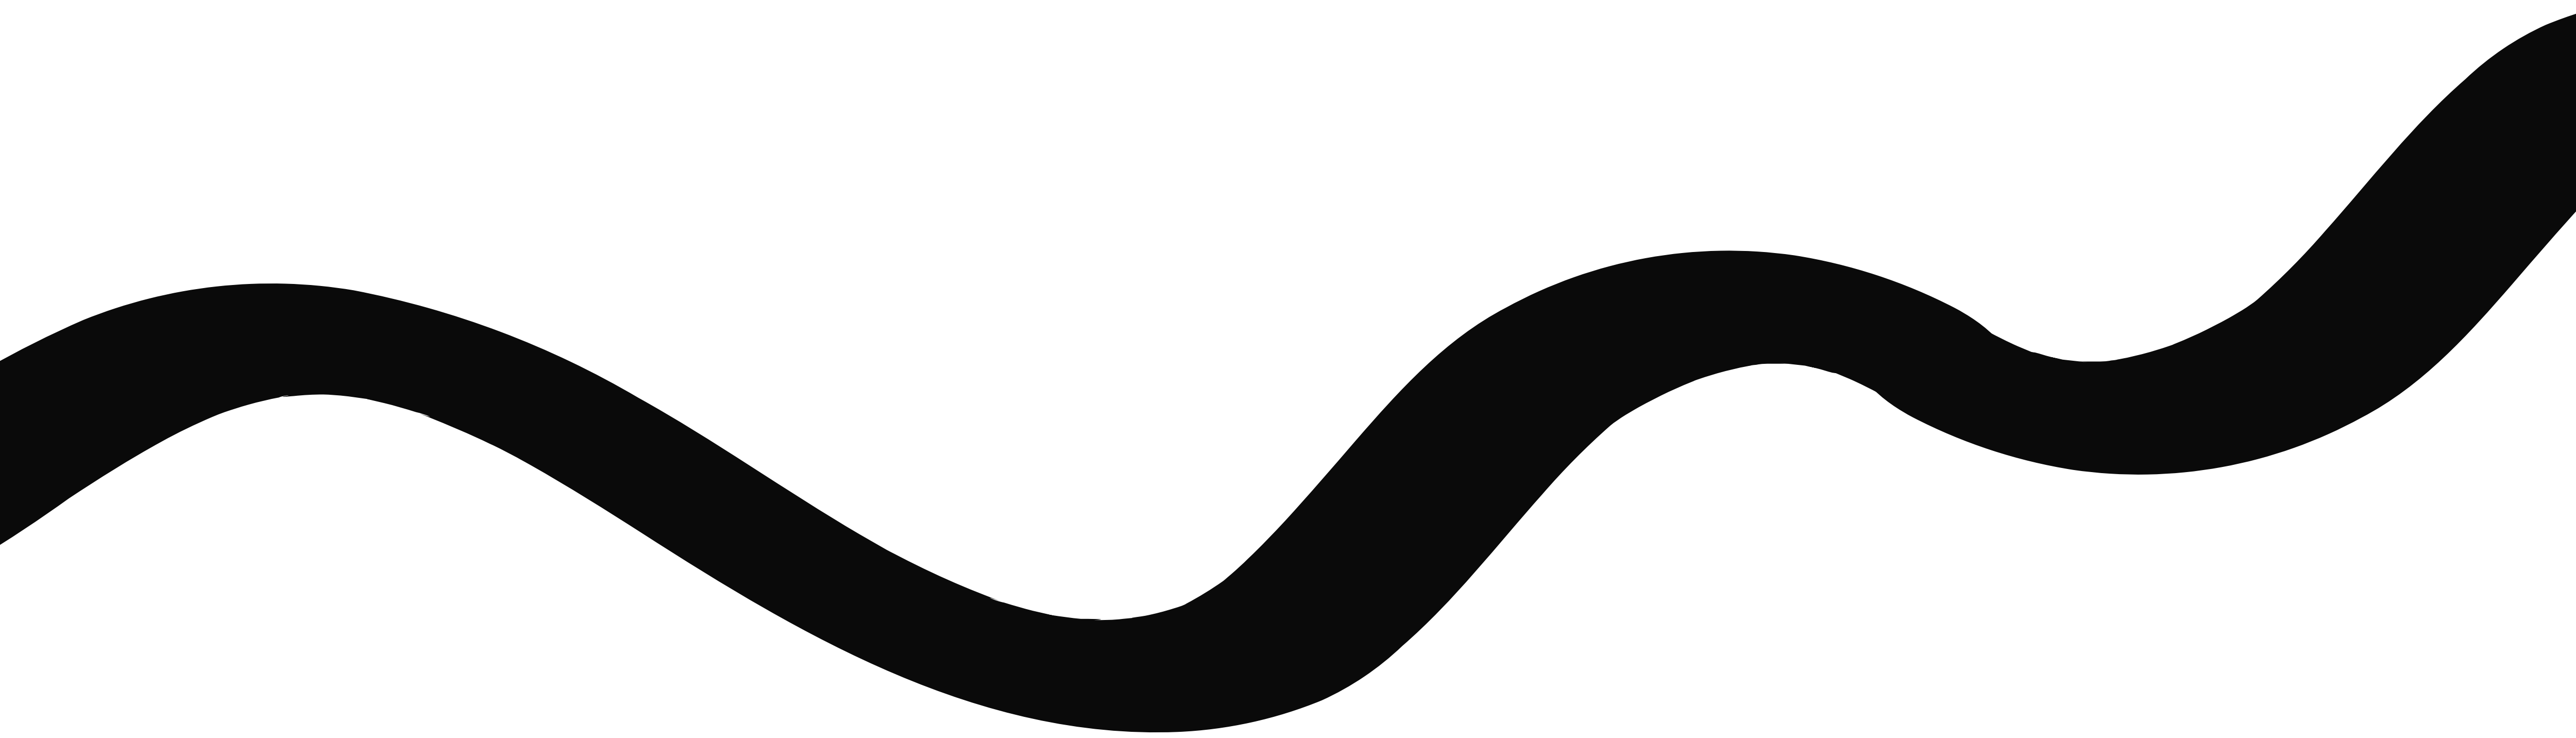

**Each day is filled with hidden treasures.**

Dear earthlings My name is URA.

When human beings living on the earth acquire common recognition, we will be able to enter a new era.

It is desirable to develop spiritual technology at the same time as technological innovation.

When human beings living on the earth acquire common recognition, we will be able to enter a new era.

Each person has different experiences.  
Therefore, the world you see is also different.

Even in the same language, the meaning behind it varies from person to person. In other words, everyone is looking at a different world.

I expect that Expressive activity entertainment such as movies, anime, manga, novels, music, comedy, sports, stage, programming, science, math, medicine, dance, entertainer, caller, and art etc

will help develop emotional education and spiritual technology.

The development of spiritual technology supports technological innovation and supports the future of coexistence with the earth.

Artists and creators are voices that transcend time and space.  
Or maybe a social media post.

**PA°L**  
**PΛM**

We have access to the consciousness of someone somewhere in the world of the present, past and future.

The common recognition level is set to

“Life”, “Earth”, and “Nature”.

# 9

One day, while riding my bike,  
A strange feeling took hold of me.  
In my mind, mysterious numbers appeared,  
I wrote them down, so they wouldn't fade away.

$$1 \times 9 = 9$$

$$2 \times 9 = 18 \rightarrow 1 + 8 = 9$$

$$3 \times 9 = 27 \rightarrow 2 + 7 = 9$$

$$4 \times 9 = 36 \rightarrow 3 + 6 = 9$$

$$5 \times 9 = 45 \rightarrow 4 + 5 = 9$$

$$6 \times 9 = 54 \rightarrow 5 + 4 = 9$$

$$7 \times 9 = 63 \rightarrow 6 + 3 = 9$$

$$8 \times 9 = 72 \rightarrow 7 + 2 = 9$$

$$9 \times 9 = 81 \rightarrow 8 + 1 = 9$$

Everything turns to nine,  
With a single twist,  
What could it be?

# 6

$$1 \times 9 + 2 = 11$$

$$12 \times 9 + 3 = 111$$

$$123 \times 9 + 4 = 1111$$

$$1234 \times 9 + 5 = 11111$$

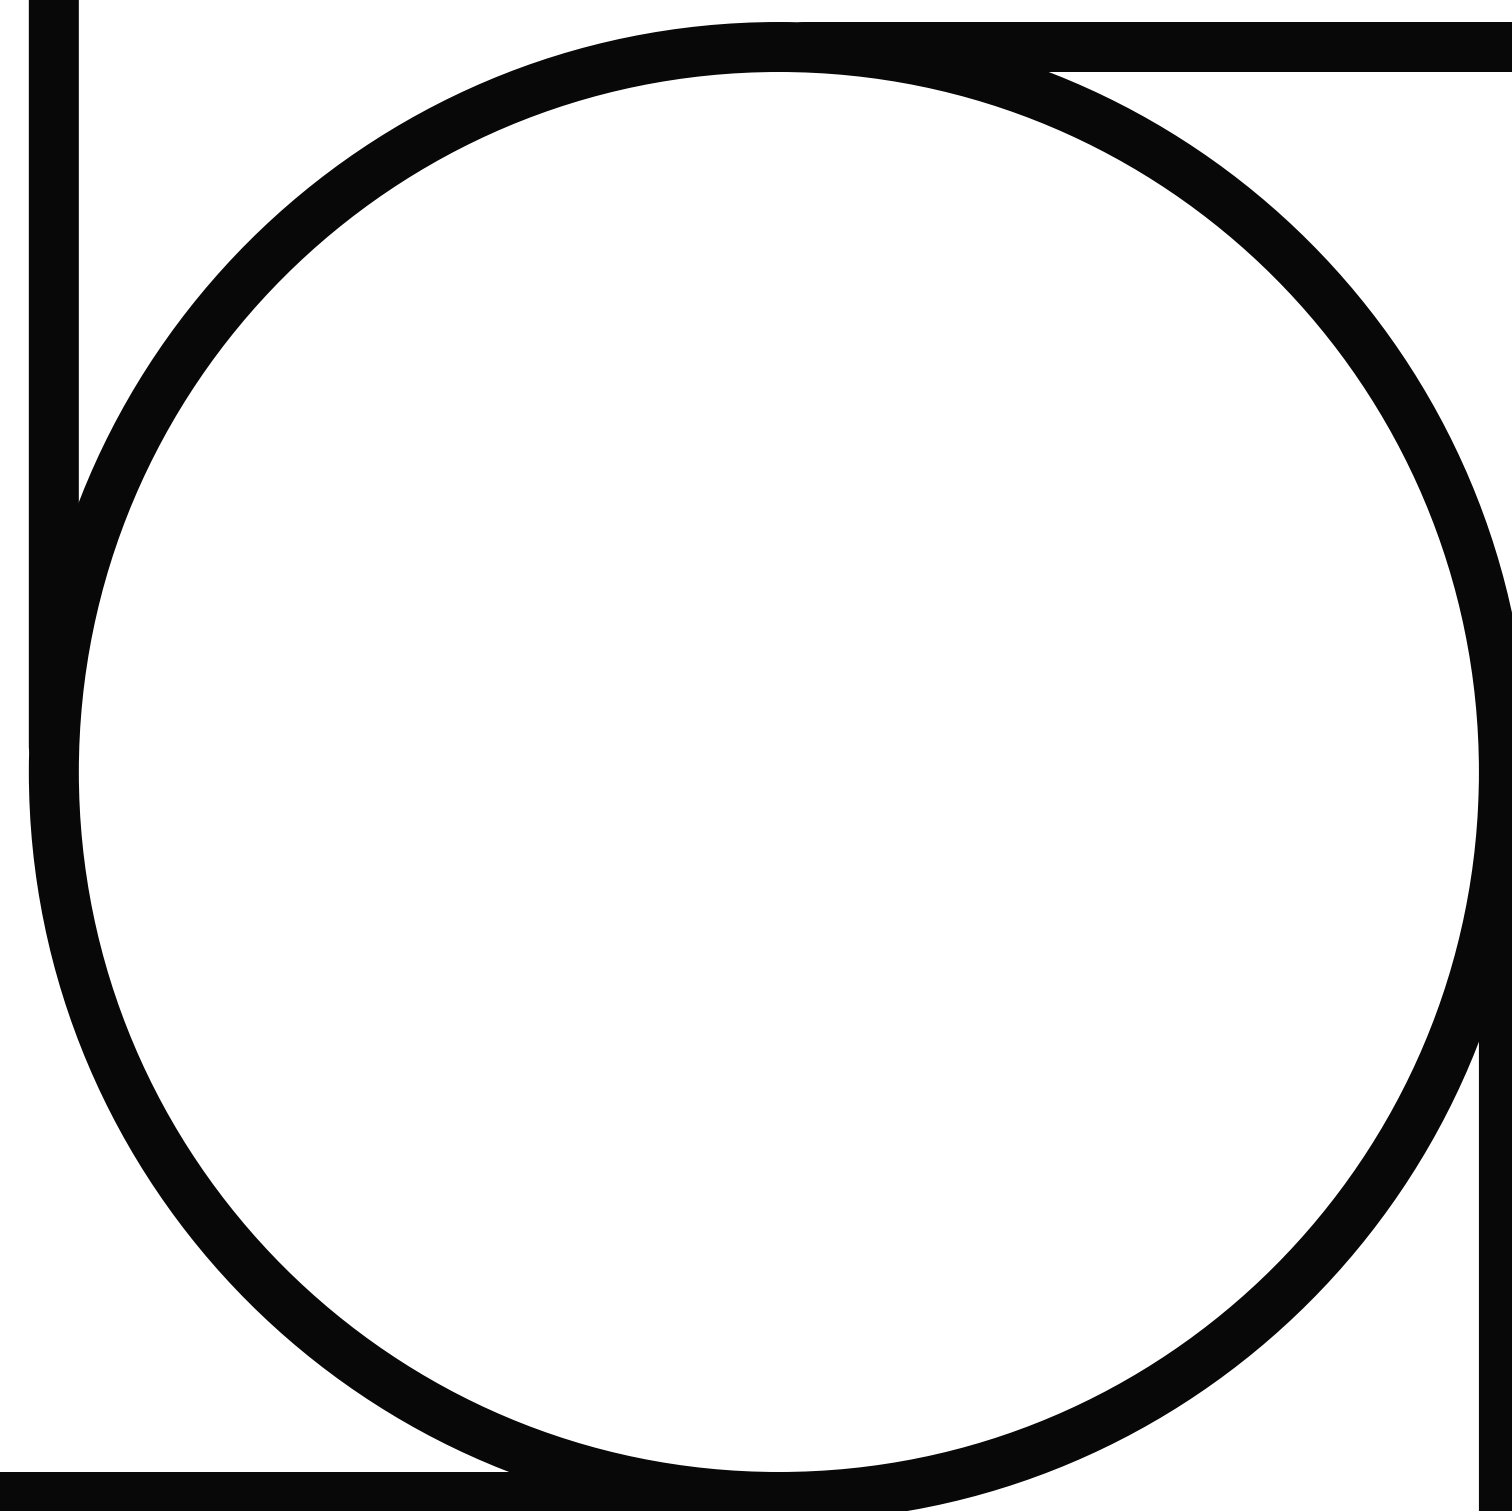

$$12345 \times 9 + 6 = 111111$$

$$123456 \times 9 + 7 = 1111111$$

$$1234567 \times 9 + 8 = 11111111$$

$$12345678 \times 9 + 9 = 111111111$$

$$123456789 \times 9 + 10 = 1111111111$$

Please give me stars.

I would greatly appreciate a 5-star review on Amazon ★★★★★.  
It will motivate me to continue creating.

I want to bring Pam's picture books to people all over the world.  
It would make me happy if you could introduce Pam's picture  
books or read them aloud.

If you share on YouTube or social media, please include the URL  
to URATRADING, the Amazon author page, or Pam's picture books.

Thank you for your support!

PAM will be delighted as well.
